Penalty on neglecting to furnish lists, or furnishing incorrect ones.

VIII. Penalty on obstructing Assessor or other Officer, &c.

X. If any person shall wilfully obstruct any Assessor or Collector, or any person duly authorized by him or them, in making such assessments or collections, or in the performance of any duty imposed upon him or them by the provisions of this Act, such person shall, on conviction before the Court of Petty Sessions, for every such offence, forfeit a sum not exceeding two hundred Rupees.

Estimate of rate to be made.

XI. The said Justices, before proceeding to make any occupation rate under this Act, shall cause an estimate to be prepared, showing the amount intended to be raised by such rate, the period for which the rate is made, the proportion which such amount bears to the whole amount of the Municipal Funds intended to be raised during the same period, the rateable value of the property in respect of the occupation of which the rate is to be made, and the amount of rate which it is necessary to make upon each Rupee of such value; and the estimate so made shall forthwith, after being approved of by the said Justices in Sessions assembled, be entered in the rate-book and be kept in the Office of the Clerk of the Peace, open to public inspection during office-hours thereat.

Notice of rate.

XII. The public notice of the intention to make any occupation rate, and of the time at which it is intended to make the same, and of the place where a statement of the proposed rate is deposited for inspection, shall be given by the Assessor at least six weeks previously to the day on which the rate is intended to be made.

Rate to be open to inspection.

XIII. Any person interested in, or assessed to any occupation rate under this Act, may inspect the same and any estimate made previously thereto, and may take copies of or extracts therefrom, without fee or reward; and whosoever, having the custody of such estimate or rate, shall refuse to allow or shall not permit such inspection, or such copies or extracts to be taken, shall, for every such offence, be liable to a penalty not exceeding fifty Rupees.

Rate, if not complained against, to be final.

XIV. In case no complaint shall be made against such occupation rate at the meeting of the Justices in Sessions assembled, held for the purpose of making such rate in pursuance of such notice, such occupation rate and the assessment of the several parties named in the said rate in the several sums and in respect of the properties therein mentioned, shall be final and conclusive on all parties whomsoever; but in case of any complaint of inequality in, or non-liability to pay the said occupation rate, the said Justices shall, in such Sessions or at some adjournment thereof, proceed to investigate the same by the examination of such witnesses as the parties interested

therein shall respectively produce, or by the examination of such other witnesses as shall seem right; and their decision as regards such occupation rate, and the assessment thereof upon the parties respectively, shall be final and conclusive to all intents and purposes whatsoever. Provided always, that the said Justices may, if they shall so think fit, state a case for the opinion of Her Majesty's Judges of the Supreme Court.

Rates to be collected quarterly in advance.

XV. The said tax by this Act authorized to be made and assessed, shall be assessed at such time as such Justices shall think fit, and shall be levied and collected quarterly, and shall become due and payable on and after the first day of each quarter, for the current quarter.

Proportionable abatement may be made in certain cases.

XVI. *It shall be lawful* for the said Justices in Sessions assembled, if in their discretion they shall so think fit, in the case of any person who, during the current quarter, has ceased to occupy any house, building, or ground in respect of which he has been assessed under this Act, to allow to such person a proportionable abatement in respect thereof, if such assessment shall be unpaid, or if paid, to order a return of the amount thereof, or an allowance for the same to be made in the next ensuing assessment upon such person.

Collector to send bill of rates Chargeable.

XVII. When the aforesaid tax shall be due and payable, or as soon after as convenient, the Collector shall send to the persons severally liable to pay such tax, a bill of the sums respectively due from such persons in respect thereof; and such sums when collected, shall be received in the first instance by such person or persons as the said Collector shall appoint, such security having been first taken by the Collector from such person or persons for the due performance of his or their duties as may be deemed sufficient; and for each payment made, a receipt signed by the Collector shall be given by the person or persons receiving the amount.

Proceedings when rate unpaid after demand made.

XVIII. In case of the *non-payment* of any assessment, or of any sur-charge which shall become due under this Act, or of any assessment or sur-charge which shall have become due, before the passing of this Act under Act XI. of 1845 Section V., for the period of eight days after payment of the same shall have been demanded, then, upon proof upon oath before any Justice of the Peace that such assessment or sur-charge has been duly made, and such demand made, such Justice is hereby authorized and required to levy the same on warrant under his hand, by distress and sale of the defaulter's goods and chattels; and the overplus of the money raised, after deducting the amount due, and the expenses of distress and sale, shall be rendered to the owner.

On non-payment of fines, &c., offender may be imprisoned.

XIX. All fines and penalties imposed under this Act shall, in case of non-payment, be leviable by distress and sale of the offender's goods and chattels, under warrant of the Court of Petty Sessions or Magistrate of Police; and if no such property shall be found, or if the same shall not be sufficient to satisfy the fine or penalty so imposed, it shall be lawful for the said Court of Petty Sessions or for a Magistrate of Police, by warrant, to commit the offender to prison, there to be imprisoned for any term not exceeding three calendar months where the amount of the fine or penalty unpaid shall not exceed one hundred Rupees, and for any term not exceeding six calendar months where the amount of the fine or penalty unpaid shall exceed that sum; the commitment to be determined in either of the cases aforesaid upon payment of the amount.

Where name of owner or occupier unknown.

XX. Whenever the name of any occupier liable to be rated under this Act is unknown to the Assessor appointed under this Act, it shall be sufficient to assess and designate such person in the rate as "the occupier" of the premises in respect of which the assessment is made, without further description; and the like designation shall be sufficient in any bill, summons, or other proceeding of any kind whatsoever with respect to the aforesaid tax to be issued to him.

Distress not to be deemed unlawful by reason of defect of form, &c.

XXI. No distress levied under the authority of this Act shall be unlawful, nor shall any party making the same be deemed a trespasser, on account of any defect or want of form in the notice, bill, summons, notice of demand, warrant of distress, inventory, or other proceeding relating thereto, nor shall he be a trespasser from the beginning on account of any irregularity afterwards committed by him.

Protection of Justices and other persons acting under this Act.

It is, however, to be distinctly understood, that any alteration in the number of Camp Followers will not entitle the contractors to claim any remission in the payment of the stipulated monthly amount of their respective engagements; the departure of Troops from the Cantonment, as above specified, will alone give claim for remission.

6. The conditions of the contracts shall not be considered binding, or in force in any respect, until the same are confirmed by the superior authority.

7. Further particulars relative to these contracts will be made known on application at the Office of the Superintendent of Bazars at Ahmedabad, and that of the Commissary General of the Army at Bombay, from 10 A. M. till 4 P. M. every day, Sundays excepted.

8. The contractor will have to defray the expenses of maintaining a Preventive Police when and wherever the Major General Commanding may deem necessary, for the suppression of clandestine sale of Spirits to European Troops.

9. Only one Liquor shop will be permitted, and the Liquor to be sold at the rate specified below:—

Arrack	8 Annas per bottle.	
Mowrah	8 do.	do.

10. After a tender has been once made, any attempt at evasion thereof will cause the forfeiture of the deposit money to Government.

11. No Liquor to be sold on credit to the Native Troops.

12. No reason will be assigned for the rejection of any offer.

Superintendent of Bazars and Police.

Notice

Is hereby given, that verbal offers will be received at this office, and sealed tenders at the Commissary General's Office in Bombay, at noon, on the 10th day of October 1855, for the exclusive privilege of SELLING ARRACK, COUNTRY LIQUOR, and INTOXICATING DRUGS, in this Cantonment, and also for the sale of ARRACK and COUNTRY LIQUOR in the State of Kolapoor, for the term of one year, commencing from the 1st November 1855.

The Troops composing the Kolapoor Brigade are as follows :—

	Strength.
One Company of Golundauze	150
One Regiment of Native Infantry	825
Camp Followers, about.....	460

The strength of Regiments to be computed agreeably to the number actually present on the day of sale, which will be duly notified to the bidders at the time, and the amount of the monthly payments will not be increased or decreased on account of Troops arriving at or departing from the station, unless the strength of such details exceed one-fourth the number of men on account of whom the contract shall have been made. Any alteration in the number of Camp Followers will not entitle the contractors to remissions.

The tenders are to specify the amount in Company's Rupees, and no person will be allowed to offer for the contract unless he previously deposit in this Office the sum of Company's Rs. 2,000 (two thousand) in cash, which will be forfeited in the event of delay, evasion, or refusal to execute the necessary deed of contract, and the person whose offer may be accepted will be required to complete the amount of one month's stipulated payment in advance, to be retained as a deposit in the Office of the Superintendent of Bazars until the expiration of the contract.

Each bidder or person tendering will be required to furnish a certificate from two persons of unexceptionable character, that they will be his securities in the event of his offer being accepted.

The terms of the contract will be made known at the time of sale or before, on application at this Office between the hours of 10 and 4 o'clock daily (Sundays excepted), and no verbal offers will be received after 12 o'clock on the day of sale, and the parties offering, or their agents, must be present at the time specified.

As it is not incumbent on the sanctioning authorities to accept of the highest bid, it is to be understood that the deposits lodged to qualify a person to bid for the contract will not be returned until the biddings have been duly submitted to the authorities for sanction, and a reply received.

To prevent disputes hereafter, it is to be distinctly understood that the provisions of the contract are to be strictly enforced agreeably to the 3rd paragraph of the Commissary General's letter to the Military Board dated 30th July 1850.

The contractor will have to defray the expenses of maintaining a Preventive Police when and wherever the Officer Commanding may deem necessary, for the suppression of clandestine sale of Spirits to European Troops.

No reason will be assigned for the rejection of any offer.

C. D. BOULTON, Lieut.,
Superintendent of Bazars and Police.

The following Passages to London are required:—

A Steerage Passage for one European Boiler Maker, and

A Passage for an Unfit Seaman of the Indian Navy.

By order of the Commander in Chief Indian Navy,

F. G. BONE, Secretary.

Commodore's Office, Bombay,
18*th September* 1855.

Notice

Is hereby given, that persons desirous of entering into a contract for the Supply of Stationery, as may be required by the Commissariat Department at the Presidency, for the term of two years from the date of the acceptance of the offer, may, on application at this Office from 11 A. M. till 5 P. M. daily (Sundays excepted), obtain copies of the schedule or list of prices, and such information relating thereto as they may require.

2. Verbal offers for the contract will be received at this Office on Friday the 5th proximo, at 1 o'clock precisely, when bidders will be required to bid a per-centage above or below the prices exhibited in the above list at which the supply will be made, on the understanding that the articles supplied are to be of unexceptionable quality, and according to musters which may be seen in this Office, or of the sort usually supplied, and are to be delivered, in the first instance at the Commissariat Stores at the Presidency, if required, and afterwards to the indenting Departments, in good condition, free of all charges beyond the stipulated price, in such quantities as may from time to time be demanded, and that the same are liable to examination and rejection by the executive Commissariat Officer, or by the indenting or receiving Officer; or by a Committee of Officers appointed on the part of Government, in the event

of the contractor being dissatisfied with the decision of the above Officers, or either of them; it being understood that the decision of such Committee is to be final, and binding on all parties.

3. No person will be allowed to bid for the contract unless he previously deposits in this office, in cash, the sum of Rupees eighty-two (82), which sum will be forfeited in the event of delay, evasion, or refusal on his part to execute the necessary deed of contract when required to do so, on his offer being accepted, in which latter case he must be prepared to give unexceptionable bonded security to the further amount of Rupees three hundred and twenty-eight (328), which, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of his contract.

4. A contractor must comply immediately with all emergent demands, and meet others of less urgency within the periods stated in the requisitions made upon him; in failure whereof, or if any supply be condemned by a Committee of Officers as aforesaid, the articles, or such others as may be required in lieu thereof, shall be purchased by this Department, without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases thirty (30) per cent. upon the amount of expenses incurred, or a fine of any sum not exceeding Rupees thirty (30), at the option of the executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of contract, it being understood that the simple condemnation of any article by a Committee constitutes a breach of contract, whether the rejected articles be replaced by the contractor or by this Department; in every such case, also, it is to be understood that the contract may be cancelled at the discretion of the Commissary General, and that if the contract be so cancelled, the cash deposit mentioned in para. 3 of this Notice will be forfeited to Government.

5. It is also to be understood that any delay, negligence, evasion, or refusal on the part of a contractor to make supplies or obey orders, or any attempt on his part, or that of his agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him, in every instance, to be fined to the extent of Rupees twenty-five (25), at the option of the executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding clause, no further penalty shall be leviable under this clause.

6. It is further to be understood, that the contractor, or an accredited agent on his part, approved of by the executive Commissariat Officer, is to attend at this Office during the usual hours of business, *i. e.* from 10 A. M. to 5 P. M. daily (Sundays excepted), also at such other time or place as may be indicated by the executive Commissariat Officer, when he may consider it desirable for the public service to require such attendance.

7. Any party whose offer is accepted will be required to produce his sureties, for the approval of the Honorable Company's Solicitor, within fifteen days from the date of the acceptance of his offer, or the contract will be resold. No reason will be stated for rejecting any security offered.

8. Bills for articles supplied under this contract must be preferred within one month from the date of the delivery of the articles, in default of which the contractor will forfeit the full value of the supplies for which bills have not been so preferred, unless it clearly appear, to the satisfaction of the Commissary General, that the delay was unavoidable.

9. The amount of retrenchments made by the Military Board on the contractor's bills will be recovered from the first bills preferred for payment; but in the event of such retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

10. Any party who, after offering for a contract, fails to furnish the necessary security, as provided for in Clause 7 of this Notice, will be interdicted from bidding on future occasions, unless he produces a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due execution and performance of the contract, on his offer being accepted.

11. The annual outlay on the above contract is estimated at Rupees one thousand six hundred and forty-one (1,641).

ELECTRIC TELEGRAPH NOTICES, &c.

TELEGRAPHIC CORRESPONDENCE WITH PLACES OFF THE LINE.

Under orders of Government, Messages will be received for transmission at any Telegraph Office, if sent by Post, from places not having Telegraph Stations,—if written on ordinary stamped paper of the value required.

Copies of the Rules passed by Government, with explanatory Notes, and Tables regulating the Charges for number of words and distances, are now in course of distribution at all Post Offices in India, where they will be posted for general access.

Post Masters in the Bombay Presidency not yet supplied with the Rules and Tables may obtain copies on application to the Bombay Post Office.

It is recommended that all Letters containing Messages for despatch by Telegraph be registered at the Post Offices, and be marked with the words "*Telegraph Message*" in large letters and in Red Ink.

(Signed) W. B. O'SHAUGHNESSY,
Superintendent Electric Telegraph in India.

Central Office, Meerut, 25*th June* 1855.

No. 230.

OFFICE ORDER.

REGISTER OF CORRESPONDENTS' NAMES.

Several Messages having miscarried through errors in spelling the Names of the parties addressed, a Register will be opened in the Calcutta, Bombay, and Madras Offices, in which persons may insert the names of one to four habitual Correspondents at other Stations. This list will be printed, and a copy supplied to each Station. The words to "Registered Correspondent" will be telegraphed in all such cases free of charge. As more than half the Messages on the lines pass between such habitual Correspondents, it is confidently expected that the mistakes referred to will be thus prevented in a proportionate degree.

No charge is to be made for the Registry, and one or more names may be added monthly. The Register will be printed and circulated on the first Saturday in each month.

W. B. O'SHAUGHNESSY,
Superintendent Electric Telegraph.

Meerut, 30*th June* 1855.

(True Copies) A. CHAUNCY, Lieut.,
Deputy Superintendent Electric Telegraph.

OFFICE ORDER, DATED 31ST JANUARY 1855.

"Whenever an interruption takes place, immediate notice is to be given to all Stations along the whole line through which correspondence is open, at each side of the place of interruption. Thus, if the line be broken between Agra and Gwalior, the Assistant in charge at Agra is to give notice of the occurrence along the lines to Calcutta and Peshawur, and the Assistant in charge at Gwalior will do the same along the lines to Bombay and Madras.

"All persons desiring to send Messages will be informed where the interruption exists, and given the option of withholding the Message, or having it sent on by post over the interrupted section of the line at the full charge for the entire distance."

Published for general information,

Superintendent Electric Telegraph in India.

DUNCAN DAVIDSON,

Bombay Post Master General's Office, 5th September 1855. Post Master General.

No. 1059.

Fort William, Home Department,

The 10th August 1855.

RULES RELATING TO THE REGISTRATION OF LETTERS SENT THROUGH THE POST OFFICE.

Approved of by the Honorable the President of the Council of India in Council on the 10th August 1855.

1. The system of Registration is applicable to all descriptions of Letters, without distinction, but in the case of Letters for Foreign Countries from India, extends only to the port of despatch.

2. A Post Master, Deputy Post Master, Receiver, or other Officer, on being applied to register a Letter, will demand a Registry Fee of Four Annas, and will write distinctly, on the front of the Letter, "*Registered Letter;*" he will also stamp the Letter plainly, and enter the address and number of it on the left hand side of the Receipt Book with which he is furnished; he will next enter the number and address of the Letter upon the Receipt, so as to correspond with the entry in the counterpart. The Receipt will then be stamped with the dated Office Seal, torn out of the book, and given to the Poster.

3. The Registration Fee of Four Annas must be paid before a Receipt is given.

4. The full address of Registered Letters must be entered on the Letter Chellaun, and the Letter itself must be enclosed in one of the green printed covers that are furnished for the purpose.

5. This green cover must be enclosed, unsealed, in the Bag or Packet addressed to the Delivering Office, or, when a Sorting Office intervenes, in the Packet in which Letters for the Delivering Office are usually sent.

6. No letter can be received in order to be Registered, unless it is brought to the Post Office half an hour before the closing of the Box for the particular Mail or Bag by which it is to be despatched.

7. When, from any cause, a Registered Letter cannot be delivered, it must be sent back, without delay with the original green cover, to be returned to the sender. When a Registered Letter has to be re-directed, and forwarded, the original green cover must be returned to the Office of despatch, and the Letter sent to its new address with a fresh cover. The full direction of the Letter must also be entered in the Letter Chellaun with which it may be forwarded.

8. On the delivery of a Registered Letter to the party to whom it is addressed, a Receipt in duplicate must be taken by the Delivery Peon or Letter Carrier, one of which Receipts must be returned to the Posting Office by the first post, the duplicate must be carefully preserved by the Post Master of the Delivering Office as the voucher for the safe delivery of the Letter; he will be held responsible for it if he cannot, when required, produce the Receipt as proof of the delivery.

9. The portion of the cover returned to the Posting Office must bear a clear impression of the dated Office Stamp, showing the day on which the Registered Letter reached the Post Master's hands; it may be sent open in the Bag or Packet.

10. No Letters can be refused to be registered, provided they are posted in sufficient time, and the Registration Fee is paid in advance, and that the other Regulations in force with each class of Letters are duly complied with.

11. Any neglect of these Regulations, which shall involve the loss of a Registered Letter, will not only render the party guilty of such neglect liable to be called on to make good the amount of the loss sustained in consequence, but will be punished by dismissal from the Service.

12. That there may be no misconception as regards the course to be pursued with Registered Letters, it must be distinctly understood *that the person to whose possession such Letter is last traced will be held responsible for it*, as a matter of course, until he shall have discharged himself of the responsibility by a satisfactory explanation.

13. It will therefore be necessary for every Officer, on opening a Bag or Packet, immediately to seek the Letter Bill, and in the event of a Registered Letter being entered on it to certify its arrival, by attaching his initials to such entry; he will then place the Letter in its proper channel for disposal, taking an acknowledgment, by initials or otherwise, from the person into whose hands it may be given for delivery or despatch; each Officer who may receive the Registered Letter will pursue the same course until it reaches the party for whom it is intended, when the usual Official Receipt is obtained on its delivery.

14. Should any entry be made on the Letter Bill of a Registered Letter, and such Letter (although it ought from its being separate from the others to be distinctly seen) cannot be found in the Bag, the

opener of the Bag must immediately report the circumstance, calling in, if possible, another person to verify the fact, before he has touched the other Letters.

15. With regard to the despatch of Registered Letters, the same precautions must be observed, the Clerk who receives the Letter for despatch from the Poster must obtain a discharge from the Officer to whom he delivers it, and this Officer, and all others through whose hands it may pass, must pursue the same course. The Despatching Clerk will enter the Letter on the Bill, carefully checking it into the Bag or Packet, and will be only exonerated from his liability by the signature of the Receiving Clerk at the Office to which the Bag is addressed.

16. Every irregularity connected with Registered Letters must be instantly reported to the Inspecting Post Master, and by that day's Post to the Post Master General, in order that the innocent parties may not be involved in heavy responsibilities which in reality do not attach to them.

17. Each Post Master will be responsible that every party employed in any Office in his Division is made acquainted with these Regulations, and will take their signatures as an acknowledgment of having perused and understood them.

(Signed) CECIL BEADON,
Secretary to the Government of India.

4. The gross amount collected under the heads of Assessment on Houses and Grounds, Wheel Tax, and Shop and Stall Tax, forming the principal sources of the Income of the Municipal Fund, was less in the past than in the preceding year, as appears by the underwritten Statement :—

On account of—	In 1852-53.			In 1853-54.		
	Rs.	*a.*	*p.*	*Rs.*	*a.*	*p.*
House Assessment	1,71,872	12	0	1,56,489	8	0
Wheel Tax	79,092	13	0	76,860	1	0

Rupees	3,11,482	11	4	2,87,957	14	4

The Balance outstanding being as follows :—

On account of—	In 1852-53.			In 1853-54.		
	Rs.	*a.*	*p.*	*Rs.*	*a.*	*p.*
House Assessment	13,294	8	0	30,568	14	0

Shop and Stall Tax	51,388	13	0	62,705	1	0
Rupees	83,403	10	6	1,17,904	5	6

5. The cause of the decrease in the collections of Municipal Taxes in the past official year is owing principally to the necessity of appointing another Collector in the room of the former one, who retired from the office in September 1853; and delay is necessarily occasioned by such change, as it is some time before the new Collector can make himself acquainted with the practical working of the office.

6. We regard the greater portion of the outstanding dues of the Shop and Stall Tax as irrecoverable, owing to the opinion generally prevailing that the Tax cannot be legally enforced.

7. The following is a List of the principal works during the year 1853-54 :—

Completing the drainage of 87 streets and lanes situated in Mandvee Market and Oomercarry Sub-divisions of the Native Town.

Constructing covered drains in a portion of the new Lane Street.

Constructing masonry covered drains in Jamboolwaddy Lane.

Effectually draining the village of Small Colaba.

Draining Cowasjee Patell Tank Road.

Draining the Block of the New Town, containing 2,20,000 square yards in area, situated between Duncan Road, Bhendy Bazar Road, Erskine Road, and Obelisk Road, marked A.

Draining the Block of the New Town, containing 1,63,300 square yards in area, situated between Duncan Road, Parell Road, Obelisk Road, and Bellasis Junction Road, marked B.

Arching over the lower portion of the Oomercarry Main Sewer from 1st Grant Road Bridge to Main Town Drain.

Building up with masonry the Lower tiers of the Love Grove Sluices, including coffer-dams.

Making alterations and additions to the Beef Market in Butcher Street.

Constructing a Well at Breach Candy Road.

Sinking and building a Well, with platform, &c., in Colaba, near the Gun Carriage compound; completed.

Making a road from Town Drain to Tardew; completed.

Excavating the Govalla Tank, and raising the Foras roads from Sunkersett's Pagoda to Cammateepoora; completed.

8. Of the chief works which were noted in the Board's last Report as then in progress, and which it was then proposed to execute, the following have been completed, or nearly so, during the past season, viz :—

9. The drainage of two Blocks in the Native Town situated between Bhendy Bazar Road, Duncan Road, Erskine Road, and Bellasis Junction Road, and containing the following 29 Streets:—

Erskine Road +
Duncan Road +
Khoja Street +
Goolam Mohedeen Subedar Street +
Shaik Abdool Doctor Street +
Baba Dhaboo Street +
Shaik Abdoola Packmodia Street +
Mucoond Gozersett Street +
Cross Street from Khoja Street to Baba Dhaboo Street +
Cross Street from Khoja Street to Goolam Mohedeen Subedar Street +
*7 Cross Streets between Duncan Road and Khoja Street and Baba Dhaboo Street and Balloo Doctor Street +
Cross Street from Khoja Street to Shaik Abdool Doctor Street +
Cross Street between Duncan Road and Goolam Mohedeen Subadar Street +
Eduljee Cooper Street +
Tank Street +
Khandia Street +
Hoojria Street +
Shaik Booran Commodan Street +
Parell Road +
Obelisk Road +
Bellasis Junction Road +
* Cross Street between Tank Street and Hoojria Street +

10. Of these the streets and lanes marked with an asterisk (*) were formerly unmade, and have been macadamized as well as drained.

Jamboolwady Lane.—In this street, 248 feet in length, between Breach Candy and Calbadavee Road, near the Esplanade, covered drains have been substituted for the former filthy open side gutters.

New Line Street.—A portion of this street 443 feet in length, at the entrance of Shaik Memon Street, remained undrained; covered side drains have been substituted for the open side gutters.

In Cowasjee Patell Tank Road, between Girgaum Back Road and Jugjeevun Keeka Street, 1,179 feet in length, similar improvements have been effected. Road between Dongree Cooley Street and the Railway, 104 feet in length, formerly a filthy unmade road, has been drained, and the roadway properly constructed.

Coleewada Street and a cross piece on the North of Shaik Ally Junjeerker Street to Dongree Cooley Street, 250 feet in length, formerly most filthy unmade passages, have been drained, and the roadway macadamized.

Small Colaba.—This suburb, formerly a filthy one in the Island, has been completely drained during the past season, and the unmade streets and lanes for the most part macadamized.

Oomercarry Main Sewer +.—The portion of the Oomercarry sewer, 2,800 feet in length, that remained open, has been constructed and covered over this season, and a roadway constructed about it. This sewer will serve as an outfall for the drainage of Cammateepoora, at present one of the unhealthiest of all the suburbs of the Native Town.

11. We append the following remarks by the Superintendent of Repairs on the subject of drainage:—

1. "Up to 1852-53 the whole length of street drainage constructed in Bombay was 14 miles. In 1852-53 upwards of 10 miles of street drainage were constructed; and in the past season (1853-54) nearly 5 miles have been added. Thus in two years the street drainage of the Island has been doubled. This increased rate of progress has been brought about by the adoption (as far as local circumstances permitted), in 1853, of the improved system of drainage, elaborated by the experiments of the English Board of Health and the Sanitary Commission, and described in the Minutes of Information on Town Drainage and their other publications.

2. "The effect of these improvements has been to diminish the cost of street drainage in Bombay to one-half its former amount, and the diminution of cost is accompanied by a great increase in efficiency, owing to the improved scour in the sewer due to their smaller size, their improved cross sections, and their more direct course. In 1845 the other Superintendent of Repairs sent in a rough Estimate for the cost of completing the drainage of the made

streets in the Town of Bombay. This Estimate consisted of a list of the made streets requiring drainage in the Native Town, the width and the length of each, and the estimated cost per foot, and for the whole length of draining each.

3. "The detailed Estimate of such of the works included in this list as had been executed between 1845 and 1853 had been 17 per cent. only above the aggregate of the original rough Estimates for the same works, and the actual rate at which they had been executed by contract was 1 per cent. below the same rough Estimates; the latter may be therefore considered as conveying a fair idea of the cost of works of drainage as executed between 1845 and 1853 on the old system.

4. "By the original Estimates (the accuracy of which had been proved by the drainage executed between 1845 and 1853) the works of drainage executed during the two seasons subsequent to the adoption of the improved English system would, the Superintendent of Repairs states, have cost Rs. 5,14,958, had it been constructed according to the old system, whereas the actual cost has been only Rs. 2,25,000; the cost was therefore less by Rs. 2,89,958, owing to the adoption of the recent English improvements in town drainage.

5. "In addition to the above work of drainage, the following improvements have been effected during the last season:—

"Narron Dhooroo Street to Syed Abdool Rahimon Street, 520 feet in length, formerly an unmade tract, has been macadamized.

"*Removal of Corners and Projections.*—Amongst the improvements of this description is the removal of the dangerous projections on the Nepean Road, on the Malabar Hill.

"The Beef Market in Butcher Street has been considerably enlarged, and its arrangement improved. A new slaughter house has been also erected adjoining it. Improvements have been also effected in the Boree Bunder Markets.

6. "To remedy a nuisance that had occasioned much inconvenience, side drains have been constructed on the Esplanade. One adjoining the Bazar Gate, in the neighbourhood of the Railway terminus, the other near the Money School, at the entrance of the Native Town.

7. "The lighting of the Esplanade Main Road + from Church Gate to Framjee Cowasjee Tank has been much improved by the erection of 51 additional globe lamps.

"*Main Town Drain* +.—The portion of the Main Town Drain lying between the Native Town at Khetwady and the Sea at Love Grove Sluices has for many years past been the monster nuisance of Bombay. During the past season the nuisance was removed by the adoption of measures detailed in the Report of the Superintendent of Repairs sent up to Government on the 3rd day of June 1854. The arrangements during the past season were only provisional and temporary, but ground has been purchased higher up the drain for the purpose of carrying out the plan in a permanent manner during the next season. The open portion of the Main Town Drain has been also paved throughout its whole length during the past season, and the lower tiers of the Love Grove Sluices have been raised to the level of low water mark.

8. "During the last dry season the capacity of the Gowalla Tank has been increased to the extent of 1,40,526½ cubic feet, and the earth excavated therefrom has been used (as during the season of 1852-53) in raising the embankment of one of the most important of the new Foras roads,—that from Sunkersett's garden, at the South end of Grant Road, to Sir Jamsetjee's Dhurumsalla in Byculla."

12. The Board propose during the ensuing season to complete the drainage of the New Town, and also that of the suburbs of Sonapoor, Cammateepoora, and Khetwady.

13. When these works shall be complete, the only portion of the Native Town remaining undrained will be "the Oart Districts," which, consisting as they do of a labyrinth of narrow and extending crooked and irregular alleys, cannot be drained until new streets have been opened through them; and this cannot be done with justice to other districts until the proposed Municipal Act shall have become law, and thereby enable the Board to allocate a portion of the cost of local improvements on the particular locality in which they are effected.

14. The Appendix F is a Statement of Estimated Income, Proposed Expenditure, and Estimated Balance of the Fund to be available for its general purposes during the official year ending 30th April 1855. After making allowance for sums due, but which may not be collected within the year, it is estimated that the gross receipts in the ensuing season from all sources will amount to.... ..... Rs. 4,43,229 9 6

Add to this the Balance in hand on 30th April last 63,369 10 3

5,06,599 3 9

And deducting proposed Expenditure..... 4,85,714 9 6

There will remain..... 20,884 10 3

NOTE.—The foregoing Report shows the proceedings of the Board of Conservancy during the year ending the 30th of April 1854, and the state of the Funds on that date.

Since then, however, a large deficiency in the Revenue has been occasioned by the continued resistance to the collection of the Shop and Stall Tax alluded to in the Report, and subsequently its entire cessation, in consequence of the decision of the Supreme Court in the case of Connon *vs.* Hutchinson, as also by increased expenditure for watering and repairing the roads, and for scavenging; and owing to this want of funds, the Board have been, and still are, unable to proceed with any new works this season connected with the drainage of the Town, as they have already intimated to Her Majesty's Justices of the Peace, in pursuance of the Board's Resolution No. 70, dated the 9th February 1855, from which it appears that the chief causes of the deficiency in the Fund are as follows:—

The income expected in 1854-55 from Shop and Stall Tax was, according to the Estimate of the Collector of Municipal Taxes, Rs. 90,000. Of this only Rs. 30,527 13 0 was realized, when the Tax ceased to be collected. Hence a deficiency of about Rs. 59,472 3 0.

Further, that according to the contract entered into with Rajuna Crustnajee by the Board last year, the sum to be paid for repairing and watering the roads, for scavenging, lighting, &c., would have been in 1854-55 ..... Rs. 1,30,583 0 0

During the first 4 months and 7 days of 1854-55, that is from 1st May until 7th September last, on which date the contract was cancelled by the Board, the proportioned cost was 46,066 12 6

So that during the remaining 7 months and 23 days of 1854-55, that is from 8th September 1854 to 30th April 1855, the charge would have amounted to 84,516 3 6

But in consequence of the contract having been cancelled, the sums already paid on account of the repairing and watering the roads, scavenging, lighting, &c., the work being performed departmentally by the Superintendent of Repairs, *i. e.* from 8th September to 31st December 1854, amounted to ..... Rs. 50,701 0 1

And the amount to be disbursed on the same account from 1st January to 30th April 1855 is estimated at 54,000 0 0

Making together 1,04,701 0 1

So that the expenditure under these heads in excess of the contract will be Rs. 20,184 12 7

Exclusive of sums paid for works done departmentally by the Superintendent during the currency of the contract 5,822 3 6

Rs. 26,007 0 1
