RESOLUTION.—In a letter to the Finance Committee the Bombay Chamber of Commerce suggested that substantial economy might be effected by closing the Calcutta Mint and confining coinage to the Bombay Mint. The Committee, not being able to complete inquiry into the proposal, submitted the results of their inquiry, so far as it had gone, recommending the subject to the further consideration of the Government of India. The views of the banking and mercantile community of Calcutta, who were chiefly affected by the proposal, were accordingly invited regarding the necessity for maintaining at Calcutta, as well as at Bombay, the existing facilities for the coinage of imported silver.

2. The Governor-General in Council, after fully considering the views of the commercial public of Bombay and Calcutta, and the bearing of the proposal upon the maintenance of the coinage both for Treasury purposes and in connexion with the Currency reserve, has come to the conclusion that the saving arising from the proposal is not such as to warrant the Government incurring the risks from which it is at present secured by the presence of a second Mint at Calcutta. The proposal, therefore, will be dropped.

ORDER.—Ordered, that this Resolution be published in the *Gazette of India* for general information.

Ordered also, that it be communicated to the Comptroller and Auditor General and the Mint Masters, Calcutta and Bombay, for information.

- I.—The Commander of every vessel, including buggalows or other native craft, arriving from the Persian Gulf shall, before entering the harbour, indicate by signal the port from which such vessel has come.
- II.—Such Commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.
- III.—Immediately on arrival the Commander shall cause the letter R of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorized by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall go alongside the vessel, and, after all necessary enquiries, shall direct the Commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in Rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is besides in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—

After eight days of voyage	...	...	six days of quarantine.
Do. nine do.	...	...	five do.
Do. ten do.	...	...	four do.
Do. eleven do.	...	...	three do.
Do. twelve do.	...	...	two do.
Do. thirteen do.	and upwards	...	twenty-four hours of quarantine.

V.—If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in Rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden and Perim which may have communicated with vessels coming from the Persian Gulf shall be subjected to the same quarantine as vessels arriving at Aden and Perim from that Port.
