MARINE DEPARTMENT.

Bombay Castle, 30th January 1885.

No. 6.—The following Bye-laws made by the Trustees of the Port of Bombay under Section 73 of the Bombay Port Trust Act, 1879, with regard to warehousing of goods in Port Trust warehouses, granting warrants for goods, and other cognate matters, will come into force on and after the 1st April 1885 :—

1. Non-hazardous goods, whether dutiable or free, will be received into the Trustees' warehouses for custody on application made on Forms 1, 2, and 2A (see Schedules A, B, and B(1) attached hereto) at the rates laid down in the table of charges annexed to these rules.

2. Hazardous goods will be held to include cotton (except in full-pressed iron bound bales), vegetable fibres and grasses of all kinds, rags, mungo, waste of all kinds, pitch, tar, rosin, turpentine, brimstone, saltpetre, nitrate of soda, nitro-glycerine, gunpowder, fulminating powder, lampblack, tallow (manufactured or unmanufactured), including stearine candles, oils of all kinds, naphtha, camphine, liquid paraffin, petroleum and its products, varnish, spirits of all kinds (not in bottles), caoutchouc, gutta-percha, lucifer and percussion matches of all kinds, &c., and will not be received into the Trustees' warehouses.

3. Goods will be warehoused under "warrant" or without issue of "warrant," according to the desire of the warehousing party.

Goods lodged under "warrant" will be known as "warrant goods" and goods lodged without issue of "warrants" as "non-warrant goods."

4. For "warrant goods" stamped warrants will be issued on Forms 3 and 4 (see Schedules C and D hereto attached), but for "non-warrant" goods a receipt will be granted on Form 5 (see Schedule E).

5. "Non-warrant goods" will be delivered in whole or in part according to written delivery orders from the holders.

6. "Non-warrant goods" will be transferred from any one depositor to another on a written authority from the original depositor; in such cases a fresh receipt (Form 5) will be issued in the name of the transferee.

7. "Non-warrant goods" once transferred to another party will only be delivered upon delivery orders signed by the transferee, who can, however, also transfer to a third party and so on, the last transferee being always considered the holder of the goods.

8. In the case of goods in the dock transit sheds which are to be warehoused the applicants must first settle all the dock wharfage, landing charges, &c., and attach to his application the necessary customs documents. The receipt for dock charges paid must also be produced for inspection if required.

9. Warrants will only be issued provided that there is no lien for freight or otherwise on the goods to be lodged, and provided that all Port Trust charges for wharfage, landing, &c., are first paid.

Subsequent charges must be paid by the holders of the warrants before delivery of the goods.

10. Warrants will be transferable by endorsement without production of the warrants to the Trustees.

11. Goods covered by a warrant cannot be delivered without production and delivery of the warrant.

12. Proprietors of goods may pay rent and incidental charges on goods covered by warrant up to any desired date and have new warrants issued.

13. Warrants will be made out for such quantities of goods as may be convenient to importers, provided that the lotting operations have been satisfactorily completed beforehand.

14. Should the delivery of the whole contents of a warrant be directed and the goods not be removed within two days, a new warrant for the remainder of the goods incurring rent from the date of return of the original warrant must be taken out.

15. When the holders of warrants are desirous of assigning part contents without delivery, re-weighing, re-housing, &c., new documents may be obtained in exchange for the originals duly endorsed. The endorsement should specially direct the manner in which the contents are to be divided and state the names of the parties in whose favor the warrants are to be issued in the following form :—

"Please to divide the within" or, (when part is to be delivered) "Deliver to bearer (state how many packages) and grant new _____, one for (state how many packages) in favor of _____, one for," &c.

16. If desired by the holders warrants may be exchanged or divided without assigning the goods.

17. Original warrants will be charged for at the rate of 5 annas each, which will include the cost of stamp. Other warrants in lieu of those returned will be charged for at the rate of 6 annas each including the cost of stamp.

18. If from the nature of the contract between the seller and the buyer re-weighment should be necessary, new warrants, if desired, will be issued on deposit of the original warrants endorsed with directions to that effect containing the landing weights and re-weights as soon as the operations have been completed.

19. When any alterations such as re-packing, &c., are to be made, the warrants must be lodged and others representing the goods as re-packed, &c., will be issued.

20. In the case of casks of liquids made use of to fill up others, the warrants for such casks must be lodged and the proprietor may either have a new warrant for the remainder or it may be delivered to his order.

21. In the last three cases the operations performed will be charged for in addition to the cost of any new warrants that may be issued.

22. In the event of warrants being lost or mislaid, duplicates will be issued on application, but an engagement by the owners and a substantial surety (in Form 6 appended), to indemnify the Port Trust in case of any claim being made on the original documents, must accompany the application; the loss of the warrants must also be advertised once at least in two English and two native local newspapers.

23. No duplicate warrants will be issued until seven clear days from advertisement of loss in the newspapers have elapsed.

24. On notice of loss of any warrants being given, the goods covered will be at once stopped until either duplicates are issued or the missing warrants are produced.

25. After duplicate warrants have been once issued, the originals, if produced, will not be acted upon.

26. A charge of 1 rupee in addition to cost of stamp will be made for every duplicate warrant issued.

27. Irregularities in endorsements on warrants must be carefully avoided by holders, as they not only lessen the security of the proprietors of goods and render the warrants incomplete as authorities, but also give rise to impediments in the regular despatch of business.

28. No unauthorized or irregular endorsement on warrants will be accepted or acted upon.

29. Weight notes corresponding to warrants will be furnished, when required, at a charge of annas 4 for each.

30. Part contents of goods specified in a warrant cannot be delivered unless the warrant is returned and fresh document taken out for the balance.

31. Rent for all goods placed in the warehouse will be charged per week, and part of a week will be charged as a whole week; the rent will commence from the date of application, and will be charged for the entire quantity of goods specified in the application.

32. In cases of goods transferred from one party to another, rent will commence for a fresh week from the date of transfer, the same as when a deposit is made; no abatement of rent for any unexpired portion of a week will be made to the transferee, the operation of transfer being considered in the same light as a delivery.

33. Goods placed in the warehouse will remain at the risk and expense of the depositors until a receipt or warrant be granted.

34. Goods once taken delivery of by owners under a clear receipt and not removed forthwith from the warehouse premises will remain at the risk and the expense of owners and no responsibility in connection therewith will rest with the Trustees.

35. The Trustees will not be answerable for any damage or loss suffered by merchandise while in the Trust warehouses if such damage or loss be the result of natural or unavoidable causes. Responsibility will only be admitted when the damage or loss has been in consequence of want of proper care or attention on the part of the Trustees.

36. The Trustees will not be responsible for contents of packages when the outward condition on delivery is the same as when the packages were first received into the warehouse.

37. Permission will be given for the opening of packages for appraisal, extracting of samples, &c., but all packages so opened without their condition having been questioned will be considered as taken delivery of, and no claim for damage subsequently discovered will be allowed.

38. Packages that have been once opened will lie in the warehouse at the risk of the owner.

39. As a principle no non-warrant goods will be delivered until all rents and charges due in respect of them be fully paid up, but this rule may be relaxed for the convenience of merchants having monthly transactions and accounts at the warehouse.

40. When charges for goods in the warehouses are made by bills such charges must be paid within two months after presentation of the bills; in case of non-payment of charges within the two months, the Trustees shall have the right to stop delivery of all goods in the warehouses standing in the names of the parties owing any rents or other warehousing charges until full settlement be effected.

41. The Trustees' warehouses will be closed on Sundays and on the general public holidays, viz.:—

Christmas Day, New Year's Day, Good Friday, the Sovereign's Birthday, and any Fast or Thanksgiving days ordered by Government, or on any special occasions ordered by the Trustees.

On other days the warehouses will be open from 7 A.M. till 5 P.M.

2. The total Provincial receipt of the year 1883-84 amounted to Rs. 3,74,76,633 against Rs. 3,40,17,262 for 1882-83, thus giving an increase of Rs. 34,59,371. The important variations under several Heads are explained in the following paragraphs.

3. The increase of Rs. 27,35,052 under Land Revenue (Provincial Share) is attributable, first, to the collection for the first time in 1883-84 of enhanced survey rates in some talukas and the levy in Sind of a village officer's cess under Act IV. of 1881; secondly, to large sales of land in the Presidency town and of occupancy rights in the Mofussil; thirdly, to the recovery of Revenue instalments which were postponed in the previous year owing to damage done to crops; and fourthly, to a smaller amount of revenue remaining outstanding at the close of 1883-84. The improvement of Rs. 30,580 under Stamp (Provincial Share) is ascribed to an extensive export trade of wheat and partly to the establishment of 34 new Joint Stock Companies in the Presidency. The adoption of strict preventive measures throughout the Presidency and Native States caused an increase of Rs. 3,81,668 in Excise Receipt (Provincial Share). The income of Forests (Provincial Share) was larger by Rs. 2,06,373 than in 1882-83. In the year under review large quantities of Railway sleepers were supplied to the Southern Maratha Railway.

The Indus Valley State Railway also consumed great quantities of wood fuel. The maintenance of a strict system of forest conservancy over a more extended area greatly increased the realization from sale of grass and other forest produce. There were also large sales at better prices of well seasoned timber for extensive Railway and other Public Works carried on in this Presidency. The Registration receipts of the last year (Provincial Share) exhibit an increase of Rs. 25,626, which is attributable partly to the fact that in that year a large amount of landed property was mortgaged by Hindus in order to defray the expenses of marriages which were solemnized in a greater number than in ordinary years owing to Sinvhastha in 1884-85, and partly to an increase in the number of registrations in Khândesh owing to many persons having raised money to re-build their houses destroyed by a flood, and in the Ahmednagar and Lower Sind Frontier Districts owing to destruction of crops. The increase of Rs. 2,74,820 under Police was mainly due to the fact that what was formerly the Municipal share of the cost of the Bombay City Police, has been credited to Government pending the transfer to the Bombay Municipality of the cost of other services; the recovery of the cost of punitive posts, chiefly employed in the Thána District, also contributed to the improvement.

The establishment of many new Government schools and an increase in the number of students at Schools and Colleges caused an increase of Rs. 11,992 under Education. The improvement of Rs. 4,613 over the actuals for 1882-83 under Medical was owing to a large increase in the number of students in the Grant Medical College. The contribution from the Belgaum Local Fund made for the first time towards the cost of the Nipáni and Dajipur Road was the chief cause of an increase of Rs. 25,098 under "Contribution from Local Fund."

4. *Decrease in Receipts.*—The actuals of 1883-84 under VII. Customs Provincial Receipts, which are chiefly on account of fines and forfeitures, fell short of those for 1882-83 by Rs. 7,780. The decline of Rs. 92,627 under "Law and Justice" is attributable, first, to small realizations on account of Magisterial fines; secondly, to a decline in the sale proceeds of Jail manufacture, consequent on the abolition of certain Jail industries; and, thirdly, to the employment of a smaller number of convicts on public works, probably owing to diminution of the number of prisoners as the charges have also decreased, and the decrease of Rs. 14,488 under "Stationery and Printing" is due to the smaller quantity of stationery supplied to the Berar Administration in 1883-84 than in the previous year; and that of Rs. 1,13,638 under "Miscellaneous" is attributable to the transfer to Government of a smaller amount of long standing Presidency Savings Bank deposits in the last year than in the previous year. The decrease of Rs. 6,600 under "Civil Buildings" in charge of Public Works officers is chiefly due to smaller receipts on account of sale of buildings than those realized in 1882-83.

5. The total Provincial Expenditure of 1883-84
Comparison of Expenditure amounted to Rupees
3,75,23,425. It exceeded
that of the previous year by Rs. 20,07,222.

6. There was a net increase of Rs. 11,13,369 in the actuals for the last year under "Refunds and Drawbacks." In that year a debit of Rs. 15,05,965 appeared under that head on account of the special remissions of Land Revenue granted in the famine-stricken districts under the orders of the Secretary of State, against a similar charge of Rs. 3,30,594 adjusted in 1882-83. The excess of Rs. 1,70,570 under "Assignments and Compensations" was caused, first, by a payment in advance to the Bombay Municipality on account of compensation for license fees on liquor shops in the Presidency Town taken over by Government under Act V. of 1878; secondly, on account of compensation for assumption by Government of the management of A'bkári revenue in certain Native States. In the last year heavy arrear claims were disbursed chiefly on account of Mokasu Umal (share of revenue) due to Shaik Ajmudin Waikar. In the last year a new charge was created on account of village establishments entertained in Sind for collection of cess levied under Bombay Act IV. of 1881. A special outlay was also incurred for destruction of locusts; further, there was an increase in the fluctuating allowances to certain village officers consequent on an improvement in revenue. The cost of the establishments employed for Sind Survey exceeded the grant owing to adjustment of arrear charges of past 4 years on account of flag-holders and chainmen. These extraordinary payments caused an increase of Rs. 2,32,025 under Land Revenue; the increase of Rs. 25,856 under Salt is attributable to the transfer to Provincial Services from Imperial of expenditure on account of the Establishment of the Káthiáwár Preventive line. The improvement in the Stamp receipts caused a corresponding excess of Rs. 7,177 in the discount on sale of stamps and in the cost of stamp paper supplied from central stores. Heavy charges were incurred in connection with the supply of sleepers to the Southern Marátha Railway, and with the reorganization of the superior staff of the Bombay Forest Department, causing a large increase of Rs. 1,41,073 under Forest. The increase of Rs. 17,528 under Registration is chiefly due to the re-organization of the several District Establishments at an increased cost sanctioned in December 1882. The excess of Rs. 30,950 under General Administration was due to the appearance of a special charge of Rs. 19,987 on account of a Railway carriage constructed for His Excellency the Governor of Bombay and to large payments on account of officers of other Governments. The increase of Rs. 2,50,637 under "Police" is principally on account of the cost of the Bombay Town Police taken over by Government, the Municipality paying the difference between the Government contribution and the total charge for the Police, pending settlement of the question as to what other services should be transferred to the Municipality in lieu of the Police charges made over to Government. A large number of punitive posts were also established, chiefly in the Thána District in 1883-84. The transfer to the Bombay Provincial Services of the expenditure connected with the Steamer "Jhelum" and Flat "Mooltan" in 1883-84, and the payment in that year of compensation for the removal of fishing stakes at the entrance of the Bombay Har-

hour brought on an increase of Rs. 37,563 under Marine; that of Rs. 33,987 under "Medical" is principally on account of diet and clothing to patients in hospital, and that of Rs. 14,445 under "Scientific and other Minor Departments" is on account of special charges incurred in connection with the Calcutta Exhibition and with experiments in tobacco-curing in Kaira and preparation of India-rubber in Karachi. Expenditure on account of the Inspection of Factories and the newly created Agricultural Department also contributed to the excess. The excess of Rs. 11,256 under "Superannuation Allowances" &c., was caused by large arrear payments on account of gratuities to retired officers of the Public Works and Customs Departments. The increase of Rs. 34,694 under "Stationery and Printing" represents the cost of increased supplies of articles of European manufacture from the central stores to several provincial offices, the departmental purchase of such articles having been prohibited by the Government of India. The increase of Rs. 32,295 under "Famine Relief" represents the large outlay incurred in the last year in connection with certain works, specially undertaken to afford relief to people in the Districts visited by locusts. The excess of Rs. 50,283 under "Civil Buildings, Roads and Services," was owing to expenditure sanctioned to meet the increased requirements of the Public Works Department under almost every class of Civil Buildings.

DECREASE IN EXPENDITURE.

7. The reduction in the Customs Establishment consequent on the revision of the tariff caused a saving of Rs. 45,420 under "Customs." A large portion of the claim of the Bombay Municipality on account of water rates on Government buildings having remained outstanding at the close of 1883-84 there occurred a decrease of Rs. 48,295 under "Miscellaneous." The absence in the year 1883-84 of a special charge like the one that appeared in 1882-83 on account of contributions towards the cost of drainage works carried on in the chief Presidency Town is the cause of the decrease of Rs. 35,023 under contribution to Local.

8. The estimated transactions of the Bombay Provincial Services as entered in the revised estimate for 1884-85 are summarised below:—

	Rupees.
Opening Balance...	41,22,000

9. The Revised Estimate of Receipts of the Provincial Services for the official year 1884-85 aggregates Rs. 3,54,62,000. They are less by Rs. 10,70,000 than the original estimates.

10. Explanations of variations under the several major heads are given below.

11. A scanty fall of rain in the Southern Marátha Country and the late season in Gujarát will cause a decrease of Rs. 12,73,000 under Land Revenue owing to the postponement of collections. The falling off of Rs. 73,000 this year in Forest receipts is attributed to smaller demands for Railways. The stoppage of certain Jail manufactures and general prosperity of the country account for the reduction of Rs. 1,50,000 in Jail receipts from the original estimate. The past actuals under the heads noted in the margin warrant reduction from the Original Estimate to the extent shown opposite to them.

12. From the latter part of the last year the income from Stamps, Excise, Registration, Marine, and Education, seems to be steadily increasing. The original Estimate on these accounts have been raised as indicated in the margin with reference to past actuals which also warrant a rise of Rs. 5,000 and Rs. 6,000 under the heads Salt and Customs respectively. The Provincial income under these two heads is chiefly on account of fines and forfeitures. The increase of Rs. 9,000 under Medical receipts is on account of the moiety of pay and establishment charges of the Health Officer of the Bombay Port recoverable from the Bombay Port Trust. The improvement of Rs. 6,000 under scientific and other minor Departments over the original figure is expected chiefly in the income of model farms and Botanical gardens and from the sale proceeds of stores of the late Cotton Gin Factory at Dhárwar. The original Estimate for Pensions and Gratuities has been raised by Rs. 24,000 with reference to the probable amount of pension contributions recoverable during the year on account of Government officers lent to several Native States. The increase of Rs. 2,000 under contribution from Local to Provincial Funds is due to the share of the Ahmedabad Local Board in the improvement of rain water drainage near the town of Dholka. The Public Works Department expects an increase of Rs. 95,000 chiefly in toll receipts.

Major Head.	Reduction.
Stationery and Printing	Rs. 5,000
Miscellaneous	23,000
Civil Buildings.	
Roads and Services in charge of Civil Officers	2,000

Major Head.	Increase.
Stamp	Rs. 46,000
Excise	2,12,000
Registration	20,000
Marine	7,000
Education	25,000

13. In the revised estimate the total provincial expenditure is reckoned at Rs. 3,74,80,000 or Rs. 11,89,000 more than the Budget Grant. In the subjoined paragraph variations under the several major heads of expenditure are given.

14. The original estimate under Revenue Refunds has been raised by Rs. 58,000 to cover a book debit in adjustment of Land Revenue Refunds for the years 1880-81 to 1882-83 to be granted in the current year under the orders of the Secretary of State. The past actuals warrant also an increase on account of stamp and excise refunds. An increase of Rs. 1,55,000 has been provided under Land Revenue to meet additional charges on account of village officers in Sind, new establishments sanctioned for the preparation of certain village registers of the Ratnágiri Collectorate and of agricultural statistics in Dhárwár. The grant for travelling expenses has also proved low. There will be an excess of Rs. 57,000 over the grant under the head Salt, the Salt and Customs establishments of the Konkan Division having been re-organized and the entire expenditure recorded under "Salt." The grant for "Customs" consequently exhibits a saving of Rs. 32,000. After the passing of the Budget Estimate a large number of A'bkári Establishments have been revised and new Establishments sanctioned for the protection of the revenue. Hence the original estimate under Excise has been raised by Rs. 11,000. The Revised Estimate for Provincial Post Office contains a new charge of Rs. 10,000 on account of a subsidy given for a daily Mail between Bombay and Goa. Under Law and Justice provision of Rs. 10,000 has been made to cover payments of acting allowances and the cost of new Establishments sanctioned for process service. The increase of Rs. 35,000 in the Estimate for Police charges is due to the formation of a detective branch in the Presidency Town, the creation of an Inspector Generalship of Police with Establishment and the revision of Police Forces in some of the districts also contributed to this excess. The increase of Rs. 52,000 under Education is chiefly on account of new grants sanctioned in aid of primary schools within municipal limits. There is a net increase of Rs. 51,000 under Medical chiefly caused by (a) the new appointment of Health Officer for the Port of Bombay and the cost of a steam-launch for him, (b) and by a large provision for Hospitals, Dispensaries, and Lunatic Asylums on account of contingencies and diet of patients and clothing. The excess of Rs. 9,000 under Scientific and other minor Departments is chiefly on account of additional establishments sanctioned for the Director of Agriculture and arrear charges in connection with the late Calcutta International Exhibition. The estimate for Superannuation is raised by Rs. 38,000 on account of new pensions granted after the passing of the original estimate chiefly to retired Officers of the Judicial and Public Works Departments and arrear payments made during the current year. The excess of Rs. 3,000 under Stationery and Printing is on account of increased supply of stationery for the several Provincial offices. A special sum of Rs. 50,000 has been provided in the Revised Estimate to meet charges

connected with Relief Works which may be required to relieve distress in the Kaládgi District.

Rs. 32,000 under Customs. Forest expenditure exhibits a decline of Rs. 19,000 owing to a falling off in the demand for railway sleepers and fuel. There is a saving of Rs. 9,000 in special payments to Village Accountants for Registration under the Deccan Agriculturists' Relief Act, the work being now done by the ordinary departmental officers. Under Marine a large saving is expected in the grant for repairs to inland steamers; a portion of it will, however, be absorbed by arrear payment on account of compensation for removal of fishing stakes from the entrance of the Bombay Harbour. The increase of Rs. 7,53,000 under Civil Buildings, Roads and Services, in charge of Public Works officers is due to large grants having been made to the Public Works Department to meet increased requirements from the available Provincial Balance.

3. On receipt of the court's order, the Collector may either himself proceed to execute it, or may refer it, for disposal, subject to his supervision and control, to any of his subordinates not lower in rank than a Mahalkari.

4. The Collector or other officer, to whom he so refers the court's order, shall appoint a day for hearing any representations which the parties may desire to make, and shall cause a written notice to be served on each of them of the day so fixed.

On the appointed day, or as soon thereafter as may be, the Collector or other officer aforesaid shall, after such inquiry as he deems fit, determine whether any portion of the property to which the court's order relates is required for the support of the judgment-debtor or of the insolvent, and the support of the members of his family dependent upon him.

The decision of any officer other than the Collector under this rule shall be subject to confirmation by the Collector.

5. Possession of the property, or of so much of it as is not, in the opinion of the Collector, required for the support of the persons aforesaid, shall then be taken by the Collector or by the officer aforesaid on behalf of the Collector, and the fact of possession having been so taken shall be published by written notice to the parties, and by proclamation on or near the property in such manner as the Collector or other officer aforesaid deems suitable.

6. If the fact of the judgment-debtor or insolvent being entitled to possession be disputed, or if any objection be raised to the Collector's taking possession of the property or of any portion of it, the Collector shall refer the parties

concerned to the court and pending such reference shall stay proceedings in respect of so much of the property as is in dispute.

7. If after possession of the property has been taken under Rule 6, any order in writing is made by the Collector under Section 73A of the Act, directing that any other immoveable property not so taken shall be deemed to be reserved for the support of the judgment-debtor or insolvent, and the members of his family dependent on him, such order shall be published in the same manner as the fact of possession having been taken.

8. The Collector, or other officer aforesaid, may from time to time require by written notice the attendance of the parties in order to ascertain their wishes, or to obtain information which he may consider necessary to enable him to provide satisfactorily for the execution of the court's order; and if any party fail to attend in pursuance of such notice, the Collector or other officer aforesaid may decide the matter in his absence, and he shall not be entitled to be heard afterwards with respect thereto.

9. If the property of which possession has been taken by or on behalf of the Collector is in the occupation of a tenant paying rent for a share of the produce to the judgment-debtor or insolvent, the Collector or other officer aforesaid shall issue a written notice to such tenant, requiring him to pay the rent or share to him for so long as his tenure subsists.

If there be no tenant in possession, or on the expiration of the tenure if the land is in the occupation of a tenant, the Collector or other officer aforesaid may let, for a term not exceeding the seven years to which his management extends, with or without payment of a premium, the whole or any part of the said property to the highest bidder; or may let on farm or manage by himself or another, the whole or any part of such property, or may adopt partly one of such modes and partly another or others of such modes as he may deem most convenient and profitable.

The person to whom the Collector or other officer aforesaid lets the property, or through whom he manages it may be the judgment-debtor or insolvent or any person who holds a decree against the judgment-debtor or insolvent, or a third party as may appear most convenient and beneficial to the parties.

10. The Collector shall from time to time render to the court an account of all monies which come to his hands or to the hands of the officer aforesaid, and of all charges incurred in respect of the property in his management, and shall hold the balance at the disposal of the court.

Such charges shall include all debts and liabilities from time to time due to the Government in respect of the property, or any part thereof, and the rent, if any, from time to time due to a superior holder in respect of such property or part.

11. Where the management is at an end and all monies which have come into the Collector's hands have been disposed of, he shall retransmit

the papers received by him under Rule 1, together with the proceedings connected with the management of the property, to the court by post or in such manner as may be most convenient.

12. Every notice issued by the Collector or other officer aforesaid under these rules may be served in the manner prescribed by Section 191 of the Bombay Land Revenue Code, or if the person to be served is a party to the proceedings in the court and has a pleader, by forwarding a copy thereof to the court to be served upon the pleader.

- (1). Debits to "Cash Remittances to Treasuries" vouched by chalans dated 31st March or earlier.
- (2). Credits for Revenue.

Being composed entirely of book adjustments this Supplementary Cash Book will have no "balance" it will be closed on the same dates as the Cash Book for April and be sent with it to the Divisional Forest Officer.

3. You will observe that the above instructions refer to Range Officers' accounts chiefly. In Division offices the accounts for April should be pushed forward and rendered on due date (care being taken that they contain no item which ought to go into the Supplementary Accounts for March) and the Supplementary Accounts may then be taken in hand.

4. You are at liberty to adjust in these accounts any item of expenditure of the previous year which can be taken in reduction of the head "Advances to Contractors and Disbursers" and should do so as far as possible so as to bring down the "Advances" to as low a figure as possible and show against the grant of the year just closed all expenditure actually incurred before 1st April which is susceptible of adjustment by credit to Advances. Your Supplementary Account for March should be rendered not later than 20th May and should be (you will notice) strictly confined to

| (1). Debits to Forest Cash Remittances. | } These should equal each other. |
| (2). Credits to Revenue. | |
| (3). Debits to Expenditure. | |

The Supplemental Cash Account will have no opening or closing Cash Balance, should be accompanied with the usual vouchers and summaries of Revenue and Expenditure and the usual Form 34 which latter should open with the closing Balances of March.

5. Form 34 for April cannot of course be submitted until the supplementary accounts for March have been rendered and the closing Balances for March ascertained but it should be sent not later than 25th May.

CIRCULAR No. 2.

GAZETTED AUDIT DEPARTMENT

FROM

THE ACCOUNTANT GENERAL, BOMBAY,

TO

Bombay, 24th January 1885.

SIR,

I have the honour to direct your attention to the revised definition of the term *day* in the Civil Travelling Allowance Code as meaning a calendar day beginning and ending at midnight. By Section 24, Rules 2 and 31, an officer is prohibited from drawing permanent or daily travelling allowance for any day for which other allowances are drawn, and where, therefore, a journey for which mileage or double railway fare is charged extends over portions, however small, of two days no permanent or daily allowance is admissible for either of those days. At present Travelling Allowance Bills do not generally show whether a journey extended over more than one day and the information is obtained by correspondence. In order, therefore, to facilitate audit and minimise correspondence, I beg to request that in future the hours at which a journey began and ended, for which mileage or rail fare is charged, may be noted in the remark column of your Travelling Allowance Bill.

2. Where a journey has begun or ended very shortly before or after midnight, it is optional to draw the distance rate for only so much of it as was accomplished after or concluded before midnight drawing the permanent or daily rate for one day. In such a case a note explaining that this has been done should be entered in the remark column of your bill.

CIRCULAR No. 3.

ACCOUNT CURRENT DEPARTMENT.

FROM

THE ACCOUNTANT GENERAL, BOMBAY,

TO

ALL DISTRICT SUPERINTENDENTS OF POLICE.

Dated Bombay, 24th January 1885.

SIR,

I have the honour to inform you that, in order to avoid inconvenience to men of the Police force who are unable to advance their travelling expenses, it has been arranged with the Examiner, Public Works Accounts, that in future when Executive Engineers require to move their Police Guards on escort duty their Cashier shall pay the Railway fares, &c., and recover the amount from you in cash so that you may include the charges in your own Bills and draw the amount from the Treasury as charges of the Police Department. This arrangement is necessary owing to Executive Engineers being unable to communicate with you beforehand in every case in which expense is incurred in moving the guard, and you should give immediate effect to it, arranging that no avoidable delay occurs in recouping the Executive Engineer such sums as he may advance under this arrangement.

CIRCULAR No. 4.

ACCOUNT CURRENT DEPARTMENT.

FROM

THE ACCOUNTANT GENERAL, BOMBAY,

To

ALL COLLECTORS AND TREASURY OFFICERS.

Bombay, 30th January 1885.

SIR,

Under instructions from the Comptroller General recently received it has been arranged that when charges for service rendered to the Public Works Department in the way of cost of labour supplied or value of work done by a Department, which cannot be classed as quasi-commercial, amount to Rs. 10 and under, they fall within the meaning of the rule prohibiting petty interdepartmental recoveries and should be charged against the Budget Grant of the supplying Department.

2. Debits for these charges will not therefore be raised against the Public Works Department, and when the value of the service to be rendered would amount to Rs. 10 and under it should be met from your own Contingent Grant, but it is desirable as far as possible to avoid incurring such charges in the Civil Department.

CIRCULAR No. 5.

RESOURCE DEPARTMENT.

FROM

THE ACCOUNTANT GENERAL, BOMBAY,

To

ALL COLLECTORS AND TREASURY OFFICERS.

Bombay, 30th January 1885.

SIR,

Under the Comptroller General's printed letter No. 1917, dated 9th January 1885, the system of exchanging Public Works cheques for a consolidated receipt has been discontinued and all debits in your Treasury accounts of this nature must be supported by the cheques themselves.

2. Hitherto Collectors acting as Public Works Disbursers have not used cheques but, at the end of each month, have granted a consolidated receipt for the total amount paid from the Treasury on more or less informal vouchers. This procedure must now come to an end and no money must be drawn against the Collector's Public Works letter of credit except on a cheque signed by the Collector or any of his gazetted staff he may authorise to sign such cheques.

3. Public Works Disbursers have rules laid down for their guidance, and these rules apply to Collectors acting in that capacity; but, it generally happens that small sums are needed in several talukas, and it will probably be a convenient arrangement for Mamlatdars to pay such items from their permanent advance and to include them in the weekly lists of contingent charges to be sent to the Huzur under paras. 4 and 5 of my Circular No. 30, dated 3rd October 1883, when the total amount required can be recouped by one cheque drawn at the Huzur.

4. I have no wish to do any more than suggest the course proposed in the preceding para., but, would ask that commencing with the accounts for March 1885 I may be furnished with Public Works cheques (not with consolidated receipts) for every sum drawn from the Treasury against a Public Works letter of credit in favour of Civil Officers. The date 1st March is fixed so as to enable you to provide yourself with the necessary Cheque-Books.

CIRCULAR No. 6.

GENERAL DEPARTMENT.

FROM

THE ACCOUNTANT GENERAL, BOMBAY,

To

ALL COLLECTORS AND TREASURY OFFICERS.

Bombay, 30th January 1885.

SIR,

With reference to the rules sanctioned by Government under Chapter VIII. of Act I of 1884, "The Bombay Local Board's Act," I have the honour to issue the following detailed instructions regarding the accounts to be kept at Treasuries.

2. It may be explained that the "Local Fund Branch of the Treasury" will belong exclusively to the Local Fund established under Act I. of 1884 and that it will be regulated by the Local Board rules 25 to 28. Those rules do not however prescribe what is to be done at the Treasury itself and the object of this Circular is to lay down instructions for the guidance of the Treasury and not of its Local Fund Branch.

3. At the Treasury a simple Banking account should be maintained in accordance with Chapter 20 Rule 3 of the Civil Account Code. At most Treasuries there will be only one (Incorporated) Local Fund and the registers may therefore be kept in Civil Account Code form 14—but, when one Treasury deals with two Districts (for example, Kaira) a separate column must be maintained for each, two distinct accounts maintained, and two distinct credits and debits made in the cash accounts, thus:—

Incorporated Local Funds, viz. :—

Kaira Local Fund	...	Rs.
Panch Maháls Local Fund...	...	"

No schedule will be required from the Treasury as the rules provide for accounts being rendered by the Local Fund Branch of the Treasury.

4. Section 44 of the Act assigns to "the Local Fund" the *net* proceeds of the following, Revenues, for each of which a separate subsidiary register of receipts and payments (including refunds of any) must be maintained. A special form will be provided suitable both for the receipt and payment register, this will be Civil Account Code form 15 with the columns used to represent each a Taluka Board. The Revenues are:—

Section 44 (a) I.—Cess on Land in Sind under Bombay Act VIII of 1865.

" II.—Shop Tax in Sind (not levied at present.)

" (b) III.—Cess under Bombay Local Fund Act of 1869.

" (c) IV.—Gross proceeds of Ferries under Bombay Ferry Act of 1868 including penalties.

" (d) V.—Road Tolls and Leases under Bombay Act III. of 1875.

" (f) VI.—Fees for permission to remove sand and to quarry.

5. These registers pertain to the Treasury (not the Local Fund Branch) and the daily totals of each will be carried direct to the Cash Book, but, at the close of the month in preparing the cash account the monthly totals will be divided into two parts.

Credit of "net proceeds" to Local Funds.

(a). Provincial portion retained to meet per contra charges.

(b) Net proceeds.

(a) will be credited to Government in the Treasury Cash account while (b) will be credited to the Local Fund by a transfer to the Local Fund register as explained in next paragraph the division between the two being thus entered in the Local cess and other registers.

Monthly total (gross)	...	Rs.
Deduct "net proceeds" transferred to the Incorporated Local		
Fund Register...	...	"
Remainder credited to Provincial	...	"

Advice to President, Local Fund Board.

6. As soon as the entries referred to in the last paragraph are made an abstract of them will be prepared in the following form:—

Head of Revenue.	Táluka. A.	Táluka. B.	Táluka. C.	District Total.
I.—Cess on land in Sind under Bombay Act VIII of 1865				
III.—Cess under Bombay Local Fund Act of 1869				
IV.—Ferry Tolls, &c.				
V.—Road Tolls				
VI.—Local Land Revenue				
Total ...				

The total of this will be added to the subsidiary register of incorporated Local Funds prescribed in paragraph 3 in the following manner before it is carried into the cash account :—

Monthly Total	...	...	...	...	...
Add—"Net Proceeds" of assigned Revenue made over by Collector as per Statement	...	...	...	...	...
Total carried to Cash Account	...	...	...	...	...

A copy of the abstract will be forwarded promptly to the President of the Local Board for information and entry in the Local Fund Cash Book under Local Fund Rule 31.

7. When in an exceptional month the expenditure (for Refunds (if any) and cost of collection and assessment) exceeds the collections of the month, the adjustment with the Local Board will stand over for a future month in which the Revenue is in excess. To prevent the matter being overlooked each register will have a fly leaf (or title page) at its commencement on which memorandum will be kept of the adjustments made or to be made, thus :—

Month of actual transaction.	Gross Collections.	Charges Collection.	Net Proceeds credited to Local Funds.	Month of credit to Local Funds.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	
April	800 0 0	50 0 0	750 0 0	April.

	910 0 0	200 0 0	710 0 0	October.
November... ..	10 0 0	50 0 0		

8. In the List of Payments the expenditure will always appear in gross supported by a Schedule (Civil Account Code form 14) with vouchers, while the Revenue retained to meet the charges will, as already stated, be credited per contra; to make this clear the printed forms of each account will be arranged so as to show both net and gross figures and the entries given in last paragraph would be thus entered :—

9. Revenue realized under Bombay Act VIII of 1866 must be recorded in a talukwár register the portion which may be assigned to the Local Fund by the Collector under Section 44 (e) will be treated as a "contribution from Provincial to Local," i.e. the Revenue will as received be treated as Provincial and when assigned to the Local Board by the Collector will on that officer's order be "paid by transfer" from Provincial and credited to the Local Fund in the manner directed in Civil Account Code, Chapter 12 notes to Rule 15. Similarly all Revenue collected under Act XVIII. of 1883 will be credited to "Provincial" and the surplus assigned to the Local Board under Section 44 (g) debited to Provincial and credited to Local as a "contribution." A copy of each payment order in these two cases should be promptly furnished to the President of the Board in accordance with Local Fund Rule 31.

10. When a proportion of Ferry or Road Tolls collected in one district is assigned to another under the proviso of Section 44 the actual collections in the collecting district should be divided into 3 parts preparing the cash account, viz. :—

- (a). Provincial portion retained to meet per contra charges.
- (b). Net proceeds assigned to _____ district.
- (c). Net proceeds assigned to this district.

(a) and (b) will be credited to Government and (c) to Local, the revenue assigned to another district will be drawn from Provincial and credited to Local as a "contribution" in the accounts of that District, a copy of payment order being furnished to the President under Local Fund Rule 31.

11. Contributions from private persons (Section 44g) and receipts under Section 44(h) will be paid into the Treasury to credit of the Local Fund, as directed in Local Fund Rules 34 and 35, such receipts will be entered as they occur at the Huzúr (or appear in the Táluka daily sheets) in the Local Fund subsidiary register.

12. Educational expenditure from the Local Fund will be drawn by bills within the limits of a letter of credit under Section 50 of the Act and Local Fund Rule 39. These will be paid at the Huzúr Treasury *only* after examination and will be debited in full to the Local Fund, cash orders being issued for any payments required at Táluka Treasuries. After entry in the Local Fund register (*see para. 3*) the bills will be made over to the Local Fund Branch for entry in the Local Fund accounts and eventual transmission to this office as vouchers to those accounts.

13. All other payments will be by cheque drawn in accordance with Local Fund Rule 46. Care should be taken that the gross amounts of these cheques are duly entered in the accounts and the order of payment for cash and transfer payments is correctly prepared. Cheques so paid will be entered in a separate register (as in the case of Salt Department and Forest cheques) and *not in the Local Fund register*. At the end of each month you should ascertain the total amount of cheques drawn and should debit that amount in the Local Fund Register and credit it by a separate entry in the Cash Book as "Local Fund Cheques drawn;" this arrangement will secure an exact agreement between the Local Fund detailed accounts prepared in the "Local Fund Branch of the Treasury" and the debits in the Treasury itself.

14. It should be distinctly understood that claims against, and receipts in favour of, the Local Fund can only be adjusted at the Huzúr Treasury of the district and the Tálukas subordinate thereto in accordance with the rules laid down by Government and the Act on which they are based; if then a Government Department (Press, Jail, Forest, &c.) has a claim against the Local Fund, it must be submitted to the Local Fund and be formally paid at the Treasury in accordance with Rule 39 or 46 as the case may be. Similarly all sums due to the fund must be brought to credit at the Treasury; under this rule interest on Government Promissory Notes held by this office for any Local Board will be paid by means of a cheque drawn in favour of the President and payable by transfer at the District Treasury concerned.

15. The monthly cheque on account of Public Works Expenditure should be "paid by transfer," credit being afforded for the amount in the body of your Cash Book *not in the Public Works Register of Receipts*.

16. Under the provisions of Section 53 and Local Fund Rule 9 the Collector of the district is responsible to place before each board the information necessary for filling in the receipt side of the Annual Estimates. The actual figures are of course obtainable from the treasury accounts and registers. The revised estimate should be based on figures obtained by adding to the ascertained actuals of past months of the current year those of the closing months of the past year; corrections should be introduced from what is known, or can be ascertained of the history of the past and the expectations of the coming months, regard being had to the experience of earlier years. The Budget-Estimate figures should be for what is expected to be actually received during the year and not for the demand falling due within the year.

17. In the preparation of these returns the Collector should bear in mind the general instructions issued from this office and the rules in the Civil Account Code regarding the

preparation of the Budget so far as they can be applied to Local Funds. In the absence of more trustworthy data estimated figures on account of fluctuating receipts should be based on average ordinary actual receipts of the past three years the departmental officer being in all cases consulted.

18. The Collector will receive from the President, District Local Board, two copies of the sanctioned Budget, one copy should be forwarded to, after verifying the balances and the figures of receipts in time to reach the Accountant General on the 15th December, for incorporation in the Civil Budget Estimates of this Presidency. Any re-appropriation or supplementary Estimate subsequently sanctioned by the District Board will be communicated to the Collector at once and by him the Accountant General will be informed.

E. GAY,
Accountant General.
