No. 3257.—The following Rules for the custody, supply and sale of all kinds of stamps and stamped papers now in use, prescribed by the Government of India in supersession of all previous rules on the subject, are published for general information :—

“CENTRAL DEPÔTS.

1. There shall be three central depôts for stamps of all descriptions in charge of the Superintendents of Stamps at Calcutta, Madras, and Bombay, respectively. These central depôts shall maintain a stock of stamps sufficient for two years' consumption. The Superintendents of Stamps in Madras and Bombay shall, for this purpose, forward, not later than the last week in September in each year, indents for the supply of the various descriptions of stamps required in the following year for the territories dependent on them for the supply of stamps to the Superintendent of Stamps, Calcutta. The Superintendent of Stamps, Calcutta, shall prepare a general consolidated indent for stamps of all descriptions, showing separately the demand for the following year for each of the three Presidencies, including in it the indents of the Superintendents of Stamps, Madras, and Bombay; and shall forward this general indent to the Government of India in the Finance Department for transmission to the Secretary of State so as to reach him not later than the 1st November in each year. The Superintendent should forward a copy of the section of the general indent relating to Postage stamps to the Director General of the Post Office, and of the section relating to Telegraph stamps to the Director General of Telegraphs.
2. Stamps for the Bengal Presidency, including the North-Western Provinces and Oudh, the Punjab, Central India, Rajputana, Assam, and Burma, and local depôts subordinate to Calcutta, and stamps for copies for use in the Central Provinces, shall be supplied from the central depôt, Calcutta, on the indent of officers in charge of local depôts.
3. Stamps for the Madras Presidency, including Coorg and local depôts subordinate to Madras, shall be supplied from the central depôts at Madras on the indent of the officers in charge of local depôts.
4. Stamps for the Bombay Presidency, including Sind, Berar, the Central Provinces (save as provided in rule 2), and local depôts subordinate to Bombay, shall be supplied from the central depôt, Bombay, on the indent of officers in charge of local depôts.
5. The Superintendents of Stamps, Calcutta, Madras, and Bombay, on receiving an indent from a local depôt, shall have the indent examined to ascertain that the indent is such as to insure the local depôt having a proper supply, and may comply with the indent in full or in part, as he thinks fit. If he thinks that the indent should be increased, he should request the officer who submitted the indent to submit a supplementary indent. The Presidency Post Offices of Calcutta, Madras and Bombay may indent for supplies on the central depôts.

LOCAL DEPÔTS.

6. Every treasury throughout India, including those attached to political and salt agencies, shall be a local depôt for the custody and sale of stamps of all descriptions. Local Governments may establish local depôts at places where there is no treasury.
7. Each local depôt shall, unless the Local Government otherwise directs, maintain a supply of stamps equal to the probable consumption of five months. Local Governments may direct that the supply to be maintained, either generally or in respect of any particular kind of stamp or in certain local depôts, shall be equal to the probable consumption of such other period as they deem expedient.
8. As soon as the number of stamps in the local depôt falls below the number issued from the depôt in the preceding six months, the officer in charge of the depôt shall prepare an indent for a supply equal to the probable consumption of three months. The indent shall show in separate columns for each denomination of stamp of which a supply is required the total of the balance in the local depôt and any branch* depôts subordinate to it, the quantity sold in the preceding six months, and the quantity indented for, which should be approximately one-half of the quantity sold in the preceding six months. The periods of “six months” and “three months” of this rule may, like that of five months in rule 7, be altered by Local Governments to such other periods as they may deem expedient. This indent will be forwarded direct to the Superintendent of Stamps, Madras, Bombay, or Calcutta, as the case may be; but the Local Government of any province may direct that the indents shall be forwarded through any other officer, such as the Superintendent of Stamps of the province, or that a copy of the indent shall be forwarded to such officer.

* For branch depôts the figures of the latest periodical return received at the local depôt showing details of stamp balances may be used for the purpose of calculating the total required for entry in each column.

9. If the supply of stamps in any local depôt should run short before the receipt of the supply from the central depôt, the officer in charge of the local depôt should indent for a supply from a neighbouring depôt, sending a copy of the indent to the Superintendent or Commissioner of Stamps of the province, or such other officer as the Local Government may direct. It is the duty of the Superintendent of Stamps, Madras, Bombay, or Calcutta, to report to the Local Government (or such authority as the Local Government may direct) in the case of General and Court-fee stamps, to the Director General of Post Office in the case of Postage stamps, and to the Director General of Telegraphs in the case of Telegraph stamps, any case in which it may come to his knowledge that the stock of stamps in any local depôt of any description has fallen below the prescribed amount.

10. As soon as possible after the arrival of a supply of stamps from the central depôt or from another local depôt, the officer in charge of the local depôt shall have the boxes or packets opened in his presence, and the contents of each box or packet counted either by himself or in his presence, immediately on being opened. The number of stamps received shall be compared by the officer in charge with the submitted invoice, and a receipt shall be sent as soon as possible to the officer who despatched the stamps.

11. Local Governments may issue such orders as may be thought necessary regarding the detailed counting of stamps received in a local depôt, and as to the descriptions of stamps which the officer in charge must count with his own hands. Such orders may include instructions that a certain percentage only of sealed packets marked as containing a certain number of stamps need be opened and counted at the time of receipt, and the remainder, if the percentage opened are all found correct, left with seals unbroken to be counted as they are required on being given out from double lock. The officer in charge is responsible for observing any such instructions, and for satisfying himself as to the number of stamps received before signing the receipt.

12. If any of the stamps received are found to be unfit for issue, they should be at once returned to the Superintendent of Stamps. Stamps which are through any accident rendered unfit for issue at any time after receipt should be similarly returned to the Superintendent as soon as their unfitness is discovered. The necessary entries on account of stamps so returned should be made in the monthly statement (rule 34), and in the *plus* and *minus* memoranda (rule 36).

13. Immediately after the stamps received have been counted, they shall be placed in proper receptacles in the store under double lock, arranged in parcels or packets containing known quantities, the amount of each denomination being entered in a register maintained to show the receipts and issues to and from the store under double lock.

14. The treasurer, or such other officer as the Local Government may direct, shall be the *ex officio* vendor of all descriptions of stamps in each local depôt. Sales to the public or to licensed vendors shall not be made direct from the stores under double lock, such sales being made by the *ex officio* vendor from the supply entrusted to him for this purpose, to be kept by him under single lock, as prescribed in the following rules.

15. The stock to be made over to the *ex officio* vendor to be kept by him under single lock should ordinarily be sufficient for the probable demand of one month. On a fixed date near the beginning of each month the *ex officio* vendor shall prepare an indent for the quantity required for the month in a form showing the balance in his hands, an average month's consumption, and the quantity required. When this indent is approved by the officer in charge, who should examine the balance under single lock, and ascertain that the quantities shown agree with the quantities shown in the indent, he shall give out the quantity required from the store under double lock. The same procedure shall be followed if any stamps should be required at any intermediate date. Local Governments may reduce the period of one month mentioned in this rule to one week or any other period less than a month, if they consider this desirable with reference to the amount of the treasurer's security or for any other reason.

16. From the stock so made over to his charge and kept by him under single lock, the *ex officio* vendor shall sell stamps to the public and to licensed vendors for cash. He shall keep in such language as the Local Government may direct an account of the daily sales for each of the four descriptions of stamps in a form showing for each denomination the balance in his hand at the beginning of the day, the quantity sold during the day, and the balance in his hand at the end of the day. He shall pay daily into the treasury the cash received by him for stamps sold, the amount realised on account of each of the four descriptions of stamps—namely General, Court-fee, Postage, and Telegraph—being paid in separately. The account of daily sales should be inspected every day by the officer in charge of the depôt.

17. The rules regulating the grant of discount and the grant of licenses to licensed vendors for the sale of General and Court-fee stamps vary in different provinces, and are prescribed by Local Governments, subject to the general rule that no change in the rates of discount shall be made without the previous sanction of the Governor General in Council.

18. Local Governments may direct that the sales to the public of General and Court-fee stamps by *ex officio* vendors shall be limited to stamps of a value higher than a named amount, the sale to the public of stamps of lower value being left to licensed vendors.

19. Telegraph stamps shall be sold to the public for cash by the *ex officio* vendors, provided that the quantity of stamps sold to one person at one time shall not be less in value than Rs. 5 and that the quantity sold shall not include less than one rupee worth of any particular denomination. On such sales no discount is allowed.

20. Telegraph Masters shall obtain supplies of Telegraph stamps from the local depôts, subject to the same conditions in regard to the quantity supplied at one time as those of the preceding rule, and shall sell to the public Telegraph stamps of all descriptions and to any value. No discount is allowed to Telegraph Masters for the sale of stamps; but they are allowed permanent advances of Telegraph stamps without payment, the amount of the permanent advance being fixed by the Director General of Telegraphs. When the permanent advance of Telegraph stamps has once been taken, subsequent issues to Telegraph Masters are made only on cash payment. But when the local depôt is closed for holidays of more than one day's duration, officers in charge of local depôts are authorized to issue Telegraph stamps to Telegraph Masters without payment in excess of the value of the permanent advance, these temporary advances being adjusted, when the treasury re-opens, by the return of the stamps or the payment of their value if sold.

21. Service Postage stamps shall be sold for cash from local depôts to Government officials and to persons specially authorised to purchase and use service stamps on a written application. On such sales no discount is allowed.

22. Ordinary Postage stamps shall be sold to the public for cash from local depôts, provided that the value sold to any person at one time shall not be less than Rs. 5, and shall not include any fraction of a rupee, and that embossed envelopes and post-cards shall be sold in complete packets only. No discount is allowed on such sales. Soldiers' envelopes are sold from certain selected local depôts only to Commanding Officers in complete packets, no discount being allowed.

23. The officer in charge of every post office, receiving office, tahsil, thana, and police-station, at which letters are received for despatch, and every person licensed under the rules framed under the Stamp Act, 1879, to sell General stamps, are required to keep a supply of ordinary Postage stamps for sale to the public sufficient for the probable demands of one week. To such persons ordinary Postage stamps, except soldiers' envelopes, are sold from local depôts for cash, on the same conditions as to quantity as those prescribed in the preceding rule; and on such sales discount at the rate of quarter of an anna in the rupee is allowed.

A special extra commission of $\frac{1}{4}$ anna in the rupee has been sanctioned, with effect from 11th November 1892, on all sales of the large size registration envelope.

24. The officers in charge of post offices, receiving offices, tahsils, thanas, and police-stations at which letters are received for despatch are also required to keep a supply of one-anna Revenue stamps for sale to the public. To such officers one-anna Revenue stamps are sold from local depôt, on the same conditions as to quantity as those proscribed in rule 22. On such sales discount at the rate of one half-anna in the rupee is allowed.

25. A District Officer may authorise the grant of discount at the rate of quarter of an anna in the rupee to any *bona fide* retail vendor of ordinary Postage stamps, provided he is not employed in a Government treasury. Such authority shall be in writing, and shall remain in force for one year. It may contain conditions in all or any of the following respects, namely, the maintenance of a sufficient supply of stamps of all or any specified denominations of Postage stamps for retail sale; the sale of the stamps at one or more particular shops or places, and the prohibition of sales at other shops or places; and the days and hours of sale. The District Officer shall keep a register showing the name, residence, and occupation of every person to whom he grants such authority.

26. Superintendents and Inspectors of Post Offices within their respective jurisdictions, and any other officers of the Post Office authorised on that behalf by the Postmaster General or Deputy Postmaster General, are empowered to examine the stock of Postage stamps kept by any of the persons required or authorised to keep Postage stamps for sale to the public under rules 23 and 25.

NOTE.—In the case of all stamped envelopes or postal wrappers, the discount or commission is calculable on the face value of the stamp.

BRANCH DEPÔTS.

27. Every subordinate, branch, or tahsil treasury shall be a branch depôt for the sale of stamps of all descriptions.

But in any case where the sale of stamps from such a branch depôt is insignificant, and equal facilities exist for the supply of stamps from a depôt in the same station as the branch depôt, the Local Government may direct the closing of the branch depôt.

28. The sub-treasurer, or such other officer as the Local Government may direct, shall be the *ex officio* vendor of stamps at a branch depôt.

29. The officer in charge of the branch depôt shall obtain his supplies from the local depôt to which the branch depôt is subordinate, in the same manner as the *ex officio* vendor at the local depôt obtains his supplies, except that the indent and the stamps must be sent by post or messenger to and from the local depôt; and that the examination of the balance in hand and the comparison of the amounts shown with those shown in the indent shall be done by the officer in charge of the branch depôt. In cases where there is likely to be a distinct saving of cost or greater security of the stamps in transit, the Local Government may empower the Board of Revenue or other superior Revenue authority to sanction the despatch of stamps direct from the central depôt to branch depôts, such supplies being passed through the accounts of the local depôt treated by the Superintendent of Stamps as supplies to the local depôts to which the branch depôts are subordinate.

The *ex officio* vendor shall obtain his supplies from the officer in charge of the branch depôt, in the same manner as the *ex officio* vendor at the local depôt obtains his supplies from the officer in charge.

30. The supply to be kept in a branch depôt should be equal to the probable demand for three months; but Local Governments may direct that the supply shall be equal to the demand of any other period instead of three months which they may consider expedient. The stock should be kept up to this amount by indenting and obtaining supplies from the local depôt from time to time as may be necessary.

31. Local Governments shall fix the period a supply sufficient for which shall be kept under single lock by the *ex officio* vendor, and the remainder of the stamps in the branch depôt shall be kept under double lock of the officer in charge of the branch depôt and of the *ex officio* vendor, and given out to single lock as required.

32. Sales from branch depôts will be made subject to the same rules as those from local depôts.

RETURNS TO AND BY THE SUPERINTENDENTS OF STAMPS AND ACCOUNTANTS GENERAL.

33. On the last open day of September and March each year, the officer in charge of each local depôt will count, or have counted in his presence, the stamps in the depôt, both those under double lock and those under single lock, and will require the officers in charge of the branch depôts subordinate to him similarly to count the stamps

Stamps, or other officer named by the Local Government, a certificate in the following form:—

the

explanation of which is as follows :—

34. Monthly statements showing the receipts and issues of each local depôt, including the transactions of the subordinate branch depôts, shall be prepared by the officer in charge of the local depôt, and forwarded in the first week of the succeeding month to the Superintendent of Stamps, Calcutta, Madras, or Bombay, or the local Superintendent or Commissioner of Stamps, or other officer specified in rule 33, separate statements being prepared for General stamps, Court-fee stamps, Telegraph stamps, and Postage stamps.

These statements shall show for each denomination of stamp the values of the balance in hand, at the beginning of each month, of the quantities received from the Superintendent of Stamps or other officer during the month, of the quantity sold during the month, and of the balance in hand at the end of month. The statements may be forwarded direct to the Superintendent of Stamps, Calcutta, Madras, or Bombay, or the local Superintendent or Commissioner of Stamps, or through any officer named by the Local Government.

35. The statements shall be checked by the Superintendent of Stamps, Calcutta, Madras, or Bombay, or by the local Superintendent or Commissioner of Stamps, or other officer specified in rule 33, by comparison with previous statements and the accounts of the central depôts, and shall be used by him to check indents and to watch the balances in the local depôts. If the monthly statements of transactions show that the balance of any kind of stamp in any local depôt is falling too low, the attention of the officer in charge should be called to the fact. To enable him to check the returns each local Superintendent or Commissioner of Stamps, or other officer specified in rule 33, will be supplied by the Superintendent of Stamps, Calcutta or Bombay, with monthly statements showing the stamps issued to and returned by the local depôts subordinate to each.

- | | | | | |
|----------------------------|-----|-------------|-----|----------------------------------|

- VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

The pilot on going alongside the vessel shall direct the flag prescribed above to be hoisted, if it has not already been done.
- II.—Such Commander shall not, without first having obtained permission as hereinafter provided, allow any communication, except orally, with the shore or any other vessel or boat, excepting with the boat supplying pilots, and in that case communication shall be limited to receiving on board the pilot, his servant and baggage.
- III.—On any such arrival being signalled, the Health Officer of the Port shall, as soon as possible, go alongside the vessel and ascertain by enquiry from the Commander whether any person on board is suffering, or has during the voyage suffered, from plague, and if the Health Officer is satisfied by such enquiry that no person on board is suffering, or during the voyage has suffered, from plague, and if the ship carries a qualified Medical Officer, quarantine shall be dispensed with, and pratique granted.

- VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of eight days, or if the vessel has been placed in quarantine for fifteen days, for a period of fifteen days. If a case of plague occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.
- VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.
