GOVERNMENT DEPARTMENTAL NOTICES.

PUBLIC WORKS DEPARTMENT.

The following Circular, No. 45, by the Secretary Public Works Department, Punjaub Government, is published for the guidance of all Superintending and Executive Engineers, and for general information: the provisions of the circular are hereby made applicable to the Presidency of Bombay.

"*Circular No.* 45.

To all EXECUTIVE and SUPERINTENDING ENGINEERS.

Dated Lahore, 22*nd September* 1863.

Executive Engineers, before commencing the execution of any sanctioned work, are required to communicate with the Officers of the Department to which the work belongs, that opportunity may be afforded to them of offering any remarks on the intended work, the selected site intended, position, &c.

2. This rule is generally understood. Ordinarily the execution of a work immediately follows the sanction, previous to which the plans and estimates have passed through the hands of the Officers concerned.

3. It happens sometimes that, after the usual preliminary steps have been taken, the design and estimate approved by all authorities concerned, the site and position agreed on, &c., the actual execution of the work is deferred, sometimes for a great length of time. And not unfrequently during the time that elapses, the local authorities have been changed; possibly also the circumstances under which the arrangements were first agreed on.

4. In such cases, though all the proper steps have been once already taken, the Executive Engineer, when orders are given in his own department to proceed with the work, should, before beginning, communicate with the local authorities then representing the department concerned, informing them of what has already passed with respect to the work in question, and of what is then intended.

5. When this is omitted it may happen and has happened, that Officers see works in which they are concerned, commenced without reference to them, and even without their having known of the intention of executing such a work which had been duly discussed and arranged in the time of some of their predecessors. In all cases, then, before commencing any sanctioned work, communication as above directed, should be made to the proper Officers of the department concerned.

(Signed) ROBERT MACLAGAN, Lieut.-Colonel,
Secretary to Government, Punjab Public Works Department."

By order of the Honorable the Governor in Council,
M. K. KENNEDY, Lieutenant Colonel, R. E.,
Secretary to Government.

Resolution.—The Governor-General in Council observes that it is a general rule of the Public Service that no Officer acting in an appointment shall, under the Rules for Deputation Allowance, draw higher emoluments than he would receive if confirmed in the appointment, and His Excellency in Council is pleased to direct that in applying this general rule in Departments where the appointments are in classes, which again are sub-divided into grades, an Officer appointed to officiate for an absentee of a senior grade in a class higher than his own shall be restricted to the salary of the lowest grade of the class in which he may be officiating, in those cases in which his emoluments would, by the ordinary mode of computing the Deputation Allowance, exceed that salary.

ORDER.—Ordered, that the foregoing Resolution be published in the *Government Gazette*, and that copies thereof be forwarded to the

No. 5914.

His Excellency the Governor-General in Council is pleased to sanction the re-publication of the following General Order issued from the Military Department:—

No. 157 A. of 1863.—His Excellency the Governor-General is pleased to publish the following Extracts of a Despatch from the Right Honorable the Secretary of State for India, No. 311, dated 31st August 1863, regarding the absentee and acting allowances of Military Officers in Civil employ, the provisions of which are applicable to all the Presidencies;

Paragraph 31.—With your Despatch, No. 23, in the Financial Department, you forward a further Report from the Committee of Secretaries regarding the absentee and acting allowances of Military Officers in Civil employ, with a note thereon by your Financial Secretary.

32.—You concur generally in the recommendations of the Secretaries, with the amendments noted by the Financial Secretary, and propose the adoption of the following principles:—

1*st.*—That every Military Officer in Civil employ, when on leave, should draw pay under the Military Rules; and,

2*nd.*—That every Military Officer when acting in any Civil appointment should draw his Civil pay under the Civil Rules.

33. Upon these two principles you propose the following Rules for the Officer on leave:—

A Military Officer in Civil employ on leave, either in India or in England, shall draw precisely the pay which he would be entitled to draw under the Military Leave Rules, except when on privilege leave as hereafter specially provided.

Such pay shall be provided from the Civil Department excepting only in cases where the allowances so drawn would exceed the entire Civil pay of the appointment, when the excess will be paid by the Military Department. The Staff salary of any Officer shall be held to be the difference between the Indian pay and allowances of his rank and the full salary of his permanent appointment.

34.—For the Acting Officer your Government proposed the following Rules:—

A Military Officer acting for another in Civil employ shall draw Deputation Allowance under the Rule by which the allowance is granted to Covenanted Civil Servants.

If the Officer be in Military Staff employ such Deputation Allowance will be given in addition to his Military pay and allowances, plus half the Staff pay of his substantive appointment.

If the Officer hold no substantive Staff appointment, Civil or Military, it will be given in addition to his Military pay and allowances.

A Military Officer in Civil employ performing the duties of his substantive appointment, and at the same time officiating in another, is entitled to his substantive salary, and in addition to a Deputation Allowance of 20 and 10 per cent. on the Staff salary of the appointment in which he is officiating, provided the pay of the substantive appointment, with the addition of the Deputation Allowance, does not exceed the pay of the higher appointment.

A Subordinate acting for his principal or for any other Officer at the same Station is not entitled to Deputation Allowance for the first month while so acting, unless he is required to act on two occasions within a brief period (say, twelve months), in which case he draws Deputation Allowance for the whole period during which he may have held the appointment in excess of one month as if he had acted continuously.

A Military Officer proceeding from one Civil appointment to another shall be allowed to draw, during the authorized period of transit, out of the salary of the office he is about to join, a sum equal to that of his previous situation. This Rule to be preceded by an order making the Civil Rules for joining time applicable to Military Officers in Civil employ.

A Military Officer in Civil employ can take three months' cumulative privilege leave (under the Civil Rules only), but he must earn it by thirty-three months' continuous service in the Civil Department alone.

35. These several Rules are approved of.

(Signed) H. W. NORMAN, Lieut.-Colonel,
Secy. to the Govt. of India, with the Governor General.

---

2. In accordance with the instructions of the Secretary of State quoted above, His Excellency in Council is pleased to declare that Military Officers transferred from one Civil appointment to another shall, in respect to joining time, be subject to the same Rules as Covenanted Civilians.

3. His Excellency in Council is pleased also to decide that in Departments where appointments are in classes and grades, the Deputation Allowances of Military Officers in Civil employ shall be subject to the Rule of limitation contained in Financial Resolution No. 5913 of this day's date."

Officiating Chief Secretary to Government.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners, particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all *single* cases, for of such only the aggregate is made up.

THE AITAREYA BRAHMANAM OF THE RIGVEDA,

CONTAINING THE

EARLIEST SPECULATIONS OF THE BRAHMANS ON THE ORIGIN, PERFORMANCE, AND MEANING OF THE RITES OF THE VEDIC RELIGION;

EDITED, TRANSLATED, AND EXPLAINED BY

MARTIN HAUG, PH.D.,

Superintendent of Sanscrit Studies in the Poona College, &c.

Two Vols. of above 800 pages in 12mo.; 215 pages Sanscrit Text, and above 600 pages Translation.

Price per Copy, to Subscribers .... *Rs.* 17
„ *to Non-Subscribers* .. *Rs.* 20

This work is the *first* edition, and *first* translation of one of the most important books for the history of Brahmanical theology and philosophy. No writing of that class of Vedic Literature which is called Brâhmanas having been translated as yet into any European or Indian language, this publication may therefore justly be called a novelty. It contains the most recondite secrets of the Brâhmanical order made public for the first time. The author has been fortunate enough to obtain oral information on the technicalities of the sacrificial art, without proper knowledge of which the book would be for the most part unintelligible, a task in which no European Scholar in this country before him succeeded.

The work will be of great importance and use not only to Oriental scholars, but to all who take an interest in the history of religious ideas, and particularly to Missionaries and the educated

Hindoos; for it throws a new light altogether on the history and nature of the Vedic religion, and the origin of Brahmanical theology and philosophy.

The translation, which is plain and easily intelligible, is accompanied with many footnotes explanatory of technical terms, or other difficult points. In an Introduction the reader will find a brief general view of the sacrificial ideas of the Brâhmans, and their earliest theological speculations.
