*Invitation concerning the International Exhibition of Seeds, Cattle-Food, and Manure.*

In conformity with a Bill submitted to the Hungarian Legislature by Count Paul Széchényi, Royal Hungarian Minister of Agriculture, Commerce, and Industry, a Law (XII, 1883) has been passed for the purpose of instituting a 'General National Exhibition' to be held in Budapest, the same having on the 9th March 1883 received the sanction of His Imperial and Apostolic Royal Majesty Francis Joseph I.

By this Law the Budapest General National Exhibition to be held in the year 1885 has not only been placed under the patronage of the Hungarian Government, but has been declared a National Question; the Government being charged with the preparatory and organizatory works, as well as with the direction of this Exhibition.

A General Committee has been appointed by the above-named Minister and intrusted with the immediate management of the affairs of the Exhibition.

This General Committee will be presided by Dr. Alexander Matlekovits, Secretary of State, while Count Eugen Zichy, President of National Industrial Society, will be Second-President, and Dr. Julius Schnierer, Ministerial-Counsellor, will be Director of the Committee.

The General Committee, all by maintaining the limited character of the Exhibition, intending to produce in the first line only as complete and faithful a picture as possible of the Natural and Industrial Produces of Hungary, has decided to organize, simultaneously with and within the limits of the General National Exhibition, an International Exhibition of Seeds, Cattle-Food, and Manure, with the participation of any Foreign Country.

The object of this International Exhibition is to acquaint the Hungarian agriculturists with foreign produces and, in the interest of the interchange of seeds, also with foreign places of import, and generally to give a clear picture of foreign agricultural production, whereby opportunity shall be given to foreigners to procure themselves a favourable market for their produces in Hungary.

These general points are the main cause which have induced the General Committee to admit into the Agricultural Section seeds, cattle-food, and manure also from abroad, and to permit also foreign products to compete, whereby the interests of foreign Exhibitors shall be taken into due consideration and protected by way of appointing foreign members into the Jury.

In the name of the General Committee of the Budapest General National Exhibition, 1885.

COUNT EUGEN ZICHY, *Second-President.*

*Bombay Castle, 30th January 1885.*

No. 6.—The following Bye-laws made by the Trustees of the Port of Bombay under Section 73 of the Bombay Port Trust Act, 1879, with regard to warehousing of goods in Port Trust warehouses, granting warrants for goods, and other cognate matters, will come into force on and after the 1st April 1885 :—

1. Non-hazardous goods, whether dutiable or free, will be received into the Trustees' warehouses for custody on application made on Forms 1, 2, and 2A (see Schedules A, B, and B(1) attached hereto) at the rates laid down in the table of charges annexed to these rules.

2. Hazardous goods will be held to include cotton (except in full-pressed iron bound bales), vegetable fibres and grasses of all kinds, rags, mungo, waste of all kinds, pitch, tar, rosin, turpentine, brimstone, saltpetre, nitrate of soda, nitro-glycerine, gunpowder, fulminating powder, lampblack, tallow (manufactured or unmanufactured), including stearine candles, oils of all kinds, naphtha, camphine, liquid paraffin, petroleum and its products, varnish, spirits of all kinds (not in bottles), caoutchouc, gutta-percha, lucifer and percussion matches of all kinds, &c., and will not be received into the Trustees' warehouses.

3. Goods will be warehoused under "warrant" or without issue of "warrant," according to the desire of the warehousing party.

Goods lodged under "warrant" will be known as "warrant goods" and goods lodged without issue of "warrants" as "non-warrant goods."

4. For "warrant goods" stamped warrants will be issued on Forms 3 and 4 (see Schedules C and D hereto attached), but for "non-warrant" goods a receipt will be granted on Form 5 (see Schedule E).

5. "Non-warrant goods" will be delivered in whole or in part according to written delivery orders from the holders.

6. "Non-warrant goods" will be transferred from any one depositor to another on a written authority from the original depositor; in such cases a fresh receipt (Form 5) will be issued in the name of the transferee.

7. "Non-warrant goods" once transferred to another party will only be delivered upon delivery orders signed by the transferee, who can, however, also transfer to a third party and so on, the last transferee being always considered the holder of the goods.

8. In the case of goods in the dock transit sheds which are to be warehoused the applicants must first settle all the dock wharfage, landing charges, &c., and attach to his application the necessary customs documents. The receipt for dock charges paid must also be produced for inspection if required.

9. Warrants will only be issued provided that there is no lien for freight or otherwise on the goods to be lodged, and provided that all Port Trust charges for wharfage, landing, &c., are first paid.

Subsequent charges must be paid by the holders of the warrants before delivery of the goods.

10. Warrants will be transferable by endorsement without production of the warrants to the Trustees.

11. Goods covered by a warrant cannot be delivered without production and delivery of the warrant.

12. Proprietors of goods may pay rent and incidental charges on goods covered by warrant up to any desired date and have new warrants issued.

13. Warrants will be made out for such quantities of goods as may be convenient to importers, provided that the lotting operations have been satisfactorily completed beforehand.

14. Should the delivery of the whole contents of a warrant be directed and the goods not be removed within two days, a new warrant for the remainder of the goods incurring rent from the date of return of the original warrant must be taken out.

15. When the holders of warrants are desirous of assigning part contents without delivery, re-weighing, re-housing, &c., new documents may be obtained in exchange for the originals duly endorsed. The endorsement should specially direct the manner in which the contents are to be divided and state the names of the parties in whose favor the warrants are to be issued in the following form :—

"Please to divide the within" or, (when part is to be delivered) "Deliver to bearer (state how many packages) and grant new , one for (state how many packages) in favor of , one for," &c,

16. If desired by the holders warrants may be exchanged or divided without assigning the goods.

17. Original warrants will be charged for at the rate of 5 annas each, which will include the cost of stamp. Other warrants in lieu of those returned will be charged for at the rate of 6 annas each including the cost of stamp.

18. If from the nature of the contract between the seller and the buyer re-weighment should be necessary, new warrants, if desired, will be issued on deposit of the original warrants endorsed with directions to that effect containing the landing weights and re-weights as soon as the operations have been completed.

19. When any alterations such as re-packing, &c., are to be made, the warrants must be lodged, and others representing the goods as re-packed, &c., will be issued.

20. In the case of casks of liquids made use of to fill up others, the warrants for such casks must be lodged and the proprietor may either have a new warrant for the remainder or it may be delivered to his order.

21. In the last three cases the operations performed will be charged for in addition to the cost of any new warrants that may be issued.

22. In the event of warrants being lost or mislaid, duplicates will be issued on application, but an engagement by the owners and a substantial surety (in Form 6 appended), to indemnify the Port Trust in case of any claim being made on the original documents, must accompany the application; the loss of the warrants must also be advertised once at least in two English and two native local newspapers.

23. No duplicate warrants will be isused until seven clear days from advertisement of loss in the newspapers have elapsed.

24. On notice of loss of any warrants being given, the goods covered will be at once stopped until either duplicates are issued or the missing warrants are produced.

25. After duplicate warrants have been once issued, the originals, if produced, will not be acted upon.

26. A charge of 1 rupee in addition to cost of stamp will be made for every duplicate warrant issued.

27. Irregularities in endorsements on warrants must be carefully avoided by holders, as they not only lessen the security of the proprietors of goods and render the warrants incomplete as authorities, but also give rise to impediments in the regular despatch of business.

28. No unauthorized or irregular endorsement on warrants will be accepted or acted upon.

29. Weight notes corresponding to warrants will be furnished, when required, at a charge of annas 4 for each.

30. Part contents of goods specified in a warrant cannot be delivered unless the warrant is returned and fresh document taken out for the balance.

31. Rent for all goods placed in the warehouse will be charged per week, and part of a week will be charged as a whole week; the rent will commence from the date of application, and will be charged for the entire quantity of goods specified in the application.

32. In cases of goods transferred from one party to another, rent will commence for a fresh week from the date of transfer, the same as when a deposit is made; no abatement of rent for any unexpired portion of a week will be made to the transferror, the operation of transfer being considered in the same light as a delivery.

33. Goods placed in the warehouse will remain at the risk and expense of the depositors until a receipt or warrant be granted.

34. Goods once taken delivery of by owners under a clear receipt and not removed forthwith from the warehouse premises will remain at the risk and the expense of owners and no responsibility in connection therewith will rest with the Trustees.

35. The Trustees will not be answerable for any damage or loss suffered by merchandise while in the Trust warehouses if such damage or loss be the result of natural or unavoidable causes. Responsibility will only be admitted when the damage or loss has been in consequence of want of proper care or attention on the part of the Trustees.

36. The Trustees will not be responsible for contents of packages when the outward condition on delivery is the same as when the packages were first received into the warehouse.

37. Permission will be given for the opening of packages for appraisement, extracting of samples, &c., but all packages so opened without their condition having been questioned will be considered as taken delivery of, and no claim for damage subsequently discovered will be allowed.

38. Packages that have been once opened will lie in the warehouse at the risk of the owner.

39. As a principle no non-warrant goods will be delivered until all rents and charges due in respect of them be fully paid up, but this rule may be relaxed for the convenience of merchants having monthly transactions and accounts at the warehouse.

40. When charges for goods in the warehouses are made by bills such charges must be paid within two months after presentation of the bills; in case of non-payment of charges within the two months, the Trustees shall have the right to stop delivery of all goods in the warehouses standing in the names of the parties owing any rents or other warehousing charges until full settlement be effected.

41. The Trustees' warehouses will be closed on Sundays and on the general public holidays, viz.:—

Christmas Day, New Year's Day, Good Friday, the Sovereign's Birthday, and any Fast or Thanksgiving days ordered by Government, or on any special occasions ordered by the Trustees.

On other days the warehouses will be open from 7 A.M. till 5 P.M.

## PUBLIC WORKS DEPARTMENT.

*Bombay Castle, 14th February 1885.*

No. 7.—The following Notification by the Government of India, Public Works Department, is republished for general information :—

"No. 43.—The following is published for general information :—

No. 195 G., dated 4th February 1885.

RESOLUTION—By the Government of India, Public Works Department.

*Civil Engineers' Provident Fund.*

Read again :—

Public Works Department Resolution No. 1216 G., dated 15th October 1884.

Read also—

Despatch from the Secretary of State, No. 71, dated 13th November 1884.

RESOLUTION.—Since the publication of the Resolution now read again, the Secretary of State has ruled that contributions to the Civil Engineers' Provident Fund may be made compulsory on all Civil Engineers who may hereafter enter the Public Works Department. The Government of India has also authorized certain changes in regard to the accounts of the Fund. It has been found necessary therefore to issue a revised set of rules, which is appended to this Resolution.

2. The Secretary of State has also ruled that Officers now in the Department, who wish to join the Fund, may pay up arrears, within the authorized limits, from the commencement of service, or for any shorter time, in one sum, interest on which will be allowed from the date of payment.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burma, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor General for Central India, Rajputana, and Beluchistan.
The Accountant General, Public Works Department.
The Inspector General of Military Works.
The Director General of Railways.
The Consulting Engineers to the Government of India for Guaranteed Railways, Calcutta, Lahore, and Lucknow.
The Superintendent of Works, Simla Imperial Circle.

ORDER.—Ordered that this Resolution be forwarded to the Local Governments and Administrations and Officers noted in the margin, and to the Department of Finance and Commerce, also that it be published in the *Gazette of India* and in all Local Gazettes.

## CIVIL ENGINEERS' PROVIDENT FUND.

*Character of the Fund.*

1. Civil Engineers on the effective list of the Public Works Department.
2. Civil Engineers transferred to the Accounts Branch, or the Superior Railway Revenue Establishment, or to foreign service under Chapter III of the Civil Pension Code.
3. All civil members of the Superior Accounts Establishment who are not Civil Engineers.

I.—The institution of a Provident Fund on the following basis is sanctioned for the officers of the Public Works Department indicated in the margin :—

(1) The monthly deposit may be not less than 5 per cent. and not more than 10 per cent. on the salary (as defined in the Financial Codes) of each depositor for that month.

(2) In the case of officers now in the Department, the deposits will be voluntary, and may be discontinued and renewed at the option of the depositor. But officers joining the Department hereafter must contribute 5 per cent. of their salary to the Fund, and may contribute up to 10 per cent. of salary. Apprentices may contribute to the Fund, but will not be compelled to do so.

(3) Compound interest at 4 per cent. on such payments will be annually credited by Government to each officer subscribing.

(4) The sum which will thus accumulate to the credit of an officer to be his absolute property, to be handed over to him unconditionally on quitting the service, or, in the event of his death before retirement, to his legal representatives.

Administration of the Fund.

II.—The deposits received under the foregoing resolution will be placed in a Government Savings Bank named "Civil Engineers' Provident Fund." The administration of the Fund will rest with the Government of India in the Public Works Department.

Receipts of Deposits.

III.—Deposits will be received by the various Examiners of Public Works Accounts throughout India. They will be recovered by deduction from the pay bills, or may be made in cash. Deposits cannot, except in the cases provided for in the next rule, be made otherwise than through an Examiner of Public Works Accounts or an Executive Engineer who is in account with an Examiner.

IV.—An officer who is not on the books of any Examiner, but receives his allowances either from the Civil Department or from a local fund or a foreign State, may, if he has already been admitted as a depositor, pay his contributions either in cash into the nearest treasury, or, if he is paid by the Civil Department, by deduction from his salary bill. He must in either case specify the number of his account. His contributions will be passed on, by the Civil Accountant General, to the Examiner, Public Works Accounts, of the Province, who will exercise the responsibility mentioned in Rule VIII.

An officer of this class who has not already been admitted, must apply for admission (and assignment of number) to the Accountant General, Public Works Department.

For the purposes of this rule, the Examiner for the Province is, in the case of Indian Treasuries, the Examiner of Military Works Accounts.

Withdrawals.

V.—No withdrawal will ordinarily be allowed from the deposit until the depositor quits the service or dies. But on Local Governments or Administrations being satisfied that the pecuniary circumstances of a depositor are such, that the indulgence is absolutely necessary, a deposit may be temporarily withdrawn under orders issued by the respective Local Governments and Administrations—

(*i*) to pay for the passage of the depositor going on leave out of India on medical certificate, or returning after such absence;

(*ii*) to pay for the passage of any member of the depositor's family coming from beyond the sea to join him, or going beyond the sea, sick, or from some urgent cause.

A withdrawal thus sanctioned will be made after reference to the Comptroller General to ascertain that it is covered by the amount at credit.

VI.—Withdrawals under Rule V will be recovered in 20 equal monthly instalments compulsorily deducted from salary in addition to contributions under Rule I, whenever full salary is drawn, until the whole is refunded. Such instalments may be paid in advance.

Deceased depositors.

VII.—The balances of deceased depositors will be paid according to Rules 58 and 59, Chapter 19, of the Civil Account Code, edition 1883, and Act V of 1873.

Responsibility of Examiners.

VIII.—For the proper admission of depositors, the correct realization of the receipts, and the admission and payment of the withdrawals, the Examiners, as Audit Officers, will be entirely responsible. The functions of the Comptroller General are purely those of keeping the account of the receipts and withdrawals as reported by the Examiners.

Examiner's account of deposit.

IX.—All sums received from depositors will be credited, and all sums withdrawn will be charged by the Examiners under the head "Civil Engineers' Provident Fund."

X.—The Examiner will, at the end of each month, forward to the Comptroller General, Savings Bank Department, a statement of the sums he may receive on account of the Fund. This statement will contain (1) the dates of receipt; (2) the numbers of the depositors' accounts; (3) name and official designation of the depositors; and (4) amounts of deposits. The total of this statement must agree with the corresponding credit in the Examiner's account as rendered to the Accountant General. For number of depositors' account, see below, Rule XIII.

Examiner's account of withdrawals.

XI.—The Examiner will similarly forward a monthly statement of withdrawals. This statement will give the following particulars, and the total of it must agree with the corresponding debit in the Examiner's monthly account as rendered to the Accountant General:—(1) dates of payments; (2) numbers of depositors' accounts; (3) names and official designations; (4) amounts paid; (5) number and date of the orders of the Local Government or Administration for payment as prescribed in Rule V. For number of account, see below, Rule XIII.

The Accountant General will, together with his monthly account, send to the Comptroller General a complete statement, by Examiners, of the total receipts and withdrawals on account of Provident Fund.

Accounts of Fund to be transferred annually to the books of Examiner, Military Works Accounts.

XII. The yearly receipts and charges on account of the Civil Engineers' Provident Fund will be cleared from the books of the various Examiners by transfer to those of the Examiner of Accounts, Military Works, in whose books consequently the transactions of the whole Fund will be recorded.

XIII.—The account of each depositor will be posted in a ledger, to be kept by the Comptroller General, Savings Bank Branch. The ledger will be closed as soon as possible after 31st March of each year.

Depositor's ledger.

XIV.—Every account in this ledger will receive a distinct number. The number so given to the depositors' accounts will be consecutive. When a new depositor is admitted, the Comptroller General will, on reference, notify to the Examiner concerned the number to be given to his account, and this number will be quoted against all further deposits, and all withdrawals in the statements prescribed in Rules X and XI. A depositor's number will not be altered, nor will the numbers of closed accounts be given to new depositors. In the event of the depositor's transfer, the number will be noted on his last-pay certificate, in order that the next Examiner may be able to quote it in his deposit statements.

Numbers of depositors' accounts.

XV.—Interest will be allowed for each calendar month upon the minimum balance of the depositor's account between the close of the fourth day and the end of the month. In calculating interest under this rule, the deposits received by deduction from salary will be considered as paid into the Fund on the 1st of the month succeeding that for which the salaries from which the deductions are made are due. The interest will be calculated monthly as provided for in the form of ledger, but will not be added to principal until the end of the official year, except when the account is to be finally closed, in which case the interest will be paid, after reference, as prescribed in the next section.

Interest.

XVI.—When an account is to be closed, the Examiner who at the time is charged with the receipt of the deposits will submit to the Comptroller General a statement of the transactions of the past six months, certifying them to agree with the debits and credits in his accounts (or submitting such certificate of any other Examiner in whose accounts they were included), and will apply for an order for payment of interest and principal up to date. The account will be made up in advance, by the Comptroller General, and issued in the Form A attached, with an order directing the debit.

Closing of account.

XVII.—The amount of interest to be added to the balance of the fund will be calculated each year by the Comptroller General, who will issue a direction to the Accountant General, Public Works Department, to credit the amount to the Fund by debit to Civil Department in the Exchange account between the Comptroller, Indian Treasuries, and the Examiner of Accounts, Military Works. This transaction must include the debits on account of interest paid during the year on closed accounts, which during the currency of the year is debited to the Fund itself.

Addition of interest.

XVIII.—As soon as possible after receiving the March accounts of the Accountant General, Public Works Department, the Comptroller General will make up each depositor's account, with interest, till March 31st, and will send him, through the Examiner in whose account his last subscription was received, a statement of his account in Form A annexed, or in some similar form. Depositors are required to satisfy themselves as to the correctness of these statements; and unless errors in them are brought to the notice of the Comptroller General within one month from the date of their receipt, Government will not be responsible for any sums not thus acknowledged.

Yearly advice to depositors.

XIX.—Any depositor may once in the official year but not oftener, receive, on application to the Comptroller General, a copy of his account for the last official year, and for so many months of the current year as may have been posted and agreed with the accounts of the Department.
