† Sir D. Brandis is not on the staff of the College.

[The arrangements hereinafter described are subject to revision under the orders of the Secretary of State for India.]

1. The Royal Indian Engineering College is primarily maintained, under the orders of the Secretary of State for India in Council, for the education of candidates for the service of Government in the India Public Works, Telegraph, and Forest Departments; but it is open, to the extent of the accommodation available, to all persons desirous of following the course of study pursued in it.

#### India Forest Department Appointments.

2. The Examination usually takes place in June of each year.

3. The number of candidates to be selected annually varies according to the requirements of the Forest Service in India: the figures as regards each particular year will be advertised from time to time. *In 1894 there will be six\* appointments offered for competition.*

4. Candidates for the Indian Forest Department are selected under the following arrangements:—

(a) An applicant must be a natural-born British subject, and must be above 17 and under 20 years of age on the 1st June of the year in which he competes for an appointment. He must be unmarried, and if he marries before reaching India he will forfeit his appointment.

(b) An applicant must send† to the Revenue Department of the India Office, on or before the 1st day of May of the year in which he proposes to compete,—

(1) His name and parentage, a certificate or other satisfactory evidence of the date of his birth, and the written consent of parent or guardian that his name should be recorded as a candidate.

(2) A statement of the places of education at which he may have been, accompanied by testimonials of good conduct, during the last four years.

(c) Applicants will have to appear before a Medical Board‡ at the India Office, particular stress being laid upon good vision and hearing. A physical test will also be imposed, so as to ensure the selection of persons of active habits and powers of endurance.

(d) The applicants who have successfully passed the medical examination and the physical test will be required to undergo an examination before the Civil Service Commissioners§ in the following subjects|| (Classes I to III), marks being assigned as follows:—

#### Marks.

##### CLASS I.—OBLIGATORY SUBJECTS.¶

1. Mathematics (lower), <i>viz.</i> , Algebra up to and including the Binomial Theorem; the theory and the use of logarithms; Euclid, Books I to IV and VI; Plane Trigonometry up to and including the solution of Triangles and Mensuration ... ..	2,500
2. English composition ... ..	1,000
3. German (400 for colloquial) ... ..	2,000

In each of these subjects a candidate must obtain not less than one-third of full marks in order to qualify.

\* Probably the number of appointments will not exceed six annually, for some years to come.

† There is no form of application; the documents specified in clauses (1) and (2) should be enclosed in a covering letter addressed to the Secretary, Revenue Department, India Office, London.

‡ With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Forest Service, it is suggested that, before any such preparation is begun, candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the following points:—

- |                         |  |
|-------------------------|--|
| 1. A weak constitution. | 3. Impaired hearing.                       |
| 2. Defective vision.    | 4. The existence of any congenital defect. |

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination.

On the subject of the standard of eyesight required for the Indian services, a pamphlet has been published, under the authority of the Secretary of State in Council, by Messrs. Churchill and Sons, 11, New Burlington Street.

§ A fee of 4*l.* is required, which can be paid by means of a stamp of that amount. Instructions on this point will be issued to candidates the day before the examination.

|| Reprints of the papers set at previous examinations, together with tables of the marks assigned to the candidates, are published by the Civil Service Commissioners, and can be obtained through any bookseller. The price of each reprint is one shilling.

¶ Attention is invited to the appended Syllabus, giving further details regarding the extent and character of the examination.

CLASS II.—OPTIONAL SUBJECTS.\*

	Marks.
4. Mathematics (higher), including Analytical Geometry, Conic Sections, Statics, and Dynamics ... ..	2,000
5. French (400 for colloquial) ... ..	2,000
6. Latin ... ..	2,000
7. Greek ... ..	2,000
8. English History. There will be set : one general paper ; one paper limited to a fixed period, which will be from the year 1727 to the year 1788 for the examination of 1894 ... ..	2,000
9. Botany, viz., the elementary parts of vegetable morphology, histology, and physiology, and the principles of a natural system of classification as illustrated by the more important British natural orders. Candidates will be required to describe plants in technical language. Questions will not be set on vegetable palaeontology or on the geographical distribution of plants ... ..	2,000
10. Chemistry, viz., the elements of Inorganic Chemistry ... ..	2,000
11. Physics. Elementary properties of Electricity, Magnetism, Heat, Light, and Sound ... ..	2,000
12. Physical Geography and Geology, chiefly economic ; including the recognition of the more familiar minerals and rocks, and their properties and uses ... ..	2,000

A candidate may take any two, but not more than two, of the optional subjects. Under "Optional Subjects" Nos. 9, 10, 11 and 12, the examination will be partly practical.

CLASS III.—ADDITIONAL SUBJECTS.

13. Freehand Drawing ... ..	500
14. Geometrical Drawing ... ..	300

} Either or both of these subjects may be taken in addition to the obligatory and the two optional subjects.

(e) From the competitors who attain the above-mentioned minima of marks in obligatory subjects, and satisfy the requisite conditions in other respects, the Secretary of State will select candidates in order of merit, as probationers to enter the College, where they will be further trained for the Forest Service of India.

(f) If the full number of competent probationers required in any year cannot be obtained from the persons so examined, the Secretary of State reserves a discretion to fill up the deficiency by selecting any other person or persons who may satisfy the authorities of the College that he or they are properly qualified to become probationers for the Forest Service.

5. The course of study for candidates for the India Forest Service extends over about three years, divided into nine terms. During eight terms the candidates will prosecute their studies mainly at the College, and during one term (the sixth), which may last for four or five months, they will visit, under suitable supervision, such Continental forests as may be selected for the purpose. Excursions will also be made for purposes of instruction, both during term time and during part of the vacations. The cost of all such tours or excursions is borne by the Secretary of State (see paragraph 9).

6. Each annual session begins in September, and is divided into three terms, with vacations of about four weeks at Christmas, two weeks at Easter, and eight weeks in the summer, except at the end of the visit to the Continent when the vacation will be shorter.

7. A charge of 6*l.* is made for each term except the sixth ; for that term the charge is 9*l.* for each student, the duration of the term being longer and the cost of students in the Continental forests being higher than for any other term : the amounts must be paid terminally in advance to the Bank of England. Receivable orders, with full directions as to the mode of payment, will be forwarded from the India Office to the parents or guardians shortly before the fees fall due. A student will not be allowed to come into residence until his fee has been paid.

8. A deposit of 5*l.* is required to be paid by each student on admission to the College, as caution money, to cover charges incurred by him for damage to books, instruments, etc., or any College bills outstanding on leaving the College. Any balance over and above such charges will be repaid. This deposit is to be paid with the fee for the first term, making the total payment on that occasion 6*l.*

9. The foregoing payments cover all charges for tuition, board according to the College tariff, lodging, with washing up to a cost of 2*s.* a week, and ordinary medical attendance while in residence at the College. When students are on tour and during the course of practical instruction, whether in Great Britain or on the Continent, the Secretary of State will defray the expenses of (1) board, lodging, and washing (the maximum expenditure on such account being 10*s.* per diem), (2) travelling expenses, and (3) fees to local Forest officers, etc.

Attention is invited to the appended Syllabus, giving further details regarding the extent and character of the examination.

Students are required to provide their own class books and drawing instruments. Drawing paper, drawing boards, and surveying instruments are provided by the College.

10. The prescribed course of study at present comprises the following subjects :—

1.—*Auxiliary Subjects.*

- |                         |                             |
|-------------------------|-----------------------------|
| 1. Geometrical Drawing. | 8. Physics.                 |
| 2. Freehand Drawing.    | 9. Chemistry.               |
| 3. Surveying.           | 10. Geology and Mineralogy. |
| 4. Forest Engineering.  | 11. Entomology.             |
| 5. Accounts.            | 12. Botany.                 |
| 6. German.              | 13. Drill and Gymnastics.   |
| 7. Mechanics.           |                             |

II.—*Forestry*, Theoretical and practical, in all its branches.

11. Every student is required to conform to the College rules, to exhibit due diligence in his studies throughout the course, and to give evidence of satisfactory progress in such manner as may be required, failing which, or in the event of serious misconduct, he will be liable to be removed from the College, or to be sent back from the forest tour, which may entail the loss of his appointment.

12. During the course of study, the proficiency of the students will be tested by periodical examinations, and on the termination of their studies there will be a final examination. Each student may also, at the discretion of the Secretary of State for India, be required to appear before the Medical Board at the expiration of the first year of residence at the College, and should the result be unsatisfactory he cannot claim to be allowed to complete the course.

13. The subjects enumerated in paragraph 10 are grouped in certain main branches of study,\* and a fixed minimum of qualification is required in each branch and in the subjects taught during the forest tours, as well as a certain minimum for all branches taken together. Students who obtain these minima will receive the College diploma in forestry.

14. Candidates who have obtained this diploma and are found to be of sound constitution, and free from physical defects which would render them unsuitable for employment in the Forest Department (the final decision on which points will rest with the Secretary of State for India), will be appointed Assistant Conservators in the Forest Department of India in the order of their standing at the end of the final examination. They will be allowed before leaving the College to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made at the discretion of the Secretary of State for India, after consulting the President of the College and the Principal Professor of Forestry, to the several Provinces according to the needs of the public service. The distribution will be made on the understanding that officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

15. Within a month of his nomination as Assistant Conservator, each nominee must sign articles of agreement describing the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and will be provided with a free passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

16. The pay of an Assistant Conservator of Forests will begin from the date of arrival in India. Probationers who acquit themselves creditably during their course at Cooper's Hill College will begin on a salary of Rs. 350 a month. It will, however, rest with the President of the College, in consultation with the Principal Professor of Forestry, to decide whether any of the probationers, though they have obtained the College diploma in Forestry, have failed to deserve that rate of initial salary. Such probationers, if any, will begin on a salary of Rs. 250 a month; and this difference of salary will continue until the first departmental examination is passed in India.

17. Promotion, leave, and pension will be regulated by the rules of the service for the time being. The more favourable pension rules have recently been extended to Forest officers appointed from England, who are thus placed on an equality with Public Works officers appointed from Cooper's Hill College. Any Forest officer, who has rendered not less than three years' approved service at head of his department, has also been made eligible for an extra pension of Rs. 1,000 per annum. A copy of the Regulations relative to these matters can be seen on application either at the Library or the Record Department of the India Office; the principal rules, however, are contained in the Abstract of the Civil Service Regulations, as given in the "India Office List," or the "India List," published respectively by Messrs. Harrison and Sons, 59, Pall Mall, and Messrs. W. H. Allen and Co., 13, Waterloo Place, S. W., either of which can be procured through any bookseller.

18. Every candidate, before proceeding to India, will be required to furnish to the President of the College satisfactory evidence of his competency in riding.

GENERAL RULES.

19. Chemical, physical, and botanical laboratories, a forestry museum, a forest nursery, a library, and gymnasium are attached to the College. Means are also provided for the practice of photography. Students making use of the laboratories are supplied with the needful apparatus.

20. The responsibility for the discipline and management of the College and for the superintendence of the studies is vested in the President, under the control of the Secretary of State for India.

21. The students are distributed in divisions, under personal charge of one of the Professors or Instructors selected by the President; such tutor being responsible for exercising the proper degree of personal supervision over each student in his division, and for conducting necessary correspondence with the student's parents or guardians.

22. Each student residing in the College is provided with a separate room, and with fuel and light, also with the necessary attendance. Furniture and bedding are supplied by the College, but students are required to provide their own towels and bed linen. Meals are taken in hall. Wine and beer are not included in the ordinary fare, but can be obtained from the College cellar at fixed prices.

23. A chapel is attached to the College, which the students residing in the College are expected to attend, unless specially exempted.

• 24. Every student will be required to go through a course of gymnastics and also of military exercises, including the use of the rifle.

25. Students are required to wear academical dress, under such regulations as may be prescribed from time to time.

Students not nominated for the Indian Forest Service, but desirous of obtaining a Diploma in Forestry from Cooper's Hill College.

26. Students not nominated for the Indian Forest Service may be received into the College, as far as the available accommodation permits. Such students may pass through the course of instruction prescribed for the nominees of the Indian Forest Service, as detailed above, or they may be permitted to participate in the instruction given in certain subjects only. On attaining the prescribed minima of marks in the several branches of study and in totals as laid down above, they will receive, as the case may require, either the College diploma in Forestry or special certificates, showing in what subjects they have followed the instruction, and with what result.

27. Candidates who desire to be admitted under paragraph 26 may submit the necessary application at any time, but not later than the 15th day of June of the year named for admission, except with the special permission of the President. The application must be made on the prescribed forms, which can be obtained from the Secretary of the College.

28. Candidates whose applications are found satisfactory as to character and in other respects will be required to undergo an examination, to be held at the College, about the last week in June of the year for admission. The object of the examination will be to ascertain whether the candidate is qualified to follow the course of instruction with advantage (or certain parts of it, as the case may be). Candidates who do not come up to the required standard will not be admitted to the College.

The President may dispense with the whole or any portion of this examination in the case of a candidate who produces an University diploma, or other similar certificate granted by a recognized examining body.

29. Candidates admitted to the College under paragraph 26, who propose to pass through the full prescribed course of study, will be required to pay the same fees in every respect as those paid by the nominees for the Indian Forest Service. Candidates who do not become resident, and are admitted only to certain subjects of study, will be required to pay the fees which may be fixed in each special case in consideration of the extent of their studies. The candidates of both classes will be required to abide by the general rules of the College.

#### FOREST EXAMINATION.

##### SYLLABUS.

#### Showing the extent and character of the Forest Examination.

In a letter addressed to the Civil Service Commissioners on the subject of the examinations for admission into the Royal Military Academy, Woolwich, and the Royal Military College, Sandhurst, the Director General of Military Education observes:—"The main object to be borne in mind with reference to the Entrance Examination is to secure a youth who has had a thoroughly well-grounded liberal education as an English gentleman. Any curriculum which renders those who are unsuccessful unfit for other professions is greatly to be deprecated." The Regulations for the Forest Examination, which follow the lines of the Sandhurst Examination, are intended to provide a test that the candidates have received such an education as is indicated in these words. By these Regulations certain of the subjects specified are prescribed as obligatory for all competitors, while, in the choice of the subjects described as optional, allowance is made for varieties of taste and inclination in each candidate. In view of the influence which the Regulations must necessarily exercise on the education of candidates for admission to the public service, the Civil Service Commissioners deem it expedient to specify, with more fulness than in the Regulations themselves, the character of the examination which the candidates will be called upon to undergo.

## CLASS I.

*(Obligatory Subjects.)*

*Mathematics.*—The extent of the examination will be as defined in the Regulations.

*English Composition.*—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

*German.*—There will be translations of unseen passages from German into English, and from English into German; the knowledge of pronunciation will be tested by dictation and the *vivâ voce* examination. The passages for translation will be taken mainly from standard authors (Schiller, Lessing, Alexander v. Humboldt, Ranke, etc.); and a few simple questions may be asked on the passages set, as to the structure and character of the language, and allusions of obvious and general interest.

## CLASS II.

*(Optional Subjects.)*

*Higher Mathematics.*—The extent of the examination will be as defined in the Regulations.

*Latin.*—Passages will be set for translation into English selected from the authors usually read in schools. Passages from English authors will be given for translation into Latin prose and verse, but candidates will be allowed, in the place of verse composition, to answer questions of a simple character, which will test whether they possess a fundamental knowledge of the grammar of the language, and such an elementary acquaintance with Roman History as is required for the intelligent study of the books they have read.

*Greek.*—Passages will be set for translation into English from the authors usually read in schools, and in other respects the examination will proceed on the same lines as in Latin.

*French.*—The passages for translation will be taken from standard authors (Corneille, Madame de Sévigné, Guizot, Taine, etc.) and in other respects the examination will proceed on the same lines as in German.

*English History.*—The General Paper in this subject will test whether the candidates are accurately acquainted with the facts of English History, and also possess an intelligent knowledge of the meaning of the facts. The paper on the fixed period will, of course, require from the candidates more minute knowledge than the General Paper.

*Botany, Chemistry, Physics, Physical Geography, and Geology.*—The standard of examination in these subjects will be such as may be reasonably expected from the education given at schools possessing appliances for practical instruction, such as a laboratory, etc. A considerable portion of the marks will be allotted for the proficiency shown in the practical part of the examination.

## GENERAL.

*Handwriting.*—In estimating the papers of candidates, a limited number of marks, namely, 100 out of the maximum allotted to each subject, is assigned for handwriting.

2. The first Scholarship in each district is open to general competition, but the second and third Scholarships are reserved for candidates who belong to classes that are backward in English education. When two close Scholarships are given, the one is reserved for Mahomedans, and the other for backward classes, excluding Mahomedans. In the districts in the Presidency proper in which the number of Scholarships is raised to 6 with the approval of Government, two Scholarships are open to general competition, two are reserved for Mahomedans and two for backward classes not being Mahomedans.

3. The Scholarships are open to candidates from any school in the British Collectorate or

district to which the Scholarships are attached ; but no candidate will be allowed to compete who has not been a *bona-fide* student of the school for at least twelve months immediately preceding the examination.

4. The examination for the Scholarships will be held in the month of September of each year. No candidate above the age of 10 years on the 1st of September will be eligible for the open Scholarships ; and no candidate above the age of 12 years on the 1st of September will be eligible for the close Scholarships.

5. The Scholarships will be awarded by a Committee, to be appointed by the Educational Inspector for each district, on the results of an examination held at centres, which will be notified in the *Government Gazette*. The names of the successful candidates and the schools at which they were prepared will also be published annually in the *Government Gazette*.

6. Applications for permission to compete at the examination must be made in the printed form appended (*see* Appendix A). The form will be supplied by the Inspector on application. An examination-fee of one rupee will be charged to each candidate.

7. The examination for the Scholarships will be in the subjects mentioned in Appendix B.

8. Each Scholarship will be of the value of Rs. 3 per mensem and will be tenable for three years from the 1st of January succeeding the examination, conditionally on the regular attendance, good conduct and satisfactory progress of

the holder at any public institution\* in the Presidency, which is recognized by the Department as teaching a course prescribed by Government. No Scholarship shall be withdrawn from its holder for misconduct, or for any other cause, without the sanction of the Director of Public Instruction, which should be obtained through the Educational Inspector. All scholars must be presented before the Government Inspector at the annual inspection of the schools which they attend.

9. The holder of a Scholarship will be liable at any time to be examined by the Educational Inspector or his Deputy, and on proof of unsatisfactory progress to be deprived of his Scholarship.

10. The Scholarship must be drawn quarterly in arrears, upon printed bills † signed by the holder and countersigned by the Head Master of his school ; and the holder of a Scholarship cannot change his school without the sanction of the Educational Inspector.

11. Holders of Scholarships who attend Government schools will be required to pay the fees levied from other students.

N.B.—These rules apply to girls, as well as boys.

\* In large districts the number of Scholarships may be doubled. † Includes Aden. ‡ Includes Camp Baroda. § Includes Camp Deesa.

Whereas in former years on the occasion of festival processions in the streets of the town of Belgaum, disturbances of the public peace have occurred in consequence of the assumption by certain of the processionists of masks or disguises offensive to the feelings of persons of other castes, I issue the following orders (under Section 42 of the District Police Act IV of 1890) in view to prevent any such disturbance taking place at the approaching festival of Shimga.

2. On the occasion of the processions to be held on various days on or about the 20th to 26th March 1894 in connection with the Shimga festival in the public streets of the city and cantonment of Belgaum, no mummer or person disguised in any way will be permitted to take part in, or accompany any such procession.

3. Further, no one shall, without the special permission of the District Superintendent of Police, take part in, or accompany any such procession, who is armed with a stick or anything whatever that may be used as a weapon of offence.

4. It is also further ordered that the processions to be held in connection with the Holi festival shall be held only from 20th to 26th March 1894, both days inclusive, and not on any subsequent day.

### PART I.

#### Notification.

BY THE COMMISSIONER OF CUSTOMS, SALT, OPIUM AND A'KA'RI.

In exercise of the powers conferred by Sections 24 and 75 of the Sea Customs Act VIII of 1878, and in supersession of all previous rules, the Commissioner of Customs is pleased to make the following rules for passing free of Import duty baggage in actual use and for the landing of passengers' baggage and passing the same through the Custom House at Bombay:—

##### FREE BAGGAGE.

1. Personal baggage consisting of wearing apparel, toilet requisites, bed house and table linen in reasonable quantity, and bedding in actual use will be passed free of duty. On all other articles liable to duty, duty must be paid though they form part of personal baggage. Dutiable articles brought by passengers for other parties are not included in this exemption from duty and all such articles are to be specially declared.

##### LANDING AND PASSING OF BAGGAGE THROUGH THE CUSTOM HOUSE.

###### *I.—Troopships.*

1. Returns in the appended Form A will be supplied to the Commanding officer on board, who should see that they are filled in as regards columns 1 to 3, and countersign them himself before the arrival of the transport in the harbour.

2. Immediately on the arrival of the transport she will be boarded by a Customs Officer, who will receive all the returns along with a list of all the officers on board.

3. The said Customs Officer will fill up columns 4, 5 and 6 in each return and recover the amount of duty payable from the person in whose name the goods are entered, and give a receipt in the appended form.

4. If the said Customs Officer is furnished with a list of all the officers on board and with complete returns duly filled in as aforesaid, all passengers' baggage on board may be landed free from Customs control.

5. The foregoing rules will not, however, preclude the Customs House authorities from examining or detaining any goods as to which any doubt may arise.

*II.—Steamers (other than troopships) and square-rigged vessels from Foreign Ports.*

1. Immediately after the vessel has anchored, a Customs Officer will examine and pass on board all free cabin baggage not contained in soldered or nailed down cases, which the passenger may offer for examination.

2. All baggage passed as above may be landed at any Bandar and removed without further Customs control.

3. All other baggage may be landed either at the Docks, at Carnac Bandar or at the Town Bandar under cover of boat-notes if discharged in the stream. After landing it may be cleared at any time between 10 A.M. and 5 P.M. on the owner or his agent producing the keys of all locked packages and presenting a signed declaration in Form B, and paying the duty and landing charges, if any, at the Docks Custom House, or Town Custom House.

4. No fire-arms belonging to any one passenger in excess of two guns or two rifles and a revolver or a pair of pistols will be passed without the permission of the Collector of Customs.

*III.—Native Craft from Foreign Ports.*

Passengers will be required to go with all their baggage to the Customs Officer in charge of the Dutiable Anchorage, who will examine it and pass all free articles contained in cases that he has the means of opening. The Customs Officer will send all dutiable articles and all cases which he cannot open to the Custom House, there to be cleared by the owner on payment of duty.

*IV.—Steamers from Customs Ports.*

1. All personal baggage arriving by steamers from Customs Ports will be passed free by a Customs Officer on board the steamer on the passenger making a declaration in the above Form B, and certifying that the baggage was actually shipped at the Customs Port from which the passenger has arrived and not transhipped at such port from a vessel from a Foreign Port without payment of duty.

2. In the event however of the baggage having been transhipped at a Customs Port from a vessel from a Foreign Port, the baggage will be dealt with in the same way as baggage coming direct from a Foreign Port.

T. D. MACKENZIE,

Commissioner of Customs, Salt,  
Opium and Akkari.

Bombay, 10th March 1894.

Note.—Articles for Mess Stores brought from England are liable to duty. The Regimental Mess should be entered in column 1 of the tabulated form and the amount of dutiable stores certified to under the signature of the Mess Secretary or any other Officer whom the Commanding Officer may nominate.

## NOTICE.

1. Personal baggage consisting of wearing apparel, toilet requisites, bed house and table linen in reasonable quantity, and bedding in actual use will be passed free of duty. On all other articles liable to duty, duty must be paid, though they form part of personal baggage. Dutiable articles brought by passengers for other parties are not included in this exemption from duty, and all such articles are to be specially declared.

2. Duty when charged *ad valorem* is charged on the value of the goods in India, including cost of importation and difference of exchange.

3. An article, on which duty has previously been paid on its importation into India, is exempt, if not more than three years have elapsed since it was taken out of India, and if it remains the property of the original importer, or of a member of his family. All such articles should be entered in the declaration, and the grounds of exemption stated in the last column. The receipt referred to in paragraph 7 below must be produced or no claim for exemption under this paragraph will be admitted, except in the case of articles on which duty was paid before the 14th November 1891 the date on which this rule was introduced.

4. Military officers in military employment are allowed to pass free a sword and either a revolver or a pair of pistols as part of their equipment. Military officers in Civil employment are entitled to exemption from duty only on the sword which forms part of their uniform.

5. Immediately on arrival in Bombay this Return, duly countersigned, together with a nominal roll of all officers embarked, should be handed over by the Officer Commanding the Troops on board to the officer superintending the disembarkation, for delivery to the Custom House Officer when he comes on board.

6. Columns 4, 5 and 6 will be filled in at once by the Custom House Officer who comes on board, and the duties will be received by him.

7. On paying duty, the officer will receive a printed receipt, which must be shown on demand to any Customs Officer on board the ship at Sassoon Dock or at any Bandar. In the case of arms, if they are submitted for examination, the Custom House Officer will note in the receipt, for future identification, the description of the arms and the name of the maker and the numbers on them. Without these particulars no receipt will be admitted in support of any claim for exemption under paragraph 3 above.

8. It is to be clearly understood that any omission or false declaration in this Return will subject the articles, if liable to duty, to seizure and confiscation, under Section 167, Clause 40 of Act VIII of 1878. Every such case will be reported in writing by the Custom House Officer to the Superintending Staff Officer for the information of the Brigadier-General.

9. Officers are informed that the Custom House authorities are empowered to examine and detain all packages which they suspect or regarding which doubts may arise. All such cases will be reported by the Custom House Officer on board or at the Custom House, Sassoon Dock, or any other Bandar, to the Officer Superintending the disembarkation, who will thereupon, under the orders of the Brigadier-General, direct the Officer Commanding the Troops to deliver the packages to the Custom House Officer, who thenceforward becomes responsible for the same.
