The following Circular letter, issued by Government, is published for general information :—

CIRCULAR.

No. 1164 of 1867.

GENERAL DEPARTMENT.

Bombay Castle, 25th June 1867.

To

The CONTROLLER of MILITARY ACCOUNTS,
The CONTROLLER of PUBLIC WORKS ACCOUNTS,
The EXAMINER ORDNANCE DEPARTMENT,
The MINT MASTER,
The CURRENCY COMMISSIONER,
The SUPERINTENDENT of STATIONERY,
The SUPERINTENDENT of STAMPS,
The MARINE STOREKEEPER,
The SUPERINTENDENT, COTTON GIN FACTORY, DHARWAR,
The REGISTRAR GENERAL of ASSURANCES,
The CHIEF ENGINEER, SIND,
The COMMISSARIAT OFFICER, KURRACHEE,
The MASTER ATTENDANT, KURRACHEE,
The COMMISSARY GENERAL.

SIR,—It having been reported that owners of vessels are frequently subjected to inconvenience and loss in consequence of delays in adjusting their claims for freight on stores, occasioned either by the non-receipt, in the Accountant General's Office, of reports of the condition in which the stores are landed, or by the incompleteness of these reports when received, I am directed by the Right Honorable the Governor in Council to draw your attention to the rules relative to the receipt and examination of stores printed on the face of Packing

Accounts, and to request that the course therein prescribed may be strictly followed, and no avoidable delay be allowed to occur in furnishing the Accountant General with the requisite report of the condition in which stores have been landed, and of the recoveries, if any, to be made from the owners on account of loss or damaged delivery.

2. The inconvenience to the owners of ships appears to be attributed to the delay which occurs in furnishing the reports of the condition in which the stores are landed, but this seems to be quite avoidable, if the regulations for the receipt and examination of stores given on the packing accounts are properly understood and obeyed.

3. The first clause of the Rules directing that stores shall be examined *immediately* on their being landed refers to the *external* condition of the packages, and there is no reason why this should not be attended to. It expressly states that ship-owners are only liable for damage, or short delivery when packages are received in *defective* state.

4. The second clause provides that defective packages shall be at once opened, and any damage ascertained.

5. The third clause only says that *all other* packages shall be opened *if possible* before the departure of the ship, but this is not obligatory. There is, however, nothing to justify delay in adjusting freight claims so soon as it has been ascertained whether or not packages have been landed intact, and the necessity for such an *immediate* examination is obvious.

6. As the Secretary of State has recently had occasion to draw the attention of this Government to cases where these precautions have been overlooked, I am desired to say that Government will expect these instructions to be carefully carried out.

I have the honour to be, &c.,

For Acting Chief Secretary to Government.

The Carts will, on each occasion, make a complete circuit of the District Post Offices, both in going and returning, and exchange letter bags with each Branch Post Office. The Local as well as Inland Correspondence will thus be enabled to be delivered all over the Island within one hour if addressed to any street in the same Postal Division, if addressed to a street in any other Division, within two hours.

To effect this, it is only necessary to post letters at detached Letter Boxes within one hour of the time named for delivery, and at Branch Post Offices within half an hour as follows:—

Letters Posted at detached Letter Boxes at	7, 9, 10½,	11½, A.M.	1, 4, P.M.

No letters will be delivered at the window except to holders of Window Delivery Tickets.

Inspecting Officers have been appointed to supervise and watch the deliveries. To ensure punctuality and speedy delivery, the public are invited to make known either to the Inspector, to the Post Master, Bombay, or to the Post Master General direct, all defects, and irregularities, and every endeavour will be made to rectify these, and to meet the public wants.

Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material tied at the neck; or the bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

4th.—No article likely to injure the contents of the Mail bags, or the person of any Officer of the Post Office, may be sent through the Post as a Pattern.

If either of the foregoing Rules be infringed, the packet must not be forwarded.

The following conditions are to be observed in sending book and pattern packets by Post:—

1st.—The Postage must be prepaid by means of stamps affixed outside the packet or its cover.

2nd.—Every packet must be sent either without a cover or in a cover open at the ends or sides so as to admit of the enclosures being removed for examination. Samples, however, of seeds, &c. may be enclosed in boxes or in bags of linen or other material fastened in such a manner that they may be readily opened, or in bags entirely closed, provided that they are transparent, so that the Officers of the Department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be treated as a letter.

3rd.—A book packet may contain any number of separate books or other publications (including printed or lithographed letters) photographs (when not on glass or in cases containing glass), prints or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these, but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books; and in short whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c. must not be sent as a separate packet.

4th.—The packet must not contain any letter closed or open, or any enclosure sealed or otherwise closed against inspection, nor must there be any letter, or any communication of the nature of a letter, written or printed, in any such packet or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. In the case of packets of patterns the address of the sender, a trade mark and numbers, and the prices of the articles may be written, not on loose pieces of paper, but on the cover or on small labels attached to the samples or bags containing them.

5th.—No book or pattern packet can be received if it exceeds two feet in length, width, or depth.

6th.—The prohibition which has heretofore existed to the transmission as patterns of articles of intrinsic value by the Post between the United Kingdom and India has been withdrawn.

7th.—The rule which forbids the transmission through the Post of an article which might injure the contents of the Mail Bags, or the Officers of the Post Office, is so far relaxed as to permit the transmission of Scissors, Knives, Razors, Forks, Steel-pens, Nails, Keys, Watch Machinery, Metal Tubings, Pieces of Metals or Ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the Mail Bags and the Officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped.

8th.—Samples of seed and similar articles may be sent in the bags entirely closed if transparent, so that the Officers of the Post Office may satisfy themselves of the nature of the contents.

9th.—In exception to the rule permitting articles of intrinsic value to be forwarded, it must be understood that such articles cannot be forwarded in the Mails *via* Marseilles.

10th.—Any packet which shall not be open to examination, as required by Rule 2, or shall have any letter, or any communication of the nature of a letter, written or printed, in it or upon its cover, will be charged with Letter Postage.

11th.—If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure, sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with full postage as an unpaid letter, together with an additional book rate; that is, with the postage chargeable on a book weighing not more than half a pound; the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

12th.—In no case can a book packet be sent to the Colonies (except at the letter rate of Postage) through a foreign country.

13th.—Book or pattern packets which are wholly unpaid will be forwarded to their destination, charged with double the amount of Book Postage, and those which are insufficiently prepaid with the amount of the deficiency, and an additional book rate as a fine.

14th.—Book and pattern packets sent to Great Britain *via* Marseilles are subject to an additional French rate of Two Pence (1 anna 4 pie) for every 4 ozs., which must be prepaid.

Pattern Post to Netherlands.—Her Majesty's Post Master General has intimated that, in future, Patterns or Samples of Merchandise may be sent from India to the Netherlands through the United Kingdom, subject to the following Regulations :—

1st. There must be no writing, or printing, in addition to the address of the person for whom the packet is intended, and the address of the sender, other than a manufacturer's or trade mark and numbers and the prices of the articles; and these particulars must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples or the bags or boxes containing them.

2nd. The Patterns or Samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in boxes or in bags of linen or other material, tied at the neck, or bags may be entirely closed, provided that they be transparent, so that the Officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

3rd. No Packet of Patterns must exceed two feet, British, in length, or one foot, British, in width or depth.

No article likely to injure the contents of the Mail Bags, or the person of any Officer of the Post Office, may be sent through the Post as a Pattern; but scissors and other similar articles may be forwarded as Patterns, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the Mail Bags and the Officers of the Post Office, while, at the same time, the Patterns may be easily examined.

If either of the foregoing rules be infringed, the packet must not be forwarded.

The rates of postage (exclusive of the Colonial Inland rate) to be collected will be as follows :—

For a Packet sent via Southampton.

Not exceeding 2 ozs.	Above 2 ozs. and not exceeding 4 ozs.	Above 4 ozs. and not exceeding 8 ozs.	Above 8 ozs. and not exceeding 1 lb.	Above 1 lb. and not exceeding 1½ lbs.	Above 1½ lb. and not exceeding 2 lbs.

Packets of Patterns will also, in future, be forwarded from the Netherlands to India through the United Kingdom, and will be delivered over without any claim, and, consequently, they will be liable, on delivery, to the Colonial Inland rate only.

Books and Patterns to France and Italy.—Arrangements have been made for the transmission by Post between India and France, and between India and Italy, of patterns and samples of Merchandise of no intrinsic value, under the conditions and at the rates chargeable on books and printed papers addressed to France.

2. Book packets and patterns and samples of Merchandise received from France are liable on delivery to Indian Book Post rates, namely, one anna for ten tolas.

3. Patterns, books, and printed papers posted in India are, in like manner, liable to Indian Inland rates of Book Postage, which must be prepaid.

Re-directed Postage.

Every Letter or other article re-directed at any Post Office, or forwarded by Post from any place to which it shall have been conveyed by Post, will be charged, in addition to all other Postage paid or due thereon, with the rate of Postage to which it would be liable if posted and prepaid by stamps at the place where it may be re-directed or from which it may be forwarded.

Delivery of Letters.—The delivery of letters being not only retarded, but rendered almost impossible in Bombay and large towns, owing to the imperfect form of address generally adopted, the Public at large are invited to assist the Post Office, when addressing Letters to any Municipal Town, by writing invariably the name of the Street and the number of the House, and informing their correspondents of the same, by heading their Letters inside accordingly.

2. Want of attention to these apparently trifling particulars, not only delays delivery by compelling the Letter Carriers to hunt over the whole length of a street for perhaps a single person, but it affords an excuse for non-delivery, and a temptation to the Letter Carriers to throw away or destroy the Letter, owing to the trouble imposed by the want of proper direction.

3. Besides this, it also places the Post Office Department entirely in the hands of Letter Carriers, upon whose experience of localities it becomes necessary to rely.

Currency Notes.—Several instances having occurred of the abstraction of Currency Notes from Registered and Un-registered letters, the Director General of the Post Office desires to warn the public against sending entire Currency Notes in letters whether registered or unregistered.

2. This practice, which, notwithstanding the losses which have occurred, appears to be on the increase, not only risks the loss of the letter or its enclosures, but exposes to unnecessary temptation every person through whose hands it passes. Entire Currency Notes should never be sent by Post, if halved and despatched in registered letters on different dates, their safe arrival will generally be secured. But it must be remembered that the registration of a letter is no security against the abstraction of the contents, though it may ensure the delivery of the cover. To protect the contents of a Registered letter, it must be carefully and securely sealed, and not, as is too often the case, enclosed in a flimsy semi-transparent envelope closed with gum.

3. As one successful theft invariably leads to other attempts, the carelessness of one person, who by sending a Currency Note in an unregistered or imperfectly secured letter, has tempted a Post Office subordinate to crime, may cause not only the ruin of the person whom he has tempted, but may also lead indirectly to the organization of a system of robbery which, when once established, it is exceedingly difficult to defeat and punish.

Banghy post.—The Post Office rule is subjoined regarding the closing of Banghy Parcels:—

“No Parcel shall be received for transmission by Banghy Post unless it be securely packed in cloth, or wax-cloth, or tin; and no such parcel, packed in cloth or wax-cloth shall be received unless seals bearing distinct impressions of some device (not that of a current coin) be fixed at intervals not exceeding three inches along the lines of sewing by which the cover is secured.”

Official Franking.—From the 1st of August next, the authority to frank letters on Her Majesty's Service only, which was given to the Officers and others enumerated in the two Franking Lists, is withdrawn, and the following Rules for the payment and settlement of accounts of postage on official correspondence will be in force:—

Privileged Offices.

2. The Public Offices, enumerated in the annexed List, will be privileged to send and receive (without actual payment of postage) all letters and packets *bonâ fide* and exclusively on Her Majesty's Service. The Post Office will keep an account of the Postage due on the official correspondence of each privileged office.

Official Covers despatched from a privileged Office.

3. Official covers despatched from a privileged Office must be properly tied up, faced, and enclosed in a bag sealed with the seal of the office.

4. Each cover must be endorsed, “On Her Majesty's Service only,” under the full signature (autograph or stamp) of the Head Clerk, or some other principal Officer of the Establishment.

5. The address must include the official designation of the Office to which the cover is directed.

6. The bag, when made up, must be sent before the hour fixed by the Post Office for the closing of the Mails for which it is intended.

Official covers addressed to a privileged Office.

7. Official covers addressed to a privileged Office by any Office not included in the privileged List must be endorsed, “On Her Majesty's Service only,” under the full signature and official designation of the person by whom they are despatched.

8. The address must include the official designation of the Office to which the cover is directed.

9. The official covers for each Office will be enclosed in the official bag, and sealed and sent out with the ordinary delivery, or given to the messenger of the Office, should one be in attendance.

Official covers not sent by, or addressed to, a privileged Office.

10. Official covers which are not sent by, or addressed to, a privileged Office, will be treated in all respects like private covers. Postage labels, marked with the word “Service,” will be made available for the prepayment of such covers.

11. Service labels are never to be used in payment of the postage of any letter which is not *bonâ fide* and exclusively on Her Majesty's Service. Every cover prepaid by service labels, must be endorsed, “On Her Majesty's Service only,” under the full signature and official designation of the person by whom it is despatched. The address must also include the official designation of the Office to which it is directed. If the above conditions be not observed, covers (even though stamped with service labels) will be treated as ordinary unpaid covers.

12. Service labels will be procurable at the Treasury or local Stamp Dépôt of each District; Officers requiring such labels will purchase the number required, paying for the same in cash as if they were ordinary postage labels. A receipt for the amount to be given by the Officer in charge of the Stamp Dépôt, will serve as a voucher for the charge to be made in the Contingent Bill of the purchaser.

13. As the present supply of service labels is limited, no Public Officer should purchase more than he estimates will be sufficient for one month's supply: and it is to be remembered that service labels are not to be attached to letters addressed to, or despatched from, any privileged Office.

14. All officials who do not belong to privileged Offices, and who have official correspondence with other than privileged Offices, will have to make arrangements for supplying themselves with service labels either by direct purchase or through their departmental superiors.

Correspondence of local officials within the limits of their respective Districts.

15. For the present no change will be made in the arrangements under which the public correspondence of local officials is conveyed, within the limits of their respective Districts, by District Post or by General Post.

List of Public Offices with which the Post Office will keep accounts of Postage on official letters received and despatched, and for which official bags will be made up.

Official Franking.—As the obligation to receive official letters by public officers seems to be misunderstood, the orders of the Supreme and local Governments are published for general information:—

Extract from a Resolution of the Supreme Government in the Home Department, dated 13th July 1855.

- "6. His Honour in Council concurs with the Director General in this view of the case, and resolves accordingly that no further relaxation of the Rule be allowed, and that postage due on covers addressed to all other officers, *bonâ fide* on the Public Service, be paid as heretofore in cash and charged in Contingent Bills."

* All officers, except Secretaries to Government, Private Secretaries to Governors or Lieutenant Governors.

Extract from the Bombay Government Order, dated 17th March 1858.

"It having been brought to the notice of Government, that the Postal Rules regarding the irregular franking of official letters, their receipt by the addressees, and the recovery of postage thereon, have not been properly understood by public officers, the Right Honorable the Governor in Council is pleased to publish, for general guidance, the following directions on the subject:—

B. Any letter improperly franked, that is franked by persons not authorized to do so by the Government of India, or not in the prescribed form, will be treated by the Post Office as an unpaid letter, and sent bearing Postage."

Delivery at Post Office Window.—Delivery of the private correspondence of Officials at the Post Office window cannot be made except under the provision of the subjoined Postal Rules, Nos. 35 and 36, passed by the Governor General of India in Council on the 21st April 1866, under the provision of the Post Office Act:—

XXXV. Any person can rent a private box, and receive his letters &c., at the Post Office window who is willing to pay the appointed fee of twelve rupees per annum, to be paid in advance, and for a period of not less than a year. The same also are the terms for a private bag, except that in addition a charge will be made for the cost of the bag itself, and for conveyance,—the maximum of the latter being five rupees per annum if the bag be conveyed by a rural Messenger, and ten rupees if by a Contractor for a Mail Cart or other Horse Post. The weight of a private bag when empty is limited to one pound. No private bag shall be allowed without the permission of the Inspecting Post Master.

XXXVI. No person living within any town free delivery, or within the limits of a rural post free delivery, unless he rent a private box, can claim to have his letters delivered at the office window if a delivery by Letter Carrier or a despatch by Messenger is about to take place; but letters which arrive by a Mail, after which there is no *immediate delivery* by Letter Carrier or Messenger, may be obtained by any person on application at the office window *so long as the office is open for delivery*. But in order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office, although for persons residing within a free delivery from such office, but who have no private box, a Post Master is authorized, when such letters arrive by a Mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers.

Instances having been brought to notice of Service Labels having been affixed to Official Covers, address-
