Books and Patterns to Belgium.—Under an additional Postal Convention concluded between Great Britain and Belgium, Books and Patterns can be sent through Great Britain to Belgium under the following Regulations:—

In future, under the term "Book Packets" may be forwarded not only stitched or bound books, pamphlets, and sheets of music, but also printed proof sheets, with ordinary corrections in writing and manuscript attached to such proofs and having reference to them as well as legal and other documents in manuscript; photographs and drawings [so long as those articles are not in glass or placed under glass]; prints or maps, printed, engraved, or lithographed, and whether in paper, parchment, or vellum: but no letter or communication of the nature of a letter, must be forwarded in such packets, or in or upon their covers.

Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps; markers (whether of paper or otherwise) in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

Patterns or Samples of Merchandise may also, in future, be sent to Belgium at the same rates of postage as Book Packets, and subject to the following Regulations:—

1st.—The Patterns or Samples must not be of intrinsic value. This Rule excludes all articles of a saleable nature, and, indeed, whatever may have a value of its own, apart from its mere use as a Pattern or Sample; and the quantity of any material sent ostensibly as a Pattern or Sample must not be so great that it can fairly be considered as having on this ground an intrinsic value.

2nd.—There must be no writing or printing, in addition to the address of the person for whom the packet is intended, and the address of the sender other than a trade-mark and numbers and the prices of the articles; and these particulars must, in all cases, be given, not on loose pieces of paper, but on small labels attached to the Samples, or the bags containing them.

3rd.—The Patterns or Samples must be sent in covers open at the ends, so as to be easy of Examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material tied at the neck; or the bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

4th.—No article likely to injure the contents of the mail bags, or the person of any officer of the Post Office, may be sent through the Post as a Pattern.

If either of the foregoing Rules be infringed, the packet must not be forwarded.

Camp Nagpore, the 30th December 1865:

Director General of the Post Offices of India.

By order of the Post Master General,
