PART V.

PROCEEDINGS OF THE LEGISLATIVE DEPARTMENT, BOMBAY.

The following Report of the Select Committee of the Council of His Excellency the Governor of Bombay on the "Bill to amend the Law relating to the Land Revenue Administration of the City of Bombay," and the Bill as amended by the Committee are, in accordance with Rule 25 of the Rules for the conduct of Business at Meetings of the Council, published for general information:—

REPORT of the Select Committee appointed to consider the "Bill to amend the Law relating to the Land Revenue Administration of the City of Bombay."

The Select Committee appointed to consider the provisions of Bill No. 2 of 1875 (A Bill to amend the Law relating to the Land Revenue Administration of the City of Bombay), beg to submit to the Council the following report:—Many suggestions have been made in Select Committee with the object of limiting the power vested in the Collector to levy or enhance assessments, in cases where custom or usage or other circumstances may have operated so as to create a limitation to the right of Government to assess. The object of these suggestions has been to prevent any disturbance of the positive law in reference to landed property held in the Island and City of Bombay. The Committee have preferred to reserve the full discussion of these suggestions until the Bill is considered in the Council, but they have modified Section 8 by the addition of the clause in the seventh line—"or in regard to which there is no limitation of the right of Government to assess," and they have called for a return of the classes of lands wholly or partially exempt from assessment, which they propose to print in a schedule to the Act, should the present Bill become law. In the same spirit, lines 5 to 9 in Section 24 have been omitted, and the qualifying adjective "unoccupied" prefixed to the words "lands" and "portion of the foreshore."

The Committee have thus guarded against the introduction of any clause into the Bill which might seem to alter the existing law regarding to proof or shift unduly the burthen of proof on parties claiming possession of occupied lands.

In Section 3, the Committee have omitted from Clause 3 the words "or any other object, natural or artificial, employed or specified by the said Officers in order to designate the boundaries of any division of land," and the words "or object employed and specified," and have introduced the words "or other" in the sixteenth line after "iron." The object of this modification has been to limit the powers reserved to the Collector in Part V. of the Bill to such marks as may have been originally set up by himself or by the Officers who conducted the City Survey. Similar alterations have, where necessary, been effected in other parts of the Bill.

In regard to encroachments, the Committee have, after some consideration, agreed to adopt the Bombay City Survey records and plans as a *prima facie* basis for the guidance of the Collector.

The alterations introduced into Part IX. and affecting the procedure of the Collector call for few remarks. The provisions of Section 37 have been materially altered by allowing a party to appear in all cases by an Agent, and requiring from him only such information as may be in his possession.

The Committee have taken into consideration the petition of the Bombay Law Society, dated September 21st: but whilst they have not deemed it necessary to alter the provisions of the Bill further than has been detailed, they will reserve further consideration of that petition until the Bill comes before the whole Council.
