No. 2530.—In exercise of the powers conferred by Section 3 of the Glanders and Farcy Act, 1879, His Excellency the Governor in Council is pleased to apply the said Act to the local areas contained within the Municipal limits of the town of Bandora in the Thána District.

No. 2531.—With reference to the foregoing Notification, the following rules framed under Section 14 of the Glanders and Farcy Act, 1879, for the town of Bandora in the Thána District, and sanctioned by the Governor in Council, are published for general information:—

1. The Inspector appointed under Section 4 of the Glanders and Farcy Act, 1879, shall, whenever he has reason to believe, from personal knowledge or from information given by any person and taken down in writing, that a diseased horse is to be found in any building, enclosure or place, forthwith proceed to the said building, enclosure or other place, and in the presence of the owner or other person then in charge, or, if he is absent, in the presence of an officer of Police, shall inspect the said premises and execute and discharge the duties and powers conferred on him under the Act.

The Inspector may in such entry and search be accompanied by a Veterinary Surgeon or such Police officer as he considers necessary or by both.

The owner of the premises or person in charge at the time shall give free ingress to the Inspector, and shall in every possible way facilitate the search, and he shall be entitled subsequently to receive from the Inspector a statement in writing of the grounds of entry and, in the event of his premises being infected, shall receive written instructions as to his liabilities and duties under the Act signed by the Inspector.

2. The Inspector shall seize and hand over to the Police for detention any horse which he considers diseased or which he reasonably suspects of being so. Such animal shall, as soon as possible, and with the exercise of due precautions against contagion to other horses and men, be examined by a Veterinary Surgeon and dealt with under the Act. Such precautions shall comprise, in the case of a discharge from the nose, the wearing of a nosebag and, in the case of open sores, the covering up of the same, so far as is practicable, with disinfecting powder and cloths and bandages during removal along public roads; and such removal shall, unless there be any sufficient reason to the contrary, be at night. These precautions shall be enforced in all cases where horses have to be moved for examination or disposal under the Act.

3. The owner or person in charge of a horse which he believes or has reason to believe to be diseased, shall report the case within twenty-four hours to the Inspector or to a Police officer (who shall at once inform the Inspector) and may remove the animal to any isolated building within fifty yards of the stable or to a remote part of the building, enclosure or other place, where the animal has been standing, and shall keep it, as much as is possible, within these limits away from other horses. He shall detain in the stable; until the granting of a license for removal, any horse which has been in contact with or near the diseased animal.

Except as provided in these Rules, no person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked led or driven in a public thoroughfare, road, street or place.

4. Licenses for the removal of horses which have been with a diseased horse will be granted by an Inspector under Section 11 of the Act, on the following conditions, *viz.* :—

(1) That the horse to be removed shall be taken direct, under such precautions as the Inspector deems fit to prescribe, to a place to be prescribed by the Inspector, where it can be conveniently isolated.

(2) That whilst so isolated the horse shall be inspected from time to time, at intervals of not more than a week, by the Inspector, provided he be a Graduate of the Bombay Veterinary College, or if he is not, then by the Veterinary Surgeon.

(3) That the horse shall continue at the appointed place in isolation for so long as the Inspector, provided he be a Graduate of the Bombay Veterinary College, or if he is not, then the Veterinary Surgeon, deems it necessary to have it under treatment or observation.

5. The owner or person in charge of any building, enclosure or other premises which have been occupied by any diseased horse, shall, within seven days, carry out such disinfection of such building, enclosure or other premises and destruction of dung, litter, and waste food, gear and other articles in or near to the premises, as may be prescribed by the Inspector, provided he be a Graduate of the Bombay Veterinary College, or if he is not, then by the Veterinary Surgeon.

In all cases dung, surplus food, and litter from the infected stable, also clothing and other gear which has been used by or been in contact with the diseased horse, shall be consumed or disinfected by fire; temporary building materials such as thatch of grass or leaves, bamboo walls and matting shall be burned, if the position admits of this being done with safety, and (after complete removal of all dung, temporary fittings and other articles for destruction by fire) the wood-work of the stable shall be thoroughly washed with boiling water, the walls, wood-work and ceiling shall be scraped and lime-washed with freshly mixed quicklime and water, to which shall be added crude carbolic acid in the proportion of half a pint to a bucketful of lime-wash, and the flooring shall be removed to a depth of two feet and not renewed for the space of two weeks, the removed earth being burnt and replaced by fresh earth. The whole of the interior shall then be fumigated with burning sulphur, chlorine, carbolic vapour, or some other gaseous disinfectant.

6. On a certificate from the Veterinary Surgeon that a horse is diseased, it shall be destroyed humanely in the presence of the Inspector, and the carcass disposed of by burning under the supervision of the Police. Except with the sanction of the Police and for the purpose of burning it, no person shall remove the carcass or any portion of it.

7. In the event of the disinfection of premises and the destruction of gear, fittings, dung and other articles condemned by the Inspector, not being carried out by the owner within the period of seven days,

they shall be carried out by the Inspector under Police supervision, and the expenses shall be recovered from the owner of the premises in the manner prescribed by Section 9.

8. The Superintendent of Police, Thána, may award to the Inspector, at whose instance any conviction is obtained under the Act, a sum not exceeding half the amount of any fine imposed.

No. 2532.—Under Section 4 of the Glanders and Farcy Act, 1879, the Governor in Council is pleased to appoint the Veterinary Inspector for the time being under the Glanders and Farcy Act for the town and island of Bombay to be an Inspector under the said Act for the areas to which the Act has by Notification No. 2530 of this date been extended, and to exercise within those areas the powers conferred and the duties imposed by the said Act on Inspectors.

No. 2533.—Under Section 7 of the Glanders and Farcy Act, 1879, the Governor in Council is pleased to appoint the officers named below to be Veterinary Surgeons for the purposes of the Act for the whole of the areas to which the Act has been extended by Notification No. 2530 of this date :—
