"No. 712.

To the SECRETARY TO GOVERNMENT, Bombay Military Department.

SIR,—With reference to letter from this office, No. 564, dated 14th August 1861, I am directed to transmit for the information of His Excellency the Governor in Council copy of my letter (No. 709) of this date, to the Officiating Deputy Quartermaster General, conveying to His Excellency the Commander in Chief in India the

sanction of the Government of India to the payment of the average cost for the year of a passage to England (or to the Colonies if the expense be not greater) on account of Soldiers, their families, and widows, who may be entitled to the passage when the Government and the Commander in Chief of the Presidency to which they belong see fit to allow them to make their own arrangements.

I am, &c.,

(Signed) H. K. BURNE, Major,

Officiating Secretary to the Government of India.

Fort William, the 23rd May 1863.

From Major H. K. BURNE,

Officiating Secretary to the Government of India, Military Department.

To the OFFICIATING DEPUTY QUATERMASTER GENERAL.

(No. 709, dated Fort William, the 23rd May 1863.)

SIR,—Having laid before Government your letter No. 2576, dated 15th October last, with other documents, relative to the sum to be allowed for passage to England or the Colonies to Soldiers of good character, and to their wives or widows, who may be entitled to passage and be allowed to make their own arrangements for it, I am directed to acquaint you, for the information of His Excellency the Commander in Chief, that, as it appears to have been an established practice in Bombay, and one usually followed in such cases in this Presidency also, to grant the full average rate paid for passage on account of time-expired men during the season, the Honorable the President in Council is pleased, in anticipation of the sanction of the Right Honorable the Secretary of State, to authorize the payment to the Agents of Vessels, on the usual certificate of embarkation, of the average cost of passage not exceeding that of passage to England for Soldiers, their families, and their widows, who may be entitled to such passage when the Commander in Chief of the Presidency to which they belong considers them in all respects deserving of the indulgence and not likely to abuse it.

2. Soldiers' wives proceeding without their husbands and widows should be required to embark within six months of the departure or decease of their husbands, unless prevented by circumstances over which they may have had no control, in which latter case the sanction of Government will be applied for as heretofore.

3. This order will not effect the grant or denial to the widows or families of Soldiers of the usual subsistence allowance which will be passed to them as authorized by existing regulations.

(True copy)

(Signed) H. K. BURNE, Major,

Officiating Secretary to the Government of India."

No 347 of 1863.—The following General Order by His Excellency the Governor General of India, dated 8th June 1863, No. 72A, is republished:—

"No. 72A, of 1863.—The following Military Letter from the Right Honorable the Secretary of State for India, to His Excellency the Right Honorable the Governor General of India in Council, No. 158, dated 30th April 1863, is published for general information:—

INDIA OFFICE, London, 30th April 1863.

Military.
No. 158.

TO HIS EXCELLENCY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

MY LORD,—*Para. 1.*—I HAVE received and considered in Council your Letter No. 45, dated 4th February 1863, inviting a re-consideration of the decision conveyed in my Despatch No. 429, of the 13th November 1862, that Field Officers of the Staff Corps must be held to be in the same position as regards qualification for Staff employ, as the effective Field Officers of a Regiment.

2. You observe that in the British Service substantive Field Officers, if not effective Field Officers of Regiments, can hold the appointments of Brigade Major or Aide-de-Camp, and that several substantive Field Officers, unattached, appear to be holding those situations at Home and in the Colonies.

3. You consider the position of an unattached Officer somewhat similar to that of an Officer of the Staff Corps.

4. I have requested the opinion of His Royal Highness the Field Marshal Commanding in Chief upon the subject, and have pointed out to His Royal Highness that Officers of the Staff Corps have been declared subject to the Regulation, which limits their tenure of such appointments to five years, and that the effect of calling upon them to vacate on promotion to the rank of Field Officer, would be to throw an increased number on the unemployed list.

5. His Royal Highness has informed me, in reply, that he concurs in the opinion I had expressed as to the inexpediency of multiplying occasions upon which Officers of the Staff Corps may be called upon to vacate appointments, and remain unemployed.

6. His Royal Highness observes that in the British Service Field Officers on full pay are not allowed to hold Staff appointments, as they have important regimental duties to perform, from which they cannot be spared, but this is not the case with Officers of the Staff Corps, who may be employed in any capacity most convenient to the Government of India.

7. His Royal Highness is of opinion, therefore, that they should be treated as unattached Officers on half pay in the British Service.

8. Officers of the Staff Corps will not be required, therefore, to vacate their appointments on promotion, but their rank, on first appointment, should be that laid down in the Queen's Regulations as qualifying for the appointments in question, and they will still be subject to the five years' limitation rule.

I have &c.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons of all stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners, particularly, are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind, that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

NOTIFICATION BY THE DEPUTY AUDITOR AND ACCOUNTANT GENERAL.

No. 3.

The following extract is published for the information and guidance of Officers in charge of Treasuries :—

“ *Extract of Proceedings of the Board of Audit, No. 19, dated 5th June 1863.* ”

Read Letter from the Officiating Chief of the Military Finance Department, No. 409, dated 30th ultimo, submitting for consideration the under-noted correspondence in original, on the subject of the extra work which is unnecessarily entailed, and the delay in adjustment which occurs, under the operation of existing rules, on the issue of emergent advances to Executive Commissariat Officers from Civil Treasuries, in excess of their regular Letters of Credit. A supplementary Letter of Credit must be obtained in every case, and being seldom received before the expiry of the month in which the advance is made, it is rejected by the Treasury Officer, who deals with the advance as prescribed in paragraph 100 of the Bill Rules. It is therefore proposed by the Commissary General that Disbursing Officers of the Commissariat Department be required by Circular to apply for supplementary Letters of Credit, in cases of the above nature, only when there is time for the arrival of the Letter of Credit before the expiry of the month in which the advance is obtained. In all other cases Letters of Credit should not be applied for, but the advances should be immediately brought to account and recorded in the Register of Letters of Credit by the Commissariat Officer, who will at once report the same to the Commissary General with full particulars of amounts, causes of expenditure, &c., for communication to the Military Accountant and the Examiner of Commissariat Accounts :—

Letter from Officiating Commissary General, Calcutta, to Military Finance Department, No. 6179-94, dated 27th February 1863.

Letter from Executive Commissariat Officer, Cawnpore, to Commissary General, Calcutta, No. 5, dated 21st February 1863.

Letter from Military Accountant to Controller of Military Finance, Calcutta, No. 1858, dated 25th April 1863.

Letter from Examiner of Commissariat Accounts to Controller of Military Finance, Calcutta, No. 556, dated 10th April 1863.

REMARKS.—The Board are of opinion that supplementary Letters of Credit may be altogether dispensed with in the case of emergent advances to the Military Department, provision having been already made in clause 100 of the Amended Rules for the insertion of the amount so advanced on the usual Monthly Letter of Credit by the Treasury Officer. The provision made in clause 99 for supplementary Letters of Credit is accordingly cancelled.

The suggestion that when an advance is obtained the Executive Officer should communicate the fact, with full particulars as to the amount and the cause, to the Controlling Officers of the Department is approved.

Ordered, that copy of the foregoing be communicated to the Secretary to the Government of India in the Financial Department, for information.

Caution against sending Valuables by Post.—Robberies of Mails in various parts of the interior have lately become unfortunately of frequent occurrence, and there seems reason to infer that the highwaymen have been actuated either by information received from accomplices connected with bankers and firms, or by a suspicion that the Mails contain Gold, Banknotes, or other valuables.

Such depredations not only interfere with the safe and speedy transport of the important portion of the Mails, viz. that containing letters, but they entail upon owners of property heavy losses, as well as seriously cripple the efficient working of the Post Office Department.

Government orders on the subject of sending valuables by post are plain and explicit; they are now repromulgated, and the public are hereby cautioned against the practice, in the hope that they will see the advisability of not sending by the Government post, gold or other valuables, as, by so doing, the public Mails are exposed to peril and robbery, and their own property to risk, since the Post Office under the Postal Act* is freed from responsibility for valuables enclosed in Parcels.

* POSTAL ACT.—Section 49.

“The Government shall not be responsible for any loss or damage which may occur in respect of any thing entrusted to the Post Office for conveyance; and no person employed by the Government in the Post Office Department shall be responsible for any such loss or damage, unless that person shall cause such loss or damage negligently, maliciously, or fraudulently.”

Postal Regulations.

“In order to protect as far as possible the Mail from the chance of robbery, Officers in charge of Post Offices shall not knowingly receive Coin, Bullion, Precious Stones, Jewels, for despatch either by Letter or Banghy Post.

If a Post Master be informed or otherwise becomes acquainted with the fact that any letter or parcel contains valuables, he should refuse to receive it.”

Her Majesty's Post Master General having intimated that a Postal Convention has been concluded with Prussia, Bremen, and Hamburg, the public are hereby informed that the following Rates of Postage (British and Foreign combined) will be collected upon Letters forwarded through the United Kingdom to Germany and to certain countries, the correspondence of which passes through Germany. The Postage on these Letters may be paid in advance, or it may be paid on delivery at the option of the Senders. All Unpaid Letters will be liable to an increased charge on delivery:—
