NOTIFICATIONS.

GENERAL DEPARTMENT.

Bombay Castle, 22nd October 1892.

No. 3832.—The following telegram from the British Agent and Consul General, Bagdad, dated 20th October 1892, is published for general information:—

“Five days’ quarantine against Karáchi has been removed from 18th October last.”

Bombay Castle, 26th October 1892.

No. 3879.—*Erratum.*—In the Gradation List of First and Second Assistants as it stood on the 1st May 1892, published at pages 1027 and 1028 of the *Bombay Government Gazette* of the 13th instant, Part I.—

(1) omit the names of Messrs. Sheppard and Pratt with the remarks opposite their names printed in the 5th column thereof from the

I.—303

grade of First Assistants and read them in the grade of Second Assistants in the same column above the name of Mr. Hervey.

(2) in the 3rd line of the foot-note to the List for “J. K. H. Kabraji” read “J. K. N. Kabraji”.

No. 3880.—Whereas it appears to the Governor in Council on the report of the District Magistrate of Surat that in the local area hereinbelow specified, subject to the jurisdiction of the said Magistrate, cattle are habitually allowed to trespass on land and damage crops or other produce thereon, the Governor in Council proposes to direct, in exercise of the power conferred upon him by Section 12 of the Cattle Trespass Act, 1871, as amended by Section 5 (1) of Act I of 1891, that on and after the 15th December 1892, for every head of cattle specified in the scale contained in the first mentioned section which may be seized within the said local area and impounded in accordance with the

provisions of the Cattle Trespass Act, 1871, as amended by Act I of 1891, the pound-keeper shall levy a fine equal to double the fine mentioned in the scale aforesaid.

2. And in exercise of the power conferred by Section 26 of the Cattle Trespass Act, 1871, as amended by Section 8 of Act I of 1891, the Governor in Council proposes to direct that, with respect to the local area hereinbelow specified, the first paragraph of the said Section 26 of the Cattle Trespass Act, 1871, shall, on and after the date specified in the first paragraph of this Notification,

be read as if it had reference also to kine, goats, sheep, asses and buffaloes instead of to pigs only and as if the words "fifty Rupees" were substituted for the words "ten Rupees."

Local area above referred to.

Surat District.—The city of Surat.

3. All persons who entertain any objections to the above proposals are hereby required to submit the same, with reasons therefor in writing, to the Chief Secretary to Government, General Department, within one month from the date of the publication of this Notification.

[The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.]

1. The Royal Indian Engineering College is primarily maintained, under the orders of the Secretary of State for India in Council, for the education of candidates for the service of Government in the India Public Works, Telegraph, and Forest Departments; but it is open, to the extent of the accommodation available, to all persons desirous of following the course of study pursued in it.

* The staff of the College is only given in so far as it concerns the Forest Service Branch.

† Sir D. Brandis is not on the staff of the College.

INDIA FOREST DEPARTMENT APPOINTMENTS.

2. The examination usually takes place in June of each year.
3. The number of candidates to be selected annually varies according to the requirements of the Forest Service in India. The figures as regards each particular year will be advertised from time to time. *In 1893 there will be 9 appointments offered for competition.*
4. Candidates for the Indian Forest Department are selected under the following arrangements:—
 - (a) An applicant must be a natural-born British subject, and must be above 17 and under 20 years of age on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India he will forfeit his appointment.
 - (b) An applicant must send* to the Revenue Department of the India Office on or before the 1st day of May of the year in which he proposes to compete—
 - (1) His name and parentage, a certificate or other satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.
 - (2) A statement of the places of education at which he may have been, accompanied by testimonials of good conduct, during the last four years.
 - (c) Applicants will have to appear before a Medical Board† at the India Office, particular stress being laid upon good vision and hearing. A physical test will also be imposed so as to ensure the selection of persons of active habits and powers of endurance.
 - (d) The applicants who have successfully passed the medical examination and the physical test will be required to undergo an examination before the Civil Service Commissioners‡ in the following subjects (Classes I to III), marks being assigned as follows:—

CLASS I.—OBLIGATORY SUBJECTS.§

	Marks.	
1. Mathematics (lower), <i>viz.</i> , Algebra up to and including the Binomial Theorem; the theory and the use of logarithms; Euclid, Books I to IV and VI; Plane Trigonometry up to and including the Solution of Triangles and Mensuration	2,500	} In each of these subjects a candidate must obtain not less than one-third of full marks in order to qualify.
2. English Composition... ..	1,000	
3. German (400 for colloquial)	2,000	

CLASS II.—OPTIONAL SUBJECTS.§

4. Mathematics (higher), including Analytical Geometry, Conic Sections, Statics, and Dynamics	2,000	} A candidate may take any two, but not more than two, of the optional subjects. Under 'Optional Subjects,' Nos. 9, 10, 11, and 12, the examination will be partly practical.
5. French (400 for colloquial)	2,000	
6. Latin	2,000	
7. Greek	2,000	
8. English History. There will be set one general paper; one paper limited to a fixed period, which will be from the year 1702 to the year 1760 for the examination of 1893	2,000	
9. Botany, <i>viz.</i> , the elementary parts of Vegetable Morphology, Histology, and Physiology, and the principles of a natural system of classification as illustrated by the more important British natural orders. Candidates will be required to describe plants in technical language. Questions will not be set on Vegetable Paleontology or on the geographical distribution of plants	2,000	
10. Chemistry, <i>viz.</i> , the Elements of Inorganic Chemistry	2,000	
11. Physics, Elementary properties of Electricity, Magnetism, Heat, Light, and Sound	2,000	
12. Physical Geography and Geology, chiefly Economic; including the recognition of the more familiar minerals and rocks, and their properties and uses	2,000	

* There is no form of application. The documents specified in clauses (1) and (2) should be enclosed in a covering letter addressed to the Secretary, Revenue Department, India Office, London.

† With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Forest Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the following points:—

- | | |
|--------------------------|---|
| (1) A weak constitution. | (3) Impaired hearing. |
| (2) Defective vision. | (4) The existence of any congenital defect. |

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination.

On the subject of the standard of eyesight required for the Indian services, a pamphlet has been published under the authority of the Secretary of State in Council, by Messrs. Churchill and Sons, 11, New Burlington Street.

‡ A fee of 4*l.* is required, which can be paid by means of a stamp of that amount. Instructions on this point will be issued to candidates the day before the examination.

§ Attention is invited to the appended Syllabus giving further details regarding the extent and character of the examination

CLASS III.—ADDITIONAL SUBJECTS.

Marks.

13. Freehand Drawing	500	} Either or both of these subjects may be taken in addition to the obligatory and the two optional subjects.
14. Geometrical Drawing	300	

- (e) From the competitors who attain the above-mentioned minima of marks in obligatory subjects and satisfy the requisite conditions in other respects, the Secretary of State will select candidates in order of merit as probationers to enter the College, where they will be further trained for the Forest Service of India.
- (f) If the full number of competent probationers required in any year cannot be obtained from the persons so examined, the Secretary of State reserves a discretion to fill up the deficiency by selecting any other person or persons who may satisfy the authorities of the College that he or they are properly qualified to become probationers for the Forest Service.
5. The course of study for candidates for the India Forest Service extends over about three years, divided into nine terms. During eight terms the candidates will prosecute their studies at the College, and during the remaining term they will visit, under suitable supervision, such British or Continental forests as may be selected for the purpose. Excursions will also be made for purposes of instruction, both during term time and during part of the vacations. The cost of all such tours or excursions is borne by the Secretary of State (see paragraph 9).
6. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter, and eight weeks in the summer.
7. A charge of 6*l.* for each of the first eight terms and 60*l.* for the ninth term is made for each student. The amount must be paid terminally in advance to the Bank of England. Receivable orders, with full directions as to the mode of payment, will be forwarded from the India Office to the parents or guardians shortly before the fees fall due. A student will not be allowed to come into residence until his fee has been paid.

8. A deposit of 5*l.* is required to be paid by each student on admission to the College as caution money to cover charges incurred by him for damage to books, instruments, &c., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit is to be paid with the fee for the first term, making the total payment on that occasion 66*l.*

9. The foregoing payments cover all charges for tuition, board according to the College tariff, lodging with washing, and ordinary medical attendance while in residence at the College. When students are on tour and during the course of practical instruction, whether in Great Britain or on the Continent, the Secretary of State will defray the expenses of (1) board, lodging, and washing (the maximum expenditure on such account being 10*s.* per diem); (2) travelling expenses; and (3) fees to local Forest officers, &c.

Students are required to provide their own class books and drawing instruments. Drawing paper, drawing boards, and surveying instruments are provided by the College.

10. The prescribed course of study at present comprises the following subjects:—

I.—Auxiliary Subjects.

1. Geometrical Drawing.	8. Physics.
2. Freehand Drawing.	9. Chemistry.
3. Surveying.	10. Geology and Mineralogy.
4. Forest Engineering.	11. Entomology.
5. Accounts.	12. Botany.
6. German.	13. Drill and Gymnastics.
7. Mechanics.	

II.—Forestry, Theoretical and Practical, in all its branches.

11. Every student is required to conform to the College rules, to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress in such manner as may be required, failing which, or in the event of serious misconduct, he will be liable to be removed from the College, or to be sent back from the forest tour, which may entail the loss of his appointment.

12. During the course of study, the proficiency of the students will be tested by periodical examinations, and on the termination of their studies there will be a final examination. Each student may also, at the discretion of the Secretary of State for India, be required to appear before the Medical Board at the expiration of the first year of residence at the College, and, should the result be unsatisfactory, he cannot claim to be allowed to complete the course.

13. The subjects enumerated in paragraph 10 are grouped in certain main branches of study,* and a fixed minimum of qualification is required in each branch and in the subjects taught during the forest tours, as well as a certain minimum for all branches taken together. Students who obtain these minima will receive the College diploma in Forestry.

* For details, see Royal Indian Engineering College Calendar.

14. Candidates who have obtained this diploma and are found to be of sound constitution and free from physical defects, which would render them unsuitable for employment in the Forest Department (the final decision on which points will rest with the Secretary of State for India), will be appointed Assistant Conservators in the Forest Department of India in the order of their standing at the end of the final examination. They will be allowed before leaving the College to choose the provinces in which they desire to be first employed according to the order in which they pass out of the College. But this choice can only be exercised according to the available vacancies in the different provinces, and on the understanding that officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. The pay of an Assistant Conservator of Forests will begin from the date of arrival in India. Probationers who acquit themselves creditably during their course at Cooper's Hill College will begin on a salary of Rs. 350 a month. It will, however, rest with the President of the College, in consultation with the Principal Professor of Forestry, to decide whether any of the probationers, though they have obtained the College diploma in Forestry, have failed to deserve that rate of initial salary. Such probationers, if any, will begin on a salary of Rs. 250 a month; and this difference of salary will continue until the first departmental examination is passed in India.

17. Promotion, leave, and pension will be regulated by the rules of the Service for the time being. A copy of the Regulations relative to these matters can be seen on application either at the Library or the Record Department of the India Office. The principal rules, however, are contained in the Abstract of the Civil Service Regulations, as given in the 'India Office List' or the 'India List,' published respectively by Messrs. Harrison and Sons, 59, Pall Mall, and Messrs. W. H. Allen & Co., 13, Waterloo Place, S.W., either of which can be procured through any bookseller.

18. Every candidate before proceeding to India will be required to furnish to the President of the College satisfactory evidence of his competency in riding.

GENERAL RULES.

19. Chemical, physical, and botanical laboratories, a forestry museum, a forest nursery, a library and gymnasium are attached to the College. Means are also provided for the practice of photography. Students making use of the laboratories are supplied with the needful apparatus.

20. The responsibility for the discipline and management of the College and for the superintendence of the studies is vested in the President under the control of the Secretary of State for India.

21. The students are distributed in divisions, under personal charge of one of the Professors or Instructors selected by the President; such tutor being responsible for exercising the proper degree of personal supervision over each student in his division, and for conducting necessary correspondence with the student's parents or guardians.

22. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but students are required to provide their own towels and bed linen. Meals are taken in hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College cellar at fixed prices.

23. A chapel is attached to the College which the students residing in the College are expected to attend, unless specially exempted.

24. Every student will be required to go through a course of gymnastics and also of military exercises, including the use of the rifle.

25. Students are required to wear academical dress under such regulations as may be prescribed from time to time.

STUDENTS NOT NOMINATED FOR THE INDIAN FOREST SERVICE, BUT DESIROUS OF OBTAINING A DIPLOMA IN FORESTRY FROM COOPER'S HILL COLLEGE.

26. Students not nominated for the Indian Forest Service may be received into the College as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service as detailed above, or they may be permitted to participate in the instruction given in certain subjects only. On attaining the prescribed minima of marks in the several branches of study and in totals as laid down above, they will receive, as the case may require, either the College diploma in Forestry or special certificates showing in what subjects they have followed the instruction, and with what result.

27. Candidates who desire to be admitted under paragraph 26 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed forms, which can be obtained from the Secretary of the College.

28. Candidates whose applications are found satisfactory as to character and in other respects will be required to undergo an examination, to be held at the College, about the last week in June of the year for admission. The object of the examination will be to ascertain whether the candidate is qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who do not come up to the required standard will not be admitted to the College.

The President may dispense with the whole or any portion of this examination in the case of a candidate who produces an University diploma or other similar certificate granted by a recognized examining body.

29. Candidates admitted to the College under paragraph 26, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the Indian Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

FOREST EXAMINATION.

Syllabus showing the extent and character of the Forest Examination.

In a letter addressed to the Civil Service Commissioners on the subject of the examinations for admission into the Royal Military Academy, Woolwich, and the Royal Military College, Sandhurst, the Director-General of Military Education observes:—'The main object to be borne in mind with reference to the Entrance Examination is to secure a youth who has had a thoroughly well-grounded liberal education as an English gentleman. Any curriculum which renders those who are unsuccessful unfit for other professions is greatly to be deprecated.' The Regulations for the Forest Examination, which follow the lines of the Sandhurst Examination, are intended to provide a test that the candidates have received such an education as is indicated in these words. By these Regulations certain of the subjects specified are prescribed as obligatory for all competitors, while in the choice of the subjects described as optional allowance is made for varieties of taste and inclination in each candidate. In view of the influence which the Regulations must necessarily exercise on the education of candidates for admission to the public service, the Civil Service Commissioners deem it expedient to specify with more fullness than in the Regulations themselves the character of the examination which the candidates will be called upon to undertake.

CLASS I.

(Obligatory Subjects.)

Mathematics.—The extent of the examination will be as defined in the Regulations.

English Composition.—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their examination paper.

German.—There will be translations of unseen passages from German into English and from English into German; the knowledge of pronunciation will be tested by dictation and the *vice versa* examination. The passages for translation will be taken mainly from standard authors (Schiller, Lessing, Alexander v. Humboldt, Banke, &c.), and a few simple questions may be asked on the passages set, as to the structure and character of the language, and allusions of obvious and general interest.

CLASS II.

(Optional Subjects.)

Higher Mathematics.—The extent of the examination will be as defined in the Regulations.

Latin.—Passages will be set for translation into English selected from the authors usually read in schools. Passages from English authors will be given for translation into Latin prose and verse, but candidates will be allowed in the place of verse composition to answer questions of a simple character, which will test whether they possess a fundamental knowledge of the grammar of the language and such an elementary acquaintance with Roman History as is required for the intelligent study of the books they have read.

Greek.—Passages will be set for translation into English from the authors usually read in schools, and in other respects the examination will proceed on the same lines as in Latin.

French.—The passages for translation will be taken from standard authors (Cornille, Madame de Sévigné, Guizot, Taine, &c.), and in other respects the examination will proceed on the same lines as in German.

English History.—The general paper in this subject will test whether the candidates are accurately acquainted with the facts of English History, and also possess an intelligent knowledge of the meaning of the facts. The paper on the fixed period will, of course, require from the candidates more minute knowledge than the general paper.

Botany, Chemistry, Physics, Physical Geography, and Geology.—The standard of examination in these subjects will be such as may be reasonably expected from the education given at schools possessing appliances for practical instruction, such as a Laboratory, &c. A considerable portion of the marks will be allotted for the proficiency shown in the practical part of the examination.

GENERAL.

Handwriting.—In estimating the papers of candidates, a limited number of marks, namely 100 out of the maximum allotted to each subject, is held to be assignable for handwriting.

Bengal.
North-Western Provinces and Oudh.
Punjab.
Central Provinces.

2. The addition made to Rule 1, and notified in Notification No. 12, dated 11th August 1885, is hereby cancelled.

No. 17.—In exercise of the power conferred by Section 70 of the Bombay Irrigation Act, 1879, the Governor in Council is pleased to make the following additional rule to be inserted after No. 35 of the rules for the administration of canals, framed under the said section and published in Notification No. 1 of 8th January 1881 (*Bombay Government Gazette* for 1881, Part I, 10-23), viz.—

“ 35 A. (1.) The passing of any person or of any animal or vehicle in or across any bank or channel of a canal is prohibited at

any place within such distance not exceeding _____ yards above or below a bridge or crossing expressly provided for this purpose or above or below a post set up by the Canal Officer in a conspicuous position in this behalf, as shall be indicated by the Canal Officer in a notice affixed to such bridge, crossing or post.

“ (2) In setting up posts and fixing distances under clause (1), the Canal Officer shall have careful regard—

(a)—to the necessity for preserving the canal and its embankments at points where they would be likely to be endangered or damaged by the passing of persons, animals or vehicles therein or there across ;
