From—His EXCELLENCY LORD DUFFERIN, Viceroy, and the HON'BLE GENERAL SIR F. S. ROBERTS, SIR T. C. HOPE, SIR A. COLVIN, GENERAL G. CHESNEY, A. R. SCOBLE, and J. B. PEILE, Members of Council.

To—Her Majesty's Secretary of State for India

As we are frequently called upon to make available for employment in the Colonies the services of officers on the active list of our Indian Forest Service, whom we cannot spare without inconvenience, especially as we have to meet similar requisitions in India from the Chiefs of Native States, it has occurred to us to suggest that Dr. Schlich, Inspector General of Forests to the Government of India, on deputation at Cooper's Hill College, might be instructed to prepare a Note, describing the special arrangements in force at that institution for the professional training of candidates for employment in the Forest Service, which might, with Your Lordship's approval, be communicated to the Colonial Office for the information of the Colonial Governments. Those Governments which aim at having a Forest Department of their own would thus have the opportunity afforded them of considering whether they might not themselves make provision for the education at Cooper's Hill College of such trained Forest Officers as may be required by them from time to time.

No. 88 (Revenue), dated 3rd November 1887.

From—THE RIGHT HON'BLE VISCOUNT CROSS, G.C.B., Her Majesty's Secretary of State for India,

To—The Government of India.

WITH reference to the letter of Your Excellency's Government in the Forest Department, No. 3, dated 23rd July last, I forward herewith 25 copies of a Paper which has been drawn up,

in accordance with your suggestion, by Dr. Schlich, describing the special arrangements in force at the Royal Indian Engineering College, Cooper's Hill; for the professional training of Forest Students. Copies of this document have also been transmitted to the Colonial Office.

2. I take this opportunity of stating that this compilation will take the place of the 'Paper of Particulars,' and be issued to the public for general information.

[The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.]

1. The Royal Indian Engineering College is primarily maintained, under the orders of the Secretary of State for India in Council, for the education of candidates for the service of Government in the India Public Works, Telegraph, and Forest Departments; but it is open, to the extent of the accommodation available, to all persons desirous of following the course of study pursued in it.

India Forest Department Appointments.

2. Candidates for the India Forest Department are selected under the following arrangements:—

(a) An applicant must be a natural-born British subject, and must be above 17 and under 21 years of age on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India he will forfeit his appointment.

(b) An applicant must send to the Revenue Department of the India Office, on or before the 1st day of May of the year in which he proposes to compete—

(1) His name and parentage, a certificate or other satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.

(2) A statement of the places of education at which he may have been since he was nine years old, accompanied by testimonials of good conduct during the last four years. He must also pay a fee of 4l. by means of a special stamp, according to instructions which will be communicated to candidates.

(c) Applicants will have to appear before a Medical Board† at the India Office, and to satisfy the Board that they attain a suitable standard of physical constitution. Particular

stress will be laid upon good vision and hearing, and means will be taken to test physical powers of endurance, so as to ensure the selection of persons of active habits and sound constitution.

(d) The applicants who have successfully passed the medical examination and the physical tests will be examined, usually in the month of June of each year, in the following subjects, marks being assigned as indicated below:—

No. of Group.	Subject.	Maximum.	Minimum.
I.	1. Handwriting ...	700	350
	2. Orthography ...		
	3. English composition ...		
	4. Arithmetic, in all its branches ...

	16. Freehand Drawing ...		
VI.	17. French or German, translation and oral ...	500	150

(e) The Secretary of State reserves the right to reject any candidate who fails to obtain either the prescribed minimum of marks in any one group, or a total minimum of 2,000 marks.*

(f) From the competitors who attain the above-mentioned minima of marks and satisfy the requisite conditions in other respects, the Secretary of State will select, as probationers to enter the College, those whom he may deem best adapted for the Forest Service of India. The number of candidates selected annually, which varies according to the requirements of the Forest Service in India, can be ascertained at the Revenue Department of the India Office, and it will also be advertised from time to time. In 1888 there will be 12 probationers.

3. The course of study for candidates for the India Forest Service extends over about 26 months. During the first 22 months, including two complete annual sessions, the candidates will prosecute their

* Sir D. Brandis is not on the staff of the College.

† With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Forest Service, it is suggested that candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the following points:—

1. A weak constitution.
2. Defective vision.
3. Impaired hearing.
4. The existence of any congenital defect.

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination.

On the subject of the standard of eyesight required for the Indian services, a pamphlet has been published, under the authority of the Secretary of State in Council, by Messrs. Churchill and Sons, 11, New Burlington Street.

* The papers set at previous examinations, together with the number of marks obtained by the successful candidates, are published from time to time in the Reports of the Civil Service Commissioners, which can be procured through any bookseller.

studies at the College, and during the remaining four months they will be instructed, under suitable supervision, in such British or Continental forests as may be selected for the purpose. Excursions will also be made during part of the College vacations.

4. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter, and eight weeks in the summer.

5. An annual charge of 183*l.* is made for each student, which must be paid in advance to the Bank of England in three sums of 61*l.* per term. Receivable orders, with full directions as to the mode of payment, will be forwarded from the India Office to the parents or guardians shortly before the fees fall due. A student will not be allowed into residence until his fee has been paid.

6. A deposit of 5*l.* is required to be paid by each student on admission to the College, as caution money, to cover charges incurred by him for damage to books, instruments, &c., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit is to be paid with the fee for the first term, making the total payment on that occasion 66*l.*

7. The foregoing payments cover all charges for tuition, board according to the College tariff, lodging with washing, and ordinary medical attendance while in residence at the College. When on tour and during the course of practical instruction, whether in Great Britain or on the Continent, each student receives an allowance of 10*s.* per day in lieu of board, lodging, and washing, and the Secretary of State also defrays the travelling expenses of the students, fees to local Forest Officers, &c.

Students are required to provide their own class books and drawing instruments. Drawing paper, drawing boards, and surveying instruments are provided by the College.

8. The prescribed course of study at the College extends at present over a period of two years, divided into six terms, and comprises the following subjects:—

- (a) Mathematics, including Logarithms and Trigonometry.
- (b) Applied Mathematics, following the ordinary course for Engineering students.
- (c) Surveying, the course being the same as that laid down for Engineering students.
- (d) Descriptive Engineering, comprising a knowledge of the materials used in construction and road-making.
- (e) Geometrical Drawing.
- (f) Freehand Drawing.
- (g) Accounts.
- (h) French or German.
- (i) Physics (Theoretical and Practical).
- (k) Geology and Mineralogy.
- (l) Botany, including Anatomy, Physiology, Systematic Botany, and Pathology, with demonstrations in the laboratory, field, and at the Royal Botanic Gardens at Kew.

(m) Entomology, preceded by an introduction to General Zoology.

(n) Forestry in all its branches, with demonstrations in the museum, in adjoining woodlands, and more distant forests.

(o) Practical course in Forestry, extending over about four months, in suitable forests in Great Britain and on the Continent.

9. Every student will be required to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress, failing which, or in the event of serious personal misconduct, he will not be allowed to remain at the College.

10. During the course of study, the proficiency of the students will be tested by periodical examinations, and on the termination of their studies there will be a final examination.

11. The subjects enumerated in paragraph 8 are grouped in certain main branches of study, and a fixed minimum of qualification is required in each branch, as well as a certain minimum for all branches taken together. Students who obtain these minima will receive the College diploma in Forestry.

12. The candidates who have obtained the above-mentioned diploma, provided they are found to be of sound constitution and free from physical defects which would render them unsuitable for employment, the final decision on which point will rest with the Secretary of State for India, will be nominated Junior Assistant Conservators in the Forest Department of India, ranking in seniority in the service, and choosing the provinces in which they desire to be first employed, according to the results of the examinations. But this choice can only be exercised according to the available vacancies in the different provinces, and on the understanding that officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

13. Within a month of his nomination as Junior Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment. He must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will lead to forfeiture of appointment.

14. The pay of a Junior Assistant Conservator of Forests (which is at present Rs. 250 per mensem) will commence from the date of arrival in India.

15. Promotion, leave, and pension will be regulated by the rules of the Service for the time being.

16. Every candidate, before proceeding to India, will be required to furnish to the President of the College satisfactory evidence of his competency in riding.

GENERAL RULES.

17. Chemical, physical, and botanical laboratories, a forestry museum, a library, and gymnasium are attached to the College. Means are also

provided for the practice of photography. Students making use of the laboratories are supplied with the needful apparatus.

18. The responsibility for the discipline and management of the College and for the superintendence of the studies is vested in the President, under the general control of the Secretary of State for India.

19. The students are distributed in divisions, under personal charge of one of the Professors or Instructors selected by the President; such tutor being responsible for exercising the proper degree of personal supervision over each student in his division, and for conducting necessary correspondence with the student's parents or guardians.

20. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but each student is required to provide his own towels and bed linen. Meals are taken in hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College cellar at fixed prices.

21. A chapel is attached to the College, which the students residing in the College are expected to attend, unless specially exempted at the wish of their parents or guardians.

22. Every student will be required to go through a course of gymnastics and also of military exercises, including the use of the rifle.

23. Students are required to wear academical dress, under such regulations as may be prescribed from time to time.

Students not nominated for the Indian Forest Service, but desirous of obtaining a Diploma in Forestry from Cooper's Hill College.

24. Students not nominated for the Indian Forest Service may be received into the College, as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service, as detailed above, or they may be permitted to participate in the instruction given in certain subjects only. On attaining the prescribed minima of marks in the several branches of study and in totals, as laid down above, they will receive, as the case may require, either the College Diploma in Forestry or special certificates showing in what subjects they have followed the instruction and with what result.

25. Candidates who desire to be admitted under para. 24 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed forms, which can be obtained from the Secretary of the College.

26. Candidates whose applications are found satisfactory as to character and in other respects will be required to undergo an examination, to be held at the College, about the last week in June of the year for admission. The examination will be

in the subjects mentioned under para. 2 (d) (or certain portions of them, as the case may require), in so far as it is necessary to ascertain whether the candidate is qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who do not come up to the required standard will not be admitted to the College.

The President may dispense with the whole or any portion of this examination in the case of a candidate who produces an university diploma, or other similar certificate granted by a recognized examining body.

27. Candidates admitted to the College under para. 24, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the India Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

No. 401.—The following Resolution by the Government of India is republished:—

"DEPARTMENT OF FINANCE AND COMMERCE.

LEAVE AND APPOINTMENTS.

Calcutta, the 31st January 1888.

No. 546.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

It has been brought to the notice of the Government of India that officers employed under Government sometimes obtain leave of absence, with the intention of taking up other employment under Government or otherwise, or accept such employment while on leave. Where this is done with the previous knowledge and consent of the officer's Departmental superior, the practice is not open to objection. There is reason however to believe that, in the absence of any specific directions, officers are apt to consider it unnecessary to obtain the consent of their immediate superior before accepting employment elsewhere; and as it seems advisable that this practice should be discontinued, the Governor General in Council has prescribed the following rules:—

- 1.—No Head of an Office should employ, either temporarily or permanently, an officer belonging to another establishment, without the previous consent of the officer on whose establishment he is at the time borne. In cases in which, for reasons which may appear satisfactory to the new employer, such consent cannot be obtained before the officer joins his new appointment, his employment may be made conditional on consent being obtained in due course.

2.—It shall be incumbent upon an officer employed under Government, whether on leave or not, before *accepting* other employment, either to resign his previous appointment, or to obtain the consent of his Departmental superior to his accepting such employment. If such consent is not obtained, either previously or, when this is not possible, in due course, the officer renders himself liable to be discharged from his previous appointment, and thus to lose the benefit of his previous service for pension.

2. There is nothing in these rules to prevent an officer on one establishment seeking employment on another. But an officer is not placed under any disability by resigning one appointment to take up another (Civil Pension Code, 101, 1); and it must be held to be a breach of discipline, if an officer actually transfers his services to a new employer without first obtaining the consent of his old employer, or definitely resigning his old employment.

ORDERED, that this Resolution be communicated to the several Local Governments, Administrations, and Heads of Departments for information and guidance.

Ordered also, that the Resolution be published in the *Gazette of India*.

Offg. Secretary to the Government of India."

PUBLIC WORKS DEPARTMENT.

Bombay Castle, 8th February 1888.

No. 7.—A special examination for admission to the Subordinate Accounts Establishment of the Public Works Department of this Presidency will be held annually at the College of Science, Poona, on the second Monday in September and the following days.

2. As a general rule, no one will be admitted into the Accounts Branch of the Public Works Department otherwise than by entering as an Accountant, 4th Grade, before he attains the age of 25 (except in the cases of candidates already in permanent Government employ) and until he passes the examination herein prescribed.

3. No degrees, diplomas or certificates gained elsewhere can be accepted as affecting the terms of this special examination.

4. Candidates must apply to the Examiner of Public Works Accounts, Bombay, two months before the examination.

5. Such application must be accompanied by a fee of Rs. 10 (for which a receipt will be given) and the following certificates in original:—

(1) Certificate of good character, signed by the applicant's immediate official superior, by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate that the candidate is under 25 years of age (not required if the candidate is in permanent Government employ).

(3) Certificate that the application is in the candidate's hand-writing.

6. It will rest with the Examiner of Public Works Accounts, Bombay, on a consideration of these certificates, to decide whether the candidate should be registered for the examination or whether his application should be rejected. The names of those allowed to appear for the examination will be published in the *Bombay Government Gazette* of the first Thursday of September.

7. The following are the subjects of examination and the number of marks in each:—

	Full marks.	Minimum passing marks.
Writing (neatness, clearness and rapidity) ...	100	50
Dictation (spelling, punctuation, &c.) ...	100	50
Arithmetic (the whole) ...	240	160
Mensuration (the whole) ...	60	30
Book-keeping (mercantile) ...	100	50
Total ...	600	400

8. The result will be published in the *Government Gazette*, but the marks gained by candidates who fail will not be published.

9. The text books are—

For Book-keeping.

- (1) "Book-keeping" by Ball and Hamilton;
- (2) "Book-keeping by double and single entry" by W. Inglis (Chambers' Educational Course); and

For Mensuration.

Todhunter's Mensuration for Beginners.

10. Each examination is complete in itself. A candidate who has failed in an examination and presents himself for examination on a subsequent occasion must undergo the full examination and furnish a fresh fee and certificates.

11. Passed candidates should apply for employment to the Examiner of Public Works Accounts, Bombay.

12. It must be distinctly understood that the passing of this examination does not give any claim to appointment, and that in making appointments preference will be given to qualified persons who are already in the department.

By order of His Excellency the Right Honourable the Governor in Council,

W. S. HOWARD,
Acting Secretary to Government.

POLITICAL DEPARTMENT.

Bombay Castle, 6th February 1888.

No. 901.—His Excellency the Governor left Bombay on Friday the 28th ultimo by the Mail Train to proceed to the British-Indian and Portuguese-Indian Frontier for the purpose of meeting His Excellency the Governor General of Portuguese India there, and of linking with him the West of India Portuguese Railway to the Southern Marátha Railway system. Halting at Belgaum, His Excellency received there an address from the Municipality, and on Tuesday the 31st of January he proceeded to Castle Rock on the British Frontier attended by His Excellency's personal Staff, and accompanied by the officials of the Southern Marátha Railway Company, the Commissioner of the Southern Division, and a large party of Civil and Military Officers from the adjoining districts of Kánara, Dhárwár and Belgaum.

2. His Excellency the Governor General of Portuguese India, attended by His Excellency's personal Staff, and accompanied by the Political Secretary to the Government of Bombay who had proceeded to Marmagoã for the purpose, and by the Agent and officials of the West of India Portuguese Railway and the Civil and Military Officers of Goa, left in a special train at 7-30 A.M. and arrived at the Frontier at the same time that the Special Train conveying His Excellency the Governor of Bombay arrived.

3. Their Excellencies having left their respective trains exchanged compliments, while the Band played the English and Portuguese National Anthems, and at the invitation of Mr. Sawyer, the Chief Engineer, they simultaneously united the lines by means of silver keys which Mr. Craik, the Traffic Manager of the Southern Marátha Railway, presented to them. On behalf of the Government of India and at the desire of His Excellency the Viceroy, the Governor expressed the satisfaction which it gave him to bring to a completion, with the aid of His Excellency the Governor General of Portuguese India, the construction of an International line which afforded the best guarantee for peace, international friendship, and commerce. His Excellency the Governor General reciprocated these sentiments, and they were immediately reported by telegraph to Her Majesty the Queen-Empress of India and to His Most Faithful Majesty the King of Portugal. Their Excellencies then proceeded to Castle Rock, where the Southern Marátha Country Railway Company entertained their illustrious guests and the officers who formed their parties at lunch. After lunch His Excellency the Governor General of Portuguese India took His Excellency the Governor to Marmagoã, where a banquet, followed by a Ball, was given to them by the West of India Portuguese Railway Company. After the banquet and the loyal toasts had been given, the Chief Engineer and Agent of the West of India Portuguese Railway responded on behalf of that Company, while in the unavoidable absence of the Chief Engineer and Agent of the Southern Marátha Railway Company Mr. Craik responded on its behalf.

4. His Excellency the Governor of Bombay left by Special Train on the 1st of February receiving the honours due to him, and arrived at Chinchli in the Kolhápúr State that evening, where he was received by the Political Agent and the Council of Administration. On the following day His Excellency returned the visits of the Chiefs of the Southern Marátha Country which he received on arrival at the Camp, and distributed the prizes at the Horse and Cattle Show in the afternoon. Travelling by special train, which the Southern Marátha Railway Company courteously placed at his disposal, His Excellency reached Poona at 9 A.M. and left for Bombay, which he reached on the evening of the 3rd of February.

By order of His Excellency the Right Honourable the Governor in Council,

W. LEE-WARNER,

Secretary to Government.
