Notice

Is hereby given, that persons desirous of entering into a contract for SUPPLYING such VEGETABLES, embraced in the Schedule, as may be required by the Commissariat Department at Ahmednuggur, from the date a tender may be accepted up to 31st December 1854, may, on application at this Office from 11 A. M. till 5 P. M. daily (Sundays excepted), obtain a copy of the schedule or list of prices, and such information relating thereto as they may require.

2. Verbal offers for the contract will be received at this Office on Saturday the 10th June next,

at 12 o'clock precisely, when bidders will be required to bid a per-centage above or below the prices exhibited in the above list at which the supply will be made, on the understanding that the Vegetables supplied are to be of unexceptionable quality, and are to be delivered, in the first instance at the Commissariat Stores at 6 o'clock A. M. if required, and afterwards to the indenting Department, in good condition, free of all charges beyond the stipulated prices, in such numbers or quantities as may from time to time be demanded, and that the same are liable to examination and rejection by the executive Commissariat Officer, or by the indenting or receiving Officer; or by a Committee of Officers appointed on the part of Government, in the event of the contractor being dissatisfied with the decision of the above Officers, or either of them; it being understood that the decision of such Committee is to be final, and binding on all parties.

3. It is to be clearly understood that such of the Vegetables specified in the schedule as form part of the Rations for European Soldiers are to be supplied under the rules laid down in the G. G. O. No. 33, of the 11th January 1854, copy of which may be seen at this Office.

4. No person will be allowed to bid for the contract, unless he previously deposits in this Office Rs. (64) sixty-four, which sum will be forfeited in the event of delay, evasion, or refusal on his part to execute the necessary deed of contract when required to do so, on his offer being accepted, in which latter case he must be prepared to give unexceptionable bonded security to the further

amount of Co.'s Rs. (256) two hundred and fifty-six, which, together with the amount previously deposited, will be held as a guarantee for the due fulfilment of his contract.

5. A contractor must comply immediately with all emergent demands, and meet others of less urgency within the periods stated in the requisitions made upon him; in failure whereof, or if any supply be condemned by a Committee of Officers as aforesaid, the Vegetables, or such others as may be procurable, shall be purchased in lieu thereof by this Department, without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases (30) thirty per cent. upon the amount of expenses incurred, or a fine of Rupees (50) fifty, at the option of the executive Commissariat Officer, will be levied as liquidated damages for each and every such breach of contract, it being understood that the simple condemnation of the Vegetables by a Committee constitutes a breach of contract, whether the rejected Vegetables be replaced by the contractor or by this Department; in every such case, also, it is to be understood that the contract may be cancelled, at the discretion of the Commissary General, and that if the contract be so cancelled, the cash deposit mentioned in para. 4 of this Notice will be forfeited to Government.

6. It is also to be understood that any negligence, evasion, or refusal on the part of a contractor to make supplies or obey orders, or any attempt on his part, or that of his agents, to pass off Vegetables of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him, in every instance, to be fined to the extent of Rupees (25) twenty-five, at the option of the executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding Clause, no further penalty shall be leviable under this Clause.

7. It is further to be understood, that the contractor, or an accredited agent on his part, approved of by the executive Commissariat Officer, is to attend at this Office during the usual hours of business, i. e. from 10 A. M. to 5 P. M. daily (Sundays excepted), also at such other time or place as may be indicated by the executive Commissariat Officer, when he may consider it desirable for the public service to require such attendance.

8. Any party whose offer is accepted will be required to produce his sureties for the approval of the Civil or Cantonment Authorities, as may be necessary, within fifteen days from the date of the acceptance of his offer, or the contract will be resold. No reason will be stated for rejecting any security offered.

9. Bills for Vegetables supplied under this contract must be preferred within one month from the date of the delivery of the Vegetables, in default of which the contractor will forfeit the full value of the supplies for which bills have not been so preferred, unless it clearly appears, to the satisfaction of the Commissary General, that the delay was unavoidable.

10. The amount of retrenchments made by the Military Board on the contractors' bills will be recovered from the first bills preferred for payment; but in the event of such retrenchments, or any por-

tion thereof, being remitted, the amount remitted will be refunded.

11. Any party who, after offering for a contract, fails to furnish the necessary security, as provided for in Clause 8 of this Notice, will be interdicted from bidding on future occasions, unless he produces a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due execution and performance of the contract, on his offer being accepted.

12. The annual outlay on this contract is estimated at Rs. (1,282) one thousand two hundred and eighty-two.

13. No reason will be assigned for the rejection of any offer.

Notice to Mariners,

TOUCHING NAVIGATION IN THE VICINITY OF THE LACCADIVE AND MALDIVA ARCHIPELAGO.

In consequence of the wreck of the Ships "Wuzeer" and "Hamoody," on the Cherbaniani and

Extract from the deposition made by Captain A. C. Barnes, of the Barque "Hamoody," before C. F. Chamier, Esq., Head Assistant Collector of Cannara, on the 27th March 1854.

"From observations taken on the wreck we made the Longitude $71^{\circ} 26'$ (the Chronometer being afterwards found perfectly correct in Tellicherry), while the wreck of the Byrangore is laid down in Horsburgh's Chart in Longitude $71^{\circ} 51'$."

"It is my opinion, therefore, that the Byrangore is considerably more to the West than it is laid down, or that the Shoal on which the 'Hamoody' lies is a new formation."

Extract from a letter from C. F. Chamier, Esq., dated Mangalore, 28th March 1854.

"I am only desirous of adding my conviction that the Cherbaniani and Byrangore Reefs are either not correctly laid down in the nautical Charts, or that there are peculiarities in the current which are not generally known; and of advocating the necessity of the results of the latest Survey being published for general information. As the Commanders of the 'Wuzeer' and 'Hamoody' were both men experienced in the navigation of these seas, it is difficult, on any other supposition, to account for their losing their Ships on Shoals with the danger of which they were well acquainted, and of which they both believed that their course would have made them clear."

The Ship "Wuzeer," 525 tons, from Liverpool to Bombay, was totally wrecked on the Cherbaniani Reef, about 3 A. M. on the 27th of March 1853: her Longitude by Chronometer at noon on the 26th placed her nearly ninety miles to the Westward of that Shoal.

The "Hamoody," 438 tons, from Bombay, and bound to the Mauritius, was wrecked on the Byrangore Shoal, at 7 P. M. on the 16th of March 1854.

in the *Government Gazette* and public Journals at the three Presidencies:—

"Fort St. George, December 13th, 1844.

"The following letter, pointing out an error in the position assigned in the Charts to the Laccadive Islands, and the Shoals in their vicinity, is published for general information:—

"No. 199 of 1844.

"To Captain JOHN PEPPER,

"Acting Superintendent of the Indian Navy.

"SIR,—I beg to bring to your notice that in the Arrival Report of the Barque 'Falcon,' on the 8th instant, it is stated that the Vessel struck on the Byrangore Shoal of the Laccadives, when, by her reckoning, her Latitude was $12^{\circ} 1'$ North, and Longitude $71^{\circ} 40'$ East of Greenwich; and recently another Vessel, the 'Ceylon,' bound to this port, was wrecked on the Cherbaniani Bank, when, by her reckoning, her Latitude was $12^{\circ} 22'$ North, and Longitude $71^{\circ} 51'$ East. In the first case the position of the Vessel would appear to the Commander to be 23 miles to the Westward of the Shoal, and in the second case $18' 20''$."

"My object in addressing you is to point out that the dangers of the Laccadives group are all placed 18 miles of Longitude too much Easterly on the Chart of the most recent Survey, executed by Captain Moresby, of the Indian Navy, in 1828—an error which is likely to prove fatal to some Ships passing to the Westward of the group on their passage to this port. In justice to Captain Moresby, I would state that the error arises from the Longitude of Mangalore Flag-staff, at the time of survey, being allowed to be $18' 18''$ to the Eastward of the correct position, as determined by the grand Trigonometrical operations with reference to the Longitude of Madras Observatory. The first Station at the Laccadives was the Cherbaniani Bank, and the distance between it and Mangalore Flag-staff was determined by Chronometric admeasurement, after which all the other Islands and dangers were determined from the Cherbaniani Bank; consequently the relative bearings and distances of each must be correct, but the erroneous Longitude East of Greenwich affects the whole."

"I would beg to suggest that notice be given to Ship Masters (who may be navigating by that Chart) of the necessity of deducting $18\frac{1}{2}$ miles of Longitude from the positions assigned to the Banks and Islands of the Laccadives, to obtain their correct positions."

"I have, &c.

"11th November 1844.

(Signed) "DAN. ROSS, Master Attendant.

"Published by order of the Most Noble the Governor in Council,

(Signed) "J. F. THOMAS, Acting Chief Secretary."

A due attention to the foregoing Notice would put those Commanders on their guard who are navigating with Charts and Sailing Directions antecedent to the date thereof; but it is their bounden duty at every port of their departure to search for and obtain every nautical information of the very latest date for guidance on their intended voyage.

Such a needful inquiry would have enabled the Commanders of the "Wuzeer" and "Hamoody" to

provide themselves with Captain Moresby's excellent Chart of the Laccadives, corrected and published in 1845, wherein the Shoals referred to are thus laid down:—

		Latitude.	Longitude.
Cherbaniani	N.W. extreme.....	12° 22' 30" North.	71° 55' 30" East.
	S.W. "	12 15 30 "	71 56 30 "
Byramgore	N. "	11 59 0 "	71. 51 20 "
	N.W. "	11 55 0 "	71 45 40 "
	S.E. "	11 47 0 "	71 54 0 "

To this Chart the following Notice is appended:—

"In the present Edition, the Longitudes have been corrected by the Trigonometrical Survey of India, according to which Mangalore Flag-staff is 5° 25' 22" West of Madras Observatory, which is assumed to be 80° 14' 15" East of Greenwich: the Longitude of Mangalore will therefore be in 74° 48' 53" East.

"Chart Office, East India House, 1845."

And, in the Fourth Edition of Raper's excellent Treatise on Navigation, the foregoing Shoals are thus laid down:—

	Latitude.	Longitude.
Cherbaniani, South end, dry sand.....	12° 16' North.	71° 56' East.
Byramgore, Wreck on South part.....	11 48 "	71 50 "

And in the last Edition of Horsburgh's East India Directory, at pages 496-97, it is notified that a Chart of the entire group of the Laccadiva, from the Survey of Captain Moresby, corrected to the year 1850, is published by the East India Company, and the following description is given from this Chart and the remarks of that Officer:—

"Cherbaniani or Belepiani Reef of Coral rocks, visible at low water, is dangerous to approach, having no soundings half a mile off; and on the Northern and Southern extremities there are two Sand-banks about 8 feet above high-water mark. The extent of the Reef is 8 miles, or from Latitude 12° 16' to 12° 24' N., its Western edge preserving nearly a straight line N. $\frac{1}{2}$ W. and S $\frac{1}{2}$ E., and the Eastern edge forms a semicircle from the North and South points of 3 or 4 miles in breadth. The South point is in Longitude 71° 53' East. The flood was found to run N.W. and the ebb S.E. 1 mile per hour on the springs; high water at 11 hours on full and change of the Moon.

"Byramgore or Chereapani Reef is, including its Bank, 12 miles long (N.N.W. and S.S.E.), and about 5 miles wide, having its South point in Latitude 11° 58' N.,* Longitude 71° 50' E. The Bank, which is very steep, closely surrounds the Reef, except to the North-eastward, where it projects 3 miles beyond it, with soundings from 4 to 8 fathoms. The Coral rocks forming the Reef are just discernible at low water, and the bottom is distinctly visible on the Bank; but as there are no soundings near this or the Cherbaniani Reef, the approach to them is very dangerous, as the noise of the surf could not be heard unless a Ship was to leeward in calm weather, and the current frequently sets 12 or 15 miles during the night in uncertain directions, although usually between S.E. and S.W. during the months of February, March, and April."

Commanders of Ships, when consulting the best authorities for their guidance, would do well to bear in mind at all times that the force and direction of the wind, and the heave of the sea, have more or less effect on the set and velocity of current; and to be on the safe side, (especially when in the vicinity of Rocks and Shoals so steep too as are the Laccadive, the Maldiva, and the Chagos Archipelago, where no soundings can be obtained within half a mile,) it should be an invariable rule, in the calculation of a Ship's true position, to make allowance for a more than ordinary set of the current, and when at all doubtful where he really is, every Navigator should haul off, and give Rocks and Shoals a very wide berth.

If these instructions are carefully attended to, and if Commanders of Ships are furnished with good and well-regulated Chronometers and well-adjusted Instruments, and always insist upon a vigilant look-out by day and night, there can be no fear of such disastrous results as have too frequently sullied the reputation of the Mercantile Marine.

The foregoing remarks and observations apply with equal force to the navigation of Seas adjacent to the Maldiva and Chagos Archipelago, where many Vessels have been wrecked, either through an error in

The Ship "Banker's Daughter," of 1,121 tons, from Melbourne to Bombay, was totally wrecked on a Reef near the Male Atoll on the 30th December 1853. Crew saved.

The Ship "Hosannah," of 480 tons, from Bombay to Mauritius, was also wrecked in the same vicinity on the 10th of February 1854. Crew saved.

The whole of these remarkable and dangerous group of Islets and Shoals were surveyed by Captain Moresby in 1828—1834, and 1837, and Charts have been published of each group.

Commanders should, therefore, provide themselves with the most recent and correct Edition of those Charts, and the last Edition of Horsburgh's East India Directory, which contains much new and valuable information.

N. B.—The Longitude of the Islands and dangers herein given assume Bombay Light-house to be in Longitude 72° 48' 4" E.

" No. 2, " 525 " 2,101

5. A contractor must comply immediately with all emergent demands, and meet others of less urgency within the periods stated in the requisitions made upon him; in failure whereof, or if any supply be condemned by a Committee of Officers as aforesaid, the articles, or such others as may be required in lieu thereof, shall be purchased by this Department without delay, at his risk and cost, if it be considered expedient to do so; and in all such cases (30) thirty per cent. upon the amount of expenses incurred, or a fine of from rupees (30) thirty to (200) two hundred, at the option of the executive Commissariat Officer, will be levied as liquidated damages for each and every such

breach of contract; it being understood that the simple condemnation of any article by a Committee constitutes a breach of contract, whether the rejected articles be replaced by the contractor or by this Department; in every such case, also, it is to be understood that the contract may be cancelled, at the discretion of the Commissary General; and that if the contract be so cancelled, the cash deposit mentioned in paragraph 4 of this Notice will be forfeited to Government.

6. It is also to be understood that any negligence, evasion, or refusal on the part of a contractor to make supplies or obey orders, or any attempt on his part, or that of his agents, to pass off articles of an inferior quality in lieu of those he is bound to supply, or any neglect to deliver them at the time and place ordered, will subject him in every instance to be fined to the extent of rupees (25) twenty-five, at the option of the executive Commissariat Officer, from whose order an appeal may be made to the Commissary General, whose decision is to be final; but in cases when it may be deemed fit to exact any of the penalties provided for in the preceding clause, no further penalty shall be leviable under this clause.

7. It is further to be understood that the contractor, or an accredited agent on his part, approved of by the executive Commissariat Officer, is to attend at this Office during the usual hours of business, i. e. from 10 A. M. to 5 P. M. daily (Sundays excepted), also at such other time or place as may be indicated by the executive Commissariat Officer, when he may consider it desirable for the public Service to require such attendance.

8. Any party whose tender is accepted will be required to produce his sureties for the approval of the Honorable Company's Solicitor within fifteen days from the date of the acceptance of his tender, or the contract will be resold. No reason will be stated for rejecting any security tendered.

9. Bills for articles supplied under this contract must be preferred within one month from the date of the delivery of the articles, in default of which the contractor will forfeit the full value of the supplies for which bills have not been so preferred, unless it clearly appears, to the satisfaction of the Commissary General, that the delay was unavoidable.

10. The amount of retrenchments made by the Military Board on the contractor's bills will be recovered from the first bills preferred for payment; but in the event of such retrenchments, or any portion thereof, being remitted, the amount remitted will be refunded.

11. Any party who, after tendering for a contract, fails to furnish the necessary security, as provided for in clause 8 of this Notice, will be interdicted from tendering on future occasions, unless he produces a document from some person or persons of unexceptionable character and sufficient means, guaranteeing the due execution and performance of the contract on his tender being accepted.

12. The annual outlay on the above contract is estimated as follows:—

No. 1. Rs. 64,171
No. 2. " 31,527

13. No reason will be assigned for the rejection of any tender.
