FINANCIAL DEPARTMENT.

Bombay Castle, 5th August 1893.

No. 2720.—In accordance with Rule 8 of the Rules prescribed in the Notification of the Government of India in the Department of Finance and Commerce No. 16, dated 1st January 1889, republished in the *Bombay Government Gazette* of the 10th idem, under No. 116, dated 9th idem, Financial Department, His Excellency the Governor in Council is pleased to publish the following application from the Municipal Commissioners of Ahmedabad for permission to raise a loan of Rs. 2,00,000 under the provisions of the Local Authorities Loan Act, 1879 :—

“No. 326 of 1893-94.

To

THE SECRETARY TO THE GOVERNMENT OF BOMBAY,
Bombay.

Municipal Office, Ahmedabad, 17th June 1893.

Sir,

We, the President of the Ahmedabad Municipality and the Chairman and Members of the Managing Committee, beg to request that Government will be pleased to allow this Municipality to raise, in open market, a loan of Rs. 2,00,000 at interest not exceeding 5 per cent. per annum, repayable in thirty years, for the purpose of completing the remaining portion of the experimental drainage scheme designed by Mr. Baldwin Latham and making drainage connections with the houses in the same portion.

The particulars required under the Rules of the Local Authorities Loan Act are as follows :—

1. The loan is required for completing the remaining portion of the experimental drainage scheme designed by Mr. Baldwin Latham and for making house connections in the same portion of the scheme at the municipal expense.

2. The total amount to be raised is Rs. 2,00,000.

3. The fund on the security of which it is proposed to borrow this loan is the general revenue of this Municipality.

4. The laws under which the above fund is raised are the District Municipal Acts of 1873 and the Amendment Act II of 1884.

5. The dates between which the money will be borrowed will range from 1st August to 31st December 1893.

6. The period for which the loan is required is thirty years. The loan will be raised in one or more instalments and will be repaid in thirty years by annual equal instalments of Rs. 13,010. The interest will be paid half-yearly.

7. The yearly proceeds of each separate source of income of the last three years are given in Statement A hereto annexed, and all expenditure incurred by this Municipality in each of the last three years is shown in Statement B hereto annexed.

8. The existing liability upon this Municipality is of Rs. 10,56,963-12-0, of which Rs. 7,58,475-13-4 are for the water works, and Rs. 1,47,487-14-8 are for the drainage works, and Rs. 51,000 for making contribution towards the reconstruction of the Ellis Bridge, and Rs. 1,00,000 for paying off the old debt. All these loans are raised with the sanction of Government. Against these liabilities the Municipality has got a Sinking Fund amounting to Rs. 63,564-4-5. Besides this, Government have given sanction for raising a loan of Rs. 20,000 in the open market for making drainage house connections.

9. From the Statements A and B it will be seen that the average ordinary income of this Municipality during the last three years amounts to Rs. 2,89,217-1-3 and the average ordinary annual expenditure, including payments to Sinking Fund, the repayment of principal and the interest of the loans, is Rs. 2,86,750-9-11, leaving a surplus of only Rs. 2,466-7-4.

10. We beg to represent here that although the charge on account of the loan raised for water works is included in the expenditure side, there has not been any receipts from the compulsory water tax in the last three years. The water-rate tax was sanctioned by Government only in the month of March 1893, and therefore the levy thereof commenced from the 1st of April 1893. It is expected that at least about Rs. 20,000 will be realized from the compulsory water rate in the current year, and thus the Municipality will be able to meet the charge on account of this loan of Rs. 2,00,000 and of Rs. 20,000 sanctioned in Government Resolution dated 17th May last, No. 1874, from this income.

11. Besides it is expected that as more house connections of drainage are being made, the receipts from the sullage water tax will increase, and there is every reason to hope that by the extension of the drainage system the cost of removing the sullage water and nightsoil will be reduced and more income will be derived from manure and sewage farm, and therefore there will be no difficulty to meet the charges on account of this loan.

We have the honour to be,

Sir,

Your most obedient Servants,

(Signed) RUNCHORELAL CHOTALALL,
President, Ahmedabad Municipality,
and four others,
Members, Managing Committee.

“No. 12 of 1893-84.

To

THE CHIEF SECRETARY TO THE GOVERNMENT OF BOMBAY,

Revenue Department.

Municipal Office, Islámpur, 13th June 1893.

Sir,

Agreeably to Government Resolution No. 1931, dated 23rd May 1893, Financial Department, we, the President and Members of the Managing Committee of the Islámpur Municipality, beg to apply to Government under the Local Authorities Loan Act of 1879 and Government Resolution No. 390, dated 28th January 1889, for a grant of a loan of Rs. 21,000 at $4\frac{1}{2}$ per cent. interest to complete the construction of the water-works scheme for the town of Islámpur, sanctioned under Government Resolution No. 3713, dated 19th October 1891.

2. The funds on the security of which the amount is to be borrowed are levied by the Municipality under Bombay Act VI of 1873 and Act II of 1884.

3. The statements showing the annual receipts and expenditure of this Municipality for the last ten years are herewith submitted; from them it will appear that the average of our ordinary receipts has been Rs. 4,002-4-0, and that of our ordinary expenditure Rs. 3,453-14-0, leaving a surplus of Rs. 548-6-0.

4. The loan asked for is required during the current official year 1893-94.

5. The loan will be repaid with interest in 20 years in forty half-yearly instalments of Rs. 525 each, together with the amount of interest at $4\frac{1}{2}$ per cent. per annum on the balances of debt outstanding at the end of each half-year. To pay off the present loan with interest in the course of the said period a half-yearly instalment of Rs. 525, together with the amount of interest on the balance of debt outstanding at the end of each half-year, will be required, which can be met from the annual expected savings of Rs. 548-6-0 above alluded to, together with the proceeds from the proposed water-tax, amounting to above Rs. 2,000, equal in all to Rs. 2,548-6-0. This sum will be more than sufficient for the purpose.

6. It will be thus seen that under the existing circumstances the Municipality will be able to meet the liabilities contemplated.

7. There are no prior existing charges upon the funds of the Municipality.

We beg to remain,

Sir,

Your most obedient Servants,

C. FAWCETT,

President of the Municipality of Islámpur,
and five others, Members of the Managing Committee.
