No. 405 of 1867.—The following General Order by the Government of India, dated 7th June 1867, No. 607, is republished:—

"No. 607 of 1867.—In G. O. No. 212, dated the 25th February 1867, rules were laid down for the grant of compensation for loss of sums subscribed by Officers of the late Indian Army for the purpose of assisting their seniors to retire.

2. These rules were issued under the authority of Lord Cranborne's Despatch No. 160 of the 8th August 1866, published in G. O. No. 808 of the 26th September last; but, inasmuch as it appeared to the Government of India that a literal adherence to the terms of paragraphs 12 to 17 of that Despatch would be contrary to the spirit of the Despatch, and in fact lead, save in very rare cases, to no payments at all, a departure from the precise letter of the instructions was decided on, and without going into minute and often almost impracticable investigations as to all the payments made by Officers in each rank and grade, and as to the benefits received in consequence of those payments, the Government settled to pay in full whatever sum an Officer had disbursed towards the purchase of steps in the rank he held on the 18th February 1861, subject only to the deductions ordered in paragraphs 13 and 17 of Lord Cranborne's Despatch No. 160 of the 8th August 1866.

3. The Government of India was advised that 'it was more to the interests of the Officers concerned to give them the full benefit of any sums they may have paid in the grade they held at the date of re-organization, than to investigate the claim of each from the date of his entering into the service, and accord him the balance in his favor on the general account;' and that 'a very few could submit the requisite details or substantiate their claims;' and further, that "it is believed that of those few a very small percentage would be able to show any balance in their favor."

4. The Government of India acted on this view in the General Order of the 25th February last, in the 6th paragraph of which, the terms on which payment was to be made were laid down; but it was also notified, in the same paragraph, that 'very exceptional cases' (in which, in fact, a claim might not be met by the rule then laid down) 'would be specially considered.'

5. Copy of a Despatch from the Secretary of State for India, No. 124 of the 2nd May 1867, is published for general information, from which it will be seen that Her Majesty's Government, while not objecting to the rule laid down in paragraph 6 of the General Order by which an actual payment can, under certain circumstances, be received by an Officer without reference to advantages gained, still desire that the payments in previous grades be also calculated, as well as the advantages gained by such payments.

6. In pursuance of these orders the payments due under paragraph 6 of the General Order will still be made in full, irrespective of any account of the sums paid in ranks below that which an Officer held on the 18th February 1861.

7. At the same time each Officer's claim on account of payments made while in a lower rank will be investigated, and if a balance appears in his favor after the deductions made under paragraphs 13 and 17 of the Despatch of 8th August, No. 160, it will be credited to him; but in no case will any debit that may appear against him in consequence of such investigation, be deducted from a payment due under the preceding paragraph.

8. The burden of proof of payment must, in each case, rest with the Officer preferring a claim; and it will remain with the committee already appointed in each Presidency, to decide on the sufficiency of the evidence brought forward by Officers as to the different payments they may have made for the purpose of assisting their seniors to retire; and to carry out the provisions of paragraph 7 of this order, the money gained by each step so purchased will be debited against the sums proved to have been paid in ranks lower than that held on the 18th February 1861.

For instance, a Lieutenant who purchased one step, and by this became a Captain ten months earlier than he otherwise would have attained the rank, will be debited with a sum equal to ten months' difference of pay between Lieutenant and Captain; while an Officer who had aided in purchasing three steps while in the rank of Lieutenant, and thereby became a Captain three years earlier, would have to be debited with three years' difference of pay between Lieutenant and Captain.

9. In making these calculations the committee to retirement, as affording a claim to a credit on the full benefit anticipated, but will simply estimate the promotion to the next higher rank thus gained.

10. No sums paid to Officers transferred to the Commissioner for the Town of Dhundooka, vice Run- of State, be credited to an Officer under any cir- paragraphs 6 or 7 of this order, must be made to received, or may receive, from the juniors of his reg- on account of the value of any special annuity, published at page 932 of the *Government Gazette*, dated re the limits as now defined within which Act XXVI. pension.

INDIA OFFICE; London.

To His Excellency the Right Honorable the Governor General of India in Council.

SIR,—Para. 1. I have received and considered in Council your Military letter No. 48, dated 8th March 1867, forwarding papers connected with the operation of the proposed compensation for the loss of money contributed by Officers of the Indian Army, prior to the re-organization, towards Regimental Retiring Funds, or for purchasing out their seniors, with copy of General Orders on the subject.

2. The general principles which, on the recommendation of the Committee of Officers in Bengal, you have laid down for the guidance of the Committees at the three Presidencies, are calculated to simplify and facilitate the investigation of Officers' claims. I do not consider, however, that the adoption of the general rule proposed by your Government, will carry out so fully the intentions of Her Majesty's Government in this respect as the more particular investigation of each case, contemplated by the instructions conveyed in the 13th paragraph of Lord Cranborne's Despatch No. 160 of 8th August, 1866, and in the 1st paragraph of that of the 15th December last, No. 284.

3. To the rule laid down in paragraph 6, so far as it concedes compensation in full to Officers for sums paid in the regimental rank which they held at the date of the re-organization of the Army, I have no objection; but it appears to me that the denial, save in very exceptional cases, of all compensation for sums paid in previous grades is inconsistent with the instructions contained in those Despatches.

4. The actual investigation of each Officer's claim will, no doubt, as you observe, be attended with difficulty but the difficulty is not insuperable; and it is most desirable that the intention of Her Majesty's Government expressed in the above Despatches, should be borne in mind, viz., that each Officer concerned should, as far as possible, be secured from absolute loss upon the money he has actually paid throughout his entire service with view to the purchase of promotion; and it seems to me that this object cannot be sufficiently attained in any manner than that described in the Despatch of the 8th August last, viz., considering each case upon its own merits.

5. I should wish, therefore, that you should take such steps as may appear to you to be necessary to give full effect to the intention expressed in Lord Cranborne's Despatches of the 8th August and the 15th December.

I have, &c.,

No. 1.—Nagloo has asked me to give him a certificate, that he made good arrangements for Monsieur Thénon, the French Consul, and myself, on our journey to the Jubbulpore Exhibition. He has also supplied suppers at Hally, on the Managing Committee of which I have been, and he has given satisfaction.

No. 2.—I have stayed in this Hotel on three several occasions, and I have always been satisfied, and I can speak well of the attention and civility of the Butler Nagaloo.

No. 4.—Captain Wright and party dined here this evening, and were perfectly satisfied with the messing, &c.

No. 5.—This Hotel is the best I have seen out of Calcutta; its merits might be highly summed up in three words—cleanliness, comfort, and civility of the landlord.

(Signed) RALPH MOORE, M.D.

No. 6.—Nagaloo Butler has asked me for a certificate to say that a dinner and breakfast which he provided for a party of 40 at Wurdah Station, was satisfactory. I have great pleasure in saying that considering he had very short notice, and that he had to provide dinner in tents at a distance from Nagpore of 60 miles, his arrangements were excellent. He is an enterprising man, who seems equal to any calls that can be made upon him.

No. 7.—Nagaloo Butler has on frequent occasions provided dinners, tiffin, and suppers for large numbers of people, and on each occasion that I ordered the dinner, tiffin, or supper I have had every reason to be satisfied with the way I was treated. I believe Nagaloo is the only butler at Nagpore who could at a short notice provide a good dinner for a large number of gentlemen.

Delivery of Letters.—From and after the 1st June next, there will be six deliveries of paid letters, instead of three, all over the Island of Bombay, at the following hours:—

A. M.	P. M.
8, 10, 11½.	12½, 2, 5,

The delivery of *unpaid* letters will be confined to two hours, viz., at 10 A. M. and 2 P. M., and of *Banghy* Parcels to one hour, 11½ A.M. On Sundays, there will be two deliveries of letters only, at 8 A. M. and 2 P. M.

Letter Carriers, instead of commencing delivery from the General Post Office in the Fort only, will do so from nine different Branch Post Offices, exclusive of the General Post Office in the Fort, from which light carts will convey the Mails speedily and regularly to the Branch Offices. The Carts will, on each occasion, make a complete circuit of the District Post Offices, both in going and returning, and exchange letter bags with each Branch Post Office. The Local as well as Inland Correspondence will thus be enabled to be delivered all over the Island within one hour if addressed to any street in the same Postal Division, if addressed to a street in any other Division, within two hours.

To effect this, it is only necessary to post letters at detached Letter Boxes within one hour of the time named for delivery, and at Branch Post Offices within half an hour as follows:—

Letters Posted at detached Letter Boxes at	7, 9, 10½,	11½, A.M.	1, 4, P.M.
and at Branch Post Offices	„ 7½, 9½, 11,	A.M. 12 noon,	1½ 4½, P.M.
will be delivered	„ 8, 10, 11½,	A.M. 12½, noon,	2, 5, P.M.

It is advisable to write, as part of the address, the name of the street, and Postal Division, for which the letter is intended.

Letters intended for despatch to the Mofussil, should be posted at Branch Post Offices before 5 P.M., and at detached Letter Boxes at 4 P.M., and the same if meant for the first Local Delivery next morning.

No letters will be delivered at the window except to holders of Window Delivery Tickets.

Inspecting Officers have been appointed to supervise and watch the deliveries. To ensure punctuality and speedy delivery, the public are invited to make known either to the Inspector, to the Post Master, Bombay, or to the Post Master General direct, all defects, and irregularities, and every endeavour will be made to rectify these, and to meet the public wants.

In future, under the term "Book Packets" may be forwarded not only stitched or bound books, pamphlets, and sheets of music, but also printed proof sheets, with ordinary corrections in writing and manuscript attached to such proofs and having reference to them, as well as legal and other documents in manuscript; photographs and drawings (so long as those articles are not in glass or placed under glass); prints or maps, printed, engraved, or lithographed, and whether in paper, parchment, or vellum; but no letter or communication of the nature of a letter, must be forwarded in such Packets, or in or upon their covers.

Further, all legitimate binding, mounting, or covering of a book, publication, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps; markers (whether of paper or otherwise) in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

Patterns or Samples of Merchandise may also, in future, be sent to Belgium the same rates of postage as Book Packets, and subject to the following Regulations:—

2nd.—There must be no writing or printing, in addition to the address of the person for whom the packet is intended, and the address of the sender, other than a trade-mark and numbers and the prices of the articles; and these particulars must in all cases, be given, not one loose piece of paper, but on small labels attached to the Samples, or the bags containing them.

3rd.—The Patterns or Samples must be sent in covers open at the ends, so as to be easy of Examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material tied at the neck; or the bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

4th.—No article likely to injure the contents of the Mail bags, or the person of any Officer of the Post Office, may be sent through the Post as a Pattern.

If either of the foregoing Rules be infringed, the packet must not be forwarded.

1st.—The Postage must be prepaid by means of stamps affixed outside the packet or its cover.

2nd.—Every packet must be sent either without a cover or in a cover open at the ends or sides so as to admit of the enclosures being removed for examination. Samples, however, of seeds, &c. may be enclosed in boxes or in bags of linen or other material fastened in such a manner that they may be readily opened, or in bags entirely closed, provided that they are transparent, so that the Officers of the Department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be treated as a letter.

3rd.—A book packet may contain any number of separate books or other publications (including printed or lithographed letters) photographs (when not on glass or in cases containing glass), prints or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these, but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c. must not be sent as a separate packet.

4th.—The packet must not contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed, in any such packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. In the case of packets of patterns the address of the sender, a trade mark and numbers, and the prices of the articles may be written, not on loose pieces of paper, but on the cover or on small labels attached to the samples or bags containing them.

5th.—No book or pattern packet can be received if it exceeds two feet in length, width, or depth.

6th.—The prohibition which has heretofore existed to the transmission as patterns of articles of intrinsic value by the Post between the United Kingdom and India has been withdrawn.

7th.—The rule which forbids the transmission through the Post of an article which might injure the contents of the Mail Bags, or the Officers of the Post Office, is so far relaxed as to permit the transmission of Scissors, Knives, Razors, Forks, Steel-pens, Nails, Keys, Watch Machinery, Metal Tubings, Pieces of Metals or Ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the Mail Bags and the Officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped.

8th.—Samples of seed and similar articles may be sent in the bags entirely closed if transparent, so that the Officers of the Post Office may satisfy themselves of the nature of the contents.

9th.—In exception to the rule permitting articles of intrinsic value to be forwarded, it must be understood that such articles cannot be forwarded in the Mails *via* Marseilles.

10th.—Any packet which shall not be open to examination, as required by Rule 2, or shall have any letter, or any communication of the nature of a letter, written or printed, in it or upon its cover, will be charged with Letter Postage.

11th.—If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with full postage as an unpaid letter, together with an additional book rate; that is, with the postage chargeable on a book weighing not more than half a pound; the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

12th.—In no case can a book packet be sent to the Colonies (except at the letter rate of Postage) through a foreign country.

13th.—Book or pattern packets which are wholly unpaid will be forwarded to their destination, charged with double the amount of Book Postage, and those which are insufficiently prepaid with the amount of the deficiency, and an additional book rate as a fine.

14th.—Book and pattern packets sent to Great Britain *via* Marseilles are subject to an additional French rate of Two Pence (1 anna 4 pie) for every 4 ozs., which must be prepaid.

Pattern Post to Netherlands.—Her Majesty's Post Master General has intimated that, in future, Patterns or Samples of Merchandise may be sent from India to the Netherlands through the United Kingdom, subject to the following Regulations:—

1st. There must be no writing, or printing, in addition to the address of the person for whom the packet is intended, and the address of the sender, other than a manufacturer's or trade mark and numbers and the prices of the articles; and these particulars must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples or the bags or boxes containing them.

2nd. The Patterns or Samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in boxes or in bags of linen or other material, tied at the neck, or bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

3rd. No Packet of Patterns must exceed two feet, British, in length, or one foot, British, in width or depth.

No article likely to injure the contents of the Mail Bags, or the person of any Officer of the Post Office, may be sent through the Post as a Pattern; but scissors and other similar articles may be forwarded as Patterns, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the Mail Bags and the Officers of the Post Office, while, at the same time, the Patterns may be easily examined.

If either of the foregoing rules be infringed, the packet must not be forwarded.

The rates of postage (exclusive of the Colonial Inland rate) to be collected will be as follows:—

For a Packet sent via Southampton.

Not exceeding 2 ozs.	Above 2 ozs. and not exceeding 4 ozs.	Above 4 ozs. and not exceeding 8 ozs.	Above 8 ozs. and not exceeding 1 lb.	Above 1 lb. and not exceeding 1½ lbs.	Above 1½ lb. and not exceeding 2 lbs.
s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
0 2	0 4	0 8	1 4	2 0	2 8

Packets of Patterns will also, in future, be forwarded from the Netherlands to India through the United Kingdom, and will be delivered over without any claim, and, consequently, they will be liable, on delivery, to the Colonial Inland rate only.

Books and Patterns to France and Italy.—Arrangements have been made for the transmission by Post between India and France, and between India and Italy, of patterns and samples of Merchandise of no intrinsic value, under the conditions and at the rates chargeable on books and printed papers addressed to France.

2. Book packets and patterns and samples of Merchandise received from France are liable on delivery to Indian Book Post rates, namely, one anna for ten tolas.

3. Patterns, books, and printed papers posted in India are, in like manner, liable to Indian Inland rates of Book Postage, which must be prepaid.

Re-directed Postage.

Every Letter or other article re-directed at any Post Office, or forwarded by Post from any place to which it shall have been conveyed by Post, will be charged, *in addition to all other Postage paid or due thereon*, with the rate of Postage to which it would be liable if posted and prepaid by stamps at the place where it may be re-directed or from which it may be forwarded.

Delivery of Letters.—The delivery of letters being not only retarded, but rendered almost impossible in Bombay and large towns, owing to the imperfect *form of address* generally adopted, the Public at large are invited to assist the Post Office, when addressing Letters to any Municipal Town, by writing invariably the name of the Street and the number of the House, and informing their correspondents of the same, by heading their Letters inside accordingly.

2. Want of attention to these apparently trifling particulars, not only delays delivery by compelling the Letter Carriers to hunt over the whole length of a street for perhaps a single person, but it affords an excuse for non-delivery, and a temptation to the Letter Carriers to throw away or destroy the Letter, owing to the trouble imposed by the want of proper direction.

3. Besides this, it also places the Post Office Department entirely in the hands of Letter Carriers, upon whose experience of localities it becomes necessary to rely.

Currency Notes.—Several instances having occurred of the abstraction of Currency Notes from Registered and Un-registered letters, the Director General of the Post Office desires to warn the public against sending entire Currency Notes in letters whether registered or unregistered.

2. This practice, which, notwithstanding the losses which have occurred, appears to be on the increase, not only risks the loss of the letter or its enclosures, but exposes to unnecessary temptation every person through whose hands it passes. Entire Currency Notes should never be sent by Post, if halved and despatched in registered letters on different dates, their safe arrival will generally be secured. But it must be remembered that the registration of a letter is no security against the abstraction of the contents, though it may ensure the delivery of the cover. To protect the contents of a Registered letter, it must be carefully and securely sealed, and not, as is too often the case, enclosed in a flimsy semi-transparent envelope closed with gum.

3. As one successful theft invariably leads to other attempts, the carelessness of one person, who by sending a Currency Note in an unregistered or imperfectly secured letter, has tempted a Post Office subordinate to crime, may cause not only the ruin of the person whom he has tempted, but may also lead indirectly to the organization of a system of robbery which, when once established, it is exceedingly difficult to defeat and punish.

Banghy post.—The Post Office rule is subjoined regarding the closing of Banghy Parcels:—

"No Parcel shall be received for transmission by Banghy Post unless it be securely packed in cloth, or wax-cloth, or tin; and no such parcel, packed in cloth or wax-cloth shall be received unless seals bearing distinct impressions of some device (not that of a current coin) be fixed at intervals not exceeding three inches along the lines of sewing by which the cover is secured."

Official Franking.—From the 1st of August next, the authority to frank letters on Her Majesty's Service only, which was given to the Officers and others enumerated in the two Franking Lists, is withdrawn, and the following Rules for the payment and settlement of accounts of postage on official correspondence will be in force:—

Privileged Offices.

2. The Public Offices, enumerated in the annexed List, will be privileged to send and receive (without actual payment of postage) all letters and packets *bonâ fide* and exclusively on Her Majesty's Service. The Post Office will keep an account of the Postage due on the official correspondence of each privileged office.

Official Covers despatched from a privileged Office.

3. Official covers despatched from a privileged Office must be properly tied up, faced, and enclosed in a bag sealed with the seal of the office.

4. Each cover must be endorsed, "On Her Majesty's Service only," under the full signature (autograph or stamp) of the Head Clerk, or some other principal Officer of the Establishment.

5. The address must include the official designation of the Office to which the cover is directed.

6. The bag, when made up, must be sent before the hour fixed by the Post Office for the closing of the Mails for which it is intended.

Official covers addressed to a privileged Office.

7. Official covers addressed to a privileged Office by any Office not included in the privileged List must be endorsed, "On Her Majesty's Service only," under the full signature and official designation of the person by whom they are despatched.

8. The address must include the official designation of the Office to which the cover is directed.

9. The official covers for each Office will be enclosed in the official bag, and sealed and sent out with the ordinary delivery, or given to the messenger of the Office, should one be in attendance.

Official covers not sent by, or addressed to, a privileged Office.

10. Official covers which are not sent by, or addressed to, a privileged Office, will be treated in all respects like private covers. Postage labels, marked with the word "Service," will be made available for the prepayment of such covers.

11. Service labels are never to be used in payment of the postage of any letter which is not *bonâ fide* and exclusively on Her Majesty's Service. Every cover prepaid by service labels, must be endorsed, "On Her Majesty's Service only," under the full signature and official designation of the person by whom it is despatched. The address must also include the official designation of the Office to which it is directed. If the above conditions be not observed, covers (even though stamped with service labels) will be treated as ordinary, unpaid covers.

12. Service labels will be procurable at the Treasury or local Stamp Dépôt of each District; Officers requiring such labels will purchase the number required, paying for the same in cash as if they were ordinary postage labels. A receipt for the amount to be given by the Officer in charge of the Stamp Dépôt, will serve as a voucher for the charge to be made in the Contingent Bill of the purchaser.

13. As the present supply of service labels is limited, no Public Officer should purchase more than he estimates will be sufficient for one month's supply: and it is to be remembered that service labels are not to be attached to letters addressed to, or despatched from, any privileged Office.

14. All officials who do not belong to privileged Offices, and who have official correspondence with other than privileged Offices, will have to make arrangements for supplying themselves with service labels either by direct purchase or through their departmental superiors.

Correspondence of local officials within the limits of their respective Districts.

15. For the present no change will be made in the arrangements under which the public correspondence of local officials is conveyed, within the limits of their respective Districts, by District Post or by General Post.

Official Franking.—As the obligation to receive official letters by public officers seems to be misunderstood, the orders of the Supreme and local Governments are published for general information:—

Extract from a Resolution of the Supreme Government in the Home Department, dated 13th July 1855.

"6. His Honour in Council concurs with the Director General in this view of the case, and resolves accordingly that no further relaxation of the Rule be allowed, and that postage due on covers addressed to all other officers,* *bonâ fide* on the Public Service, be paid as heretofore in cash and charged in Contingent Bills."

* All officers, except Secretaries to Government, Private Secretaries to Governors or Lieutenant Governors.

Extract from the Bombay Government Order, dated 17th March 1853.

"It having been brought to the notice of Government, that the Postal Rules regarding the irregular franking of official letters, their receipt by the addressees, and the recovery of postage thereon, have not been properly understood by public officers, the Right Honorable the Governor in Council is pleased to publish, for general guidance, the following directions on the subject:—

B. Any letter improperly franked, that is franked by persons not authorized to do so by the Government of India, or not in the prescribed form, will be treated by the Post Office as an unpaid letter, and sent bearing Postage."

Delivery at Post Office Window.—Delivery of the private correspondence of Officials at the Post Office window cannot be made except under the provision of the subjoined Postal Rules, Nos. 35 and 36, passed by the Governor General of India in Council on the 21st April 1866, under the provision of the Post Office Act:—

XXXV. Any person can rent a private box, and receive his letters &c., at the Post Office window who is willing to pay the appointed fee of twelve rupees per annum, to be paid in advance, and for a period of not less than a year. The same also are the terms for a private bag, except that in addition a charge will be made for the cost of the bag itself, and for conveyance,—the maximum of the latter being five rupees per annum if the bag be conveyed by a rural Messenger, and ten rupees if by a Contractor for a Mail Cart or other Horse Post. The weight of a private bag when empty is limited to one pound. No private bag shall be allowed without the permission of the Inspecting Post Master.

XXXVI. No person living within any town free delivery, or within the limits of a rural post free delivery, unless he rent a private box, can claim to have his letters delivered at the office window if a delivery by Letter Carrier or a despatch by Messenger is about to take place; but letters which arrive by a Mail, after which there is no *immediate delivery* by Letter Carrier or Messenger, may be obtained by any person on application at the office window *so long as the office is open for delivery*. But in order to prevent the additional trouble which is sometimes caused by letters being directed to a *Post Office*, although for persons residing within a free delivery from such office, but who have no private box, a Post Master is authorized, when such letters arrive by a Mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers.

Instances having been brought to notice of Service Labels having been affixed to Official Covers, addressed to privileged Officials, the attention of all Government Officials is drawn to the Government of India's Notice No. 567, dated 4th May 1866, published in the *Government Gazette*, and to the Extracts in margin.* No public

* 2. The Public Offices enumerated in the annexed List, will be privileged to send and receive (without actual payment of postage) all letters and packets *bond fide* and exclusively on Her Majesty's Service.

N.B.—It is to be understood that all Official Letters to and from Offices in the privileged List, are to pass free, *i. e.* unstamped, subject to the conditions laid down in the above resolution.

letters to privileged Offices from all classes of Officials should be stamped with Service Labels.
