GOVERNMENT DEPARTMENTAL NOTICE.

GENERAL DEPARTMENT.

The following General Order, by the Government of India, dated 9th September 1864, No. 734, is republished :—

"No. 734 of 1864.—His Excellency the Governor General in Council, under the authority of the Right Honorable the Secretary of State for India, is pleased to publish the following rules in supersession of existing regulations on the subject of examination in the Native languages.

These rules are to be considered applicable to the three Presidencies, and will take effect from the 1st February next.

There will be two standards of qualification in the Hindustani language,—the *first* to be in the place of the examination, now commonly called the *Colloquial* examination, and of the examinations for the command of troops and companies, in regiments under the old organization, and for a medical charge; and the *second* to be in the place of the examinations now called the P. H. Staff, Adjutants', Interpreters', and all similar examinations in the three Presidencies; but all Officers who have passed these latter examinations, or who may pass them before the 1st February next, will be eligible for the Staff Corps or for ordinary Staff employment without further examination.

First Standard.

II. The object of the *First* Standard is to ensure that Officers passing it shall have acquired such a knowledge of the Hindustani language as shall enable them efficiently to discharge their Military or professional duties when serving with Native troops.

III. To this end candidates will be tested as to their ability to read and translate passages from easy Hindustani books, written in the Persian and *Deva Nágari* characters; and to speak on and interpret common or professional subjects, so as to understand or to be understood by any ordinary uneducated Native of India.

Tests.

IV. *First.*—Reading fairly, and construing with accuracy, not less than half of an octavo page of the undermentioned works :—

1. 'Hindustani Selections' in the Persian character.
2. 'Hindustani Selections' in the *Deva Nágari* character.

Second.—Conversing with the Examiners, or with Natives of India, on subjects likely to occur in the performance of regimental or professional duty, in the transaction of ordinary business, or in the course of every-day life.

If this test be applied through the medium of a Native of India, he should speak the plain Hindustani of the Presidency or Province in which the examination is held, free from peculiarities of idiom and dialect, and not a *patois*,—and though, as regards the performance of professional duties, it must, to a certain extent, be technical in its nature; if, in other respects, the candidate prove his ability be comprehend readily all that is said to him, and to make himself fairly intelligible, more should not to required.

Second Standard.

V. The object of the *Second* Standard is to insure that Officers passing it shall have acquired such a knowledge of the Hindustani language as shall qualify them, so far as that language is concerned, for general employment on the Staff, and for admission to the Staff Corps.

VI. To this end candidates will be tested as to their ability,—1st to read and construe passages in books of ordinary difficulty in *Urdu* and *Hindi*; 2nd, to make accurate and idiomatic written translations from English into Hindustani in both the Persian and *Deva Nágari* characters; 3rd, to read and translate petitions, Native letters, &c., in *Urdu* and *Hindi*; 4th, to converse with educated or uneducated Natives of India.

Tests.

First.—Reading fluently, and construing with readiness and accuracy, not less than an ordinary octavo page of the undermentioned works :—

1. The *Bâgh-o-Bahar.*
2. Selections from the prose of the *Prem Sagar.*

Second.—Translating accurately, and with correctness of idiom and grammar, not less than half an ordinary octavo page of plain English into language similar to that of the Bagh-o-Bahar, in the Persian character, and an equal amount, in the *Deva Nágari* character, into language similar to that of the Prem Sagar.

Third.—Reading fairly, and translating readily and correctly Hindustani Manuscripts, written in both the Persian and *Deva Nágari* characters.

These MSS. may be selected from the proceedings of a case in Court, from reports or petitions addressed to Civil or Military Authorities, from letters passing between Natives of India in the ordinary course of business, or from private correspondence. They should not be written with the clearness of a printed book, nor yet in a very cramped or crabbed hand: but in such a manner, as fairly and honestly to represent the written characters as practically employed in the Presidency or Province in which the examination is held.

Fourth.—Conversing with the Examiners or with Natives of India with fluency, and with such correctness of pronunciation, grammar, and idiom as to be at once intelligible.

VII. Every candidate passing an examination by the *First* Standard in Hindustani, will be entitled to receive an allowance of Rs. 180; and on passing by the *Second* Standard, an allowance of Rs. 180 additional; or, in the case of an Officer passing at once, by the *Second* Standard, Rs. 360.

X. Every candidate passing an examination under Rule VIII., will be entitled to receive a donation of Rs. 800, if the examination be passed in Arabic or Sanskrit; or of Rs. 500 if the examination be passed in any other language.

XV. Every candidate obtaining a Degree of Honor in Arabic or Sanskrit will be entitled to receive a donation of Rs. 5,000, and in Persian of Rs. 4,000.

XVI. In addition to the foregoing donation, the Government of India, and the Governments of Madras and Bombay, respectively, may award a Gold Medal to any Officer employed under any such Governments, who is reported by the Board of Examiners to have passed an examination in any language with extraordinary merit.

XVII. No Officer shall receive any pecuniary reward for passing in any language under Rule VIII. or Rule XII., whose period of actual residence in India exceeds ten years; nor shall any Officer receive any pecuniary reward for passing under Rule XIV., whose period of actual residence in India exceeds fifteen years.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

The work being one of great public utility, we desire to proceed under Act XXII. of 1863, and we make this preliminary application in accordance with the terms that Act imposes.

The general object and nature of the work are the reclamation of the foreshore and sea frontage of Modee Bay, extending in a direct line from the Eastern Ravelin of Bombay Castle to the South, Eastern corner of the Elphinstone Land and Press Company's proposed reclamation, and the rendering the land so reclaimed available for Commercial purposes.

Accompanying this application are the following documents:—

1. A general plan of the proposed works.
2. A list of the owners and occupiers of ground adjoining the proposed works.
3. A statement of the estimated cost of the construction of the works.
4. A statement of the mode in which it is proposed to provide the funds for constructing, maintaining, and carrying on the works.

We are prepared to supply any further information your Excellency in Council may think requisite, and our application is that the proposed work may be registered under the Act before mentioned, with all the terms and stipulations of which we undertake to comply.

We have the honour to be,

NOTIFICATIONS BY THE DEPUTY AUDITOR AND ACCOUNTANT GENERAL.

The following letter No. 2484, dated 21st September last, from the Government of India, is published for the information and guidance of Officers in charge of Civil Treasuries.

"I am directed to request that the Treasury Officers in your Province may be instructed to keep Registers of all Government Currency Notes received and paid according to the accompanying form :—

Register of Currency Notes of the Circle, of the value of Rupees each, and paid at the Treasury.

Date of Receipt.	From whom received.	Number of each Note.	Date of paying away.	To whom paid.

"Separate Registers or separate sheets in each volume should be used for each denomination of Note

"Notes should be registered as received; the first column of each Register will thus have only one entry each day.

"They should be kept in the exact order in which they are received, in bundles of not more than one hundred.

"They should be paid away in the exact order in which they stand in the Register. There will thus be but one entry in the fourth column of each Register each day.

"There will, of course, only be one entry in the second and fifth columns of each Register for each transaction. That is to say, suppose one hundred Rupees in Notes of ten Rupees each are received or paid in a single transaction, the name of the payer or payee will only be entered one; the ten numbers being bracketed together.

"This form of Register is to be applied to all Notes, whether received from the Treasury at the Head Office of the Circle of Issue or from the Public. When Notes are not paid away, but returned to the Treasury at the Head Office of the Circle of Issue for cancellation, a statement to that effect should be written across the columns, 'date of paying away' and 'to whom paid.'"

Registered Letters.—The attention of the Public is called to the following paragraph 1 of the Rules for Registering letters at Post Offices :—

"Paragraph 17. A letter containing Bank Notes, Postage Stamps, or other valuable articles, should, as a rule, be registered, and should be securely folded, or enclosed in a substantial envelope, and *always sealed with wax*, in order to prevent, as far as possible, its being tampered with."

Letters, how to be addressed.—The Post Master of Bombay would esteem it a favour, if the Public would assist the Department, by advising their correspondents to direct their letters and papers to the locality of their Residence in Bombay, and if possible to mention the Number of the House ; for example,

No. 20, Malabar Hill,
No. 21, Upper Colaba, &c., &c.

Samples of Merchandize by Post.—An arrangement has been made with the London Post Office for sending Patterns of Merchandize by Post between India and the United Kingdom, under the rules and at the rates of Postage indicated below. The arrangement will commence as regards despatches from India from the 1st May next. Intimation has been received from the London Post Office that the arrangement will commence as regards despatches thence from the 1st April.

1. The Patterns must not be of intrinsic value. The rule excludes all articles of a saleable nature, and whatever may have a value of its own apart from its mere use as a Pattern. The quantity of any material sent, ostensibly as a Pattern, must not be so great that it could fairly be considered as having on this ground an intrinsic value.

2. The Patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of the articles; nor must they contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection.

3. The Patterns must be sent in covers open at the ends, so as to be easy of examination; samples however, of Seeds, Drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material; but closed bags, although transparent, must not be used for this purpose.

4. The rule which forbids the transmission through the Post of any explosive or dangerous substance will of course be applicable to Patterns, and no article likely to injure the contents of the Mail Bags is to be sent.

5. No Pattern Packet can be received if it exceeds two feet in length, width, or depth, or 3 lbs. in weight.

6. The Inland Transit of Pattern Packets will be by Bangby Post.

7. The following Postage rates (prepaid by a Stamp or Stamps) will be charged on Pattern Packets sent under these regulations by Post to the United Kingdom. The rates being consolidated rates, no Inland Postage is leviable in addition :—

8. If the Packets be *prepaid with a single rate of Postage* (as given in Column 1 of the above Table), the full rate chargeable being more, they will be forwarded charged with the deficient Postage, together with an additional single rate.

9. If the Packets be *prepaid with less than a single rate of postage*, they will be forwarded charged with double postage, less the amount actually paid.

N.B.—In respect to Inland Transit the general conditions for Patterns are similar to those for Book Packets, and they will be treated like Book Packets.
