1. An examination of candidates for sanads to practise as Pleaders in any of the said Courts will be held annually in the month of February or March, or at such other convenient time as may be determined by the High Court, on a date of which due notice will be given in the *Government Gazette*. There will be two standards of proficiency, the examinations for which will be held simultaneously, but with different papers for each standard. Success in the examination according to the Higher Standard will, from such date as the Governor in Council hereafter fixes in this behalf, be recognized as a test for candidates for judicial office in the lower grades of the said Courts, and will also entitle to sanads to practise as Pleaders in the said Courts; while success in the examination according to the Lower Standard will entitle to sanads to practise as Pleaders only in the said Courts.

2. The examinations will be conducted by a committee appointed by the Honourable the Chief Justice and Judges of Her Majesty's High Court. Each candidate desiring admission must submit, in writing, through the Political Agent of the State of which he is a subject, a separate application addressed to the Secretary to Government, Political Department.

3. Any subject of any Native State within the Political supervision of the Government of Bombay, desirous of qualifying himself for any of the above offices, may be permitted to be examined at any such examination, provided he has not been prohibited from appearing by any former committee, and provided he shall, on or before the first day of February preceding the examination, have transmitted to the Secretary to Government, Political Department, with his application satisfactory certificates (dated not earlier than the 1st October immediately preceding the examination) to the following effect:—

4. The certificates mentioned in para. 3 may be signed by any Political Officer of the Government of Bombay or by any officer of a Native State under the Political supervision of the Government of Bombay and countersigned by a Political Officer of the Government of Bombay.

5. A candidate who has once been admitted to the examination under these or previous rules will, subject to the provisions of Rule 13, be allowed to appear again on production only of the certificate of good moral character required under Rule 3 (*c*), and on payment of the fee required by that rule.

No. 5685.—It being the intention of the Governor in Council to apply the provisions of the Glanders and Farcy Act (XX of 1879), to the areas comprised within the Cantonment limits of Poona and Kirkee and the Municipal limits of the Poona City and Suburban Boards, the following rules which it is proposed to frame for those places under Section 14 of the Act are published for general information, and it is notified that any objection to, or suggestion regarding the said rules, which is delivered in writing at the office of the Secretary to Government in the Judicial Department, Bombay, on or before the 20th November 1888, will be taken by the Governor in Council into his consideration:—

1. The Inspector appointed under section 4 shall, whenever he has reason to believe, from personal knowledge or from information given by any person and taken down in writing, that a diseased horse is to be found in any building, enclosure or place, forthwith proceed to the said building, enclosure, or other place, and in the presence of the owner or other person then in charge or, if he is absent, in the presence of an officer of Police, shall inspect the said premises and execute and discharge the duties and powers conferred on him under the Act.

The Inspector may in such entry and search be accompanied by a Veterinary Surgeon or such Police officers as he considers necessary, or by both.

The owner of the premises or person in charge at the time shall give free ingress to the Inspector and shall in every possible way facilitate the search; and he shall be entitled subsequently to receive from the Inspector a statement in writing of the grounds of entry and, in the event of his premises being infected, shall receive written instructions as to his liabilities and duties under the Act signed by the Inspector.

2. The Inspector shall seize and hand over to the Police for detention any horse which he considers diseased or which he reasonably suspects of being so. Such animal shall, as soon as possible, and with the exercise of due precautions against contagion to other horses and men, be examined by a Veterinary Surgeon and dealt with under the Act.

Such precautions shall comprise, in the case of a discharge from the nose, the wearing of a nose-bag and, in the case of open sores, the covering up of the same, so far as is practicable, with disinfecting powder and cloths and bandages during removal along public roads; and such removal shall, unless there be any sufficient reason to the contrary, be at night. These precautions shall be enforced in all cases where horses have to be moved for examination or disposal under the Act.

3. The owner or person in charge of a horse, which he believes, or has reason to believe, to be diseased, shall report the case within twenty-four hours to the Inspector or to a Police officer (who shall at once inform the Inspector) and may remove the animal to any isolated building within fifty yards of the stable or to a remote part of the building, enclosure or other place, where the animal has been standing; and shall keep it, as much as is possible, within these limits, away from other horses. He shall detain in the stable, until the granting of a license for removal, any horse which has been in contact with or near the diseased animal.

Except as provided in these rules, no person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked, led, or driven, in a public thoroughfare, road, street or place.

4. Except as provided in section 11, no horse shall be removed from an infected building, enclosure, or other place, without license from an Inspector; and such license shall not be granted until the Inspector considers there is no danger of such horse becoming diseased and, on careful examination, has found it free from any indication of Glanders or Farcy and has seen that it (and such gear as it is wearing) has been washed over with a strong solution of phenyl or chloride of zinc or some other recognized disinfectant.

If considered necessary by the Veterinary Surgeon, license may be granted for use only on condition that the animal for the period of one week shall not be allowed to mix with other horses and shall be picketed apart.

5. The owner or person in charge of any building, enclosure, or other premises which have been occupied by any diseased horse shall within seven days carry out such disinfection of such building, enclosure, or other premises and destruction of dung, litter, and waste food gear, and other articles in or near to the premises, as may be prescribed by the Veterinary Surgeon.

In all cases dung, surplus food, and litter from the infected stable also clothing and other gear which has been used by or been in contact with the diseased horse, shall be consumed or disinfected by fire; temporary building materials such as thatch of grass or leaves, bamboo walls and matting shall be burned, if the position admits of this being done with safety, and (after complete removal of all dung, temporary fittings and other articles for destruction by fire) the wood-work of the stable shall be thoroughly washed with boiling water, the walls, wood-work and ceiling shall be scraped and lime-washed with freshly mixed quicklime and water, to which shall be added crude carbolic acid in the proportion of half a pint to a bucketful of lime-wash, and the flooring shall be removed to a depth of two feet and not renewed for the space of two weeks, the removed earth being burnt and replaced by fresh earth. The whole of the interior shall then be fumigated with burning sulphur, chlorine, carbolic vapour, or some other gaseous disinfectant.

6. On a certificate from the Veterinary Surgeon that a horse is diseased, it shall be destroyed humanely in the presence of the Inspector and the carcass disposed of by burning under supervision of the Police. Excepting with the sanction of the Police and for the purpose of burning it, no person shall remove the carcass or any portion of it.

7. In the event of disinfection of premises and destruction of gear, fittings, dung and other articles condemned by the Inspector not being carried out by the owner within the period of seven days, they shall be carried out by the Inspector under Police supervision and the expenses shall be recovered from the owner of the premises in the manner prescribed by section 9.

8. The District Superintendent of Police may award to the Inspector, at whose instance any conviction is obtained under the Act, a sum not exceeding half the amount of any fine imposed.
