JUDICIAL DEPARTMENT.

Bombay Castle, 18th November 1892.

No. 6479.—In exercise of the powers conferred by Section 3 of the Glanders and Farcy Act, 1879, as amended by Act XXIV of 1886 (an Act to extend the Glanders and Farcy Act to the Bombay Presidency), His Excellency the Governor in Council is pleased to apply the said Act to the local areas contained within the limits of the Cantonment and the Municipal District of Karáchi and the Port of Karáchi.

No. 6480.—With reference to the foregoing Notification the following Rules framed under Section 14 of the Glanders and Farcy Act (XX of) 1879, for the Cantonment and the Municipal District of Karáchi, and sanctioned by the Governor in Council, are published for general information :—

1. The Inspector appointed under Section 4 shall, whenever he has reason to believe, from personal knowledge or from information given by any person and taken down in writing, that a diseased horse is to be found in any building, enclosure or place, forthwith proceed to the said building, enclosure, or other place, and in the presence of the owner or other person then in charge, or, if he is absent, in the presence of an officer of Police, shall inspect the said premises and execute and discharge the duties and powers conferred on him under the Act.

The Inspector may in such entry and search be accompanied by a Veterinary Surgeon or such Police officers as he considers necessary, or by both.

The owner of the premises or person in charge at the time shall give free ingress to the Inspector and shall in every possible way facilitate the search ; and he shall be entitled subsequently to receive from the Inspector a statement in writing of the grounds of entry and, in the event of his premises being infected, shall receive written instructions as to his liabilities and duties under the Act signed by the Inspector.

2. The Inspector shall seize and hand over to the Police for detention any horse which he considers diseased or which he reasonably suspects of being so. Such animal shall, as soon as possible, and with the exercise of due precautions against contagion to other horses and men, be examined by a Veterinary Surgeon and dealt with under the Act.

Such precautions shall comprise, in the case of a discharge from the nose, the wearing of a nosebag and, in the case of open sores, the covering up of the same, so far as is practicable, with disinfecting powder and cloths and bandages during removal along public roads ; and such removal shall, unless there be any sufficient reason to the contrary, be at night. These precautions shall be enforced in all cases where horses have to be moved for examination or disposal under the Act.

3. The owner or person in charge of a horse which he believes, or has reason to believe, to be diseased, shall report the case within twenty-four hours to the Inspector or to a Police officer (who shall at once inform the Inspector) and may remove the animal to any isolated building within fifty yards of the stable or to a remote part of the building, enclosure or other place, where the animal has been standing; and shall keep it, as much as is possible, within these limits, away from other horses. He shall detain in the stable, until the granting of a license for removal, any horse which has been in contact with or near the diseased animal.

Except as provided in these rules, no person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked, led, or driven, in a public thoroughfare, road, street or place.

4. Except as provided in Section 11, no horse shall be removed from an infected building, enclosure, or other place, without license from an Inspector; and such license shall not be granted until the Inspector considers there is no danger of such horse becoming diseased and, on careful examination, has found it free from any indication of Glanders or Farcy, and has seen that it (and such gear as it is wearing) has been washed over with a strong solution of phenyle or chloride of zinc or some other recognized disinfectant.

If considered necessary by the Veterinary Surgeon, license may be granted for use only on condition that the animal for the period of one week shall not be allowed to mix with other horses and shall be picketed apart.

5. The owner or person in charge of any building, enclosure, or other premises which have been occupied by any diseased horse shall, within seven days, carry out such disinfection of such building, enclosure, or other premises and destruction of dung, litter, and waste food, gear, and other articles in or near to the premises, as may be prescribed by the Veterinary Surgeon.

In all cases dung, surplus food, and litter from the infected stable, also clothing and other gear which has been used by or been in contact with the diseased horse, shall be consumed or disinfected by fire; temporary building materials such as thatch of grass or leaves, bamboo walls and matting shall be burned, if the position admits of this being done with safety, and (after complete removal of all dung, temporary fittings and other articles for destruction by fire) the wood-work of the stable shall be thoroughly washed with boiling water, the walls, wood-work and ceiling shall be scraped and lime-washed with freshly mixed quicklime and water, to which shall be added crude carbolic acid in the proportion of half a pint to a bucketful of lime-wash, and the flooring shall be removed to a depth of two feet and not renewed for the space of two weeks, the removed earth being burnt and replaced by fresh earth. The whole of the interior shall then be fumigated with burning sulphur, chlorine, carbolic vapour, or some other gaseous disinfectant.

6. On a certificate from the Veterinary Surgeon that a horse is diseased, it shall be destroyed humanely in the presence of the Inspector and the carcass disposed of by burning under supervision of the Police. Excepting with the sanction of the Police and for the purpose of burning it, no person shall remove the carcass or any portion of it.

7. In the event of disinfection of premises and destruction of gear, fittings, dung and other articles condemned by the Inspector not being carried out by the owner within the period of seven days, they shall be carried out by the Inspector under Police supervision and the expenses shall be recovered from the owner of the premises in the manner prescribed by Section 9.

8. The Superintendent of Police, Karachi, may award to the Inspector, at whose instance any conviction is obtained under the Act, a sum not exceeding half the amount of any fine imposed.

No. 6481.—With reference to Notification No. 6479 dated the 18th November 1892, applying the Glanders and Farcy Act, 1879, to the local areas contained within the limits of the Cantonment and the Municipal District of Karachi,

and the Port of Karáchi, the Governor in Council is pleased to make the following rules under Section 14 of the Act for the Port of Karáchi:—

1. In these rules the words “horse” and “diseased” have the same meaning as they have, respectively, in the Glanders and Farcy Act, 1879, which Act is hereinafter referred to as “the Act.”

2. The master of any vessel which arrives in the Port with one or more horses on board shall give information thereof to the pilot in charge.

3. The pilot in charge shall thereupon deliver to the master a printed copy of Sections 2, 10 and 11 of the Act, and the master shall give such copy to the owner or person in charge of the horse or horses.

4. If the pilot in charge or any officer of Police or of the Customs Department, who goes on board the vessel, has reason to believe that the horse or any of the horses on board is diseased, he shall at once give information thereof—

(a) to the master of the vessel, and

(b) to the Harbour Sergeant of Police.

5. If the master of the vessel has reason to believe that the horse or any of the horses on board is diseased, or if information to that effect is given to him under Rule 4, he shall prevent the horse or any of the horses from being disembarked until an Inspector under the Act has inspected the said horse or horses.

6. When information is given to the Harbour Sergeant of Police under Rule 4, he shall cause the same to be taken down in writing and shall at once cause the writing to be forwarded to an Inspector under the Act.

7. If any officer of Government shall have reason to believe that any horse which is being landed or has just been landed from the port at any wharf, dock, bandar or other place is diseased, the person in charge of such horse shall, upon the requisition of such officer, keep the said horse and all other horses, if any, landed with it, separate, at or near the spot where it has been landed, until an Inspector under the Act has inspected the said horse or horses. The officer making such requisition shall forthwith give information to the nearest superior officer of Police, who shall cause the same to be taken down in writing and at once forward the writing to an Inspector under the Act.

8. An Inspector under the Act, whenever he has reason to believe, from personal knowledge or from information given by any person and taken down in writing, that a diseased horse is to be found on board any vessel in the port, shall forthwith proceed to the said vessel and shall, in the presence of the master or of some other officer of the vessel and of the owner or person in charge of the horse, if present, inspect the said horse and all other horses, if any, on board and exercise and perform the powers and duties conferred and imposed upon him by the Act.

The Inspector shall, when thus making an entry and search of any such vessel, be accompanied by the Port Veterinary Surgeon or by such Police officer or officers as he may think necessary.

The master and every officer of the vessel and the owner or person in charge of the horse or horses shall give free access to the Inspector and the persons, if any, accompanying him, and shall in every way facilitate his inspection and search.

9. If, through any unforeseen circumstances, the services of the Port Veterinary Surgeon should not be immediately available, application will be at once made by the Inspector to any other Veterinary Surgeon appointed by Government for the purposes of the Act.

10. Every horse which a Veterinary Surgeon appointed for the purposes of the Act certifies in writing to be diseased shall be removed between midnight and 5 o'clock A.M. to the Municipal Kiln near old Koombarwara, to be there immediately destroyed.

11. Licenses for the removal of horses which have been with a diseased horse will be granted by an Inspector under Section 11 of the Act on the following conditions, *viz.* :—

(1) That the horse to be removed shall be taken direct, under such precautions as the Inspector deems fit to prescribe, to a place to be prescribed by the Inspector, where it can conveniently be isolated.

(2) That whilst so isolated the horse shall be inspected from time to time, at intervals of not more than a week, by the Port Veterinary Surgeon.

(3) That the horse shall continue at the appointed place in isolation for so long as the Port Veterinary Surgeon deems it necessary to have it under treatment or observation.

12. When the Inspector gives notice under Section 9 of the Act to the owner or master of a vessel to have the same disinfected, such disinfection shall be regulated as follows, *viz.* :—

(1) *In the case of a steam vessel.*—The steam hose superheated to be turned on and carefully applied to every part of the deck, hold or other place which has been occupied by a horse or horses. The deck, hold or other place to be thereupon washed with a lime wash containing carbolic acid in the proportion of one ounce to a gallon of the lime wash. All iron work to be scalded and disinfected with the solution of carbolic acid in the proportion of one ounce to the gallon of hot water. This is to be followed by free ventilation of the hold.

(2) *In the case of a sailing ship or of a steam-ship unprovided with a steam hose.*—The same procedure as above, except that scrubbing with hot water may be substituted for the use of a steam hose.

(3) *In every case.*—Buckets and feeding troughs to be scrubbed with hot water and thoroughly disinfected with a carbolic solution in the same proportion as laid down in Clause (1).

13. In any such notice as aforesaid, the Inspector shall direct that all bedding, fodder, ropes and other gear, which have been in use or worn by a diseased horse, shall be burnt.

14. In order to satisfy himself that any such notice as aforesaid has been duly complied with, the Inspector, accompanied by the Port Veterinary Surgeon, shall inspect the ship; and if the said notice has not, in his opinion, been duly complied with, port clearance shall, on his requisition, be refused to the vessel by the Customs authorities until either the notice has been, in the Inspector's opinion, duly complied with, or the Inspector has himself caused his orders to be given effect to, and has recovered the expense (if any) thereby incurred, under Section 9 of the Act.

No. 6482.—Under Section 4 of the Glanders and Farcy Act, 1879, the Governor in Council is pleased to appoint the following Officers to be Inspectors under the said Act, and to exercise and perform, within the areas specified opposite to their names, the powers conferred and the duties imposed by the said Act on such officers :—
