## PART V.

### PROCEEDINGS OF THE LEGISLATIVE DEPARTMENT, BOMBAY.

The following Report of the Select Committee of the Council of His Excellency the Governor of Bombay on the Bill to consolidate and amend the Law relating to Salt and the Salt-revenue throughout the Presidency of Bombay, and the Bill as amended by the Select Committee are, in accordance with Rule 25 of the Rules for the conduct of Business at Meetings of the Council, published for general information:—

*Report of the Select Committee appointed to consider Bill No. 2 of 1888 (a Bill to consolidate and amend the Law relating to Salt and the Salt-revenue throughout the Presidency of Bombay).*

We have the honour to submit amended draft of Bill No. 2 of 1888, a Bill to consolidate and amend the law relating to Salt and the Salt-revenue throughout the Presidency of Bombay, and to report as follows.

2. The Bill was published in English on the 12th April 1888, in Sindhi on 3rd May, in Maráthi and Gujaráti on 31st idem, and in Kánarese on 7th June 1888.

3. We have carefully considered the petitions received upon the publication of the draft Bill from the owners of salt-works. In these petitions, which are all of the same character, objection is taken to the provisions of the Bill which invest officers of the Salt Department with certain powers of control over the management of salt-works, as involving an unnecessary degree of interference.

4. We find that the powers objected to or similar powers are vested in Salt Department officers under the present law, that they are required for administrative purposes either generally or to meet local peculiarities, and that there is no reason to suppose that the provisions in the Bill before us will, if passed into law, make any change whatever in the existing relations of departmental officers and owners of salt-works; we understand that the records of the

Department and of Government do not afford evidence that those relations are other than satisfactory. Regarding such of the provisions objected to by the petitioners as dealt with administrative details we thought it necessary to consult the Commissioner of Salt-Revenue, whose assistance in elucidating the reasons for such provisions has been of much value to us.

5. The chief alterations or additions which we have to recommend, as shown in the amended draft, are as follows:—

6. After section 7 we have inserted a new section 8 providing that the officers of the Salt Department shall be subject to the provisions of Chapter III of the Bombay Land Revenue Code (1879) which treats of the furnishing of security by certain officers, and the liability of such officers and their sureties in respect of public moneys records, &c. The officers of the Salt Department not being included in the "Revenue officers" to whom this chapter applies, the need that they should be so included was brought to our notice by Government in the Revenue Department, and is sufficiently obvious to require no further remark.

7. In sections 20 and 22 we have made amendments with the object of better definition of the powers of the Collectors and of subordinate officers in respect of requisition for execution of works; the powers of the Collector being generally used for construction of new works, those of subordinate officers for maintenance and repair.

8. In section 42 we have added a provision enabling preventive officers on duty at their stations or at landing places to control the movement and deposit of salt in order to promote despatch and orderly conduct of business at such places.

9. It appeared to us that in section 51 some provision was needed in order to secure time for claims to property seized to be put in, and we have inserted such provision accordingly.

10. It further appeared to us that procedure was required for the prompt disposal of things seized which might be of a perishable nature, or of animals whose maintenance would be chargeable, and we have followed the Indian Salt Act (1882) in providing that such procedure may be prescribed by rules to be made from time to time by the Governor in Council.

11. We have proposed an alteration in section 57 (*g*) and an additional sub-head under that section for reasons which are sufficiently apparent, the former in order to cure the indefinite character of the provision as drafted, the latter in order to secure proper discipline among the hands employed in salt works.

12. We have the honour to recommend that the Bill as now presented to the Council be passed into law.

23. 22 (1) The Collector may, by written notice, require the licensee of a private salt-work, within a reasonable period to be prescribed in such notice, to his satisfaction :

(2) If any such offence is committed by any person employed at a private salt-work, the Governor in Council may impose a fine not exceeding one thousand rupees on the licensee of such work, unless the said licensee establishes, to the satisfaction of the Governor in Council, that all due and reasonable precautions were exercised by him to prevent the commission of such offence.

(3) For the purposes of this section the decision of the Governor in Council as to whether any such offence as aforesaid has been committed shall be conclusive.

(4) If any fine imposed under this section is not paid forthwith, the amount thereof may be recovered, upon application by the Collector, by any Magistrate, as if the same were a fine inflicted by such Magistrate.

25. 24. Whenever it shall appear necessary to the Governor in Council to obtain the ownership of any private salt-work with a view to suppressing it, he may proceed to acquire such salt-work under the provisions of the Land Acquisition Act, 1870.
