No. 1733.—It is hereby notified that His Excellency the Governor in Council proposes in exercise of the powers conferred by Section 214, Land Revenue Code, 1879, to make the following rules, and to insert them as clauses (a), (b) and (c) to Rule 7 in the general body of rules framed under the said section and published in Government Notification No. 7368 at pages 795—816 of the *Bombay Government Gazette* for 1881, namely:

(a) The occupancy of salt lands, or of lands occasionally overflowed by salt water, should not ordinarily be disposed of, without first ascertaining by reference to the Salt Department, whether they are wanted or likely to be wanted for salt manufacture.

(b) On receiving an intimation from the Collector of Salt Revenue that any unoccupied land at the disposal of the Collector of the district is wanted or likely to be wanted for salt manufacture, the Collector of the district may, if he sees no objection to its appropriation for that purpose, dispose of such land to the Salt Department, and shall, in such case, cause a note to that effect to be made in the Village Register, and shall also cause to be cancelled any entry in that Register as to any assessment fixed on it as land appropriated for purposes of agriculture.

Such land shall thenceforth be at the disposal of the Collector of Salt Revenue, subject to the general orders of Government, to let for the

manufacture of salt or to make other arrangements as to its use for that purpose, on such conditions and for such period as, subject to the said orders, he may deem fit.

(c) If an occupant of unalienated land wishes to appropriate the same or any part thereof to the manufacture of salt or the construction of salt pans, he shall apply to the Collector of the district for permission to do so. The Collector of the district, if he sees no objection to such appropriation, shall consult the Collector of Salt Revenue as to the terms on which such appropriation should be allowed, and may then either—

(a) require the applicant to relinquish his occupancy rights and to enter into an agreement that such land shall be placed at the disposal of the Salt Department, subject to a lease in favour of the applicant, on such terms and for such period as the Collector of Salt Revenue, under the general orders of Government, may require, or may

(b) permit the appropriation applied for, without requiring the occupant to relinquish his occupancy rights either—

(a) on payment of the fine leviable under Section 65 and the new assessment, which may be leviable under Section 43, or

(b) on such terms as may be specially agreed on under Section 67 of the Land Revenue Code.

2. Persons who have any remarks or suggestions to make should communicate them in writing to the Chief Secretary to Government, Revenue Department, within one month from the date of this Notification.

No. 1733 A.—It is hereby notified that His Excellency the Governor in Council proposes, in exercise of the powers conferred by Section 214, Land Revenue Code, 1879, to alter Rule 21 in the general body of rules framed under the said section and published in Government Notification No. 7368 at pages 795—816 of the *Bombay Government Gazette* for 1881, by directing that after the words “overflowed by salt water” the following words shall be inserted:—

“provided it is not required or likely to be required for salt manufacture.”

2. Persons who have any remarks or suggestions to make should communicate them in writing to the Chief Secretary to Government, Revenue Department, within a month from the date of this Notification.

No. 1733 B.—The disposal of applications for permission to open new salt-works shall, subject to the control vested in the Governor in Council and in the Commissioner by Bombay Acts VII of 1873 and V of 1882, be regulated by the following rules:—

1. All applications for permission to manufacture salt are to be made to the Collector of Salt Revenue.

2. On receipt of any such applications the Collector of Salt Revenue shall in the first place make such enquiry as may be necessary to determine whether manufacture should be allowed or not in the locality referred to in the application. If it shall appear to him that manufacture may be allowed, and if the land be unoccupied, he shall report the result of his enquiry, with his own opinion and the grounds thereof, to the Commissioner of Salt Revenue, and shall, if the Commissioner so directs, apply to the Collector of Land Revenue to have the land placed at his disposal for salt manufacture in accordance with Rule 7 (b) of the rules under the Bombay Land Revenue Code.

3. If the Collector of Land Revenue agrees to the appropriation of the land for salt manufacture, the Collector of Salt Revenue shall thereupon have the land surveyed and cause a scheme to be prepared for its conversion into one or more salt-works, on such plan and of such dimensions as he may consider most advantageous.

4. The scheme shall embody a plan showing the position, shape and dimensions of the work or works to be constructed, and of pans, reservoirs, banks, storage platforms, channels, paths, &c., the routes by which only the salt is to be removed, the number and description of chaukis and other buildings to be provided by the manufacturer, the contribution to be paid towards cost of additional establishment, the rate of ground-rent to be levied, and all other particulars and conditions which the circumstances of the case may demand or which may from time to time be prescribed.

5. (1) The Collector shall submit the scheme and plan so prepared to the Commissioner.

(2) On receiving from or through the Commissioner instructions as to the scheme and plan finally approved, the Collector of Salt Revenue may proceed to dispose of the right to construct the salt-works and to manufacture salt in accordance with it either to the original applicant, if there be no others, or by inviting tenders, or by auction; or, if there be insufficient competition, may lease the ground for a suitable term of years, on condition that the work constructed thereupon shall revert to Government on the expiry of the lease.

(3) In the event of the Collector desiring to substitute a lease for a term of years instead of putting up to auction the right to manufacture, &c., he shall, before passing orders, submit the matter to the Commissioner, and act in accordance with his directions.

6. The person whose application, tender or bid is accepted, or to whom the ground may be leased, shall be required to conform strictly to the scheme, any departure from which, except with the permission of the Collector in writing under sanction previously obtained from the Commissioner, will entail forfeiture of the permission to manufacture.

7. The Collector of Salt Revenue may, at any time of his own motion under sanction previously obtained from the Commissioner, apply to the Collector of Land Revenue to set apart for salt manufacture any unoccupied and unassessed land which he considers suitable and likely to be required for that purpose, and on the land being set apart may either at once proceed to prepare a scheme and dispose of the right of manufacture or await applications, as may seem most advisable.

8. It is to be distinctly understood that the right to manufacture salt conferred by the Collector of Salt Revenue under the foregoing rules, whether for a term of years or otherwise, will be distinct from the occupancy and includes no proprietary right. On the determination of the right to manufacture, whether by expiry, forfeiture or otherwise, the possession of the ground and of any works constructed on it reverts to Government absolutely.

9. (1) When the application relates to occupied land, the Collector of Salt Revenue, if he considers that manufacture may be allowed, shall inform the applicant of the terms upon which permission will be given, and refer him to the Collector of Land Revenue. On the receipt of an intimation that no objection to such appropriation exists on the part of the Land Revenue Department, the Collector of Salt Revenue shall, in consultation with the Collector of Land Revenue, consider on which of the alternative conditions mentioned in Rule 7(c) of the Bombay Land Revenue Code Rules the permission to appropriate and the license to manufacture should be granted, and shall submit the result of such consideration to the Commissioner of Customs, Salt, Opium and A'bkari.

(2) If under instructions received from the Commissioner it is decided that the occupancy should be relinquished, and that a lease shall

be granted in its stead, the Collector of Salt Revenue shall prepare a scheme under Rule 4 of these rules. In any other case the terms on which the license to manufacture salt shall be granted shall be such as may from time to time be prescribed. All decisions under this rule shall, before the application is finally disposed of, be communicated to the applicant, who, if the license to manufacture salt is granted, will be bound by all the conditions so decided on.
