LEGISLATIVE DEPARTMENT.

The Council of His Excellency the Governor of Bombay will meet in the DURBAR ROOM, TOWN HALL, for the purpose of making Laws and Regulations, on Tuesday the 6th March 1866 at 11 o'clock A.M.

By order of His Excellency the Governor,

H. BIRDWOOD,

Under-Secretary to Government.

Bombay Council, 27th February 1866.

EDUCATIONAL DEPARTMENT.

The Honorable the Governor in Council is pleased to publish for general information the following Provisional Revised Rules for Grants-in-Aid in the Bombay Presidency:—

“PROVISIONAL REVISED RULES FOR GRANTS-IN-AID IN THE BOMBAY PRESIDENCY ON THE SYSTEM OF PAYMENT BY RESULTS.”

AID will henceforward be experimentally given to Schools under recognized management, in accordance with the following Rules, which supersede those published in the *Government Gazette* of the 8th July 1858, and the 26th November 1863, and which will remain in force for two years from the present date, being then subject to revision as experience may show to be needed:—

1. The Managers of Schools who may be desirous of receiving aid from the State, must on their first application be registered in the office of the Director of Public Instruction, at least six months before the commencement of the official year then next following.
2. The application for registration must be accompanied by one or other of the Forms appended (*see* Schedule C), which must afford full information on the points enumerated.
3. All registered Schools will be inspected once during the official year by the Government Inspecting Officer, who will give notice to the Managers beforehand of the probable time of examination.
4. Provided that if the Inspecting Officer on his visit shall consider the arrangements of any School to be palpably defective as regards accommodation, registry of attendance, or otherwise, he may decline to examine, forwarding, however, a full report of his reasons for so declining to the Director of Public Instruction, and the School Managers.
5. The Inspecting Officer will examine all the pupils submitted to him, according to the standard for which they may be respectively presented (*see* Schedule A), and will furnish the Managers with a certificate of the number of pupils passed by him under each standard, and of the number entitled to capitation.
6. The number of pupils presented for examination must in no case exceed the average number who have been in attendance during the previous twelve months, and no pupil will be examined who has not attended the School for at least the one month immediately preceding the examination.
7. It is to be understood that no pupil, except in European and Eurasian Schools, shall be allowed to pass twice under the same standard, or to be examined for a certificate more than once during the official year.
8. No pupil will be examined, or have his attendance counted in calculating the average attendance, who is below six or above twenty-two years of age.
9. After each examination the Managers should forward to the Educational Inspector an abstract for the amount to which they may be entitled under standards I. to V. of Schedule B, accompanied by the certificate mentioned in Rule 5.
10. Grants for Matriculation will only be awarded to a School in the case of boys who have attended that School for two full years preceding. Applications on this account should be forwarded to the Director of Public Instruction by the Managers immediately after the Matriculation Examination, accompanied in each case by a copy of the University Registrar's certificate, and an authenticated statement of the boys' attendance at the School.
11. Schools which at present receive aid from the State, cannot, unless they elect to renounce such aid, present pupils for examination under these Rules. But this proviso is not in any way meant to affect the allowances made by the State to soldiers' orphans.
12. Aid may also be granted under the above Rules to such Private Schools as are considered by the Educational Department to be under proper management.
13. All Schools receiving aid from the State under the above Rules, will be required to furnish all returns called for by the Government of India.
14. It is to be clearly understood that Grants cannot be claimed under the above Rules irrespective of the circumstances of the case and the limits of the sum at the disposal of Government. Should a grant be in any case refused, the reasons for refusal will be communicated to the applicants, and will also be published in the Administration Report of the Educational Department.

Notice.

The following Tea Plantations with factory, godowns, houses, out-houses, &c., the property of Government, at Holta, in the Kangra Valley, is offered for sale at the upset price specified below.

The Plantation is distant about 23 miles from Dhurmsalah and 22 miles from Kote Kangra. There are on the estate a large slated factory, two slated godowns, and two slated houses for Overseer

and Assistant Overseer, barracks for Chinese Tea makers, &c.; and the stock and block of the Tea factory are complete for Tea operations, and in working order.

The Tea Plantation consists of 677 (six hundred and seventy-seven) acres, more or less; of which there are under cultivation with Tea about 530 (five hundred and thirty) acres; the remainder being waste or covered with Cheer (*Pinus longifolia*) but the greater portion fitted for Tea Cultivation.

At a short distance from the Plantation there is a Cheer Forest about 100 (one hundred) acres in extent, in which the purchaser will have the right of cutting timber. The wood is well adapted for making Tea chests.

The yield of the Tea Plantation may be estimated this season at lbs. 33,000 (thirty three thousand) of Tea, and 1,800 (eighteen hundred) maunds of Tea Seeds. 100 (one hundred) maunds of Tea Seeds, the produce of the seasons will be given to the purchaser.

The estate will be sold in fee-simple, free of demands on account of land revenue, exclusive of all existing local cesses, such as the Road, Educational, and Postal cesses, or such as may be hereafter legally imposed, at an upset price of 2,00,000 rupees (two lakhs of rupees).

The Plantation and Factory will be transferred to the purchaser or purchasers on the 1st May 1866, on or before which date the purchase money must be paid at the General Treasury, Calcutta.

All tenders must be made in writing.

Every tender should be superscribed "Tender for Tea Plantations, Holta," and will be registered by the Superintendent Tea Plantations, Punjab, at Saharunpore, on the date of receipt, in a book which he will keep, together with the tenders in his own custody, under lock and key. The highest registered tender at the time being will be communicated by the Superintendent to any inquirers up to the time of sale, but the names of parties who have tendered shall in no cases be disclosed.

The register of tenders will be examined at noon on the 2nd April 1866, by a Committee, consisting of the Superintendent Tea Plantations and Deputy Commissioner, at the Factory, Holta, in the presence of all parties who may attend; the amount of the highest tender, or if there be more than one tender of equal amount, the number and amount of such tenders, but not the names of the parties tendering, will be publicly declared, and the highest tender in writing above the upset price at 4 p.m. will be accepted on the part of Government by the Committee.

On the tender being accepted by the Committee the purchaser must deposit five per cent. of the purchase money, which will be forfeited if the amount of the purchase money be not paid in full on the date specified. Agents must be supplied by their principals with sufficient powers of attorney.

The above particulars are believed, in good faith, to be correct, but intending purchasers must make their own inquiries, as no reclamation can be listened to after sale.

References may be made to the Deputy Commissioner, Dhurmsalah, or to Dr. Jameson, Superintendent Botanical Gardens, Saharunpore.

Postage on Letters for Italy.—Letters for any place in the Kingdom of Italy can be prepaid in India at the option of the sender, and will be forwarded with the British Mails to Alexandria, and from thence to their destination by Brindisi or Ancona.

2. The following table shows the combined Indian Sea and Italian Postage chargeable on letters prepaid in India by means of Indian Postage Stamps:—

	Rs.	a.	p.
1. On letters weighing less than $\frac{1}{4}$ oz., one rate	0	6	0
2. On letters weighing more than $\frac{1}{4}$ oz., but less than $\frac{1}{2}$ ounce, 3 half-rates	0	9	0
3. On letters weighing more than $\frac{1}{2}$ oz., but less than $\frac{3}{4}$ of an ounce, 5 half-rates	0	15	0

and so on, adding a half rate or three annas for every additional quarter of an ounce, and one rate or six annas for every additional half ounce or fraction of half an ounce.

3. Unpaid letters from Italy are subject, on delivery in India, to the above rates, and to an additional charge of one penny (eight pies) for each half ounce.

4. Sea and Italian Postage on Newspapers, Books, Printed Papers, and Packets of Samples for Italy cannot be fully prepaid in India, but when posted at any Office except at the port of despatch are liable to Indian Newspaper and Book Post rates, which must be prepaid.

Books and Patterns to Belgium.—Under an additional Postal Convention concluded between Great Britain and Belgium, Books and Patterns can be sent through Great Britain to Belgium under the following Regulations:—

In future, under the term "Book Packets" may be forwarded not only stitched or bound books, pamphlets, and sheets of music, but also printed proof sheets, with ordinary corrections in writing and manuscript attached to such proofs and having reference to them as well as legal and other documents in manuscript; photographs and drawings [so long as those articles are not in glass or placed under glass]; prints or maps; printed, engraved, or lithographed, and whether in paper, parchment, or vellum: but no letter or communication of the nature of a letter, must be forwarded in such packets, or in or upon their covers.

Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps; markers (whether of paper or otherwise) in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

Patterns or Samples of Merchandise may also, in future, be sent to Belgium at the same rates of postage as Book Packets, and subject to the following Regulations:—

1st.—The Patterns or Samples must not be of intrinsic value. This Rule excludes all articles of a saleable nature, and, indeed, whatever may have a value of its own, apart from its mere use as a Pattern or Sample; and the quantity of any material sent ostensibly as a Pattern or Sample must not be so great that it can fairly be considered as having on this ground an intrinsic value.

2nd.—There must be no writing or printing, in addition to the address of the person for whom the packet is intended, and the address of the sender other than a trade-mark and numbers and the prices of the articles; and these particulars must, in all cases, be given, not on loose pieces of paper, but on small labels attached to the Samples, or the bags containing them.

3rd.—The Patterns or Samples must be sent in covers open at the ends, so as to be easy of Examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material tied at the neck; or the bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

4th.—No article likely to injure the contents of the mail bags, or the person of any officer of the Post Office, may be sent through the Post as a Pattern.

If either of the foregoing Rules be infringed, the packet must not be forwarded.
