GOVERNMENT DEPARTMENTAL NOTICES.

REVENUE DEPARTMENT.

The following Notification by the Government of India is republished for general information :—

“ No. 393.

FORT WILLIAM, HONE DEPARTMENT.—*Revenue.*

The 16th January 1863.

NOTIFICATION.—The following orders passed by the Right Honorable the Secretary of State for India are published for general information, in continuation of the Notification, No. 241, dated the 14th January 1862, published in the *Calcutta Gazette* of the 15th idem :—

I.—*Extract from the Secretary of State's Public Despatch No. 46, dated 31st May 1862.*

Paragraph 2.—You will have learned from my Despatch to the Government of Bombay, dated the 8th April last, No. 11, that in connection with the orders of that Government of the

26th November 1861, relative to the case of Public Officers who might take part in any Company formed for working the Gold Mines in the Dummul Hills, I stated that, "as a general Rule, I see no objection to servants of Government holding shares in Mining or other Companies having for their object the development of the resources of the country; and the only restriction I think it necessary to impose, is, that public servants shall take no part in the management of such Institutions, and shall not be employed in the Districts where the operations of the Company may be carried on."

3.—With the exception of the concluding proviso, that no Public Officer shall be employed in any District where any Company, in which he holds shares, may carry on its operations, the sentiments above expressed are in accordance with the opinions recorded by Earl Canning and the several Members of your Council; and, as I think it important that this condition should be maintained, I have to direct that my decision, communicated in the terms above quoted to the Government of Bombay, may be made generally applicable, and may be published for general information.

4.—There can be no doubt as to the great evil of public servants in India engaging in speculations in the public funds, or in the shares of Joint Stock Companies; but I agree in the opinion of Lord Canning that such a practice, on the part of any Officer, could not long escape the knowledge of Government, and that it would be in the power of Government to mark its sense of such conduct, either by withholding promotion, or in any other way it might deem fit.

II.—*Extract from the Secretary of State's Revenue Despatch No. 22, dated 25th November 1862.*

Para. 3.—In your letter of the 8th May (No. 10) you request to be informed whether a Covenanted Civilian may hold shares in a Joint Stock Company formed for Agricultural purposes, such as Tea or Coffee cultivation, in his own Presidency. This question is sufficiently answered in my Public Despatch of the 31st May (No. 46) 1862, which you would have received shortly after the date of your reference.

4.—As regards the question whether a Covenanted Madras Civilian may hold land in Mysore, Coorg, Cochin, or Travancore, I agree with your Government in viewing with disapproval the holding by Covenanted Civil Servants of lands in Native States; and I consider that the same objection applies to the holding of such lands by Military Officers in the actual service of the Crown in India.

5.—The right of Officers, Civil or Military, to hold shares in the Agricultural Companies operating in Native States, may be regulated by the same Rules as apply to their holding shares in similar Companies within the British Territories.

(Signed) E. C. BAYLEY,
Secy. to the Govt. of India."

By order,
A. D. ROBERTSON,
Secretary to Government.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners, particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

REGISTERED LETTERS.

Camp Nynceetal, 21st October 1862.

With the sanction of His Excellency the Governor General in Council, the following orders in the Postal Department are published for general information :—

RULES RELATING TO THE REGISTRATION OF LETTERS SENT THROUGH THE POST OFFICE.

By the payment of a fee of Four Annas in addition to the ordinary Postage, *both of which must be prepaid in Stamps*, any Letter, Newspaper, Pamphlet, or Book may be registered to any place under the Government of India or in the United Kingdom and Colonies.

2. Information regarding the Foreign Countries to which Letters can be registered, and the conditions thereof, will be found in the "Steam Postage Schedule for the Post Offices in India."

3. Letters intended to be registered must be brought to the Post Office at least half an hour before the time fixed for closing the Mail; if brought after that time, they will be stamped "Too Late," and retained for the following Mail.

4. A Postmaster or other official, on being applied to register a Letter, will grant a receipt, and retain a copy on the counterpart of the Cheque Book for the purpose; the dated Office Stamp should be affixed to the receipt, and also to the copy.

5. So soon as a letter is registered, the Postage Labels thereon should be defaced, and the Special Stamp "*Registered*," should be affixed; the address and weight should then be entered in the *yellow cover*, after which, the Letter and the cover should be folded up together, and placed under lock and key, until the time for closing the Mail.

6. On opening a Mail Packet, the Postmaster should carefully examine the Registered Letters, and compare the weight of each with the entries thereof in the Chulan and yellow cover; the Office Dated Stamp should then be affixed to them, and also to the yellow cover, after which they should be disposed of as prescribed in the rules for opening and distributing the Mail.

7. In disposing of a Registered Letter, care must be taken to ensure *proof* of transfer by each official through whose hands it passes from the time of receipt to that of delivery; an acknowledgment must therefore be taken by initials, or otherwise, from each person into whose hands it may be given for *custody, despatch, or delivery*.

8. On delivery of a Registered Letter, the Postman should obtain the signature of the addressee on the yellow cover; the "*original*" receipt will be retained in the Delivery Office, and the "*duplicate*" returned to the Office of Despatch *by the first Mail*.

9. The "*duplicate*" receipt, on being returned, should be pasted to the counterpart in the Cheque Book; when not received back within the proper time, it should be called for, and a note of the requisition made on the duplicate receipt in the Cheque Book.

10. On a Registered Letter having to be *re-directed*, the duplicate portion of the yellow cover should be receipted and returned to the Office of Despatch, with a remark showing the Office to which it has been forwarded.

11. When a Registered Letter cannot be delivered, it should be forwarded without delay, together with the original yellow cover, to the Office of Despatch, in view to be returned to the Sender, and, if he cannot be found, it should be sent to the Dead Letter Office.

12. When a Registered Letter is found to be missing, the Postmaster must *immediately* submit a full and clear report of the circumstance to the Inspecting Postmaster and Postmaster General, and also to the Office of Despatch, in view to a searching inquiry being at once instituted to ascertain *where and how* it disappeared.

13. The Postmaster General will, without delay, bring to the notice of the Director General the loss or theft of a Registered Letter, and on completion of the inquiry instituted thereon, report the result.

14. By Section 49 of the Postal Act, Government does not guarantee, and is not responsible for, the safety of a Registered Letter, but any official through whose neglect it may be lost or made away with, will be called to strict account, and may be required to make good any loss.

15. Registration makes the transmission of a Letter more secure, by rendering it practicable to trace it from one official to another; if, therefore, by neglect of prescribed precautions, it is lost or made away with, the officials of the Post Office will have no ground for complaint if held responsible for the consequences of their neglect.

16. As registration does not involve a receipt for the *contents* of a Letter, and as abstraction thereof may take place *before as well as after the cover is posted, and even after delivery*, it is recommended that the addressee who expects valuable enclosures, should, at the time of granting a receipt, open the letter *in the presence of the Postman*.

17. A Letter containing Bank Notes, Postage Stamps, or other valuable articles, should, as a rule, be registered, and should be securely folded, or enclosed in a substantial envelope, and *always sealed with wax*, in order to prevent, as far as possible, its being tampered with.

N. B.—A Letter is not ordinarily of importance to any person excepting the addressee; but if valuable articles are enclosed, the case is otherwise, and temptation is thrown in the way of the numerous persons in the Post Office through whose hands it passes. Hence the precaution of registering such Letters is recommended.

G. PATON,

Director General of Post Office in India.

Notice.

The Public are hereby informed that henceforth the Letter Box at the General Post Office, Fort, will be closed at 6 p. m. daily on week days, and at 4 p. m. on Sundays, for letters for all parts of India, &c. Late letters, on prepayment in postage stamps of the usual Fee of 8 annas each, can be posted up to 7 p. m. daily.

No Registered Letters will be taken after 5-30 p. m.

Letters, &c. can be posted at the Receiving Houses up to 4 o'clock p. m. on week days, and 3 p. m. on Sundays.

Letters received by Railway from Poona, Sattara, Belgaum, Sholapore, Ahmednuggur, Nagpore, Calcutta and Madras Presidencies will be issued at the first delivery 8 a. m., and those received from Guzerat, Scinde, Katiawar, Cutch, Khandeish, Malwa, Agra and N.
