2. Mr. C. E. Frost, Forest Settlement Officer, Násik, is hereby appointed, under clause (c) of the same section, to enquire into and determine the existence, nature and extent of any rights alleged to exist in favour of any person in these lands.

Bombay Castle, 12th January 1886.

No. 185.—With reference to Government Notification No. 2792, dated 6th April 1885, published at pages 485 and 486 of the *Bombay Government Gazette* of the 9th idem, Part I., the following rules, made by the Governor in Council under Section 31 of the Indian Forest Act, 1878, to

regulate the management of the Protected Forest in the marginally noted villages of the Akola Táluka of the district of Ahmednagar, are published, with the previous sanction of the Governor

General in Council, for general information:—

1. Lands of either of the two following descriptions may be cleared or broken up for cultivation in the said forest subject to the conditions, if any, respectively applicable thereto, viz.:

(a) land the right to cultivate which has been recorded in an enquiry under Section 28 of the Forest Act, or

(b) land let for cultivation under a lease which is at the time in force and has been granted under these rules.

2. The unoccupied land in the said forest suitable for cultivation having been divided off by the Survey Department, under the orders of Government, into fields which bear distinctive numbers and having been measured and assessed by the said Department at a moderate rent, any of the said fields (hereinafter called "numbers") may be let at the rent so assessed to any person who is, and has been for not less than five years previously, a resident of the village in which the number is situate, subject to the conditions contained in these rules.

3. The lease of a number may be sold by public auction or granted, at the discretion of the Divisional Forest Officer, with or without payment of a premium.

4. Every lease granted under these rules shall be in the form A hereto annexed and shall be executed by the Divisional Forest Officer, if he is competent under the rules in force in this behalf to execute such an instrument, or otherwise by the Conservator.

No such lease shall be granted until the intending lessee has executed a counterpart agreement in the form B hereto annexed, bearing an endorsement of the tenor prescribed in the said form signed by the village officers.

5. In the first year in which these rules are in force leases shall be granted for a term of thirty years. Leases granted after the said first year shall be for terms which will expire simultaneously with the terms of the first year's leases.

6. The rent due annually in respect of lands leased under these rules shall be payable in two equal instalments on the 10th December and 10th January respectively.

7. On the expiry of the term of any lease granted under these rules the lessee shall be entitled to a renewed lease for such term and subject to such conditions and the payment of such rent as Government shall think fit to prescribe.

8. Every lease granted or renewed under these rules may at any time be cancelled by the Divisional Forest Officer or the Conservator of Forests:

(a) if the lessee or any co-sharer of the land held by the lessee is convicted of any offence under Section 32 of the Forest Act and such conviction is not subsequently reversed or quashed; or

(b) if the land included in the lease or any portion of it is subjected, without the previous sanction of the Divisional Forest Officer or of the Conservator of Forests, to any mortgage, charge, sub-lease or alienation; or

(c) if the land included in the lease or any portion of it is subjected to *dalhi* cultivation; or

- (d) if any instalment of rent due in respect of the land is not paid, or recovered under Section 81 of the Forest Act, before the close of the revenue year in which it is payable ;
- (e) if the lessee ceases to be a resident of the village in which the land is situate.

When a lease is cancelled under this rule, it shall be deemed for the purposes of Rule 1 to cease to be in force from such date as shall be fixed in this behalf by the officer cancelling the same.

9. An appeal shall lie from any order made by the Divisional Forest Officer under the last preceding rule to the Conservator of Forests. The order of the Conservator of Forests shall be final.

10. No lease granted under these rules shall be deemed to confer upon the lessee any right in or over the trees or other forest produce of the land included in such lease ; but, subject to a reservation of the right of Government at any time to re-consider and amend or cancel such concession and to the provision of Rule 11, the Governor in Council directs that the lessee of any land of which a lease is granted or renewed under these rules shall be permitted upon or from the said land :

- (a) to lop trees, not being trees which are reserved under Section 29 of the Forest Act, for the purpose of obtaining *râb* for manure ;
- (b) with the written authority of the Divisional Forest Officer to cut and remove trees, not being trees reserved as aforesaid and not exceeding 15 inches in circumference at the base, which in the opinion of the said officer impede cultivation ;
- (c) to pasture and to cut and remove grass for his own cattle, sheep and goats ;
- (d) to gather and remove edible fruits and roots ;
- (e) to gather and remove dead wood for fuel ;
- (f) to quarry or gather and remove stones for his own use for any agricultural or domestic purpose.

11. Lessees exercising the privilege of lopping trees for obtaining *râb* conceded by clause (a) of the last preceding rule, shall leave uncut a main leading shoot (*shenda*) of each tree which they so lop.

12. Any person permanently residing in any of the said villages may, in any unoccupied number of the protected forest in the village in which he resides, pasture, or cut and remove grass for his own cattle, sheep and goats without license or payment of any fee.

The Governor in Council reserves the right at any time to reconsider and amend or cancel this concession.

13. Except as provided in Rule 10 and in the last preceding rule, no cattle, sheep or goats may be pastured and no grass may be cut in the said protected forest without written authority from the Divisional Forest Officer.

- Letter from the Resident at Hyderabad, No. 512, dated the 13th November 1883.
- Letter from the Resident at Hyderabad, No. 132 G., dated the 28th April 1884.

OBSERVATIONS.—The subject of the improvement of the staff entertained in each Province to supervise the village records was brought to the notice of all Local Governments and Administrations in the Resolution cited in the Preamble which was recorded on the 14th March 1883. The design of that Resolution was thus explained:—

‘The object of the present Resolution is to commend to Local Governments and Administrations the desirability of improving, to the utmost extent, the quality of the staff to which the main work of supervision must be entrusted. It is impossible to throw the bulk of this work upon the higher administrative officials. In order to reduce to a minimum the amount of personal testing which must be undertaken by officers of superior position, it is necessary that they should have under them as supervisors of the staff of village accountants men whose competence is fully established and whose honesty can ordinarily be trusted. To the attainment of these objects five conditions appear to be essential:—

- ‘1st—The good character and respectability of the candidates.
- ‘2nd—Qualification for their duties.
- ‘3rd—Adequate pay.
- ‘4th—Promotion to higher appointments.
- ‘5th—Strict punishment for neglect of duty.’

2. The Governor General in Council has learnt with satisfaction from the replies which have been received from Local Governments and Administrations that arrangements have now been made in all temporarily-settled Provinces for the careful selection of candidates with special reference to their fitness for the duties to be performed by them, and for their adequate remuneration. The question of facilitating the promotion of a certain number of deserving officials to higher posts has been taken up in a few Provinces only, because, among other reasons, the arrangements made for their appointment and pay are in

most cases of too recent a nature to admit of a practical consideration of the subject. His Excellency in Council is, however, glad to learn that in the Presidency of Madras the post of Revenue Inspectors is now to be included in the schedule of appointments, service in which is held to qualify for a Tahsildarship; that in the North-Western Provinces and Oudh, the Board of Revenue has undertaken to see that the claims of Kánungos to promotion are borne in mind; and that in the Punjab the Government have in accordance with the wishes of the Government of India issued instructions which will tend greatly to increase the number of Assistant Tahsildars required to fill Kánungoships or similar appointments in the Settlement Department. The circulars* issued with the

* Nos. 11 and 12, dated the 6th February 1885, of approval of the Punjab Government are appended to this Resolution for general information.

In conclusion His Excellency in Council trusts that the importance of the subject will continue to be kept in view, and that as the organization of the staff becomes more complete, further steps may be taken towards making the officials responsible for the supervision of the revenue record an integral part of the revenue establishment.

ORDER.—Ordered, that the above Resolution be printed in the Supplement of the *Gazette of India*, and be forwarded to the Local Governments and Administrations noted on the margin for information, and for publication in the Local Gazette; also that a copy be forwarded to the Foreign Department for communication to the Resident at Hyderabad and the Chief Commissioner of Ajmere-Merwara.

(Signed) E. C. BUCK,

Secretary to the Government of India.

Circular No. 11, dated Lahore, the 6th February 1885.

From—R. G. THOMSON, Esq, Offg. Senior Secretary to Financial Commissioner, Punjab,

To—All Revenue Officers.

In issuing, with the sanction of Government, the accompanying Patwári and Kánungo Rules, the Financial Commissioner desires to call the attention of Deputy Commissioners to the following remarks.

2. The object of the rules is to facilitate and secure—

(i) real efficiency among the Patwáris and Kánungos;

(ii) improved field to field inspection, and record of the results of each harvest;

(iii) the continuous record in convenient tables of the total results of each harvest and each year's husbandry; these tables being kept first by villages, secondly by assessment circles, and thirdly by tahsils;

(iv) the punctual record and attestation of all mutations of rights and their prompt incorporation into the Jamabandi;

(v) the cessation of the present practice, under which in numerous cases mutation orders are passed in the absence of the parties, or after calling them away from their villages to the tahsil office;

(vi) the release of the Tahsildárs and Náib-Tahsildárs from a large amount of revenue case work, which, under the procedure hitherto prescribed for such work, ties them to their tahsil offices, and overburdens their small office establishment with clerical duties.

(vii) and as a consequence, the systematic visiting of each village, either by the Tahsildár or Náib-Tahsildár.

3. The rules as now issued have been simplified as compared with the Draft Rules originally circulated for opinion. They have also been carefully translated under Lieutenant-Colonel Wace's personal supervision. They are to be taken as superseding the Patwáris' Manual hitherto in use, and they will have the relation to the rules under the Land Revenue Act, which is explained in paragraphs 1 and 2 of Punjab Government letter No. 215, dated 26th September last, of which a copy is hereto appended.

4. To secure adequate observance of these rules will be a work of some time and labour in every district; and especially it is not intended that where fluctuating assessments are in force, the forms of papers at present in use for record and assessment should be altered too hurriedly, or without reference to the Commissioner of the division. Both in respect of their application to such systems and as regards the general introduction of the rules, the Financial Commissioner will rely on Commissioners and Deputy Commissioners acting with such expedition as is convenient and suitable.

5. In every tahsil measures should be organized under the immediate supervision of the Tahsildár for the instruction of Kánungos and Patwáris in the new rules. No special teacher will be required. The instructor should be the more experienced and intelligent of the Kánungos assisted by selected Patwáris. District officers are further requested to take measures for securing a careful and intelligent study of the rules by Tahsildárs and Náib-Tahsildárs. For, if the chief officials of each tahsil do not themselves thoroughly learn the new system, it is not likely that it will be completely carried out by the Kánungos and Patwáris.

6. If in any district the assessment circles on which the current assessment was framed are considered unnecessarily numerous for the purposes of Rules 113 and 126, the Deputy Commissioner may, with the Commissioner's sanction, throw two or more circles into one.

7. The rules do not give a complete detail of a Kánúngo's duties; see paragraphs 111, 113 and 126. Commissioners are therefore requested to report six months hence what duties should be required of district, field and office Kánúngos, in addition to those stated in the rules.

8. On the subject of the organization of the Patwári and Kánúngo establishments (Rules 3 and 94), separate circulars are to-day issued.

9. A collection of the recent Resolutions and orders of Government, in compliance with which these rules are prescribed, will shortly be issued in the form of selections from the records of this office.

10. Arrangements are also in progress for supplying to every Patwári a copy of the Arithmetic and Mensuration Manuals recently compiled in the Settlement Department.

Extract paragraphs 1 and 2 of Punjab Government letter No. 215, dated 26th September 1884, to the Officiating Senior Secretary to the Financial Commissioner, Punjab.

In continuation of my letter No. 214* of to-day's

* *Vide* Proceedings, Revenue, Nos. 10-13 A, September 1884. date, and in reply to your letter No. 175 of the 5th instant, I am directed by the Lieutenant-Governor to convey approval to the proposal of the Financial Commissioner that the revised rules for Patwáris and Kánúngos be introduced tentatively with a view to criticism and revision after experience of their actual working, pending the enactment of a new Land Revenue Act for the Punjab.

2. Rule 18 of the present Patwári rules and Rule 8 (7) of the Kánúngo rules, which have the force of law, give the Financial Commissioner power to issue subsidiary instructions regarding the duties of these classes; and as the principal alterations made in the proposed rules, *viz.*, the grading of Patwáris' pay, the appointment of Patwáris, by the Deputy Commissioner, and the limitation of hereditary claims to the post of Patwári, consist of changes which it has long been admitted are necessary, the Lieutenant-Governor thinks that there need be no hesitation in introducing the whole set of rules as executive orders previous to their being made in part rules having the force of law. The other principal change proposed, *viz.*, that the sanction of the Commissioner of the division should no longer be required to transfers of land to outsiders, had perhaps better be postponed until the final revision of the rules. As soon as a complete copy of the revised rules is submitted to this office, this matter will be reported to the Government of India, in the Department of Agriculture and Revenue, for information. It is understood that only certain portions of the instructions prepared by Colonel Wace will hereafter be embodied in rules having the force of law, and that the remaining portions will form executive orders to be issued by the Financial Commissioner. It would be obviously undesirable to prescribe returns and statements in rules of the first class, as any petty alteration subsequently considered necessary in them would thus require the sanction of the Local Government.

I.—10

Circular No. 12, dated Lahore, 6th February 1885.

From—R. G. THOMSON, Esq., Offg. Senior Secretary to Financial Commissioner, Punjab.

To—All Revenue Officers.

In continuation of Circular No. 11 of this date, issuing new Patwári and Patwáris-Kánúngos. Kánúngo Rules, and with reference to Chapter IX. Instructions for the re-organization of the Kánúngo establishments. of those Rules, the Financial Commissioner, with the sanction of Government, issues the following instructions for the re-organization of the Kánúngo establishments in the province.

2. The establishment sanctioned for each district is shown in the schedule appended to this circular. The new establishments will involve an increased expenditure of Rs. 1,28,000 per annum, thereby more than doubling the sum hitherto spent on the agency employed in supervising the maintenance of the village records of the province. The return which will be made for this extra charge will depend very much on the care with which the new establishments are organized. And the Government have, therefore, directed that in appointing the new establishment in each district the following procedure shall be observed.

3. In districts under settlement, including the whole of the Karnál and Ferozepore districts, new establishments may be appointed at once. The Settlement Officer will select suitable men from the existing Kánúngo establishment and from the district Patwáris. Settlement Munserims may be appointed at once to the 25 or 30 rupees grade, if they already draw in the Settlement Department salaries of that amount.

4. In the Muzaffargah and Mooltan districts, where temporary establishments of full strength have already been organized for Kánúngo work in anticipation of the permanent sanction now received, full effect can be given to the revised scheme at once.

5. In other districts except Kángra (as regards which see paragraph 16 below), the Deputy Commissioner will prepare, in the form annexed, a list of the persons whom he considers suitable, sending it direct to the Director of Settlements and Revenue Records. The Director will then either himself examine these persons, visiting the district for the purpose, or make proposals to the Commissioner of the division for their examination by a suitable Revenue officer. After this examination, the Director will certify to the Deputy Commissioner which of the persons examined are suitable candidates. From the candidates so approved, the Deputy Commissioner will then fill up all vacancies in the establishment sanctioned for his district. And on his reporting through the Commissioner to this office that he has done so, the Accountant-General will be authorised to pass the Kánúngo establishment bills of that district at the strength and rates of the new schedule. A list of the new establishment, in the form (2) appended to this circular, should accompany the Deputy Commissioner's report.

6. The preliminary examination and certificate required by the previous paragraph are not to be

understood as taking the place of that required by paragraph 96 (2) of the new Kánúngo Rules. They are desired by Government as a check upon the too hurried organization of the new establishments.

7. The Director of Settlements will, on application being made to him, arrange to place, at the disposal of Deputy Commissioners of districts not under settlement, the services of as many Munserims as can be spared. A certain number of candidates have been under training during the past two years in expectation of demands of this nature. Applications under this paragraph should not be addressed to Settlement Officers direct. No Munserims should be appointed to the Kánúngo establishment either pursuant to this paragraph or pursuant to paragraph 3, unless he is a native of a district in the Punjab under Government's direct administration; and, so far as possible, Munserims selected should be natives either of the district to which they are appointed, or of its vicinity.

8. A Settlement Munserim transferred to the Kánúngo establishment may count as service qualifying for field allowances, his previous service as Settlement Munserim; and the Settlement Officer's certificate of his efficiency will be accepted in place of that of the Director of Settlements. This permission is given, in order that a proportion of the best Settlement Munserims may be made available for such appointments.

9. The arrangements made under paragraphs 3, 4, and 5 of this Circular must in all cases absorb the existing establishment of Kánúngos. If these establishments include men who are not likely to qualify for efficient work, the Deputy Commissioner will deal with such cases on their merits. But ample time should be given to all incumbents who are able and willing to qualify. This instruction applies equally to the Girdáwars appointed in districts recently settled.

The Deputy Commissioner's list (prepared under paragraph 2 of this circular) should include all existing Girdáwars. It is believed that most of these officials are well qualified for the new Kánúngoships, more especially because they were usually selected from the best Patwáris. The Director of Settlements in his examination of the candidates should give especial attention to these Girdáwars; and such of them as, with reference to the above remarks, are approved by him should, in the absence of any clear disqualification of character, be appointed to the new establishment, so far as vacancies can be found for them. They need not be passed over merely on the ground of age.

10. The field allowances provided by paragraph 96 (5) of the rules for half the field Kánúngos of each district are granted as encouragements to continued personal exertion. When a Kánúngo has been awarded an allowance of this kind, it is not intended that it should be withdrawn from him, except on well-considered grounds. On the other hand, such payments will in every case be strictly personal and temporary, being earned from half-year to half-year by work of a specially good and high order.

11. Particular attention is requested to Rule 104. It is of the greatest importance that from the commencement of the new system all Kánúngos should be required to reside within their circles. The discretion which the rule allows to Deputy Commissioners, to permit exceptions to it, should not be exercised except for special local reasons of a public nature. The personal and family necessities of a Kánúngo are in no case to be considered as a reason for his residence outside his circle. Inside each circle an agricultural village (if possible one where there is a *post office*) should be selected, with the Deputy Commissioner's approval for the residence of the Kánúngo; and in the selection of that village and in its change from time to time within the circle, there is no objection to the convenience of the Kánúngo being considered by the Deputy Commissioner, so far as may be consistent with the proper performance of the Kánúngo's official duties. Field Kánúngos should not usually be allowed to reside in large towns, even within their circles. The more closely they can be associated with the agricultural population the better.

12. The Accountant-General will issue instructions as to the procedure for drawing Kánúngos' salaries, field allowances, and stationery allowances.

13. Your attention is requested to paragraph 96 (g) of the new Kánúngo Rules, disallowing travelling allowances to field and office Kánúngos. This rule does not apply to district Kánúngos, whose travelling allowance has now been fixed at eight annas a day. A district Kánúngo is not entitled to draw travelling allowance at mileage rates for rapid journeys in his own district, but both district and other Kánúngos are entitled to charge for railway journeys under Chapter X of the Travelling Allowance Code.

14. As regards appointments to future vacancies the particular attention of Deputy Commissioners is invited to paragraph 97 of the Rules. In future not only Kánúngoships, but also the posts of Tahsíl Wásil-Báki Navis and Sianavis, should, whenever possible, be filled up from the establishment of Patwáris. Similarly, not only the district Kánúngo, but also the district Wásil-Báki Navis and record-keeper should be appointed by selection from among the Kánúngos. Commissioners are requested to see that this instruction is duly acted up to. Its object is, on the one hand, to improve the prospects of Patwáris, and so raise their respectability and efficiency, and, on the other hand, to secure in the several grades of the Deputy Commissioner's establishment a practical knowledge of revenue duties.

15. From the date on which the new Kánúngo establishment of any district is organized, the payment of salaries or allowances from the Patwáris cess to Naib-Kánúngos, Girdáwars, chief Patwáris, or other supervising officials, is strictly prohibited.

16. As regards the organization of the new Kánúngo establishment in the Kángra district, separate instructions will be issued to the Commissioner of Jullundur. Pending receipt of these instructions, no action should be taken on the sanction for the Kángra district entered in the schedule hereto appended.

Calcutta, the 4th January 1886.

No. 33.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

The Governor-General in Council has had for some time under consideration the expediency of continuing, in the same place and for the same purpose, the dual system of the District and the Post Office Savings Banks. His Excellency in

Council has now decided that the District and the Post Office Savings Banks should be amalgamated, and that the Post Office organisation being more widely spread and more convenient for the public than the Treasury system, the District Savings Banks should be closed and their accounts transferred to the Post Office Savings Banks. The Government District Savings Banks will accordingly be closed, with effect from the 1st April 1886. Any balances in the District Savings Banks on the date of closing will be transferred to the Post Office Savings Banks. From the date of the receipt of the present orders no new accounts should be opened in any District Savings Bank. Any person wishing to open an account in a District Savings Bank should be directed to apply to a Post Office Savings Bank. Depositors having accounts in District Savings Banks can, in the interval which will elapse before those Banks are closed, apply for the transfer of their accounts to some Post Office Savings Bank under the rules which are now in force for such transfers. The Comptroller and Auditor General and the Director General of the Post Office are authorised to take measures calculated to encourage voluntary transfers of the above nature.

ORDERED, that the Resolution be communicated to the Comptroller and Auditor General and the Director General of the Post Office of India for information and for the issue of further necessary orders.

Ordered also, that the Resolution be published in the *Gazette of India* for general information.

No. 20.—The Governor in Council is pleased to direct that the following Rule be substituted for No. 31 of the Rules regarding the remuneration and duties of the Law officers of Government, published in Government Notification No. 5756, dated 15th September 1882, at pages 740—46 of the *Bombay Government Gazette* for 1882, Part I., viz. :—

"31. (1) It is also the duty of the Remembrancer of Legal Affairs to advise Government regarding proposals to appeal, under Section 417 of the Criminal

Duties in respect of appeals against acquittals in criminal cases and of applications to High Court to exercise powers of revision.

Procedure Code, against the acquittal of accused persons and regarding proposals to apply to the High Court to exercise powers of revision in criminal matters which District Magistrates are not authorized to refer direct to that Court under Section 438 of the Criminal Procedure Code.

(2) Every such proposal must be forwarded by the officer making it to the Head of his Department, who, if he concurs in it, shall submit it with his own opinion to Government, through the Legal Remembrancer.

(3) The Legal Remembrancer, after calling for all information or papers that he may deem necessary to enable him to arrive at a correct opinion, shall forward the correspondence to Government, together with a report, stating his opinion; and, if he advises an appeal or application to the High Court, the principal grounds on which he suggests its being based.

(4) If Government sanction the appeal or application, copies of the correspondence and of the Legal Remembrancer's report will be forwarded direct to the Government Pleader in the High Court from the Secretariat, with a copy of the Government Resolution empowering him to file the appeal or application.

(5) The appeal or application will then be drawn up by the Government Pleader and after consultation with the special Counsel, if any, whom Government authorize him to retain for the purpose.

(6) Neither the grounds of appeal or application nor the arguments used in support of the same at the hearing need be limited to those stated in the Legal Remembrancer's opinion. The Government Pleader or other Counsel will be at liberty to exercise his own discretion as to the manner in which the appeal should be conducted or the application supported, subject only to any special reservations which may be made in the Government Resolution sanctioning the appeal or application.

(7) As soon as Government have sanctioned the institution of an appeal or the filing of an application, it will be the duty of the Legal Remembrancer and of the local officer who proposed the same to forward to the Government Pleader direct without delay all the material papers in their possession relating to the case.

(8) As soon as the appeal or application has been disposed of the Government Pleader will inform the Legal Remembrancer of the result. If a written judgment is recorded by the Court, he will obtain with as little delay as possible two copies of it, and forward one to the Legal Remembrancer and one, with the papers, to the officer who proposed the appeal or application.

(9) The result of the appeal or application will be specially reported to Government by the Legal Remembrancer only in such cases as appear to him to be important. As a general rule it will suffice if the different cases and their results are mentioned in his annual report to Government. The officer who proposed the appeal or application need not communicate its result to Government.
