MARINE DEPARTMENT.

The following Report of a Shoal discovered South of Astola is published for general information:—

"REPORT.

Webb bank is a patch of rocky ground lying South and S.E. of Astola Island. Its extent in an East and West direction has not been ascertained, but probably does not exceed 4 miles: the breadth is under a mile.

The depths on it are generally from 6 to 4½ fathoms in overfalls, but at 4¾ miles S.S.E. of the cliff at the East end of the Island is a patch ¾ of a mile long on which as little as 3¾ fathoms over rocky ground was found. As the bottom is very uneven and time of tide uncertain, it is probable there may be as little as 3 fathoms on this part. I do not think it likely there is less, as I crossed it so often during the operations of repairing the telegraph cable. There are 20 fathoms within a mile of it on the South side, and 10 to 11 between it and the island.

The West point of Astola Island is in Latitude 25° 6′ 20″ North, and 63° 49′ 0″ East Longitude, allowing Kurrachee Light-house to be in 66° 58′ 14″ East. It is nearly level on top, forming a table land 200 to 250 feet high, with cliffs all round, of light color. A detached peak at the West end is 260 feet high. It is 2¼ miles long by ½ of a mile broad, quite barren, and swarms with turtle on the little sandy beaches on the North side. It is frequented by fishermen, chiefly from Muskat, who stay sometime on the island. No water. At 6 cables off the South side lies a detached rock about 20 feet above the sea level, which looks like a boat's sail and is apparently deep to. Several other detached rocks lie off the South side within a cable's length.

Her Majesty's Indian Navy."

"No. 497.

The Viceroy and Governor General in Council is pleased to publish the following Telegrams, on the subject of rates to be charged for messages between India and England by the Mekran Coast and Sub-Marine Telegraph :—

Telegram,—From Colonel Stewart, *Constantinople, to* Mr. Walton, *General Superintendent, Persian Gulf Line, Kurrachee,—dated 17th September* 1864.

The settlement of accounts is now arranged for in the manner originally suggested by me, but in order to allow of all European messages being repeated on the Indian lines, it is proposed to alter the rates east of Kurrachee as follows :—from Kurrachee to Galle or Stations in Ceylon, sixteen shillings sixpence, half of thirty-three shillings ; Kurrachee to Rangoon, Pegu, or Stations east of Calcutta, thirteen shillings and sixpence, half of twenty-seven shillings ; Kurrachee to all other Indian Stations, nine and sixpence, half of nineteen shillings. This will make the total charge, from London to Calcutta, Bombay, or Madras, exactly five pounds. Please communicate this to Colonel Douglas by telegraph, and say that our tables of tariff will be prepared on this ratified scale.

Telegram,—From Mr. Carthew, *Inspector, Turkish Telegraphs, Burreh, to* Mr. Walton, *General Superintendent Persian Gulf Line,—dated 8th September* 1864.

Dated Baydad, 2nd September 1864.

Colonel Stewart has arrived at Constantinople, and requests me to inform you that the tariffs, as now settled, are as follows, viz. :—

Ditto to Faó	1	2	0

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

TO HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

The application of WILLIAM FRENCH STEARNS and GEORGE ALVAH KITTREDGE, of Bombay, Merchants.

SHOWETH,

THAT your above-named applicants are desirous of promoting in Bombay and Salsette a work of public utility.

That the general object of the work is to increase the facilities for, and lessen the cost of personal conveyance from place to place, and to afford the public cheap and convenient means of locomotion.

That the nature of the work is a Railway or a Tramway to be constructed along the main roads or thoroughfares in Bombay and Salsette, consisting of double or single lines of iron rails, as may be found practicable, sunk into and level with the surface of the road with all necessary and proper sidings, points, connecting rails and termini, along which lines it is proposed to run carriages or cars of a build especially adapted to the purpose, to be drawn by horses or other animals, and to be available to the public at stated fares, not exceeding for each passenger the sum of one anna per mile for any distance over two miles; and not exceeding two annas for any distance not being more than two miles.

That the gauge of the said lines proposed by the applicants is four feet ten inches, and the proposed width of the passenger carriages six feet three inches, but the applicants desire to be at liberty to adapt any modern improvements either as to width of gauge or otherwise which may render the proposed work more complete.

That the intended locality of the work is along the main roads or thoroughfares of Bombay and Salsette, the first line to be constructed from the Fort of Bombay along the Esplanade Main Road and Parell Road through the Bhendy Bazaar to a point opposite the Byculla Station on the G. That to provide the funds for constructing maintaining, and working the said undertaking, your applicants propose to form a Joint Stock Company, to be registered with limited liability under Act XIX. of 1857 of the Legislative Council of India, and to increase the capital of the said Company from time to time as new lines may be constructed.

That the Promoters of the said undertaking solicit the sanction of the local Government for the said undertaking, and pray that the Government will be pleased to grant the same and to confer upon them all the powers and privileges which, under or by virtue of an Act of the Governor General of India in Council, No XXII. of 1863, or any other Act or Acts of the Governor General of India in Council or of the Council of His Excellency the Governor for making Laws and Regulations in Bombay, His Excellency the Governor in Council may be empowered to grant or confer.

Letters, how to be addressed.—The Post Master of Bombay would esteem it a favour, if the Public would assist the Department, by advising their correspondents to direct their letters and papers to the locality of their Residence in Bombay, and if possible to mention the Number of the House; as example,

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition:—

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

SUPPLEMENT

TO THE

BOMBAY GOVERNMENT GAZETTE.

Published by Authority.

THURSDAY, 1st DECEMBER 1864.

Statements of Receipts and Disbursements, of the Municipal Funds of Poona.

No. 107 of 1864.

From the CHAIRMAN,
Municipal Managing Committee, Poona.

To C. R. OVANS, Esq.,
1st Assistant Magistrate in Charge and President Municipal Commissioner, Poona.

Sir,—I have the honour to forward, for submission to Government, an Abstract Account * of the Poona Municipal Fund for the year ending 30th April 1864, as required in paragraph 4 of the Government Circular, in the General Department, No. 3314, of the 15th November 1856.

* Accompaniment, No. 1.

2. This is the Sixth Annual Report of the Poona Municipality since its establishment in April 1858.

3. The realizations for the year ending 30th April 1864, together with the balance on that date, amount to Rs. 56,110-11-2, and the disbursements to Rs. 41,356-11-2, leaving a balance at the close of the year of Rs. 14,754. This sum, after deducting Rs. 5,512-0-11, due on account of Deposit and Wages to Contractors, &c., with Rs. 15,000 in Government 5 per Cent. Securities, deposited at the Civil Treasury, leaves a net balance of Rs. 24,241-15-1.

4. Particulars, regarding the Receipts and Disbursements, are given in the Accounts which accompany this Report. The realizations for the year 1863-64, together with the balance, compared with the past official year, show a decrease of Rs. 999-10-3. This decrease is attributable to the Farm of the Poona Municipal Tolls having sold for less than last year.

5. Adverting to the 4th paragraph of the Government Circular quoted above, I have the honour to transmit a copy of Appendix B,* which shows the scheme of taxation sanctioned by Government for the City of Poona, as per Government Resolution No. 1411 of the 6th July 1860 and No. 1644 of the 5th December 1861.

* Accompaniment, No. 2.

6. The following are at present the ordinary sources of income of the Poona Municipality. The Collections for two years are given :—

	1862-63.			1863-64.		
	Rs.	a.	p.	Rs.	a.	p.
From Tolls	31,458	0	0	28,153	0	0
From Tax on Country Music, &c.	1,047	6	0	1,580	0	0

From which it will be observed that there is a decrease on account of Tolls of Rs. 3,304-12-0, and an increase on that of Country Music, &c. of Rs. 532-10-0 during the year 1863-64. The decrease on account of Tolls is owing to there being less traffic ; the increase on account of Country Music, to a greater number of Marriages as compared with that of the preceding year. The remaining items, credited in the accounts now submitted, do not call for any particular remarks, they being receipts of a miscellaneous and not of a permanent nature.

7. Fines under Act XXVI. of 1850 and Act VI. of 1863, have been surrendered by Government to the Municipality. With regard to the former, there is a reference pending with the Collector, and consequently no sums have been received or credited ; and to the latter, by virtue of the Act above quoted, it will be disbursed in lighting the Roads from the Railway Station to the City, Camp, and Civil limits. The amount thus realized is paid into the Branch of the Bombay Bank here, to the credit of the Poona Municipality.

8. No revenue unauthorized by Government has been collected by the Municipality during the year to which the accounts submitted relate.

9. The expenditure on account of the establishment sanctioned by Government, as per Resolution No. 1411, of the 6th July 1860, amounts to Rs. 4,602 annually, which, with the increase to the salary of the Overseer of Rs. 360 per annum, sanctioned by the Revenue and Police Commissioner S. D., in his English letter No. 3511, dated 20th October 1863, gives a total of Rs. 4,962, the details of which are given in Appendix A* to the Poona Municipal Rules herewith forwarded. The whole of this sum, however, is not at present expended. The cost of the establishment employed by the Municipality has, in the year under report, been within the limits of the authority accorded by Government and the Police and Revenue Commissioner S. D., the total expenditure being Rs. 4,657.

* Accompaniment, No. 3.

10. No remarks are necessary for the item Rs. 2,780-15-5, as the twelve items of which it consists sufficiently indicate the nature of the expenditure.

11. With reference to the disbursement in the accounts of Rs. 6,680-6-2, I have the honour to state that about 7½ miles of roadway and other works have been repaired, &c. in the City and near the village of Katruj, as detailed below. Rs. 6,222-1-2 of this sum are from the Ordinary Repairs Budget of 1863-64, and Rs. 458-5-0 from that of 1864-65 ; but the details of the work done on account of the latter sum are *not given here : they will appear in next year's report* :—

1. Metal and moorum spread on Roads and consolidated with water and rolling.
2. Side and Cross Gutters cleared.
3. Side kirbing and Slab-stones of Roads adjusted, raised, renewed, and replaced.
4. Bridge-rails, Aqueduct-escape Doors, and City-toll Bars, repaired and tarred.
5. The parapet walls of Bridges and Public Urinaries repaired and bluewashed.
6. Katruj Tank, Koombhar Vies, and Ambil Ooda Flood-gates opened, repaired, tarred, and refixed.
7. Fords and Dips repaired.
8. Sand removed from Ambil Ooda.
9. Parbuttie Tank Aqueduct repaired.
10. Repairing Lukudkhana Chokee and Fire-engine Shed.

12. For cleaning and repairing main and by-drains in the City of Poona, Rs. 337-10-9 were expended during the year under report. The total length cleaned was 1,506 running feet.

13. Rs. 1,369-14-7 is the amount which was expended in the year under report in completing the work of laying on water to Nana and Bhowanee Piets.

14. Considerable nuisance being caused about the Reservoir near Jhambria's Chowdee, from waste water and mud, to remove which a drain was constructed, which cost Rs. 53-6-10.

15. For surveying and preparing plans for widening Roads and Bridges, and extending the water supply, Rs. 169-7-10 were expended during the past Municipal year.

16. To increase the water supply Rs. 1,408-13-5 were expended in removing mud from Katruj Tank

17. The upper premises of the Khan Bahadoor Pestonjee Sorabjee Charitable Dispensary which has been rented by the Municipality as their office, not having accommodation for Municipal Stores, a room had to be constructed for the purpose in the neighbourhood, which cost Rs. 250.

18. In certain localities in Boodhwar, Aditwar, Gunesh, and Bhowanee Piets, the want of ready access to water being felt, six stand-cocks were erected, which cost Rs. 856–15–4.

19. The new road, in Nana's Piet Adlay-Ally, in constructing which Rs. 1,486-1-1 have been expended during the year under report, will be 683¼ yards in length and 19 feet in (average) breadth. This road is a great convenience to the grain dealers who reside in the locality.

20. Rs. 1,883-6-0 is a portion of the sum expended on the new road from Holekur's Wada to Ambiacha Naka. Its entire length will, when finished, be 1,025 yards and average breadth 18 feet. It is a moorum road and greatly facilitates access to Parbuttie for people residing in the locality. Before its construction it was quite impossible to get to Parbuttie by this way during the monsoon.

21. Rs. 6,000 were paid as a grant-in-aid towards the construction of the Juggonath Shunkursett Road, which branches off near the Protestant Burial Ground, by Gokhlay's Garden, to the Swar's Guard, on the Parbuttie road. This road greatly facilitates access from Camp to Parbuttie. There is no doubt that in the course of time this road will become a very popular promenade for the residents of both the City and the Camp.

22. The Branch Road from the Honorable Juggonath Shunkursett's Garden in Shookurwar Peit to the above road cost Rs. 1,557-11-4. This road connects the one from Vetal Peit with the Juggonath Shunkersett Road, and allows of direct communication by carriage between the Camp and southern portion of the City.

23. In improving the approaches to the City from the Camp and Railway Station, the following Expenditure was incurred during the year under report:—

Widening Roads	Rs.	7,279	8 8
Do. Bridges.	,,	2,159	0 0
Total	Rs.	9,438	8 8

24. When the Katruj Tank Bund burst, to prevent the wastage of water, a temporary dam was constructed at a Post of Rs. 200.

25. For the remaining items on the debit side no remarks appear necessary, the charges being apparent.

I have the honour to be, &c.
