JUDICIAL DEPARTMENT.

Bombay Castle, 17th October 1890.

No. 5692.—The following rules and forms of a system of deposit accounts prepared by the Accountant General and approved by the Honourable the Chief Justice and Judges of the High Court for adoption in the Mofussil Small Cause Courts are published for general information :—

Rules for Mofussil Small Cause Court Deposit Accounts (Civil Account Code XIV, 14-15).

I.—When any person is desirous of paying money into Court in connection with a suit, or when collections are made by a Bailiff or officer of the Court, he shall be furnished free of cost with two forms of chalan (Form A), which must be filled up by the person or officer tendering the money and delivered with the amount tendered to the Názir of the Court.

[No person is required to take out a chalan, until he is actually ready to pay in money, and the chalan must be used without delay.]

II.—The Názir, having ascertained that the amount tendered is correct and is due from the person on whose account it is tendered to the person to

whom it is stated to be payable, shall receive the money, sign the chalans, and should then, either personally or by his kárkún, enter the transaction immediately in the register of receipts prescribed in Rule V. The chalans must then be numbered with the consecutive serial number of the entry in the register.

III.—The two chalans and the register should be passed on to the Registrar of the Court, who will sign both chalans after checking and initialling the entry in the register. The original chalan will then be handed to the person or officer making the payment through the Názir.

The duplicate chalan will be retained for reference by the Court and arranged and tied in monthly bundles.

IV.—Persons desirous of obtaining money from the Court must present to the Názir an authenticated copy of the decree or document on which their claim is based. The Názir, having tested the validity of the claim and satisfied himself that the amount has been received and is still due, will endorse payment on the back of the decree, or, document presented, and will enter the transaction with all the necessary particulars in the register of payments prescribed in Rule V. The Názir must then obtain the party's signature or mark on the register in duplicate. The original register (that is the Court's record) and the decree or document will then be submitted to the Registrar, who will initial the entry in the register and attest the endorsement of payment made by the Názir on the decree or document which will be returned by the Názir to the person by whom it was presented, when payment of the amount sanctioned is made.

[Payment may be made by cheque on the Government treasury or in cash and currency notes as may be convenient to the Court. See note to Rule XI].

V.—For deposits in satisfaction of decrees there shall be kept at the Court a register of deposit receipts in form B, and a register of deposit payments in form C. For subsistence money received for payment to witnesses and for batta to judgment-debtors the registers of receipts and payments shall be in forms D and E respectively.

Registers B and C will be written up in duplicate.

[The original is the Court's record, and the duplicate for submission to the Accountant General].

Registers D and E are for the Court's record only.

[I.—By providing a column for payee's signature in form C, the necessity for separate vouchers is removed and some clerical labour saved. The payee will sign both registers in column 11, but on one only, the office record, need a stamp be affixed for sums above Rs. 20].

[II.—In the copy of form B for the Accountant General the columns for "details of payments" should be left blank for use in the Accountant General's office, but in the office register these columns must be filled up at once].

VI.—The total of the several amounts received or paid each day, up to the time of closing the accounts as entered in the column "amount of deposit" or "amount paid," should be posted into the column "daily total carried to the cash book" of the respective registers B to E. In the office record there should be a monthly total and a progressive total for the year, but the registers in forms B and C for the Accountant General should show monthly totals only.

VII.—In addition to the registers specified in Rule V the Court will keep a cash book (form F) and a ledger (form G). In form F (cash book) will be entered on the debit or credit side, as may be necessary, the daily totals from registers B to E and any other miscellaneous items of receipts that may pass into the hands of the Názir, such as commission fees, fines, comparing fees, penalty for insufficient stamps duty, and such other sums as are to be finally credited to Government, but not the pay of the Judge and his establishment and the permanent advance for contingent expenditure, as separate orders exist regarding these items.

The cash book (form F) will be closed and balanced every day. The closing entry will specify particulars of the balance thus :—

<i>Balance—</i>		Rs. a. p.	
1. In the Treasury		Rs.	...
CASH WITH THE NÁZIR.			
2. Suitors' deposits		Rs.	...
3. Subsistence money and Batta		„	...
4. Miscellaneous amount		„	...
		Rs.	...

Entry 1 must agree with the pass-book and the aggregate of 2, 3 and 4 should be verified by counting the cash. The Názir, having signed the cash book, will obtain the signature of the Registrar of the Court, who is responsible that the amounts have been correctly entered and that the arithmetical balance is correct.

[Transactions with the Treasury in respect to the deposit account will not be entered in the cash book, but the amounts finally credited to Government should be credited and debited in the cash book].

VIII.—The Ledger (form G) is a supplementary record (for the Court) of suitors' deposits received and paid in each suit. It will show at a glance what amounts have been received from each judgment-debtor, and will facilitate a reference to the original entry in register B. The entries made in registers B and C must be posted into form G every evening or at latest the first thing the next morning.

[*Note.*—The correctness of the Ledger postings can readily be proved by preparing a memo of the balances, the aggregate of which should agree with the difference between the progressive totals of registers B and C].

IX.—Transactions with the Treasury will be by means of a pass-book (form II) for deposits, and by cheques (form I) for withdrawals.

Fines, comparing fees, and other items that are intended to be finally credited to Government, should be sent to the Treasury daily. Such amount should not be entered in the pass-book and must be remitted separately from sums to be credited to the Court's deposit account. Every remittance to the Treasury intended to be credited to the deposit account should be accompanied by the pass-book and a Treasury chalan (Civil Account Code, Chapters 1—3).

[A supply of forms can be obtained from the Treasury Officer].

For payments into the Treasury to the credit of Government, the Court will receive from the Treasury Officer an acknowledgment on the chalan presented. For amounts deposited the entries will be made in the pass-book by the Treasury and be receipted by the Accountant and Treasurer when the remittance is under Rs. 500, and by the Treasury Officer when it exceeds that amount.

X.—There should be, as far as is possible, a daily remittance from the Court to the Treasury of suitors' deposit money received, and no balance on this account must remain with the Názir on the last working day of the month.

[There is no objection to payments being made to judgment-creditors from deposits received during the day, but when the account is made up in the afternoon, the amount so paid must be recouped by drawing a cheque which should accompany the cash and be adjusted at the Treasury, so that the gross transactions may pass on to the Treasury books].

XI.—Withdrawals from the Treasury for payments to suitors will be by cheques (form I), signed by the Judge or (with the approval of Government) the Registrar of the Court. Cheques must be presented on the date on which they have been drawn. Whenever the pass-book is presented at the Treasury, the cheques paid must be posted in the pass-book and attested by the Treasury Officer.

The Judge should arrange to send the pass-book to the Treasury during the first week of the month to be written up, balanced and signed by the Treasury Officer after verification with the Treasury accounts.

[Payments to parties when the amount is large or exceeds a limit to be fixed by the Judge can be made by a cheque in favour of the payee drawn on the Treasury, but the payee must be informed that payment can only be made at the Treasury on the date of issue. If it is late in the day, and there is a possibility that the cheque cannot be presented on the date of issue, it can be dated the next day].

XII.—The Court shall render to the Accountant General monthly a copy of the registers in forms B and C signed by the Registrar and countersigned by the Judge accompanied by a *plus* and *minus* memo. in the subjoined form—

XIII.—In April of each year, the Court shall furnish the Accountant General with a list of the balances still outstanding of more than one year's standing in (form B), as laid down in Civil Account Code, Chapter XIV-9, and a statement showing date of receipt, number of deposit and balance at credit, of deposits which have lapsed to Government. These items should be excluded from the annual account particulars to be rendered in April of each year. The aggregate of these items must at the same time be adjusted at the Treasury by a cheque drawn on the deposit account.

Deposits credited to Government under this rule cannot be repaid without the sanction of the Accountant General, but this sanction will be given as a matter of course, on proof that the item was really received, was carried to credit as a lapsed deposit and is now claimed by the person who was entitled to draw it before the lapse.

[The monthly and annual returns prescribed in Rules XII and XIII will be audited and checked in the office of the Accountant General like other deposit accounts, and errors or objections will be communicated to the Judge for such action as may be necessary in each case].

XIV.—As laid down in Rule V, the receipts and payments will be entered in detail in forms D and E. It will be the duty of the Judge occasionally, say once or twice a month, to call for these registers and satisfy himself that the entries are carefully and properly made, and to require the Registrar or other officer of the Court, other than the person charged with accounting for the money, to certify monthly that the account has been personally examined and found correct.

Items remaining unpaid over twelve months at the end of each account year should be communicated to the Accountant General and adjusted at the Treasury as laid down in Rule XIII.

[The Accountant General will not exercise any audit over these transactions such as is prescribed for suitors' deposits.]

10. When an application is granted, a permit shall be issued to the applicant by the Range Forest Officer authorizing him to cut or collect and remove the forest-produce in respect of which it is given, within a period which shall be specified in the permit. If trees are to be cut, they shall be marked and the permit shall specify their situation, number and kinds and their maximum diameters at breast-height. No permit shall be given for cutting or removing wood at any time between the 31st May and the 31st October, except in very emergent cases.

11. Forest-produce obtained on permits shall be paid for at such rates as Government shall from time to time direct; and measures shall be taken by the Conservator for causing the said rates to be duly published.

12. (1) Twenty-five per cent. of the purchase-money shall be deposited by a permit-holder at the time of the issue of the permit, and this amount will be forfeited to Government, should the forest-produce not be cut or collected and removed within the period specified in this behalf in the permit. The balance of the purchase-money shall be paid before any forest-produce is cut or collected.

(2) If reasonable cause is shown by a permit-holder for delay, the Divisional Forest Officer may, at his discretion, from time to time extend the period specified in his permit.

13. Due intimation of the issue of a permit, with all necessary particulars, shall be given by the Range Officer in charge of the sub-division to the village officers within the boundaries of whose village the permit is to have validity.

14. The holder of a permit for cutting trees shall not remove any of the wood cut;

- (a) without reporting to the Range Officer that the trees have been cut; nor
- (b) until the wood has been measured and stamped by a forest officer appointed by the Range Officer in this behalf; nor
- (c) until the wood has been fully paid for, according to the measurement of the said officer.

15. (1) Wood obtained under a permit as aforesaid shall be measured in the manner at the time being in vogue at Government wood dépôts in the Kánara District.

(2) Should the trees which a permit-holder has been licensed to cut yield a greater quantity of wood than that for which the permit was granted, the permit-holder shall pay for the whole quantity cut and shall be allowed, if he wishes, to remove the excess quantity.

16. The Range Forest Officer in charge of the sub-division shall keep a register of all forest-produce obtained on permits in such form and containing such particulars as the Conservator shall from time to time prescribe.

17. Forest-produce obtained under a permit shall not, without the permission in writing of the Divisional Forest Officer, be applied to any purpose other than that stated in the application upon which the permit was granted.

18. The purchase-money payable under Rule 11 for timber obtained on a permit may be remitted in whole or in part, when the timber is required for any of the following purposes:—

(a) Works of public utility, such as village-chaukis, schools, dharmshālās, public bridges, covers to or fencing round public wells and repairs of religious edifices not the property of individuals;

(b) the construction or repair of agricultural implements;

21. (1) Permits for grazing will also be granted by the Range Forest Officer in charge of the sub-division on application being made to him in this behalf. The said permits shall be in such form and contain such particulars as the Conservator of Forests from time to time directs.

(2) The fees to be charged for permits for grazing shall be such as Government from time to time directs, and measures shall be taken by the Conservator of Forests for causing the rates of fees to be duly published.

Part IV.—Prohibitions.

22. The following acts are prohibited, viz.:—

(a) the exercise of any privilege or right conceded or recognized by these rules in any manner or at any time or place or for any purpose not allowed by these rules or contrary to or without duly fulfilling any provision of these rules, or by or on behalf of any person not entitled under these rules to such privilege or right;

(b) the doing of anything whether in the alleged exercise of a privilege or right (not being a right recorded under Section 28 of the Forest Act or claimed as an existing right in any case in which the proviso to that section applies) or otherwise, which is not authorized by these rules or by a permit granted under these rules;

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (e) in order to secure that 'a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer.'

7. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above mentioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit, and such Candidates shall be deemed to be selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected Candidate. A Candidate entitled to be deemed a selected Candidate, but declining to accept the nomination as such, which may be offered to him, will be disqualified for any subsequent competition.

(e) Marks assigned in English Composition and Mathematics will be subject to no deduction. Each science will, for the purpose of deduction, be treated as a separate subject.

(f) A syllabus, showing the extent of the examination, will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

In this Examination, as in the open competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the open competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one Examination. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the 'Final Examination.'

10. Candidates will be tested during their probation as to their ability to perform journeys on horseback; and no Candidate will be deemed qualified for the Civil Service of India who fails to satisfy the Civil Service Commissioners of his competence in this respect.

The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms*, which may be obtained from 'The Secretary, Civil Service Commission, London, S.W.,' at any time after the 1st December, 1891. The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

Evidence of health and character must bear date not earlier than 1st May, 1892. (4.) An allowance amounting to £100 will be given to all Candidates on passing their position at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrew's, and Aberdeen; University College, London; and King's College, London; provided such Candidates shall have passed the Final Examination to the satisfaction of the Civil Service Commissioners, and shall have complied with such rules as may be laid down for the guidance of Selected Candidates.

Candidates are not permitted to migrate from the University originally chosen by them to another University without first applying to the India Office for the permission, and receiving the sanction of the Secretary of State, who will not entertain such applications unless good and sufficient reasons are assigned.

(5.) The allowance of £100 will not be paid to any Selected Candidate until he has been certified by the Civil Service Commissioners to be entitled to be appointed to the Civil Service of India; and every Certified Candidate must, before receiving his allowance, attend at the India Office and enter into an agreement binding himself, amongst other things, to refund to the Government the amount of his allowance in the event of his failing to proceed to India. A surety will be required.

(6.) All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to agree to such Regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council. The stamps payable on these covenants amount to £1.

(7.) Candidates rejected at the Final Examination of 1891 will in no case be allowed to present themselves for re-examination.

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

SYLLABUS,

Showing the extent of the Examination in certain subjects at the Open Competition for admission into the Indian Civil Service in 1892.

The Regulations governing the Open Competition for admission into the Indian Civil Service have been framed with a view to the principle regarded by Lord Macaulay's Committee, in 1854, as essential, viz., that the object of the Competition should be to secure for the Indian Civil Service officers who 'have received the best, the most liberal, the most finished education that their native country affords.' The scheme of examination has accordingly been made to embrace most of the subjects of the Honour Schools in the Universities of Great Britain and Ireland. In administering the scheme, the Civil Service Commissioners, concurring with Lord Macaulay's Committee in the opinion, 'that no Candidate who may fail should, to whatever calling he may betake himself, have any reason to regret the time and labour which he has spent in preparing himself to be examined,' desire to

avoid all disturbance of the general course of University studies, and to render it possible, with due regard for the principle of Open Competition, for those who have graduated with honours at the Universities, to attend the examination for the Indian Civil Service with good prospects of success. The appended Syllabus shows in outline the intentions of the Commissioners with regard to the extent and character of the examination in those subjects which seem to require further definition. The scope of the examination in the subjects not mentioned in the Syllabus is sufficiently defined in the scheme published in the Regulations themselves. The Examiners will be instructed to keep the Standard in each subject up to the level of the highest course of study pursued in the Universities.

ENGLISH COMPOSITION.—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

ENGLISH LANGUAGE AND LITERATURE.—The Examination will be in two parts. In the one the Candidates will be expected to show a general acquaintance with the course of English Literature, as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria:

Verse—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

Prose—Bacon, Sir Thomas Browne, Milton, Swift, Defoe, Addison, Johnson, Burke, Scott, Southey.

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers in themselves, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English literature. Candidates will also be expected to show that they have studied in these authors the history of the English language in respect of its vocabulary, syntax, and prosody.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated.

1. 1340—1600
(1892) [Chaucer to Spenser]
2. 1600—1700
(1893) [Shakespeare to Dryden]
3. 1700—1800
(1894) [Pope to Cowper]
4. 1800—1832
(1895) [Nineteenth Century writers to the death of Scott]

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English language and literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners.* The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare, for example, will be regarded as falling within the second period; all the works of Swift within the third; all the works of Scott and Wordsworth within the last.

FRENCH LANGUAGE AND LITERATURE.—Passages for translation from French into English, and from English into French; Critical questions on the French Language and Literature.

GERMAN LANGUAGE AND LITERATURE.—As in French.

LATIN LANGUAGE AND LITERATURE.—Passages for translation from Latin into English; Composition in Prose and Verse (in the place of the latter may be taken, by those who prefer it, a paper of critical questions on the style of the Latin orators and poets, based on Cicero *De Oratore* and Quintilian, *Institutiones Oratoriae*, Lib. x.); Critical Questions on the Latin Language and Literature.

GREEK LANGUAGE AND LITERATURE.—Translations from Greek into English. Composition in Prose and Verse (in the place of the latter may be taken by those who prefer it, a paper of critical questions on the style of the Greek orators and poets, based on Aristotle's *Rhetoric* (Book iii) and *Poetics*). Critical Questions on the Greek Language and Literature.

SANSKRIT LANGUAGE AND LITERATURE.—Passages for translation into English from Sanskrit, and from Sanskrit into English. History of Sanskrit Literature (including knowledge of such Indian History as bears upon the subject); Sanskrit Grammar; Vedic Philology.

ARABIC LANGUAGE AND LITERATURE.—Translations as in Sanskrit; History of Arabic Literature; Arabic Grammar; Arabic Prosody.

ENGLISH HISTORY.—General questions on English History from 800 to 1848; questions on the Constitutional History of England from 800 to 1848.

800—1193.
2. From the Third Crusade—The Diet of Worms.
1193—1521.
