“No. 232 of 1896.

FROM

THE CHAIRMAN AND MEMBERS,  
Managing Committee, Surat Municipality;

TO

F. S. P. LELY, Esquire, I. C. S.,  
Collector and President, Surat Municipality.

*Municipal Office, Surat, 22nd February 1896.*

Sir,

In accordance with the Resolution of the Municipality passed at a Special General Meeting held on the 13th instant, we have the honour to request, on behalf of the Municipality of Surat, permission to borrow in the open Market under the authority of the Local Authorities Loan Act of 1879 the sum of Rupees Six Lákhs (6,00,000) for the construction of Water Works for the City of Surat.

Appendix A, showing the particulars required by Rule 5 of the Rules made by the Governor General in Council under Sections 5 and 7 of the Local Authorities Loan Act, 1879, together with Statements A, B and C, are hereto appended.

We have the honour to be,

Sir,

Your most obedient Servants,

(Signed) MIR MAZAFFER HUSAN KHAN,  
Chairman, Managing Committee, Surat Municipality,  
and four others.

APPENDIX A.

*Statement showing the particulars pursuant to Rule 5 of the Rules made by the Governor General in Council under Sections 5 and 7 of the Local Authorities Loan Act, 1879.*

1. The Loan is required for the construction of water works for supplying the city of Surat with water. The estimate of the cost of the work is Rs. 8,50,000.
2. The amount which it is proposed to borrow is Rs. 6,00,000 (six lákhs).
3. It is proposed to borrow the said sum on the security of the revenues of the Surat Municipality.
4. The laws under which these revenues are levied are Bombay Acts VI of 1873 and II of 1884.
5. The money will be received between the 1st March 1896 and 31st December 1897. Tenders will be invited for the whole sum required or for portions at such intervals as may be most convenient.
6. The loan is required for a period not exceeding 30 years.
7. Interest will be paid at 4 per cent. per annum = Rs. 24,000 per annum; Rs. 20,000 will be set apart yearly for repayment of the principal; Rs. 15,000 will be required for annual working expenses; total Rs. 59,000 per annum.
8. The above is on the assumption that the whole of the loan will be raised, but it is confidently hoped that if the rate of exchange falls no lower, five lákhs at the most will be enough. The present balance in hand, including money already paid to the Public Works Department for commencing the water works and private donations promised, already exceeds three lákhs.
9. The annual receipts and expenditure for the last three years, together with estimates for the future, are submitted in Statements A, B and C. From these it will be seen that a surplus of Rs. 83,090 may safely be anticipated.
10. With reference to the estimates in Statements A and B the following notes are submitted:—  
Rs. 45,000 estimated in Statement A for House Tax is based on present actuals.  
Rs. 2,000 has been allowed in Statement A for interest on investments. Though this figure will not be reached for some years, it will be more than made up by the profit expected on sale of Government paper and the premium expected on the issue of this Loan.  
The cost of watering roads has been reduced by Rs. 5,000, as this will be a result of the water works.  
So also the cost of watering the Public Park has been reduced by Rs. 500.  
The repayment of the existing 5½ per cent. loan is estimated at its present sum, but it will of course decrease year by year.

11. There is only one existing prior charge on the funds of the Municipality, namely, a Loan of Rupees Two Lakhs taken up in the open Market at 5½ per cent. under the authority conveyed in Government Resolution No. 3583 of 20th September 1889. Twenty promissory notes of Rs. 500 each are drawn by lot every year and paid off. The balance of the Loan now remaining is Rs. 1,40,000.

(Signed) MIR MUZAFFER HUSAN KHAN,  
Chairman, Managing Committee,  
Surat Municipality,  
and four others.
