No. H.-Misc.—The following notification by the Government of India, Finance Department, is republished:—

“ACCOUNTS AND FINANCE—ESTIMATES OF ACCOUNTS.

No. 1716-F., dated Simla, the 14th June 1920.

It is hereby notified for general information that with reference to the provisions of section 30, Government of India Act, 1919, His Majesty's Government have decided to make a contribution of £136,500 per annum, with effect from the current financial year, towards the cost of the administration of the India Office. This amount is made up as follows:—

	£
(i) Salary of the Secretary of State and Parliamentary Under Secretary ...	6,500
(ii) Estimated cost of the portion of the India Office establishment which is employed on administrative and political, as distinct from agency, functions ...	130,000

2. A contribution of £40,000 *per annum* on account of the cost of the India Office has hitherto been made in pursuance of the recommendations of the Welby Commission, so that the additional contribution which will be paid in consequence of the passing of the Government of India Act, 1919, is £96,500. The amount shown against item (ii) has been adopted on the recommendation of a Committee appointed by His Majesty's Government to assess the cost of the India Office establishment employed respectively on agency and non-agency functions; and it will be in force for 1920-21 and the following four years, at the end of which period steps will be taken to re-assess the contribution on the information then available.

3. As a result of this settlement the annual debate on Indian Affairs in the House of Commons will take place not, as hitherto, on the presentation of the East India Accounts, but on the occasion when the civil service estimates, in which the contribution towards the cost of the India Office is included, are brought up for consideration in Committee of Supply.

“PENSIONS AND GRATUITIES.

No. 1003-C.S.R., dated Simla, the 18th June 1920.

RESOLUTION.

In Resolution No. 714-C. S. R., dated the 10th May 1920, it was announced that with a view to the exact scope of the new pension rules published in Resolution No. 1085-E. A.,* dated the 15th November 1919, being made clear the Government of India intended to publish those rules in the form of amendments to the Civil Service Regulations. The accompanying amendments to the Regulations are now published for general information.

2. At the end of Schedule B showing appointments carrying additional pensions published with Resolution No. 1085-E. A., dated the 15th November 1919, it was stated that any other pensionable appointment not included in the schedule the minimum substantive pay of which is not less than Rs. 1,500 a month would qualify for an additional pension on the lower scale. This statement did not, however, correctly interpret the orders of the Secretary of State. The Departments in which appointments had already been specified in Schedule-B had been considered as a whole and those appointments which were regarded as deserving an additional pension had already been definitely included. It was not the intention of the Secretary of State that appointments in such Departments even though carrying a minimum substantive pay of Rs. 1,500 should automatically become entitled to the special additional pension. This has been made clear in the rules now published. But at the same time the Secretary of State has granted to the Government of India the power to admit appointments in such Departments the minimum substantive pay of which is not less than Rs. 1,500 a month and the Government of India will be prepared to consider any such cases on their merits.

* Republished at pages 2848—2846 of Part I of the *Bombay Government Gazette* dated 20th November 1919.

ORDERED that the Resolution be communicated to the several Departments of the Government of India (including the Financial Adviser, Military Finance, and the Board of Industries and Munitions); to all Provincial Governments and Minor Local Governments; to the Comptroller and Auditor General; to the Heads of Departments subordinate to the Finance Department; to all Accountants General; to the Comptroller, Assam; to the Chief Auditors of State Railways and Government Examiners of Railway Accounts; to the Examiner of Accounts, Military Works Services; to the Examiner of Press Accounts; to the Controller of War Accounts; to the Audit Officer, Delhi Province; and to the Examiner of Customs Accounts.

ORDERED also that it be published in the *Gazette of India*.

EDUCATIONAL DEPARTMENT.

Bombay Castle, 16th June 1920.

No. 2543-A.—The following rules regarding the Text Book Committees in the Bombay Presidency are published for general information in supersession of those promulgated in Government Notification No. 1801, dated the 30th November 1900.

RULES REGARDING THE TEXT BOOK COMMITTEES IN THE BOMBAY PRESIDENCY.

General.

1. No books other than those sanctioned by the Department shall be used in any Government, aided or recognised school.

2. A list of books sanctioned from time to time will be published in the *Bombay Government Gazette* by the Director of Public Instruction; a complete list of such sanctioned books will be published periodically for general information.

3. To assist the Director of Public Instruction in deciding questions as to the use of books in schools, there shall be six committees—one Provincial Text Book Committee for the consideration of English books for use in secondary schools, and five Vernacular Text Book Committees for the consideration of books in Marathi, Gujarati, Kanarese, Sindhi and Urdu.

4. The Committees are consultative and are to advise on questions referred to them by the President. Members may make suggestions about all such questions or others directly connected therewith or arising therefrom. Members may also make recommendations for the removal from the sanctioned list of books that are no longer required or are superseded. Long reviews or meticulous criticism on subsidiary points are not required.

5. The Committees shall for special purposes be divided into sub-committees. The special functions of these sub-committees will be to examine books in regard to which expert opinion is desirable.

6. The Committees may communicate with those of other Provinces in order to benefit by an exchange of views.

7. No book, English or Vernacular, will be placed before the Text Book Committee for consideration and review unless an Inspector considers that it would be suitable in a Government school or reports that some aided or recognised school desires to use it.

8. A book submitted for sanction should be either definitely placed on the sanctioned list or definitely rejected within six months of its receipt. In the event of the Text Book Committee failing to comply with this requirement, provisional orders in the matter may be issued by the Director of Public Instruction in the case of English books and by the Presidents of the Committees concerned in the case of Vernacular books.

9. Books received from publishers or authors for review will not be returned.

10. Prior to the publication of a new edition, all additions, alterations or omissions in the text of a sanctioned book must receive the sanction of the Text Book Committee.

11. The price of a book sanctioned for use in schools and the quality of paper, printing or binding should not be altered without reference to the Committee.

12. Each Committee shall meet at least once a quarter. At every such meeting one-third of the members (in addition to the President) shall form a quorum, decision of the majority shall prevail and in the case of an equality of votes the President shall have a casting vote.

13. A member of the Committee who has any proprietary rights in a book sent to the Committee for review, shall not take part in the discussion of its merits or vote upon the question of its suitability for use in schools and shall similarly abstain when the merits of a new book are being compared with those of one already in use in which he is pecuniarily interested.

14. A member who is absent from the Presidency for more than six months continuously or who has not been able to attend any meeting during a whole year shall cease to be a member.

15. Government retain the right to prescribe any text book on a particular subject for use in schools (Government or aided) whenever it appears necessary to do so.

Provincial Text Book Committee.

1. There shall be a Provincial Committee for the whole Presidency consisting of the Director of Public Instruction as President, and not more than 22 members nominated by Government from time to time.

2. The Committee shall consist of the standing sub-committee and six special sub-committees.

3. The special sub-committees shall consist of three members each and shall be for the following subjects:—

The two nominations shall be for a term of three years with eligibility for renomination.

5. At least one member of each sub-committee shall be a non-official. Non-official members shall be appointed for a term of three years and shall be eligible for reappointment.

6. The Director of Public Instruction will nominate a Secretary to assist him and the Provincial Text Book Committee. The duties of the Secretary will be—

- (6) to bring to the notice of the Committee books on the sanctioned list that are no longer required or are superseded.

7. The Secretary shall prepare the paper of agenda and shall circulate a copy of it at least two weeks before the date fixed for a meeting.

8. When the standing committee or a sub-committee has completed its report on a book the Secretary shall lay the report together with a copy of the book before the Committee at its next meeting.

9. Any member may, after the circulation of the agenda, request the Secretary to send him a copy of any book to be considered at the meeting for his inspection. But such book, together with the member's report on it, must be returned to the Secretary before the date fixed for the meeting, so that it may be placed on the table for the convenience of other members.

10. The Committee shall consider such books only as have been forwarded to it by the Director of Public Instruction.

11. The Committee shall meet at least once a quarter. Each meeting shall be attended by the members of the standing sub-committee and of such other sub-committee only as has books under disposal reported on by it and the committee thus formed shall as a whole deal with all books reported on by the sub-committee that are placed on the agenda for disposal at the meeting.

The Secretary will attend the meetings of the Committee but shall have no vote.

12. In the absence of the President the meetings of the Provincial Committee shall be presided over by the senior official member present.

13. The members of the special sub-committees shall ordinarily submit to the Secretary reports on the books referred to them within a fortnight from the date of receipt. The report should indicate briefly the general opinion of the reviewer on the book as a whole and the special object if any for which the book is considered suitable, *e.g.*, as text, prize or library book.

14. The Director of Public Instruction shall issue decisions on the recommendations of the Provincial Committee, provided that if he differs from its verdict in any matter, he shall forward it to Government for final decision.

15. The Committee will have no concern with the text books of European schools unless they are specially referred to the Committee for opinion by Government or by the Director of Public Instruction.

16. Books prescribed by the Joint Examination Board for the School Leaving Examination are to be included in the list of sanctioned books or may be taken as so included.

No. 6823.—The following Resolution by the Government of India, Department of Education (Census), is republished :—

" No. 48, dated Simla, the 14th June 1920.

RESOLUTION.

The last decennial census was taken in 1911 and it has already been announced that arrangements have been taken in hand for the carrying out of the next census in 1921. Mr. J. T. Marten, I.C.S., was appointed Census Commissioner for India and took over charge of his duties in October 1919. As on previous occasions a special Act has been passed to provide for certain matters in connection with the taking of the census and received the assent of the Governor General on the 25th February 1920.

2. The night of the 18th of March 1921 has been fixed for the census of India. This date on the whole fulfils the essential conditions required to secure the enumeration under the most convenient circumstances of the normal population and has been generally accepted by local Governments and Indian States. There will be moonlight between 7 P.M. and midnight and, except in Ajmer, where special arrangements will have to be made, no important festivals or gatherings are known to take place at that time. Some local Governments have expressed preference for an earlier date—the 18th of February; but that date was reported to be impossible in the Madras Presidency on account of large religious gatherings to be held at that time; extremely inconvenient in Burma, where the agricultural population would be engaged in the harvest and scattered over the fields; and unsuitable in the hilly portions of the north of the country, where the probability of snow and the certainty of extreme cold would be factors adverse to the success of the operations.

3. A copy of the Census Enumeration Book in the form in which it will be issued to enumerators is appended to this resolution. The schedule is practically the same as that used at the last census and the main instructions to the enumerators, which are printed on the cover and will be supplemented by more detailed instructions given through Charge Superintendents and Supervisors, follow closely the lines approved on that occasion. The household schedule for issue to those who are accustomed to fill up the schedule for themselves and their families has been retained; but experience has proved, both in India and in other countries, that the system of household schedules is inferior as a means of securing accurate information to that under which the schedule is written up by a trained enumerator and it is intended that the household schedules should be used as sparingly as possible.

4. In connection with the census of 1911 discretion was given to local Governments to determine whether information regarding the sect of religion (other than Christian sects) should be collected in any province. The Government of India consider that it is unnecessary on the present occasion to load the statistics with details of sects unless there are special reasons for recording particular sects. It will probably be deemed advisable, for example, in most provinces to distinguish between the important Muhammadan divisions of Sunni and Shia; and certain Hindu sects, which have definitely marked themselves off from the more orthodox current of thought, may be considered worth recording. The matter will be left, as on the last occasion, to the discretion of local Governments. Christian sects will, in any case, be recorded as on previous occasions.

5. The standard instructions in the schedule do not ask for the vernacular script which a literate person can read or write. The information is of little interest, except perhaps in the case of the Persian and Nagri scripts in the United Provinces. Even here the statistics previously obtained appeared to be of a somewhat artificial character. The Government of India are, however, willing to leave it to the discretion of local Governments to modify the instructions in this respect should they consider that there is any special reason to do so.

6. Much interesting and valuable information on the subject of the religious beliefs of the peoples of India, their ethnic divisions, social structure and traditions, customs, folklore and dialects has been collected and presented in previous census reports of India and of the provinces. A good deal of this and similar information collected from various sources has now been collated and presented in a systematic manner in the publications of the ethnographic and linguistic surveys, and except where there are special reasons, e.g., in Burma, for continuing the ethnographic and linguistic researches it is unnecessary that the collection of further information on these subjects which does not bear directly on the census statistics should form a prominent feature of the present census. On the other hand the Government of India desire that special attention should be given on the present occasion to the collection of statistical and general information bearing on the industrial and economic side of the life of the people. The precise nature of these enquiries must, to some extent, differ in different provinces and it is intended that the Provincial Superintendents of Census Operations should work in close co-operation with the local Departments of Industries. The Census Commissioner will indicate to Superintendents of Census Operations the general lines on which these enquiries might proceed and the exact statistical information to be obtained. The Government of India think it advisable that, as in the case of the ethnographic enquiries previously undertaken, an officer in each district should be specifically nominated to undertake the collection of such local information as may with the approval of the local Government be indicated by the Provincial Superintendent of Census Operations. While realizing the difficulties attending this suggestion owing to the increase in work and the depletion of staff the Government of India trust that the practical nature of these enquiries will commend this suggestion to the consideration of local Governments wherever it is feasible.

7. The Governor General in Council considers it desirable that the Schedule and instructions prescribed in the resolution should be adopted for Indian States as in 1911.

ORDER.—Ordered that a copy of this resolution, with appendices, be forwarded to all local Governments and Administrations* for information and guidance, and that a copy be forwarded to the Foreign and Political and Army Departments, the Department of Commerce, the Railway Department (Railway Board), the Board of Industries and Munitions and to the Census Commissioner for India.

Ordered also that the resolution and appendices be published in the Supplement to the *Gazette of India*.

Secretary to the Government of India."

J. C. KER,

Secretary to Government.

Samples exported under this licence may be used only for genuine sample purposes, *i.e.*, for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Import and Export Licensing Section; but such consent may be dispensed with when it is desired to sell the articles in the country of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs Authorities that the goods presented for export under this licence are *bond fide* samples, and to make a declaration to that effect on the relative shipping documents.

This notice only applies to samples of goods which require licences for export to the particular destination concerned.

In addition, the consent of the Import and Export Licensing Section is not required for the sale of samples which, though within this scheme at the actual time they were exported, could be exported outside the scheme at the actual time of the proposed sale.

OPEN GENERAL LICENCE FOR COAL EXPORTS.

An Open General Licence has been issued, with effect from Thursday, 1st January 1920, permitting the export of coal, coke and manufactured fuel to all destinations abroad except Russia (other than Esthonia, Lettland and Lithuania), Germany, Hungary, Austria, Turkey and Bulgaria, subject always to the approval, previously obtained, of the Controller of Coal Mines or his duly authorised representative, and subject to shipment being made in a vessel approved by the Commissioners of Customs and Excise or their Officers.

The Customs Authorities will require pre-entry to be made in all cases; and at ports where there is a duly authorised local representative of the Controller of Coal Mines (see list below), the approval referred to above will be signified by his endorsement on the pre-entry form, which must be presented to him for the purpose before shipment.

Where shipment is proposed to be made from a port not included in the list given below it will be necessary for application for the Controller's approval to be made to the Export Branch of the Coal Mines Department in London. Shipments from all ports in the United Kingdom to the destinations excluded from the purview of the general licence must still be covered by an export licence from the Coal Mines Department.

The following are the ports shipments from which will be covered by the local representative's endorsement on pre-entry:—

In accordance with Article 6, Chapter 2, of the 'Convention for the Control of the Trade in Arms and Ammunition,' all consignments of Arms and Ammunition proceeding into or through any of the Prohibited Areas set out below will require a Specific Export Licence.

The Prohibited Areas are:—

(1) The whole of the Continent of Africa, with the exception of Algeria, Libya, and the Union of South Africa. (Within this area are included all islands situated within a hundred nautical miles of the coast, together with Prince's Island, St. Thomas Island and the Islands of Annobon and Socotra.)

OPEN GENERAL LICENCE FOR THE EXPORT OF PARCELS CONTAINING MISCELLANEOUS FOODSTUFFS.

An Open General Licence has been issued for the export by parcel post of parcels containing one or more varieties of foodstuffs (for the personal use of the addressee and not for trading purposes) to all destinations with which trading is allowed, provided that any such parcel may not contain more than two pounds of sugar or more than one pound of butter. Applications need, therefore, no longer be submitted to the Import and Export Licensing Section in respect of the export of such parcels by parcel post.

NOTES REGARDING EXPORT TO CERTAIN COUNTRIES.

Exporters are warned that there are import prohibitions in some foreign countries, information regarding which can be obtained from the Department of Overseas Trade, 35, Old Queen Street, Westminster, S. W. 1, and 73, Basinghall Street, E. C. 2. The issue of an export licence implies no guarantee that the goods will be admitted into the country of destination.

There is no parcel post to *Esthonia, Jugo-Slavia* (except *Dalmatia*), *Lettland* (*Latvia*), *Lithuania*, *Poland*.

Germany.—Gift parcels sent by parcel post may enter Germany without import licence and also free from duty and taxes, provided they do not contain more than 2 kilos (70 ozs.) of tobacco.

Russia (*European*).—Conditions under which trading with European Russia will be permissible are at present under consideration.

Syria.—A parcel post service is in operation north of Acre to Alexandretta and west of Aleppo, including Beyrout, Damascus, Hamah, Homs, Latakia, Rayak and Tripoli.

Turkey.—Parcels for civilians in Turkey and Smyrna will only be accepted if they are fully addressed 'c/o Poste Restante, British Army Post Office, Constantinople' (and/or Smyrna), and parcels must be called for at the British Post Offices.

URGENT ORDERS.

The Import and Export Licensing Section, Board of Trade, announces that firms receiving orders which require immediate acceptance may telegraph details of any such order to ascertain whether a licence will be granted for the export of goods if the order is accepted.

In the event of an applicant being promised a licence he will be enabled to deal with the order straightaway with the knowledge that upon application being made in the proper form to the Import and Export Licensing Section (Board of Trade) the licence will be granted.

The telegrams should be addressed to 'Derestim, London'. They should give in each case in addition to the name and postal or telegraphic address of the applicant the quantity and description of the goods comprised in the order and the country of destination. A reply of 24 words (1/3) must be prepaid.

Applicants are requested in their own interest to confine their enquiries to orders needing a very urgent decision, since the fewer the enquiries the more promptly can answers be given.

Any subsequent correspondence that is necessary in connection with the telegraphic enquiries should be addressed to the Director, Import and Export Licensing Section, Board of Trade, Great George Street, S. W. 1.

Transshipment in the United Kingdom.

The provisional approval of the Import and Export Licensing Section, Board of Trade, should be obtained before the following goods are brought to this country for transshipment:—

Bacon, ham and lard of all kinds.

It is not now necessary to make application to the Collector of Customs at the transshipment ports on Form S. 90 for the transshipment of any goods except those specified in the following list:—
