Bombay Castle, 20th February 1885.

No. 19.—Under Section 74 of the Bombay Port Trust Act, 1879, the following bye-laws made by the Trustees under Section 73 of the said Act, with regard to warehousing of goods in Port Trust warehouses, granting warrants for goods and other cognate matters and published in the *Bombay Government Gazette* (in Notification No. 6 dated 30th January 1885) on the 5th, 12th and 19th February 1885, have received the approval of Government, and will come into force on and after the 1st April 1885 :—

"1. Non-hazardous goods, whether dutiable or free, will be received into the Trustees' warehouses for custody on application made on Forms 1, 2, and 2A (see Schedules A, B, and B(1) attached hereto) at the rates laid down in the table of charges annexed to these rules.

"2. Hazardous goods will be held to include cotton (except in full-pressed iron bound bales), vegetable fibres and grasses of all kinds, rags, mungo, waste of all kinds, pitch, tar, rosin, turpentine, brimstone, saltpetre, nitrate of soda, nitro-glycerine, gunpowder, fulminating powder, lampblack, tallow (manufactured or unmanufactured), including stearine candles, oils of all kinds, naphtha, camphine, liquid paraffin, petroleum and its products, varnish, spirits of all kinds (not in bottles), caoutchouc, gutta-percha, lucifer and percussion matches of all kinds, &c., and will not be received into the Trustees' warehouses.

"3. Goods will be warehoused under 'warrant' or without issue of 'warrant,' according to the desire of the warehousing party.

Goods lodged under 'warrant' will be known as 'warrant goods,' and goods lodged without issue of 'warrants' as 'non-warrant goods.'

"4. For 'warrant goods' stamped warrants will be issued on Forms 3 and 4 (see Schedules C and D hereto attached), but for 'non-warrant' goods a receipt will be granted on Form 5 (see Schedule E).

"5. 'Non-warrant goods' will be delivered in whole or in part according to written delivery orders from the holders.

"6. 'Non-warrant goods' will be transferred from any one depositor to another on a written authority from the original depositor; in such cases a fresh receipt (Form 5) will be issued in the name of the transferee.

"7. 'Non-warrant goods' once transferred to another party will only be delivered upon delivery orders signed by the transferee, who can, however, also transfer to a third party and so on, the last transferee being always considered the holder of the goods.

"8. In the case of goods in the dock transit sheds which are to be warehoused the applicants must first settle all the dock wharfage, landing charges, &c., and attach to his application the necessary customs documents. The receipt for dock charges paid must also be produced for inspection if required.

"9. Warrants will only be issued provided that there is no lien for freight or otherwise on the goods to be lodged, and provided that all Port Trust charges for wharfage, landing, &c., are first paid.

"Subsequent charges must be paid by the holders of the warrants before delivery of the goods.

"10. Warrants will be transferable by endorsement without production of the warrants to the Trustees.

"11. Goods covered by a warrant cannot be delivered without production and delivery of the warrant.

"12. Proprietors of goods may pay rent and incidental charges on goods covered by warrant up to any desired date and have new warrants issued.

"13. Warrants will be made out for such quantities of goods as may be convenient to importers, provided that the lotting operations have been satisfactorily completed beforehand.

"14. Should the delivery of the whole contents of a warrant be directed and the goods not be removed within two days, a new warrant for the remainder of the goods incurring rent from the date of return of the original warrant must be taken out.

"15. When the holders of warrants are desirous of assigning part contents without delivery, re-weighing, re-housing, &c., new documents may be obtained in exchange for the originals duly endorsed. The endorsement should specially direct the manner in which the contents are to be divided and state the names of the parties in whose favor the warrants are to be issued in the following form :—

"Please to divide the within or, (when part is to be delivered) Deliver to bearer (state how many packages) and grant new _____, one for (state how many packages) in favor of _____, one for, &c."

"16. If desired by the holders warrants may be exchanged or divided without assigning the goods.

"17. Original warrants will be charged for at the rate of 5 annas each, which will include the cost of stamp. Other warrants in lieu of those returned will be charged for at the rate of 6 annas each including the cost of stamp.

"18. If from the nature of the contract between the seller and the buyer re-weighment should be necessary, new warrants, if desired, will be issued on deposit of the original warrants endorsed with directions to that effect containing the landing weights and re-weights as soon as the operations have been completed.

"19. When any alterations such as re-packing, &c., are to be made, the warrants must be lodged, and others representing the goods as re-packed, &c., will be issued.

"20. In the case of casks of liquids made use of to fill up others, the warrants for such casks must be lodged and the proprietor may either have a new warrant for the remainder or it may be delivered to his order.

"21. In the last three cases the operations performed will be charged for in addition to the cost of any new warrants that may be issued.

"22. In the event of warrants being lost or mislaid, duplicates will be issued on application, but an engagement by the owners and a substantial surety (in Form 6 appended), to indemnify the Port Trust in case of any claim being made on the original documents, must accompany the application; the loss of the warrants must also be advertised once at least in two English and two Native local newspapers.

"23. No duplicate warrants will be issued until seven clear days from advertisement of loss in the newspapers have elapsed.

"24. On notice of loss of any warrants being given, the goods covered will be at once stopped until either duplicates are issued or the missing warrants are produced.

"25. After duplicate warrants have been once issued, the originals, if produced, will not be acted upon.

"26. A charge of 1 rupee in addition to cost of stamp will be made for every duplicate warrant issued.

"27. Irregularities in endorsements on warrants must be carefully avoided by holders, as they not only lessen the security of the proprietors of goods and render the warrants incomplete as authorities, but also give rise to impediments in the regular despatch of business.

"28. No unauthorized or irregular endorsement on warrants will be accepted or acted upon.

"29. Weight notes corresponding to warrants will be furnished, when required, at a charge of annas 4 for each.

"30. Part contents of goods specified in a warrant cannot be delivered unless the warrant is returned and fresh document taken out for the balance.

"31. Rent for all goods placed in the warehouse will be charged per week, and part of a week will be charged as a whole week; the rent

will commence from the date of application, and will be charged for the entire quantity of goods specified in the application.

"32. In cases of goods transferred from one party to another, rent will commence for a fresh week from the date of transfer, the same as when a deposit is made; no abatement of rent for any unexpired portion of a week will be made to the transferee, the operation of transfer being considered in the same light as a delivery.

"33. Goods placed in the warehouse will remain at the risk and expense of the depositors until a receipt or warrant be granted.

"34. Goods once taken delivery of by owners under a clear receipt and not removed forthwith from the warehouse premises will remain at the risk and the expense of owners and no responsibility in connection therewith will rest with the Trustees.

"35. The Trustees will not be answerable for any damage or loss suffered by merchandise while in the Trust warehouses if such damage or loss be the result of natural or unavoidable causes. Responsibility will only be admitted when the damage or loss has been in consequence of want of proper care or attention on the part of the Trustees.

"36. The Trustees will not be responsible for contents of packages when the outward condition on delivery is the same as when the packages were first received into the warehouse.

"37. Permission will be given for the opening of packages for appraisement, extracting of samples, &c., but all packages so opened without their condition having been questioned will be considered as taken delivery of, and no claim for damage subsequently discovered will be allowed.

"38. Packages that have been once opened will lie in the warehouse at the risk of the owner.

"39. As a principle no non-warrant goods will be delivered until all rents and charges due in respect of them be fully paid up, but this rule may be relaxed for the convenience of merchants having monthly transactions and accounts at the warehouse.

"40. When charges for goods in the warehouses are made by bills such charges must be paid within two months after presentation of the bills; in case of non-payment of charges within the two months, the Trustees shall have the right to stop delivery of all goods in the warehouses standing in the names of the parties owing any rents or other warehousing charges until full settlement be effected.

"41. The Trustees' warehouses will be closed on Sundays and on the general public holidays, viz.:—

"Christmas Day, New Year's Day, Good Friday, the Sovereign's Birthday, and any Fast or Thanksgiving days ordered by Government, or on any special occasions ordered by the Trustees.

"On other days the warehouses will be open from 7 A.M. till 5 P.M."

No. 16 E.U.B.A., dated Bombay, the 29th December 1884.

*From—F. MASOTTI, Esq., Acting Consul General for Belgium in British India,**To—The Secretary to the Government of India.*

I HAVE the honour to inform you that a Universal Exhibition of Fine Arts is to be held next summer at Antwerp, to which I am desired to invite the Government of India's, and through it, the Governments of the various Presidencies' official co-operation. This Exhibition, which is being organised by the Royal Society of Antwerp for the encouragement of Fine Arts, under the patronage of Government, and with the support of the Communal Administration, is to take place instead of the 24th triennial concours, and is to be opened on 2nd May next.

I beg to address you under separate cover twelve copies of the Prospectus of the said Exhibition setting forth its general rules and regulations, and shall feel very much obliged by the Government of India giving to the project the widest possible publicity.

I venture to hope that the Government of India may be graciously pleased favourably to receive the invitation I have been deputed to convey, and intended, moreover, in the interest of Artists.

May I be permitted to add, that Antwerp will, no doubt, next year, attract a considerable number of visitors of every nationality desirous of seeing the International Exhibition that is to testify to the aptitude and genius of every nation. This opportunity will be availed of to visit and contemplate the vast nautical establishments which have made Antwerp one of the first ports in Europe.

Moreover, that city, it is almost superfluous to mention, is not only a commercial centre, but has for centuries past ranked eminently amongst the world of arts, as shown by its chefs d'œuvre preserved in its Museums and Churches. A visit to Antwerp will, therefore, prove of the utmost interest for the artist as well as for the business-man and tourist.

The retrospective Exhibition of Art and Industries which it is proposed to open also in 1885 will further add to the numerous attractions of that commercial metropolis.

In conclusion, the Royal Society will organise, according to custom and with the authority of the Belgian Government, a lottery of art-objects acquired from amongst the exhibits, without distinction as to origin.

Belgium, and especially the city of Antwerp, reserves the most cordial reception to the foreign artists who, I trust, will numerously respond to the present appeal.

THE FINE-ARTS UNIVERSAL EXHIBITION OF ANTWERP IN 1885.**GENERAL REGULATIONS.****ART. 1.**

The Fine-Arts Royal Society of Antwerp shall, under the patronage of the Belgian Government, and with the co-operation of the Antwerp Communal Administration, organise a Universal Exhibition of Fine-Arts, to take place at Antwerp in 1885, instead of the 24th Triennial Exhibition.

Consequent upon this information, the Managing Committee shall, in concord with the Government Commissioner-General, proceed, without delay, to allot the sites to each foreign section in proportion to their requirements.

This allotment effected, notice shall immediately be given to the Foreign Committees that they may avail themselves of the ground thus assigned to each of them.

ART. 12.

The admission of Belgian Art-works shall be decided by a Jury appointed by the Government and composed of 33 members, of which 16 will be nominated by the Government, 16 by the Society's Managing Committee and the President, who shall be the Government Special Commissioner to the Fine-Arts Universal Exhibition.

Each delegation, the Government and the Society's, should include at least 14 artist-members, five of them to be general painters, three historical painters, two statuary artists, two architects or draughtsmen, and one engraver.

The said Jury shall decide also upon the admission of Art-works from foreign artists whose Governments may not be represented in the Exhibition.

Upon settlement of this affair, the Jury shall determine what Art-works should have the most prominent location. The Jury's decision shall hold good when the quorum shall consist of the majority of their members; but for deciding upon the admission of Art-works the majority should consist of two-thirds of the members present.

Secret balloting shall be granted whenever any Jury-man applies for it.

ART. 13.

For the proper display of Art-works, the Jury appointed according to Art. 12 shall constitute a Committee composed of their President and as many members as they deem necessary, provided the Government and the Society be equally represented between them.

ART. 14.

The Society's Managing Committee shall have made out an official catalogue of the Exhibition.

ART. 15.

Belgian artists shall be allowed carriage free for their goods to and from the Exhibition but only through Belgian railways, exclusive of any dray-carting expenses.

Foreign artists should send in their goods, all charges prepaid, to the Belgian frontier and take advantage of the special tariff No. 10, that is to say, of paying simply full import fare and no export fare. Goods from Belgian artists abroad must be sent in, all charges prepaid, up to the Belgian frontier.

ART. 16.

General surveillance over the different sections shall be guaranteed by the Society.

The Society's Managing Committee shall attend to—

- (1) the decoration of the whole Belgian Section;
- (2) receiving, unpacking, displaying, re-packing, carriage and re-carriage of their Art-works and packages.

Foreign Commissioners shall attend to—

- (1) The decoration and organisation of their Sections.
- (2) The unloading and re-loading of wagons, unpacking and repacking of their tapestries, &c., defraying their expenses, carriage and re-carriage of their packages, and special surveillance over their Sections during day-time.

In the management of their Sections, they should carefully look after the proper display of their goods all round, their separate classifications and ornamentations.

They shall enjoy the advantages offered by the special regulations respecting the transport, receiving, arranging, and re-shipping of their Art-works, as well as the advantages offered to foreign exhibitors by the customs tariff in the terms indicated in these regulations by the Belgian Government's General Commissioner.

ART. 17.

The despatch of goods shall be noticed by means of a certificate in triplicate, drawn up after a mode, to be hereafter forwarded in due time to interested parties, along with precise information as to dates, &c.

The packages of Art-works from foreign artists, whose Government may be represented according to Art. 5, should be labelled to the address of their official committees: the Society's Managing Committee shall refuse every package not in conformity with this essential condition.

ART. 18.

An international prize-awarding Jury shall be appointed under the Government's auspices, who shall choose from among themselves their Chairman, Vice-chairman, and Secretary.

For every class of goods the number of Jurymen shall be divided between the Belgian and foreign nations in proportion to the number of exhibitors.

ART. 19.

The Committee of each nation officially represented shall nominate what Jurymen they may be entitled to choose as well as their Chairman and Secretaries.

Jurymen that Belgium may be entitled to elect shall be nominated by the Jury of admission in the terms of Art. 13, who shall also name their Chairman and Secretary.

In the same manner they shall elect extra Jurymen to substitute the titular ones in order of seniority or other special attribute, whenever their attendance shall be required by the Jury of the class they may belong to. Their office shall cease when those whom they replace present themselves.

Exhibitors called to serve on the international jury shall not be debarred from competing for the prizes.

ART. 20.

Every international jury for each class of goods shall have a Chairman, Vice-chairman and a Secretary elected by the said jury itself.

In case of equal division of votes, the President (or Vice-president acting for him) shall have the casting vote.

ART. 21.

The nature of rewards shall be subsequently determined.

ART. 22.

The Society shall organise, as usual, with the Government sanction, a lottery of Art-works acquired from among those exhibited by Belgian or foreign artists.

ART. 23.

The Exhibition shall be kept open daily during the hours which the Society's Managing Committee shall fix.

It may, however, be closed under exceptional circumstances, should the Managing Committee deem necessary to do so.

ART. 24.

The entrance fee shall hereafter be fixed by the Society's Managing Committee.

ART. 25.

Exhibitor-artists shall be allowed each one a free ticket for the whole time the Exhibition lasts.

Such tickets shall bear the privileged receiver's signature, and be produced whenever required; if lost, under no circumstance shall they be replaced.

ART. 26.

No Art-work whatever displayed at the Exhibition shall be copied or reproduced in any shape whatsoever, unless the exhibitor or his representative consents to it by means of a special authorisation issued by the Government Commissioner-General.

ART. 27.

Nothing exhibited shall be allowed withdrawal from the Exhibition before its closure, unless the exhibitor produces to that effect a permit in writing from the Government Commissioner-General.

ART. 28.

The goods exhibited shall be returned to the exhibitors, as soon as practicable, unless directed to the contrary after the closure of the Exhibition.

Whatever goods exhibited, unreturned for want of sufficient packing or labels indicative to their return destination, shall be considered given up to the Society, who will dispose of them as they think fit, unless the said goods be claimed within six months by the owners.

ART. 29.

Steps shall be taken to protect the goods exhibited from theft and every kind of damage; but by no means will the Managing Committee be liable to make them good, whatever may be the extent and cause of such damages.

The exhibitors shall be, moreover, free to insure their exhibits for themselves against such losses, should they deem expedient to do so.

ART. 30.

The would-be exhibitors declare hereby to abide by these as well as any other regulations that might be promulgated hereafter.

1. Native regiments will go as far as possible on their full established strength of 550 of all ranks for cavalry, and 832 for infantry, *minus* the dépôt establishment.
2. Commanding officers will be held responsible that none but officers, men, and followers in every way fit for field service accompany the regiment. After eliminating sickly men they will complete with volunteers from other regiments. Regiments giving volunteers will recruit to complete establishment.
3. Each Native regiment will be completed to its full establishment of eight British officers, including those who may be recalled from furlough, and who may be expected to join.
4. Followers, servants, baggage, camp equipage, and kit for staff and departmental officers will be according to the Kabul scale, but without grass-cutters, except as hereinafter laid down for the cavalry. Regiments will be completed with full establishments in their respective presidencies. Each regiment to take field mule transport. Entrenching tools to be taken according to Kabul scale.
5. Dépôts for regiments will be formed under the orders of the Commander-in-Chief in India and of the Governments of Madras and Bombay, in accordance with G. O. No. 39 of 1884.
6. Mule *puckals* will be supplied as follows:—
8 per company, with 10 spare *mussucks*.

Chaguls—

1 per man for cavalry to be supplied by the Commissariat Department.

7. Native infantry will draw extra *batta*; and free rations will be allowed to all ranks of cavalry and infantry while on foreign service.

Troops not provided by the State with carriage will draw extra *batta* from date of marching. Non-*batta* drawing regiments will draw extra *batta* from date of embarkation.

8. Each Native commissioned officer of the cavalry will be required to keep up one pony and one attendant as syce and grass-cutter, whether he takes one or two horses; and the non-commissioned officers and privates to maintain one pony and one grass-cutter for every two horses.

9. Compensation at the rate of Rs. 5 per mensem will be allowed to the Native officers for each bargheer sanctioned by existing regulations, if maintained by them, out of which sum they will pay the share of the grass-cutter's wages and provide the stable gear. A similar amount will be deducted from the pay of the bargheer sowars.

10. As during a sea voyage the officers, non-commissioned officers, and sowars of the cavalry would be unable to make the requisite provision for the forage of their horses, whilst difficulty might be experienced in this respect during a portion of their service on land, the forage of the horses and of the mules or ponies accompanying will be undertaken by the Commissariat, with such assistance as the regiments and followers may be enabled to render after landing.

11. All ranks will be required, as at present, to maintain one efficient horse; but the Native commissioned officers will be allowed forage for two horses each, if they desire to take a second charger.

12. The grass-cutters will be paid by the troops as usual; but the ponies will receive grain, and when necessary, hay, free of cost. Both grass-cutters and animals will be employed to procure forage when obtainable, and must be held disposable for all purposes.

13. The Native commissioned and non-commissioned officers of cavalry will continue to subscribe to the regimental funds to such extent as commanding officers may deem necessary within the limits prescribed by regulations.

14. They will continue to supply themselves with the ordinary clothing, equipment, saddlery, and stable gear for their horses; but articles of extra clothing which may be necessitated by any speciality of climate or service will be issued free of cost.

15. All casualties of horses or ponies arising from neglect or from causes evidently unconnected with the particular nature of the service must, as usual, be replaced by the regiments concerned. Each troop will be allowed to embark and maintain two chunda horses, to meet casualties, which will be rationed free of cost.

16. All casualties among horses or ponies fairly attributable to, or connected with, the service, including those from accident on boardship or during embarkation or disembarkation, will, if there has been no proved neglect, be replaced by Government, or compensation will be allowed under the rules in Army Regulations for India, Volume II.

17. During the continuance of the arrangement under which the supply of grain and forage to the cavalry is undertaken by the State, the pay of the several grades will be as follows:—

19. The sanctioned followers paid by the troops will receive from Government free rations and such extra pay as may be necessary to put them on a par with the public followers of a similar class.

20. The scale of rations for Native troops on shore will be that laid down in Article 533, Army Regulations, India, Volume V, extracted in the margin. An allowance of 1 lb. of meat per man weekly is also authorized.

The issue of tea and sugar should be confined to the cases of sick and wounded for whom medical officers may authorize it, and for the rest of the troops on special occasions of fatigue, exposure, or bad climate, when recommended by the principal medical officer. On such occasions 2 oz. of sugar and ½ oz. of tea per man may be issued.

25. Pay lists of Native troops will be forwarded, as soon after the first of each month as may be possible, through the Field Paymaster, to the Pay Examiner of the Presidency to which the troops belong. Officers commanding regiments will draw monthly from the field pay office such sums as may be required for the pay of themselves and their men, after making provision to meet family allotments and remittances, fund subscriptions, &c., the amount of which allotments, &c., they will debit themselves with in their general states.

28. Officers commanding Native regiments and detachments detailed for service are directed to at once draw and distribute three months' pay in advance to their respective corps.

29. Staff and departmental establishments may receive similar advances, not including command contract, office and staff allowances.

30. The family remittances of Native troops will be arranged for, as usual, by officers commanding regiments. Officers and non-commissioned officers, requiring remittances to India, may remit the whole or any part of their pay to India at par on paying the amount to the Field Paymaster, who is authorized to grant transfer remittance receipts on any treasury in India. As an alternative arrangement, officers may leave with the Presidency Paymaster, Bombay, an allotment roll stating the amount they wish to be paid monthly, and the person to whom it should be remitted. That officer will then make the necessary remittance monthly and he will furnish the Field Paymaster with a list of the sums thus allotted, to enable the latter to make the necessary deduction from officers' pay bills. Remittances to England for the benefit of their families may be made through the Field Paymaster, at the official rate of exchange, to the extent of one-half of an officer's clear receipts, exclusive of office and contingent allowances.

31. CIRCULAR No. 8.

RESOURCE DEPARTMENT.

From—The ACCOUNTANT GENERAL, BOMBAY;
To—All COLLECTORS and TREASURY OFFICERS.

Dated Bombay, 20th February 1885.

I have the honour to inform you that it has been decided by the Government of India in the Public Works Department that the currency of cheques issued by guaranteed and subsidized railway companies provided with funds by credits on Government treasuries should be limited to three months from the date of issue in the same way as public works cheques. Should the currency of a cheque expire owing to non-presentation within three months from the date of its issue payment must be refused.

2. The above ruling applies to all guaranteed and subsidized railways provided with funds from Government treasuries on letters of credit, and also to the Southern Marátha Railway Company.

2. The transactions of Collectors with the Public Works Department as public works disbursers will, from 1st April 1885, be very

much reduced, as the expenditure of local boards will no longer be included in the Collectors' public works accounts—only those officers who are entrusted with public works expenditure from Provincial (or Imperial) revenues should indent on the Examiner for cheque books.
