Legislative Council.

1st December 1855.

The following Act, passed by the Legislative Council, received the assent of the Most Noble the Governor General on the 30th November 1855, (communicated to the Legislative Council on the 1st December 1855), and is hereby promulgated for general information:—

ACT No. XXXII. OF 1855.

An Act relating to Embankments.

Whereas the Regulations now in force for the maintenance of embankments in the Territories under the Government of the Lieutenant-Governor of Bengal have been found ineffectual for the intended purposes thereof, and whereas it is desirable that provision should be made for the better construction and protection of the same; It is enacted as follows:—

I. Regulation VI. of 1806 and Regulation XI. of 1829, so far as they relate to the said Territories, are hereby repealed, except so far as they repeal the whole or part of any other Regulation, and except as to acts done, offences committed, and liabilities incurred before the passing of this Act.

II. The word "embankment" in this Act means

an embankment for the purpose of excluding or retaining water; and every embankment, which is now kept up, or may hereafter be kept up, by the officers of Government, at the expense either of Government or of any private person, is a public embankment within the meaning hereof.

III. The superintendence of the public embankments shall be entrusted,

subject to the general orders of Government, to an officer who shall be called the Superintendent of Embankments.

IV. Clause 1.—The Superintendent of Embankments may cause any embankment which connects public embankments, or forms by junction with them part of a line of embankments, or

is necessary for the protection of the neighbouring country, to be taken charge of and kept up by the officers of Government.

Clause 2.—He may also cause any private embankment, which endangers the stability of a public embankment, or obstructs the beneficial drainage of the country, to be removed.

Clause 3.—He may also, when necessary, change the line of any public embankment, or make a new embankment.

Clause 4.—He may also enlarge any public embankment, and do all acts necessary and proper for the maintenance thereof.

V. Clause 1.—Before the Superintendent shall cause any of the works mentioned in the first three Clauses of the next preceding Section to be executed, he shall give notice in writing to the Collector of the district

of his intention so to do. Upon the receipt of such notice, the Collector shall cause a proclamation to be issued, incorporating the substance of the notice, and calling upon all persons interested, who may be desirous of showing cause against the execution of such works, to appear before him on a certain day to be named therein.

Clause 2.—The proclamation shall be published by affixing the same in the Cutcherry of the Collector, the Mal Cutcherry (if any) of the estate on which the works are intended to be executed, and on some conspicuous spot in the neighbourhood thereof. The proclamation shall be published not less than fifteen days before the day appointed for hearing the parties interested.

Clause 3.—The Collector shall hear the objections of any parties who may appear, and, after recording any evidence which they may adduce, shall communicate the objections that may be made, together with his opinion thereon, to the Superintendent of Embankments. If the Superintendent agree in opinion with the Collector, he shall pass an order accordingly. If he differ from the Collector, the case shall be referred to the Commissioner of Revenue, who shall pass such orders thereon as he may deem fit.

Clause 4.—Every such order passed by the Superintendent shall be appealable to the Commissioner of Revenue, and every order of the Commissioner shall be appealable to the Board of Revenue; but no appeal shall lie against any order passed under this Section,

unless the same be presented within one month from the date of the order.

Clause 5.—Subject to the right of appeal above-mentioned, and to the orders and control of Government, every order passed under this Section shall be final, and shall not be open to revision by any Civil Court, and shall be conclusive as to the necessity of any works ordered to be executed.

VI. Whenever the Superintendent of Embankments shall hereafter cause an embankment, which any person is bound to keep up, to be taken charge of by the officers of Government, the expense of keeping up such embankment shall be charged to such person. Provided that the amount so charged shall not exceed the reasonable expense of keeping up an embankment of the size and description which such person was bound to keep up, notwithstanding the embankment shall have been enlarged or improved by the officers of Government.

VII. *Clause 1.*—When the Superintendent of Embankments shall enlarge or change the line of any embankment, or make a new embankment, or cause an embankment to be removed, any person sustaining damages thereby, who, but for the passing of this Act, would be entitled to compensation, may prefer his claim for such compensation to the Collector of the District, at any time within twelve months after the execution of the work by which he is endamaged, and the Collector thereupon shall report the case for the orders of the superior Revenue authorities. If the claim be rejected, the claimant shall not be deprived, by reason of this Act, of any right which he might otherwise have had, to recover such compensation by a civil action; but such action shall not lie, unless the claimant shall have first preferred his claim to the Collector within the period above mentioned, nor unless the suit be brought within a period of one year after notice to the claimant of its rejection. If the claim for compensation be admitted by the Revenue authorities, and the amount of compensation cannot be agreed upon, the same shall be settled by arbitration, in the manner hereinafter provided, and in no other manner, unless by the consent of the claimant and of the superior Revenue authorities.

Clause 2.—Unless the Collector and the claimant concur in the appointment of a single arbitrator, the Collector on the part of Government, and the claimant, shall each appoint an arbitrator. The appointment shall be in writing, and neither of the said parties shall have power to revoke the same without the consent of the other.

Clause 3.—If there be several claimants for compensation in respect to the same injury, and they cannot agree in the appointment of an arbitrator on their behalf, in that case each of them may nominate one person; and the Collector shall choose by lot out of the persons so nominated by the parties, or any of them, a person to act as arbitrator on behalf of the claimants. If only one person shall be so nominated, he shall be the arbitrator on behalf of the claimants.

Clause 4.—When more than a single arbitrator shall be appointed, the arbitrators shall, before they enter upon the matters referred to them, nominate and appoint by writing a third person to act with them as arbitrator; and in case the arbitrators shall neglect to appoint such third arbitrator for a period of seven days after having been required so to do, the Collector may appoint such third arbitrator. If the arbitrators differ in opinion, or if one of them, hav-

ing received due notice of a meeting of arbitrators, neglect to attend, any two arbitrators may make an award.

Clause 5.—If any person, on being appointed an arbitrator, shall refuse to act, or, after accepting the appointment, shall die or become incapable of acting, another person shall be appointed in his stead, in the same manner in which the first person was appointed.

Clause 6.—After the arbitrators have accepted the appointment, the Collector shall be competent to exercise towards them such powers and authority for securing their attendance and the due completion of their award, as the said Collector may legally exercise towards witnesses summoned before him when acting judicially for the purposes of compelling them to attend and give evidence.

Clause 7.—If no award be made within a period to be fixed for that purpose by the Collector, he may order that the matter shall be referred to another arbitrator or other arbitrators, to be chosen in the same manner and subject to the same rules as the first.

Clause 8.—The Collector shall furnish to the arbitrators, or, so far as may be in his power, procure for them, any information which his records or those of any public department may afford connected with the subject of inquiry. He shall, on the application of the arbitrators, summon any witnesses whom the arbitrators may call for, and whom the parties may not be able to produce before them without such process, and require the persons so summoned to bring and produce before them all such books, papers, deeds, writings, maps, and plans, as they shall require. He shall also cause the proper affirmation to be made and signed by any witness whom the arbitrators may desire to examine upon affirmation, or he may empower the arbitrators to cause such affirmation to be made and signed before them. Any witness who shall refuse or omit to appear when duly summoned by the Collector, or who shall appear but shall refuse to make such affirmation, or who shall refuse to give evidence, shall be liable to the same punishment which would be incurred under the law by a witness refusing to appear or give evidence before the Collector when acting judicially. Any person giving intentionally and deliberately a false deposition, under an affirmation, in any case referred to arbitration as above, shall be held to be guilty of perjury, and shall be liable to the penalties prescribed for that offence by law.

Clause 9.—On the close of the inquiry, the arbitrators shall deliver a full and complete award, which shall specify the amount of compensation and the party or parties entitled thereto. The proceedings of the arbitration shall be deposited in the Collector's Office, and every party interested therein shall be entitled to a copy of the award on plain paper, under the seal and signature of the Collector, which copy shall be *prima facie* evidence thereof.

Clause 10.—If the right to the compensation awarded shall in any case be doubtful, or if there exist any ground which, in the judgment of the arbitrators or of the Collector, render it improper to make immediate payment thereof to any of the claimants, the amount shall be invested in Government securities, and held in deposit until one of the claimants shall obtain an order of Court for the payment thereof.

Clause 11.—No award passed under this Section shall be liable to be reversed or altered, except by the decision of a Civil Court on the

Appointment of a third arbitrator.

ground of corruption or misconduct of the arbitrators ; and no suit to set aside such an award shall be entertained unless it be instituted within three months from the date of the award. In case the award shall be so reversed, the matter shall be referred to another arbitrator or other arbitrators, to be appointed in the same manner as the first.

Clause 12.—All suits and proceedings instituted against Government in any case in which compensation has been awarded, except suits instituted for the reversal of awards as aforesaid, shall be dismissed with costs. But nothing herein contained shall affect the right of any party to recover the amount awarded from any person who may have received the same without any just title thereto.

Clause 13.—In fixing the amount of compensation to which any person may be entitled by reason of any of the acts mentioned in Clause 1 of this Section, the Court or arbitrators, as the case may be, shall take into consideration whether any party to the suit or arbitration has derived, or will derive benefit from the act in respect of which the compensation is claimed, and shall set off the estimated value of such benefit, if any, against the compensation which would otherwise be decreed or awarded to that party.

Clause 14.—The provisions of this Section shall not be held applicable to cases in which the compensation to be made has reference only to huts, trees, or crops, which it may be necessary to remove or destroy in enlarging or changing the line of a public embankment. In all such cases the Officer in charge of the public embankments of the district shall report to the Collector, and the Collector shall thereupon proceed to value and make compensation for such huts, trees, and crops, in the manner prescribed in Section XII. of this Act.

VIII. Clause 1.—If any landholder, farmer, or cultivator be desirous of having a sluice made in any public embankment for the purpose of drainage or irrigation, he shall make an application in writing to the Collector of the district in which such embankment is situate. The application shall contain such particulars of the land to be drained or irrigated as may enable the officers of Government to judge of the advantage which may be derived from the work, and shall declare, as regards an embankment maintained at the expense of the State, whether the applicant is willing to bear such part, not exceeding half, of the cost thereof, as may be determined by Government, and as regards any other public embankment, whether the applicant is willing to defray the whole or such part of the cost incident to, and attendant on the proposed work, as may be determined as aforesaid.

Clause 2.—The Collector shall transmit such application to the officer in charge of the embankments of the district, who shall report his opinion thereon to the Superintendent of Embankments, and, if he be of opinion that compliance with the application is unobjectionable, shall annex to his report a plan of the proposed work and an estimate of the expense of its construction. The Superintendent of Embankments shall pass such order thereon as he shall think fit, which order shall be final.

Clause 3.—If the construction of the proposed sluice receive the approval of the Superintendent of Embankments, the Collector shall require the applicant to enter into a written agreement to

defray the whole or half of the expense, or such portion thereof as may be determined under the provisions of Clause 1 of this Section, as the case may be ; and upon such agreement being executed, shall issue a certificate to the officer in charge of the public embankments of the district, to construct the sluice.

IX. Sluices constructed in any public embankment shall be opened only by, or with the permission of the officer in the immediate charge of the embankment, under such orders, either general or special, as he may receive from the officer in charge of the public embankments of the district or from the Superintendent of Embankments.

X. Whenever any person is desirous that a temporary water-course should be made through, or that a temporary roadway should be made over, any public embankment, or that a temporary dam should be constructed in any embanked river, he shall apply to the nearest officer of the Embankment Department, who shall communicate the application to the Officer in charge of the public embankments of the district, and that officer shall pass such orders thereon as he shall think fit, subject to the control of the Superintendent of Embankments. If the proposed work is to be executed by an officer of Government, the applicant, before the commencement of the work, shall enter into a written agreement to defray the expenses of, and incident to making such roadway, or of making and closing or removing such water-course or dam. In any case of emergency the officer in immediate charge of an embankment, subject to such general instructions as he may receive from the officer in charge of the embankments of the district, or from the Superintendent of Embankments, may cause a temporary water-course to be made through such embankment.

XI. Clause 1. Specifications of the work and estimates of the expense which may be required for the maintenance or improvement of embankments kept up at the expense of Zemindars or others, shall be prepared as soon after the rains in each year as may be practicable. Copies of the specifications and estimates shall be transmitted to the office of the Collector, and may be examined by any person interested in the embankments. Notice of the receipt of the specifications and estimates shall be posted up in the Collector's office ; and should any objection be preferred by any such person within a period of one month from the date of such notice, the Collector shall communicate the objection, with his own opinion thereupon, to the Superintendent of Embankments, who shall pass such orders as may appear to him reasonable and proper. Provided, however, that if the objection refer to the construction of sluices or other new works, any person dissatisfied with the order of the Superintendent, may appeal to the Commissioner, who, subject to the orders of the Board of Revenue and of Government, may disallow the construction of the work.

Clause 2.—The accounts of the actual expense incurred in maintaining or improving embankments kept up at the expense of Zemindars or others, and in constructing and repairing sluices, and making temporary water-courses or roadways through or over any public embankment, or executing any other work, the expense of which may be chargeable to individuals, shall be prepared as soon as possible after the completion of such works, and shall, as soon as such accounts shall have received the sanction of the Superintendent of Embankments, be forwarded to the office of the Collector, and may be there examined by any person interested. Preamble.

can be brought to sale, in satisfaction of summary decrees for arrears of rent, only at the end of the year, and it is expedient that this restriction should be abolished; and whereas it is also expedient that the Laws relative to the public sale of Under-Tenures in satisfaction of summary decrees for arrears of rent, for the recovery of arrears of rent in mehals under the immediate management of the officers of Government, and for the recovery of arrears of revenue or other demands recoverable as arrears of revenue, should be consolidated and amended; It is enacted as follows:—

I. Section XVI. Regulation VIII. 1819, Regulation I. 1820, Act No. VIII. of 1835, and Section X. Act No. VI. of 1853, are hereby repealed, except in so far as they repeal any part of any other Regulation or Act.

II. Under-Tenures which, by the title-deeds or custom of the country, are transferable by sale or otherwise, may be brought to sale in satisfaction of summary decrees for arrears of rent due thereon, and for the recovery of rent in mehals under the immediate management of the officers of Government, at any period of the year, and not only at its close, any thing contained in Regulation VII. 1799 and Regulation XXVIII. 1803 notwithstanding; and no sale of an Under-Tenure, which may have been made previously to the passing of this Act, shall be set aside or reversed on the ground of its having been made before the close of the year, for an arrear of rent falling due within the year in which the sale was made.

III. All sales of Under-Tenures in satisfaction of summary decrees for arrears of rent due thereon, for the recovery of arrears of rent in mehals under the immediate management of the officers of Government, and for the recovery of arrears of revenue, or of other demands recoverable as arrears of revenue, shall be made under the provisions of this Act.

IV. Sales under this Act may be held by any Collector, Deputy Collector, or other officer legally exercising the powers of a Collector, or by any Assistant to a Collector vested with special powers under Section XXI, Regulation VIII. of 1831. The provisions of Sections I. II. III. and IV. of Act No. VI. of 1853 shall be applicable to all sales made under this Act.

V. The Boards of Revenue, with the sanction of the local Governments, may fix dates for sales for each district certain dates, nor being fewer than one in each quarter of the official year, upon which Under-Tenures shall be brought to sale for the demands specified in Section III. of this Act. When dates of sale are so fixed, the said Boards shall give notice of the same by advertisement in the Official Gazettes, and shall direct corresponding publication to be made, as regards each district, in the language of that district in the office of the Collector, Deputy Collector, or other officer authorised to hold sales under this Act, and in the Courts of the Judge, Magistrate, Principal Sudder Ameen, Sudder Ameen, and Moonsiffs; and the dates so fixed shall not be changed except by the said Boards by advertisement and notifications in the manner above described.

Provided that, if no dates are so fixed by the said Boards, sales may be made upon any dates for which notifications shall have been duly issued in the manner herein prescribed.

VI. Previously to the sale of any Under-Tenure under this Act, a notification, specifying the name of the proprietor, the name and description of the tenure, the amount of the demand, and the day of sale, shall be affixed for a period of not less than fifteen clear days in the Zillah Court, or highest Civil Court of the District or Division in which the Collector, or other officer authorised to hold sales under this Act, has jurisdiction, and in the office of the Collector or other Officer as aforesaid, and also at the residence of the tenant, or at some conspicuous place upon the Tenure; the manner of the publication of such notification to be certified by the peon or other person employed for the purpose.

VII. The sale shall be held in public Cutcherry on the day specified in the Mode of conducting sale. notice, or on any subsequent day to which the Collector, or other officer as aforesaid, may adjourn the sale, unless the sum due be then or previously paid, or the party, for whose benefit the sale is to be made, desire that it be not proceeded with. The Tenure shall be sold to the highest bidder, and the person who shall be declared the purchaser, shall be required to deposit immediately, or as soon after the conclusion of the sale as the Collector or other officer as aforesaid may think necessary, fifteen per centum of the purchase money in cash, Bank of Bengal Notes, or Government Securities; and in default of such deposit, the Tenure shall forthwith be put up again and sold. The remainder of the purchase money shall be paid before noon of the eighth day from the day of sale, or if the eighth day be a Sunday or other close holiday, of the first office day after the eighth; and in default of payment within the prescribed period, then, and afterwards, as often as such default shall occur, the deposit shall be forfeited to Government, and the Tenure shall be re-sold; and in the event of the proceeds of the sale, which may eventually be consummated, being less than the price bid by the defaulting bidder aforesaid, the difference shall be leviable from him by any process authorised for realizing an arrear of public revenue, and it shall be so levied and credited to the proprietor of the tenure sold; and if default of payment of purchase money shall have occurred more than once, the defaulting bidders shall be held jointly and severally responsible for such difference to the extent of the amount of their respective bids. When default is made in the payment of purchase money, notice of the intended re-sale shall be immediately affixed in the Zillah Court or highest Civil Court of the District or Division as aforesaid, and the office of the Collector or other officer as aforesaid; and unless the sum due be paid immediately by the proprietor of the Tenure, such re-sale shall be made on the office day next following the occurrence of such default, or on any subsequent day to which the Collector or other officer as aforesaid may adjourn the re-sale.

VIII. Against every sale made under this Act an appeal shall lie to the Commissioner of Revenue; provided that, if the sale shall have been made in satisfaction of a summary decree for rent, an appeal shall be admitted only on the ground that the Tenure was not of a description liable to sale, or of some substantial defect in the proceedings. If the sale shall have been made for the recovery of any Government demand, there shall be no restriction of the grounds of appeal; and the Commissioner may pass such orders thereupon as he shall deem just and proper. But no appeal against a sale under this Act shall be received, unless it be presented to the Collector or other officer as aforesaid, for transmission to the Commissioner, within eight days from the day of sale.

IX. When the whole of the purchase money has been paid in, the purchaser, on the eighth day after the sale, shall receive from the Collector or other officer as aforesaid, a certificate of title, such title bearing date from the day of sale, unless an appeal against the sale have been preferred, in which case the certificate shall be withheld until the orders of the Commissioner on the appeal shall have been received. Any balance of purchase money that may remain after satisfying the demand for which the sale was made shall be paid to the late proprietor of the Tenure, or, if there be more than one, to the late proprietors on their joint receipt.

X. Any suit brought to oust the certified purchaser of an Under-Tenure, on the ground that the purchase was made on behalf of another person, not the certified purchaser, though by agreement the name of the certified purchaser was used, shall be dismissed with costs.

XI. After the expiration of one year from the passing of this Act, no suit shall be entertained to set aside or reverse the sale of an Under-Tenure made before the passing of this Act under the provisions of Regulation VIII. 1819, as modified by Section XVI. Regulation VII. 1832, or of any Regulation or Act mentioned in Section I. of this Act. And no suit shall be entertained to set aside or reverse any sale made after the passing of this Act under the provisions of Regulation VIII. 1819, modified as aforesaid, or of this Act, unless the suit shall be instituted within the period of one year from the date of such sale.

W. MORGAN,
Clerk of the Council.

Legislative Council.

1st December 1855.

The following Bill was read a second time in the Legislative Council on the 1st December 1855, and was referred to a Select Committee, who are to report thereon after the 5th of March next:—

A Bill to amend the Law relating to Bills of Lading.

Whereas by the custom of Merchants a Bill of Lading of goods being transferable by endorsement, the property in the goods may thereby pass to the endorsee, but nevertheless all rights in respect of the contract contained in the Bill of Lading continue in the original shipper or owner, and it is expedient that such rights should pass with the property; and whereas it frequently happens that the goods in respect of which Bills of Lading purport to be signed have not been laden on board, and it is proper that such Bills of Lading in the hands of a *bona fide* holder for value should not be questioned by the Master or other person signing the same, on the ground of the goods not having been laden as aforesaid; It is enacted as follows:—

I. Every consignee of goods named in a Bill of Lading, and every endorsee of a Bill of Lading to whom the property in the goods therein mentioned shall pass, upon or by reason of such consignment or endorsement, shall have transferred to and vested in him all rights of suit, and be subject to the same liabilities in respect of such goods as if the contract contained in the Bill of Lading had been made with himself.

II. Nothing herein contained shall prejudice or affect any right of stoppage *in transitu*, or any right to claim freight against the original shipper or owner, or any liability of the consignee or endorsee, by reason or in consequence of his being such consignee or endorsee, or of his receipt of the goods by reason or in consequence of such consignment or endorsement.

III. Every Bill of Lading in the hands of a consignee or endorsee for value, able consideration representing goods to have been shipped on board a vessel, shall be conclusive evidence of such shipment as against the Master or other person signing the same, notwithstanding that such goods or some part thereof may not have been so shipped, unless such holder of the Bill of Lading shall have had actual notice at the time of receiving the same that the goods had not in fact been laden on board. Provided that the Master or other person so signing may exonerate himself in respect of such misrepresentation by showing that it was caused without any default on his part, and wholly by the fraud of the shipper, or of the holder, or some person under whom the holder claims.

W. MORGAN,
Clerk of the Council.

Sailing directions for making the Anchorage off the Harbour of Port Louis, Mauritius, with reference to the Light houses recently erected upon "Flat Island" and "Cannonier Point," and also the two Mast Lights near the entrance of the Harbour.

DESCRIPTIONS OF THE LIGHTS

"FLAT ISLAND."

This is a *revolving* Catoptric Light of the first order, situated at the south-west or highest extremity of the Island, in latitude S. $19^{\circ} 53' 26''$ and longitude E. $57^{\circ} 38' 8''$, determined by triangulation from the Observatory of Port Louis. Variation of the Compass $11^{\circ} 47' 13''$ west.

Its elevation above the mean level of the sea (the rise of tide being only about 3 feet,) is 366 feet, and it will be visible in clear weather from the deck of a vessel 13 feet above the water, a distance of about 25 Nautical Miles.

"CANNONIER POINT."

This is a *fixed* Catoptric Light, also of the first order.

It is situated in latitude S. $20^{\circ} 0' 35''$, and longitude E. $57^{\circ} 32' 39''$. Its elevation above the mean level of the sea is 39 feet, 6 inches, and it will be seen from the deck of a vessel 13 feet above the water, a distance of about 10 Nautical Miles.

The objects of this Light are, to indicate the position of a dangerous shoal nearly $1\frac{1}{2}$ * miles from the shore, and to keep vessels clear of the coral reefs to the north-east and south-west of the Point.

Les Instructions Routières ci-après rectifiées, sont publiées pour l'information générale, par suite de plusieurs erreurs qui se trouvent dans celles insérées dans les Gazettes Officielles portant les Nos. 43 et 44 du 8 et du 15 Septembre dernier; on a mis un astérisque pour indiquer les endroits corrigés.

PHARES.

Son Excellence le Gouverneur ordonne qu'il soit notifié, pour l'information générale, que les feux suivants seront allumés à l'Île Plate et sur la côte de Maurice, à partir du 1er Décembre prochain, savoir :

Un feu tournant, de première classe, à réflecteurs, sur l'Île Plate.

Un feu immobile, de 1^{re} classe, à réflecteurs, sur la Pointe aux Canoniers.

Un fanal rouge sur la rive gauche de l'embouchure de la Grand' Rivière.

Un fanal vert sur l'Île aux Tonneliers, à l'entrée du Port.

Une description détaillée de ces feux, et des instructions routières, sont publiées plus bas pour la gouverne générale.

Secrétariat Colonial, 7 Septembre 1855.

J. DOWLAND,
Secrétaire Colonial, par interim.

*Instructions Routières pour *conduire au Mouillage du Port Louis, Île Maurice, d'après les feux récemment allumés sur l'Île Plate et la Pointe aux Canoniers, et les deux fanaux près de l'entrée du Port.*

DESCRIPTION DES FEUX.

ÎLE PLATE.

Le feu de l'Île Plate est de première classe, à réflecteurs et tournant. Il est placé à l'extrémité S. O. et la plus élevée de l'Île, par la Lat. $19^{\circ} 53' 26''$ S., et la Long. $57^{\circ} 38' 8''$ à l'est de Greenwich.

La variation y est de $11^{\circ} 47' 13''$ O.

Son élévation, au dessus du niveau moyen de la mer de 366 pieds, le rendra * visible, par un temps clair, à environ 25 milles nautiques, l'œil étant à 13 pieds au-dessus de la flottaison du navire.

POINTE AUX CANONIERS.

Ce feu est de première classe, à réflecteurs et immobile. Il est situé par la Lat. $20^{\circ} 0' 35''$ S., et la Long. $57^{\circ} 32' 39''$ E., à une élévation de $39\frac{1}{2}$ pieds au-dessus du niveau moyen de la mer, et sera visible à environ 10 milles nautiques, l'œil étant à 13 pieds au-dessus de la flottaison du navire.

Ce feu a pour objet d'indiquer la position d'un récif dangereux qui s'étend vis-à-vis de lui à près d'un mille un quart au large; et aussi de servir de point de relèvement pour éviter les écueils qui s'étendent au N. E. et au S. O. de la Pointe.

" HARBOUR MAST LIGHTS."

One of these is placed as a leading light (Red) at the Martello Tower at the mouth, and on the left bank of the Grand River; and the other (Green) at Fort George, on Tonnelier Island.

GENERAL DIRECTIONS.

Vessels making the land from the eastward (Windward) side of the Island, should give a berth of 2½ miles to the reefs off Amber Island, and be careful not to approach the light on Flat Island on a course to the westward of * N. N. W. ½ W. until Gunner's Quoin bears west, when they may shape a mid-channel course between Gunner's Quoin and Flat Island.

When to the westward of the Quoin the light at Cannonier Point will become visible, and must be approached with the Flat Island Light, bearing astern ENE. ½ N., until abreast of Cannonier Point, when that light will bear SE. by S., a berth of rather more than 2 Nautical Miles being thus given to the dangerous reef and shoal off the Point. They may then haul up to SW. by S. for the anchorage distant about 10 Nautical Miles, taking care to keep the Cannonier Point light white for a distance of 6¾ miles, when the Flat Island and Cannonier Point lights will appear in one—the change of this color to red within that distance, will indicate a too near approach to the land.

The Red light at the mouth of the Grand River will now be opened bearing SSW. for which vessels may safely steer until the mast light (Green) upon Fort George on Tonnelier Island bears SE. ½ S., when they may immediately let go the anchor, being on the best ground—a nearer approach to the light at Grand River would bring them too close to the reefs.

If the night is clear, the "Corps de Garde" Mountain will be clearly seen in line with the Grand River Light.

It is, however generally advisable for vessels passing Cannonier Point at night, to lay to, keeping sail occasionally upon the ship for the purpose of maintaining a good position for making the anchorage at daybreak, in preference to attempting it at night, by which, in a very few instances, any time will be gained. Considerable risk, as well as the necessity for anchoring outside at all, will also be thus avoided.

E. C. FROME,
Surveyor General.

EDWARD KELLY,
Harbour Master.

FANAUX DE LA RADE.

L'un d'eux (rouge) est mis comme feu de direction sur la Tour Martello, à la gauche de l'embouchure de la Grand' Rivière; l'autre (vert), sur le Fort George à l'Île aux Tonneliers.

INSTRUCTIONS GENERALES.

Les navires qui atterissent du côté de l'Est (au vent) de l'Île, devront passer à 2 ½ milles au large des récifs de l'Île d'Ambre, et ne mettre le cap sur le feu de l'Île Plate qu'après l'avoir relevé à l'Ouest du * N.N.O. ½ O. Aussitôt qu'on aura le Coin de Mire à l'Ouest, on laissera porter jusqu'à passer au milieu du Canal entre le Coin de Mire et l'Île Plate.

Aussitôt le Coin de Mire doublé, le feu de la Pointe aux Canoniers se fera voir. Il faut s'en approcher avec le feu de l'Île Plate relevant à l'arrière E. N. E., un demi quart Nord. Ce Cap vous conduira par le travers de la Pointe à deux milles au large du récif dangereux qui l'entoure; elle relèvera alors S. E. ½ S. De là vous pourrez orienter au S. O. ¼ Sud, sur le mouillage dont vous serez à peu près à dix milles, en ayant soin de vous conserver dans le rayon blanc du feu de la Pointe, jusqu'à distance de 6¾ milles; rendu là, vous aurez les feux de l'Île Plate et de la Pointe aux Canoniers en ligne, et celle-ci prendra une couleur rouge. Si vous rencontrez le rayon rouge avant d'avoir couru cette distance, ce sera preuve que vous aurez trop approché la terre.

Le fanal rouge à l'embouchure de la Grand' Rivière paraîtra ensuite: relèvez le au S. S. O., et courez dessus en toute sûreté jusqu'à faire porter le fanal vert de l'Île aux Tonneliers par votre travers à bas bord: c'est à dire au S. E. ¼ quart S.; vous serez alors au milieu du mouillage, avec 13 brasses d'eau.—En approchant davantage du fanal de la Grand' Rivière vous vous mettrez trop près des récifs.

Si la nuit est belle, le milieu de la montagne du Corps de Garde se verra en ligne avec le fanal de la Grand' Rivière au S. S. O. de la boussole.

Il est néanmoins généralement préférable, la nuit, de se tenir en travers, après avoir arrondi la Pointe aux Canoniers, ne faisant servir seulement que pour se maintenir en position convenable. On évite par là beaucoup de risque, et quelque fois la nécessité même de mouiller en dehors du Port.
