RESOURCE DEPARTMENT.

From—The ACCOUNTANT GENERAL, BOMBAY;

To—All COLLECTORS and TREASURY OFFICERS.

Dated 25th February 1888.

It has been brought to my notice that at least one treasury which banks with a branch of the Bank of Bombay, the Currency Agency coin is kept in the Bank's safe and presumably therefore entirely in the Bank's charge. This is contrary to the rules in the Civil Account Code (Annexure A, Chapter 29) which require—

- (1) that the Agency coin should be kept quite separate from the Treasury coin in a separate chest, and
- (2) that the Agency coin should be held under joint locks, one key being kept by the Collector or some other gazetted officer who is not in personal charge of the treasury balance.

2. I have the honour to request that these rules may be strictly observed wherever there are Currency Agencies at present and that they may not be lost sight of whenever it is found necessary to establish a Currency Agency at any treasury.

9. Each licensed distiller shall be provided gratis with a bound book of permit forms, the pages of which shall be numbered consecutively and severally stamped with the Collector's seal. The permits shall be printed in triplicate in the Form B. hereto annexed.

10. Whenever a licensed distiller wishes to remove spirit from the distillery, he shall enter in a permit form in the said book the particulars shown therein to be entered by him, and shall take, or send by the hand of his servant, the permit book to the Collector's office before 2 P.M. on any week day. The form filled in by the distiller shall there be examined by the Huzur Inspector or other officer appointed for the purpose, who, if he finds the entries to be correct, shall receive the still-head duty recoverable on the spirit to be removed and shall sign the receipt and permit allowing the licensee to remove spirit from the distillery. He shall tear off the 3rd portion of the permit and forward it to the Inspector in charge of the Division in which the shop to which the liquor mentioned therein is intended

to be conveyed is situated, and shall return the permit book to the licensee, or his servant, without delay and before closing office on the same day. The licensed distiller shall, before 10 A.M. on the following morning, present the permit book together with the spirit intended to be removed to the Distillery Inspector. The Distillery Inspector shall then measure and test the contents of each cask of spirit offered for removal and satisfy himself that the quantity and strength of the spirit offered for removal does not exceed the quantity and strength entered in the permit for removal. He shall also calculate the still-head duty payable on the spirit presented for removal by the licensed distiller, and shall satisfy himself that the correct amount has been levied in the Collector's office. He shall then note on the reverse of the receipt and permit all the particulars required to be by him therein entered, and shall complete and sign the transport permit, and allow the spirit to pass out of the distillery.

11. When the permit has been completed as above, the Distillery Inspector shall make the necessary entries in his register in Register Form C, hereto annexed, and shall tear off the 2nd portion of the permit which shall be delivered to the persons transporting the spirit to be carried along with the same to the shop to which the spirit is conveyed, there to be filed as provided for in the said shopkeeper's license. The Divisional Inspector to whom the 3rd portion of the permit has been forwarded the previous evening from the Collector's office shall return it after he has himself or by a Sub-Inspector seen that the quantity of liquor mentioned in the permit has been entered in the shop accounts and after the certificates on the reverse of the permit sent to him and that filed in the shop, have been duly filled in to the extent of the check exercised. The counterfoil of the permit shall remain in the distiller's book which shall be given up on the expiry of the license.

12. In calculating the duty payable on toddy spirit removed from the distilleries, fractions of a pint shall be taken as one whole pint.

13. Spirit removed under any permit shall be of uniform strength, *viz.*, either spirit not exceeding 60° U.P. in strength or spirit of strength above 60° U.P. and not exceeding 25° U.P.

14. No one shall be allowed to remain in the distilleries between the hours of 10 P.M. and 6 A.M., except with the written permission of the Collector.

15. No distillation shall be carried on in any distillery between the hours of 10 P.M. and 6 A.M., except with the written permission of the Collector.

16. No spirit shall be removed from any distillery except between the hours of 10 A.M. and 3 P.M.

The rules will come into force from the 1st March 1888.
