"*Extract from the Proceedings of the Government of India in the Financial Department* (*No.* 860, *dated Simla, the 7th June* 1866).

Read endorsement from the Home Department, No. 509, dated the 2nd ultimo, forwarding, for consideration and orders, a letter from the Government of Bombay, proposing, in modification of existing rules, that when an Officer is transferred from one appointment to another on promotion, he should be reimbursed the amount by which his travelling expenses exceed the difference between the salaries of his old and his new appointments for the first month.

RESOLUTION.—The Governor General in Council observes that the rule proposed by the Government of Bombay appears to be needlessly expensive; but, considering that some modification of existing rules is necessary to meet the cases of Officers on small salaries, His Excellency in Council is pleased to decide that when an Officer on a salary not exceeding Rs. 400 per mensem is promoted, in the natural course of his service, to an appointment the salary of which exceeds by only 50 (fifty) rupees a month the salary of the appointment from which he is transferred, he shall be permitted to draw travelling allowance at the usual rates.

ORDER.—Ordered that the foregoing Resolution be published in the *Gazette of India*, and communicated to the

No. 374 of 1866.—In future, in lieu of the forms prescribed in G. G. O. No. 414 of 1863, and No. 588 of 1864, a new form laid down by Her Majesty's Secretary of State for India, will be used in preparing the returns of Arms, Accoutrements, Clothing, and other stores, taken home by troops from India. Printed copies of this form will be supplied from the Adjutant General's office, for the guidance of officers appointed to inspect such stores.

The particular attention of these Officers is drawn to the "Direction" on the last page of the New form. But with respect to the column in the Return headed "Rate or original value per War Office Circular when obtainable," it is directed that for Arms the English rates prescribed in the subjoined despatch from H. M.'s Secretary of State for India, and the Table which follows it, should be adopted, including the entry of one-tenth of the original value for arms, which have lasted more than eight years. For all other stores, the value on the books of the Indian Government should continue to be inserted until further orders.

Letter from the Secretary of State for India No. 33, dated 7th April 1865.

"Sir,—Herewith is transmitted copy of a table, drawn up by the Superintendent of the Royal Small Arms Factory, showing the rates of depreciation of the various small (fire) arms in use in the Service.

The Secretary of State for War having proposed to me that this table should be adopted as a standard by which all future claims between the Imperial and Indian Governments for arms either taken to, or brought from, India by Royal Troops should be regulated and arranged, I suggested that it would be convenient to have some value affixed to arms of more than eight years' service, which might be taken over by either Government, and that a tenth part of the original cost seemed a fair valuation.

Earl de Grey and Ripon having informed me that he entirely approves of this proposition, I have expressed my concurrence in the adoption of the table.

I have &c.,

(Signed) C. Wood,

Secretary of State for India."

Extension of time in posting Overland Letters.—The Post Master being frequently unable to obtain early intelligence, on Overland Mail days, of the anticipated time of arrival of the North East Mail Trains upon which the departure of the Suez Steamer depends, and having in consequence no means of giving the public timely notice of unavoidable detentions of 2 or 3 hours, it is hereby notified that whenever the Suez Steamer is obliged to be put off, notices will be sent to the Secretariat, Chamber of Commerce, and the Public Journals in the Fort, and one will be hung up conspicuously outside the Post Office gates for general information.

To give the public the advantage of posting letters of importance to the latest hour, when such minor detentions occur, the Mail boxes will be kept open for *fully prepaid* letters upon which the after time fee is affixed, to within 15 minutes of the departure of the Mail Vans, notification of which will be obtained at the Post Office.

Ship Letters Postage.—As letters received or despatched by private ship or steamer are charged with extra *i. e.* ship postage of one anna upon each letter in addition to all other postages due, and which is levied on delivery of the letter, it is requested that letters intended for despatch by private vessels should be always so marked on the cover, otherwise in the absence of such direction they will be forwarded by and, where land communication exists.

Care should be taken to endorse "By French Post" on letters sent under this notice.

Delivery of Letters.—The delivery of letters being not only retarded, but rendered almost impossible in Bombay and large towns, owing to the imperfect *form of address* generally adopted, the Public at large are invited to assist the Post Office, when addressing Letters to any Municipal Town, by writing invariably the name of the Street and the number of the House, and informing their correspondents of the same, by heading their Letters inside accordingly.

2. Want of attention to these apparently trifling particulars, not only delays delivery by compelling the Letter Carriers to hunt over the whole length of a street for perhaps a single person, but it affords an excuse for non-delivery, and a temptation to the Letter Carriers to throw away or destroy the Letter, owing to the trouble imposed by the want of proper direction.

3. Besides this, it also places the Post Office Department entirely in the hands of Letter Carriers, upon whose experience of localities it becomes necessary to rely.

Banghy Post.—The Public are hereby informed that the transmission of *Books* and *Parcels* by *Banghy Post* during the monsoon months, unless they are originally packed so as to be water-proof, is attended with much risk, more especially on roads on which the Banghy Mails are conveyed by Runners, and which are often, during the rains, intersected by deep water-courses through which the Runners have to wade. Book Packets and Parcels not made water-tight by parties posting them will be liable to sustain damage by wet. The Post Office rules regarding the closing of Banghy Parcels subjoined will be strictly enforced :—

" Parcels bearing the appearance of having been opened and reclosed, or otherwise improperly dealt with, shall not be received unless the sender attest, with his full Signature, that they were sent in that state; and no Parcel shall be received for transmission by Banghy Post unless it be securely packed in cloth, or wax-cloth, or tin; and no such parcel, packed in cloth or wax-cloth shall be received unless seals bearing distinct impressions of some device (not that of a current coin) be fixed at intervals not exceeding three inches along the lines of sewing by which the cover is secured."

Books and Patterns to Belgium.—Under an additional Postal Convention concluded between Great Britain and Belgium, Books and Patterns can be sent through Great Britain to Belgium under the following Regulations :—

In future, under the term " Book Packets" may be forwarded not only stitched or bound books, pamphlets, and sheets of music, but also printed proof sheets, with ordinary corrections in writing and manuscript attached to such proofs and having reference to them as well as legal and other documents in manuscript; photographs and drawings [so long as those articles are not in glass or placed under glass]; prints or maps, printed, engraved, or lithographed, and whether in paper, parchment, or vellum : but no letter or communication of the nature of a letter, must be forwarded in such packets, or in or upon their covers.

Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps; markers (whether of paper or otherwise) in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

Patterns or Samples of Merchandize may also, in future, be sent to Belgium at the same rates of postage as Book Packets, and subject to the following Regulations:—

1*st*.—The Patterns or Samples must not be of intrinsic value. This Rule excludes all articles of a saleable nature, and, indeed, whatever may have a value of its own, apart from its mere use as a Pattern or sample; and the quantity of any material sent ostensibly as a Pattern or Sample must not be so great that it can fairly be considered as having on this ground an intrinsic value.

2*nd*.—There must be no writing or printing, in addition to the address of the person for whom the packet is intended, and the address of the sender other than a trade-mark and numbers and the prices of the articles; and these particulars must, in all cases, be given, not on loose pieces of paper, but on small labels attached to the Samples, or the bags containing them.

3*rd*.—The Patterns or Samples must be sent in covers open at the ends, so as to be easy of Examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material tied at the neck; or the bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

4*th*.—No article likely to injure the contents of the mail bags, or the person of any officer of the Post Office, may be sent through the Post as a Pattern.

If either of the foregoing Rules be infringed, the packet must not be forwarded.

Pattern Post to United Kingdom.—The following modifications of the Regulations of the Pattern Post between the United Kingdom and India have been made:—

2. The prohibition which has heretofore existed to the transmission as patterns of articles of intrinsic value by the Post between the United Kingdom and India has been withdrawn.

3. Further, the rule which forbids the transmission through the post of an article, which might injure the contents of the mail bags, or the Officers of the Post Office, is so far relaxed as to permit the transmission of Scissors, Knives, Razors, Forks, Steel-pens, Nails, Keys, Watch Machinery, Metal tubings, pieces of Metal or Ore, and such like as samples, provided that theybe packed and guarded in so secure a manner as to afford complete protection to the contents of the Mail bags and the Officers of the Post Office, while at the same time the Samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped.

Samples of Seed and similar articles may be sent in the bags entirely closed, if transparent, so that Officers of the Post Office may satisfy themselves of the nature of the contents.

In exception to the rule permitting articles of intrinsic value to be forwarded, it must be understood that such articles cannot be forwarded in the Mail *viâ Marseilles*.

Official Franking.—From the 1st of August next, the authority to frank letters on Her Majesty's Service only, which was given to the Officers and others enumerated in the two Franking Lists, is withdrawn, and the following Rules for the payment and settlement of accounts of postage on official correspondence will be in force:—

Privileged Offices.

2. The Public Offices, enumerated in the annexed List, will be privileged to send, and receive (without actual payment of postage) all letters and packets *bonâ fide* and exclusively on Her Majesty's Service. The Post Office will keep an account of the Postage due on the official correspondence of each privileged office.

Official Covers despatched from a privileged Office.

3. Official covers despatched from a privileged Office must be properly tied up, faced, and enclosed in a bag sealed with the seal of the office.

4. Each cover must be endorsed, "On Her Majesty's Service only," under the full signature (autograph or stamp) of the Head Clerk, or some other principal Officer of the Establishment.

5. The address must include the official designation of the Office to which the cover is directed.

6. The bag, when made up, must be sent before the hour fixed by the Post Office for the closing of the Mails for which it is intended.

Official covers addressed to a privileged Office.

7. Official covers addressed to a privileged Office by any Office not included in the privileged List must be endorsed, "On Her Majesty's Service only," under the full signature and official designation of the person by whom they are despatched.

8. The address must include the official designation of the Office to which the cover is directed.

9. The official covers for each Office will be enclosed in the official bag, and sealed and sent out with the ordinary delivery, or given to the messenger of the Office, should one be in attendance.

Official covers not sent by, or addressed to, a privileged Office.

10. Official covers which are not sent by, or addressed to, a privileged Office, will be treated in all respects like private covers. Postage labels, marked with the word "Service," will be made available for the prepayment of such covers.

11. Service labels are never to be used in payment of the postage of any letter which is not *bonâ fide* and exclusively on Her Majesty's Service. Every cover prepaid by service labels, must be endorsed, "On Her Majesty's Service only," under the full signature and official designation of the person by whom it is despatched. The address must also include the official designation of the Office to which it is directed. If the above conditions be not observed, covers (even though stamped with service labels) will be treated as ordinary unpaid covers.

12. Service labels will be procurable at the Treasury or local Stamp Depôt of each District; Officers requiring such labels will purchase the number required, paying for the same in cash as if they were ordinary postage labels. A receipt for the amount to be given by the Officer in charge of the Stamp Depôt, will serve as a voucher for the charge to be made in the Contingent Bill of the purchaser.

13. As the present supply of service labels is limited, no Public Officer should purchase more than he estimates will be sufficient for one month's supply: and it is to be remembered that service labels are not to be attached to letters addressed to, or despatched from, any privileged Office.

14. All officials who do not belong to privileged Offices, and who have official correspondence with other than privileged Offices, will have to make arrangements for supplying themselves with service labels either by direct purchase or through their departmental superiors.

Correspondence of local officials within the limits of their respective Districts.

15. For the present no change will be made in the arrangements under which the public correspondence of local officials is conveyed, within the limits of their respective Districts, by District Post or by General Post.
