No. 3622.

The 22nd December 1865.

The Governor General in Council is pleased to direct the publication in the *Gazette of India* of the following Despatch from the Right Honorable the Secretary of State for India:—

"India Office;
London, 8th November 1865.

Financial.
No. 255.

To His Excellency the Right Honorable the Governor General of India in Council.

Sir,

I have considered in Council your Financial letter dated the 12th August 1865, No. 135, forwarding a Memorial from the principal Uncovenanted Officers at Calcutta, praying for certain modifications in the rules relative to leave of absence and pensions on retirement.

2. The Memorialists submit the following specific requests:—

I. That the rule allowing privilege leave to accumulate up to a limit of three months, be restored.
II. That the option of the old or the new rules be allowed to those whose service reckoned from before June 1863.
III. That service be allowed to reckon from the age of 20.
IV. That periods of absence on sick leave be allowed to reckon towards pension, up to a limit of two years in a service of 25 years.
V. That a graduated scale of pensions be allowed.

3. The first request, that privilege leave be allowed to accumulate to a limit of three months, is recommended by your Government, on the ground that few European Officers can get any change of

climate likely to benefit them during the space of a month, and that Natives of the country, whose homes are remote from Railway communication, cannot visit their friends and return to duty within that period.

4. As you have recommended that the grant of cumulative leave should be allowed, when it can be given without inconvenience to the public service, I will not refuse to sanction that concession.

5. In requesting to be granted the option of the old or new rules, the Memorialists refer particularly to the maximum amount of pensions. They state that "under the old rules, Uncovenanted Servants were permitted to retire with medical certificate on one-third pay after 20 years' service, and on half pay after 30 years' service. and without medical certificate on half pay after 35 years' service, the pension in all these cases being calculated on the average salary received during the last five years of service. The amount of pension was not restricted in the case of individuals who entered the service prior to 19th May 1855, but as regards those who entered subsequently, the amount was limited to a maximum of £500 a year."

This subject was brought before me in a Memorial from certain Uncovenanted Officers at your Presidency, forwarded with your Financial letter dated the 13th October 1863, No. 127. In transmitting that Memorial, you stated that the Uncovenanted Service could not claim any right under the rules of 1831 beyond what could be considered to arise out of "the general pledge which those rules may be taken to give, that a member of that service, when rendered incapable of further duty, shall not be discharged without some pensionary support. As regards the amount of pension to be given, the rules merely fix a limit which is not to be exceeded, and although it has, with rare exceptions, been the practice to allow the highest pension of which the rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases, without any regard whatever to the original design and scope of the rules."

7. The Memorial was fully considered by the Home Government, and in reply you were informed, in my Financial Despatch dated the 9th February 1864, No. 20, "that Uncovenanted Servants appointed prior to 19th May 1855, whose average salary during the last five years of their service shall have exceeded Rs. 10,000 per annum, and also those who were promoted, prior to the 6th August 1862, (the date of the letter from the Government of India relative to the limitation of pension to Uncovenanted Servants,) to offices to which salaries exceeding Rs. 10,000 per annum are attached, shall, if their average salary during the last five years of their service exceed that amount, be allowed, 'in cases of extraordinary merit,' pensions exceeding £500 per annum, the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interest. In regard to Uncovenanted Servants who have rendered approved services of only an ordinary character, the pension must in no case exceed £500 per annum." What the Memorialists desire, therefore, is not only the option of the old or new rules, but the option of the old rules according to their interpretation of them. I must decline to accede to this request.

8. The third and fourth requests are, that service may be allowed to count from the age of 20, and that periods of absence on sick leave may be allowed to reckon towards pension up to a limit of two years in a service of 25 years. You recommend that the first of those requests should be acceded to, and that the second should be complied with to the extent of one year, as allowed to the Covenanted Service.

9. I must, however, observe that the Uncovenanted Rules were framed to apply equally to Europeans and Natives of India. The latter usually enter the Government employ at an earlier age than Europeans, and in order to render the rules justly applicable to both, it was considered necessary, when reducing the period of service for pension, to fix an age from which the service should be allowed to reckon.

On Medical Certificate.	*Old Rules.*	*New Rules.*
For a pension not exceeding one-third salary.	20	15 Limited to Rs. 3,000 per annum.
One-half	30	25 Limited to Rs. 5,000 per annum.
Without Medical Certificate.		
One-half	35	30 Ditto ditto.

10. The period of service qualifying for pension was accordingly reduced, as specified in the margin, the commencement of service to count from the age of 22, but all leaves of absence on medical certificate or private affairs, except privilege leave, were to be excluded.

11. In order to provide for any case in which the effect of the new rules would render it necessary for an Officer, in order to obtain a pension, to serve for a longer period than was required by the old rules, I have already, by Financial Despatch dated the 18th January 1865, authorized the grant of a pension under the the old rules, provided that the applicant had not availed himself of the benefit of the new leave regulations. I cannot consent to any further modifications, in this request, or to allow periods of absence other than those mentioned in Clause 12 of the Rules, to count for pension.

12. The proposition that a graduated scale of pensions should be allowed, is inadmissible. The principle on which a limit has been fixed is, that a pension of the full amount allowed is only to be granted as the reward of extraordinary merit. In ordinary cases such a pension within that limit is to be granted as the circumstances of each case may appear to require.

13. There is always some difficulty in acting strictly in accordance with that principle, and it would obviously be greatly increased if a graduated scale were sanctioned, as proposed by the Memorialists. I cannot therefore accede to this request.

I have, &c.
(Signed) C. Wood."

FINANCIAL DEPARTMENT.

The following Extract from a letter from the Secretary to the Government of India in the Financial Department, to the Chief Secretary to the Government of Fort Saint George, No. 3693, dated the 30th December 1865, is published for general information:—

"Paragraph 2.—In cases where the service has been rendered partly in ineligible and partly in qualifying grades, the gratuity might be given under the old rules for the entire period, but if the superior advantages of the new rules be desired, they can only be availed of for the period of qualifying service, the other term of service as towards gratuity being entirely foregone."

By order,
F. S. CHAPMAN,
Chief Secretary to Government.

Bombay Castle, 16th January 1866.

MARINE DEPARTMENT.

The following report by Court of Enquiry, appointed under Act I. of 1859 to investigate the circumstances of the grounding of the ship "Prince of Wales," is confirmed by the Governor in Council and is hereby published:—

"Having maturely considered the evidence in this case, we are of opinion that the Master of the 'Prince of Wales,' James Athey, committed a grave error of judgment in adopting the course he did, in steering N. E. by N. instead of shaping his course for the Direction Bank, or the outer Light vessel, at or before noon of the 3rd July; and that his making the land to the North of Bombay, and the subsequent drifting of the vessel further to the Northward, and her stranding at Gogo, were consequences of this error.

"We are, at the same time, of opinion, that the state of his health at the time may have prevented his giving the attention he otherwise would have done to the navigation of the vessel: we also think that the fact of a large number of his crew, whose services were most necessary under the circumstances, being laid up through illness, and the disabled state of the ship, owing to the want of proper sails, account for the inability of the Master to enter Bombay after making the land to the northward of the port during heavy boisterous weather in the South West Monsoon.

"We feel bound to express our disapprobation of the very careless and irregular way in which the Ship's Journal and the Official Log have been kept—several of the entries are manifestly incorrect; and we place very little reliance on the record contained in those documents, of occurrences which happened during the latter part of the ship's voyage."

W. F. MARRIOTT, Colonel,
Secretary to Government.

Bombay Castle, 6th January 1866.

GENERAL DEPARTMENT.

No. 40 of 1866.—The following Notification, dated 3rd instant, published at page 2 of the Bombay *Government Gazette* of 4th idem, was intended for publication in Military General Orders, and is now republished for the information of the Army:—

"His Excellency the Governor in Council has much pleasure in publishing the subjoined report of an engagement between a detachment of the 18th Regiment Native Infantry, under the command of Subedar Sankar Patuck, and the rebels in Okamundel.

"Ranajee, who was killed in the encounter, was one of the most noted leaders of the outlaws; and the thanks and commendations of Government are due to Subedar Sunkur Patuck and the men under his command for the good service to the State secured by their prompt and brave conduct, and the Brigadier General is requested to convey the approbation of Government to the Subedar in any manner he deems most fitting.

'From Lieutenant C. S. LECHMERE,
18th Regiment N. I.,

To THE OFFICER COMMANDING AT DWARKA.

'SIR,—I have the honour to report for your information that Subedar Sunkur Patuck, commanding the detachment here, gives the following account of yesterday's encounter with the outlaws:—

'At about 1 P.M. yesterday I received information from the Thanadar at Gopee that a body of robbers were in the Dobla jungle, near Gopee, and to come without delay. I thereupon started, and came upon them about two o'clock: there were about 150, as far as I could make out. I had with me 42 non-commissioned, rank and file. The Grassia of this place went with me (by name Kessree Singh). The outlaws, on our surprising them, rose up and appeared to be making off. I ordered the men to fire into them; a few shots were returned; but before we could reload they rushed upon us with their drawn swords. I ordered the men to fix bayonets and charge, driving them back into the thick jungle: we were in skirmishing order at the time. One of the outlaws, whose name I have since ascertained to be Ranajee, and who was one of their leaders, came at me, and, I having only the ordinary sword, he cut me across the face, and wounded me severely in the wrist; but, fortunately, Naik Surnam Singh, No. 4 Company, and Colour Havildar Khooshal Khan, No. 4 Company, came to my rescue, and bayoneted him, otherwise I should have lost my life. I was then carried to the rear, being disabled. We fought for two hours and a half, the outlaws being driven back into the thick jungle, where I did not think it prudent to pursue them on account of the weakness of my force. Mooloo, the chief of the outlaws, was present, but never came out of the thick jungle.

'We killed three of the outlaws, viz., Ranajee, Mooloo Waghur, Mooloo Sajun's son, and a Waghur of Burdea.

'I should fancy that some twenty or twenty-five were wounded, as I saw five or six fall on the first volley, who were carried away.

'Our loss in killed is as follows:—

1. Naik Roopram Panday, No. 1 Company,
2. Private Govind Lard, do. do.
3. Private Luximon Bhoojbul, do. do.

Wounded.

1. Subedar Sunkur Patuck, No. 3 Company, Face and wrist (sword-cuts).
2. Private Doorga Hulwaee, No. 3 do. Wrist (bullet).
3. ,, Dajee Gooreyker, No. 1 do. Hand (sword-cut), spent ball in knee.

'There are four muskets, four bayonets, one ramrod missing, also the ammunition off the body of one man killed.'

'They have threatened to attack them here, so I will keep my party here until further orders.

I have sent down to Captain Jones to be on the look-out, as they say they will be off to the Drewar jungles to get rid of their wounded.

I have the honour to be, &c.,

"No. 1579.

From THE BRIGADIER GENERAL COMMANDING N. D. A.,

To THE ADJUTANT GENERAL OF THE ARMY, POONA.

SIR,—I beg to annex a report from Subedar Sunker Patuck, 23rd Regiment N. L. I., commanding at Poseetra to Lieutenant Lechmere, 18th Regiment, regarding an engagement between the Subedar's party and the rebels in Okamundel on the 9th instant.

2. Lieutenant Colonel Whitehill, in transmitting it, submits for favourable consideration the conduct of the Subedar and all his party on the occasion, and I beg to add my concurrence in Colonel Whitehill's views of the spirited affair, which appears to me to reflect much credit on the Native Officer and his men.

3. Lieutenant Colonel Whitehill, adds—"It will be seen that with 42 men (the Subedar included) they attacked a body of 150 outlaws (all well armed and desperate characters), which I have since ascertained to be the correct numbers, and in a very strong position in dense jungle.

"The determination of the attack seems deserving of every praise, and the discretion exercised by the Subedar in not allowing his men to enter the thick jungle, on account of the weakness of his party, appears to merit great credit.

"This success has been attended with heavy loss on our side, whilst the outlaws have suffered still more severely, and amongst their losses is one of the most formidable of the outlaws, Ranajee by name.

"I have furnished Colonel Wallace, the Resident at Baroda, with a copy of this report, and he coincides with me in the importance of the service performed by the detachment, especially by the destruction of Ranajee.

"Lieutenant Gatacre, whom I deputed to bring in the wounded men, arrived last night, and I am happy to say that the cases are pronounced by the Medical Officer to be likely to yield favorably to medical treatment."

4. A Casualty Return is attached.

I have the honour to be, &c.,

Every tender should be superscribed "Tender for Tea plantation," and will be registered by the Superintendent of the Botanical Gardens on the date of receipt in a book, which he will keep together with the tenders in his own custody under lock and key.

The highest registered tender at the time being, for any lot, will be communicated by the Superintendent to any enquirers up to the time of sale, but the names of the parties who have tendered shall in no case be disclosed.

The register of tenders will be examined at noon, on the 1st March 1866, by a Committee consisting of the Superintendent Botanical Gardens, the Judge, and the Collector of Saharunpore, at the Office of the Superintendent, and in the presence of all parties who may attend; and the amount of the highest tender for each lot, or, if there be more than one tender of equal amount, the number and amount of such tenders, but not the names of the parties tendering, will be publicly declared, and the highest tender, in writing, above the upset price, at 4 P. M., will be accepted on the part of Government by the Committee.

On the tender being accepted by the Committee, the purchaser must deposit five per cent. of the purchase money, which will be forfeited if the amount of the purchase money be not paid in full on the date specified.

Agents must be supplied by their principals with sufficient powers of attorney.

The above particulars are believed in good faith to be correct, but intending purchasers must make their own enquiries, as no reclamation can be listened to after sale.

References may be made to W. Jameson, Esquire, Superintendent Government Botanical Gardens, Saharunpore.

Notification.

Calcutta, 18*th December* 1865.

The following revised Rules for the transmission of messages on the Lines of this Department, sanctioned under the orders of Government communicated in Home Department No. 2450 of the 2nd of October 1865, will come into operation on the 15th January 1866, in supersession of all former orders.

1 Messages will be charged for by groups and half groups. A group will consist of 20 words, and half a group of any number not exceeding 10.

2. A message, however short and not exceeding 20 words, will be charged for as one group. Above 20 words and not exceeding 30 as a group and a half. Above 30 words and not exceeding 40 as two groups, and so on.

3. With the exception of the prefixes "From" and "To," and the name of the station from which despatched,† * * * * *every word* in the address and body of the message will be charged for.

4. The number of groups being ascertained, the cost of the message will be calculated according to the following scale :—

Scale of charges for a group of 20 *words.*
