No. 612 of 1864.—The following General Order by the Government of India, dated 26th November 1864, No. 953, is republished :—

"No. 953 of 1864.—There being considerable misunderstanding with respect to the pay and allowances to be drawn by Medical Officers under the instructions contained in the despatch of the Secretary of State published in Government General Order No. 507 of the 20th June 1864, the following rules are laid down for observance in the three Presidencies, with effect from the date laid down in Government General Order No. 508 of the same day, and pending further reference to the Secretary of State :—

I. All Medical Officers, whether of the British or Indian Forces, who were in receipt of consolidated salaries at the date of publication of the General Order, or who may have subsequently succeeded, or may hereafter succeed, to situations the salaries of which are consolidated, will draw such consolidated salary, and no more.

When so situated as to be entitled to draw only half staff salary, such Officers will draw the pay of their rank according to paragraph 10 of the despatch of the Secretary of State, and half the difference between that sum and the amount of the consolidated salary.

In such case, the Officer acting will also draw the new rate of pay for his rank and the half difference remaining undrawn by the permanent incumbent.

II. Surgeon Majors, serving with British Regiments, will draw pay according to length of service as laid down in paragraph 10, with the addition of the horse allowance sanctioned in paragraph 11, if attached to Regiments of Cavalry or to Brigades of Horse Artillery, and of Rs. 30 if attached to Brigades of Field Artillery.

III. Surgeons of British Regiments who were in medical charge of Regiments of British Cavalry and Infantry on the 20th June 1864, will be allowed to continue to receive the pay and allowances then drawn.

Their claim to the old rate will not be invalidated by their proceeding on leave in India, and ceasing for a time to draw staff salary or head money. During such period, they will draw the new rates of pay of their rank, and on return to their Corps receive their old emoluments.

When promoted to Surgeon Major, they will draw only the pay of that grade.

IV. Surgeons of British Regiments who were not in charge of Corps on the 20th June 1864, are only entitled to the new rates of pay of their grade, whether absent or present, with the prescribed horse allowance, if attached to Cavalry or Horse Artillery, and Rs. 30 horse allowance, if attached to Field Artillery.

V. Assistant Surgeons of the British Service will, in all cases, receive the pay of their standing as laid down in paragraph 10, with an addition of Rs. 150, if in medical charge of a Regiment of Cavalry or Infantry, or Brigade of Artillery, or a permanent Depot, besides Rs. 60 per mensem horse allowance if with Cavalry or Horse Artillery, and Rs. 30 if attached to Field Artillery.

VI. Medical Officers of the Indian Service who do not come under the provisions of Clause I. of this Order will draw the same pay and allowances as before the issue of the Order, unless it is below the pay assigned to their rank in paragraph 10, in which case they will be permitted to draw the higher rate of pay. In the latter case, they will draw horse allowance at the prescribed rates, if with Cavalry, Horse Artillery, or Field Artillery.

VII. Medical Officers drawing pay under the old rules will receive any advantages to which they would become entitled by these rules in consequence of promotion or having completed five, six, or ten years' service as Assistant Surgeons.

VIII. Medical Officers, whether of the British or Indian Service, holding staff appointments, and in receipt of staff or half staff salaries, will, until further orders, draw the present rates of staff salary in addition to the old scale of pay, receiving any increase in the latter to which they would have become entitled by promotion, unless the aggregate shall be less than the pay of their grade under paragraph 10 of the Secretary of State's despatch, in which case they will receive the latter only. When on leave they will draw the new rates of pay without staff salary, the acting incumbent drawing the staff salary with the old rate of pay, or the new rates without staff pay, as may be most advantageous.

IX. Conveyance allowance will not be admissible to Assistant Surgeons on the new rates of pay.

X. The authorized allowance for the medical charge of the Staff of Divisions or Brigades will be passed in addition to pay and allowances, whether on the old or new scale.

The foregoing is in substitution of any orders or decisions on the subject that may have previously been given.

Secretary to the Government of India."

of one shilling a day granted to Army Schoolmasters, Secretary Sir George Lewis has, in concurrence with His Royal Highness the General Commanding in Chief, decided that the following regulations, explanatory of the conditions under which the increase is granted, and the mode of reckoning service towards such pay, and to pension on retirement, should be promulgated for the information and guidance of the service:—

1. The increase of one shilling a day may be granted to trained Schoolmasters on the completion of ten years' service as such, each year's service as Assistant Schoolmaster being permitted to reckon as six months towards the required period; time, however, spent at the Royal Military Asylum in qualifying for appointment as trained Schoolmaster being wholly excluded. This regulation is also applicable to the reckoning of service towards pension as Schoolmaster.

2. In the cases of men drawn from the ranks, and who qualify as trained Schoolmasters, the period spent at the Royal Military Asylum must be wholly excluded; the increased pay of one shilling a day is therefore only admissible after ten years' service, reckoning from date of enlistment, as trained Schoolmaster; half of the previous Military service is, however, allowed to reckon towards pension as Schoolmaster.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

That the general object of the work is to increase the facilities for, and lessen the cost of personal conveyance from place to place, and to afford the public cheap and convenient means of locomotion.

That the nature of the work is a Railway or a Tramway to be constructed along the main roads or thoroughfares in Bombay and Salsette, consisting of double or single lines of iron rails, as may be found practicable, sunk into and level with the surface of the road with all necessary and proper sidings, points, connecting rails and termini, along which lines it is proposed to run carriages or cars of a build especially adapted to the purpose, to be drawn by horses or other animals, and to be available to the public at stated fares, not exceeding for each passenger the sum of one anna per mile for any distance over two miles; and not exceeding two annas for any distance not being more than two miles.

That the gauge of the said lines proposed by the applicants is four feet ten inches, and the proposed width of the passenger carriages six feet three inches, but the applicants desire to be at liberty to adapt any modern improvements either as to width of gauge or otherwise which may render the proposed work more complete.

That the intended locality of the work is along the main roads or thoroughfares of Bombay and Salsette, the first line to be constructed from the Fort of Bombay along the Esplanade Main Road and Parell Road through the Bhendy Bazaar to a point opposite the Byculia Station on the G. Letters, how to be addressed.—The Post Master of Bombay would esteem it a favour, if the Public would assist the Department, by advising their correspondents to direct their letters and papers to the locality of their Residence in Bombay, and if possible to mention the Number of the House; for example,

No. 21, Upper Colaba, &c., &c.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples, however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Banghy Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition:—

To	Route.	PATTERN PACKETS.													
		1		2		3		4		5		6		7	
		Not exceed- ing 4 ozs.		Exceeding 4ozs. and not exceeding 8 ozs.		Exceeding 8 ozs. and not exceed- ing 1 lb.		Exceeding 1 lb. and not exceeding 1½ lbs.		Exceeding 1½ lbs. and not exceed- ing 2 lbs.		Exceeding 2 lbs. and not exceed- ing 2½ lbs.		Exceeding 2½ lbs. and not exceed- ing 3 lbs.

		0	4 0	0	8 0	1	0 0	1	8 0	2	0 0	2	8 0	3	0 0

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

10. If the Packets be *wholly unpaid*, they will be forwarded charged with double postage.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.

If received unpaid or insufficiently paid from the United Kingdom, they will be charged at the rates stipulated in Paras. 8, 9, and 10 of the foregoing notice.
