No. 3714-A.—In supersession of the rules published with Notification No. 1714, dated the 16th July 1873, the Governor General in Council directs the publication for general information of the Rules for the receipt of gold bullion and coin in the Mints of Calcutta and Bombay and the Bye-laws of the Bullion Depôt of the said Mints hereunto appended :

(Signed) J. F. FINLAY,

Secretary to the Government of India.

RULES FOR THE RECEIPT OF GOLD BULLION AND COIN IN THE MINT.

General Rules.

1. The Mint is open for the receipt of gold bullion and coin between the hours of 10 A.M. and 3 P.M., Sundays and holidays excepted.
2. Gold bullion and coin must be tendered by the proprietor thereof in accordance with Form A or B, as the case may be, printed copies of which will be supplied by the Bullion Clerk of the Mint.
3. Gold bullion and coin brought to the Mint will be received by the Mint Master in accordance with the Notification of the Government of India, Finance and Commerce Department, No. 2662*, dated the 26th June 1893, which is as follows :

‘The Governor General in Council hereby announces that, until further orders, gold coins and gold bullion will be received by the Mint Masters of the Calcutta and Bombay Mints respectively in exchange for Government rupees, at the rate of 7.53344 grains troy of fine gold for one rupee, on the following conditions :

- (1) Such coin or bullion must be fit for coinage.
- (2) The quantity tendered at one time must not be less than 50 tolas.
- (3) A charge of one-fourth per mille will be made on all gold coin or bullion which is melted or cut so as to render the same fit for receipt into the Mint.
- (4) The Mint Master, on receipt of gold coin or bullion into the Mint, shall grant to the proprietor a receipt which shall entitle him to a certificate from the Mint and Assay Masters for the amount of rupees to be given in exchange for such coin or bullion payable at the General (Reserve) Treasury, Calcutta or Bombay. Such certificates shall be payable at the General Treasury after such lapse of time from the issue thereof as the Comptroller General may fix from time to time.’

Rules relating to Sovereigns and Half-Sovereigns.

4. Sovereigns and half-sovereigns coined at the Royal Mint, or any authorized branch thereof, will be received at the Mint by weight, but without melting or assay, whether they are above or below current weight. The charge of one-fourth per mille for melting will accordingly not be made in the case of these coins.

5. On arrival at the Mint, such coins will be taken to the Bullion Clerk of the Mint for examination, weighment, and registry.

6. On delivery of such coins into the Mint, the Mint Master will give the proprietor a certificate in Form C. A notice will be hung up in the bullion office indicating the period after which such certificate will be payable at the General (Reserve) Treasury.

Rules relating to Gold Bullion and Coin other than Sovereigns and Half-Sovereigns.

7. Gold bullion and coin, other than sovereigns and half sovereigns (hereinafter called gold bullion), tendered at the Mint must on arrival be taken to the bullion depôt of the Mint, where it will remain in deposit until it is required for melting.

8. Gold bullion must be melted in the melting room of the Mint under the superintendence of the Mint melting establishment to render the same fit for receipt into the Mint.

9. Gold bullion will be melted and otherwise dealt with in accordance with the bye-laws of the Mint bullion depôt annexed to these rules. After the gold bullion has been melted, the resulting ingots will be taken for weighment and registry to the First Assistant to the Mint Master in the bullion office of the Mint, on whose weighment it is received into the Mint.

10. Until such weighment is made, the gold bullion is in the custody and at the sole risk of the proprietor thereof, to whom every facility will be afforded for securing it in the strong room appropriated for this purpose.

* Republished at page 584 of Part I of the *Bombay Government Gazette* dated 6th July 1893.

11. The Mint Master, on the delivery of the gold bullion into the Mint, will grant to the proprietor a receipt in Form D.

12. Should gold bullion after being melted prove unfit for coinage, it shall be returned to the proprietor on his paying the melting charge specified in paragraph 3 of Government of India Notification No. 2662, dated the 26th June 1893, and a fee of Rs. 4 for each assay if the gold was subjected to assay.

13. On completion of melting and assay, the Mint Master will deliver to the proprietor a certificate in Form E from the Mint and Assay Masters on his surrendering the receipt in Form D given to him under rule 11. A notice will be hung up in the bullion office indicating the period after which such certificate will be payable at the General (Reserve) Treasury.

14. The proprietor of any gold bullion who, being dissatisfied with the Assay Master's report of its fineness, wishes to withdraw such bullion can do so within twenty-four hours of his receipt of the certificate in Form E on prepayment of a fee of Rs. 4 for each assay and of the charge for melting, and on surrender of the said certificate.

15. Gold bullion in the course of receipt by the Mint may be transferred by the original proprietor to another on his signing a letter in Form F to the Mint Master notifying the transfer and paying Rs. 4 for each transfer. Such transfer will be recognised on the transferee re-tendering such bullion or coin in a letter in Form G. If the receipt in Form D has been already given to the original proprietor, it should be surrendered, and another receipt in Form D will then be given to the transferee.

BYE-LAWS OF THE MINT BULLION DÉPÔT.

External.

1. All tenders of gold bullion and coin should specify either the number of sovereigns and half-sovereigns or the number of parcels of gold bullion and coin other than sovereigns and half-sovereigns (hereinafter called gold bullion), and in either case the approximate weight of the whole amount of the tender.

2. The tenders should be numbered in the order of delivery into the bullion dépôt when all the sovereigns and half-sovereigns or parcels specified in the tender are brought in. When a portion only is brought in, the tender should be numbered after the delivery of the number of coins or parcels specified is completed.

3. The gold bullion and sovereigns and half-sovereigns tendered should be delivered by the authorised agent, who will see to the locking up of the parcels or coins in the strong-room of the dépôt.

4. The tenders will be dealt with according to priority of numbers if the authorised agent be in attendance; if not, the next in succession, having an agent in attendance, will be taken in hand. The order of succession only applies to gold taken out for melting.

5. Importers sending two or more invoices of gold bullion with only one tender are to understand that their agents alone will be responsible for keeping the gold bullion belonging to each invoice separate; but if the gold bullion of each invoice be separately tendered, care will be taken to keep each parcel distinct.

6. Proprietors are distinctly to understand that their agents are to satisfy themselves as to the accuracy of the weighments in the bullion office of their sovereigns and half-sovereigns and of their gold bullion after melting. If the proprietors' agent should observe anything either in the beam or in the method of weighing that he disapproves, he should make it known at once, and every facility will be given him to make the necessary corrections. Proprietors must therefore look only to their agents for explanation if any discrepancy should occur between the invoice and the Mint weighments.

7. *Registry of Bullion.*—Proprietors' gold bullion, after having been melted and when ready for registry, will be taken into the bullion office; and after the bullion has been registered, proprietors' agents, durwans, &c., are to go out through the Mint gate at the warder's lodge.

8. The spillage resulting from the gold bullion will, if the proprietor wishes it, be carefully worked up, if possible once a fortnight, by the establishment of the bullion dépôt at the risk and responsibility and on behalf of the proprietors, to each of whom an account showing the value thereof, obtained by proportional distribution of the whole, is to be rendered and the amount paid by cash or cheque on the Bank of

Bombay.

9. *Passes.*—All passes for gold bullion required to be sent out of the bullion dépôt, whether gold spillage from the melting room or bullion rejected by the Mint previous to registry or withdrawn by proprietors, will be made out by the bullion clerk and sent to the Mint Master for his signature, and then delivered to the proprietors' agents for the endorsement of the proprietors. Thereafter the bullion will be passed out through the Mint gate at the warder's lodge.

10. Proprietors will not be required, in addition to the one-fourth per mille charged by the Mint, to pay any other charges, such as for gunny bags or cooly hire, after the gold bullion has been once taken into the strong-room. Gold spillage will be removed at the expense of the proprietors.

11. Proprietors may have a guard at the strong-room door during working hours if they choose, as their treasure is in deposit at their risk.

12. Gold bullion once rejected by the Mint as unfit for coinage shall not again be received for the purpose of being melted without the special authority of the Mint Master.
