"On the same terms and with the same rights and subject to the same liabilities as would apply to my tenure of the ground held by me in the old site, if I continued to be the holder thereof."

No. 678.—Under the provisions of section 4 of Act XII. of 1884 the Governor of Bombay in Council is pleased, with the sanction of the Governor General in Council, to prescribe the following rules as to loans to be made for the purposes hereinafter appearing to holders (as defined in section 3 (11) of the Bombay Land Revenue Code, 1879,) of arable land:—

1. Government will inform the Commissioners what sum will be available for loans under the Act in their respective divisions for each financial year. Each Commissioner will divide the allotted sum between the districts of his division at his discretion and may, at any time during the year, transfer any sum or portion of a sum assigned to one district to any other district. But expenditure within a division must be kept within the amount allotted by Government to that division. If an additional allotment be required for any division, it should be applied for by the Commissioner without delay. Government may at any time transfer any unexpended balance of the allotment of one division to any other division.

2. Loans may be granted to holders of arable land for the following objects:—

- (a). Purchase of seed and grain, cattle and agricultural stock;
- (b). Rebuilding houses destroyed by fire or flood;
- (c). Any other purpose not specified in the Land Improvement Loans Act, 1883, connected with agricultural objects.

3. Every application for a loan, if made verbally and not in writing by the applicant, shall be at once reduced to writing by the officer to whom it is made.

4. Every application for a loan shall be made to the Collector, Assistant or Deputy Collector, in charge of the sub-division, or to the Mám-latdár of the taluka or the Mahálkari of the petha.

If the application is made to the Collector, Assistant or Deputy Collector in charge of the sub-division, such officer may, after making such inquiry as he may deem necessary, grant the loan applied for;

If the application is made to the Mám-latdár or Mahálkari, as the case may be, such officer shall after making personal inquiry as to the character of the applicant, his ability to give security, and the fitness of granting the application, submit without unnecessary delay the application with his report to the Assistant or Deputy Collector, who shall pass such order thereon as he may deem proper:

Provided that in any case, if the loan applied for exceeds rupees one hundred, the Assistant or Deputy Collector shall at once obtain the sanction of the Collector before making the grant; and if the loan exceeds rupees five hundred, the Collector shall at once obtain the sanction of the Commissioner before making the grant;

And that no loan shall be given to any holder who is in arrears for land revenue or for any loan made to him under the Land Improvement Loans Act or these rules except under special order of the Collector to be recorded with full reasons for granting sanction in his own handwriting.

5. Loans shall be granted on the following conditions of repayment:—

- (a) A loan for the purchase of seed shall be repaid within one year;
- (b) A loan for the purchase of cattle or for any other lawful purpose shall be repaid within two years or such further period not exceeding ten as the Collector, with the sanction of the Commissioner, may see fit to fix.

6. Any person desirous of repaying the whole or part of the loan granted him at any time before the expiration of the period mentioned in the order may do so.

7. Repayment of loans shall be made by such instalments including interest as the officer granting the loan may determine:

Provided that instalments may be suspended by order of the Assistant or Deputy Collector in charge of the sub-division for any cause that would justify a suspension of the land revenue demand.

8. The yearly rate of interest on loans shall ordinarily be one anna in the rupee or  $6\frac{1}{4}$  per cent. chargeable from the date on which the loan is made; but the Local Government may at its discretion for special reasons lower this rate of interest or charge no interest at all or remit any part of the interest due.

9. Mortgage-bonds, in the form hereinafter prescribed in Appendix A., shall ordinarily be

taken from the holders of lands to whom loans are made as security for repayment, and when the amount is considerable should invariably be taken.

In all cases in which mortgage-bonds are not taken, an agreement in the form hereinafter prescribed in Appendix B. shall be executed.

10. Security of a Sávkár shall not be demanded for a loan, but in all cases the Collector should take measures, under the provisions of Chapter XI. of the Bombay Land Revenue Code, 1879, to secure repayment of the loan as an arrear of land revenue, and when there are several applicants in the same village they should, if possible, be induced to become security one for the other.

11. When a loan has been granted, the money should be paid by the disbursing officer to the holder of the land or his recognised agent and a receipt taken; but when loans are required for the purchase of cattle the Collector may take measures to purchase them and hand them over to the applicant. Cattle so purchased should be branded on the near fore-shoulder with the letter S.

#### RESOLUTION.

For several years past the attention of the Government of India has from time to time been directed to the desirability of alleviating, so far as is possible, the discomforts and sufferings experienced by Muhammadan pilgrims during the journey from India to the Hedjaz. The existence of these sufferings, more especially in the case of those of the poorer class of Muhammadans who undertake the pilgrimage, is an admitted fact; but the action taken with a view to afford relief has been necessarily of a restricted nature owing to the unwillingness felt by the Government to undertake any direct interference with what is considered to be a religious obliga-

tion by a large section of the Muhammadan community in India. In 1880 intimation was received from Her Majesty's Secretary of State that the Turkish Government had issued orders requiring passports from all passengers and pilgrims arriving in Jeddah, whether Turkish or foreign subjects, and announcing that those who came unprovided with such documents would be liable to be repelled from the ports of the Hedjaz. In order to render these Turkish Regulations as little irksome as possible to natives of India proceeding to the Hedjaz on pilgrimage, the Government of India, after consulting Local

\* Home Department Governments and Administrations, resolved\* Resolution No. 4-198-214, dated 12th July 1882.

to establish a system under which passports should be unconditionally given to every intending pilgrim, not only at the Indian ports of embarkation but also at the central stations of every district in British India and at the head-quarters of all Political Agencies in Native States. Arrangements were also made to grant informal passes to the subjects of other Governments, *e. g.*, Natives of Kashgar, Russian Turkistan, Afghanistan, &c., who embark for Mecca from Indian ports, it being explained that these passes impose no responsibility on the Government of India in regard to the holders, and that the Governor General in Council could not in any way guarantee their recognition by the officials of the Turkish or any other Foreign Government. Further, in consideration of the very large number of pilgrims who annually embark at, and return to, Bombay, and to the necessity of making some special arrangements to meet their requirements, a Muhammadan Protector of Pilgrims was appointed at that port and instructed to supply intending pilgrims with all the information and assistance within his power in respect of every matter connected with the pilgrimage.

2. Since the above measures were undertaken, further efforts have been made by the Government of India towards the proper regulation of the India pilgrim traffic by amending the provisions of the Native Passenger Ships Act (No. VIII of 1876) in certain important respects, and by revising the rules issued under that Act with reference to the fitting, provisioning, sanitary arrangements; &c., of pilgrim ships. These rules have been assimilated, as far as possible, with those in force for regulating the transport of emigrants to the French and British colonies, and have been widely circulated in the form of a "Manual for the guidance of officers and others concerned in the Red Sea Pilgrim Traffic." It has been made obligatory on ships conveying more than 100 pilgrims to carry a qualified medical officer, and in order to promote the welfare of Indian pilgrims during their stay in the Hedjaz, an Indian Vice-Consul has been appointed at Jeddah, whose special duty it is to attend to the interests and well-being of the pilgrims. In order further to afford protection and assistance to the pilgrims, especially in connection with their detention in quarantine under the orders of the Turkish Government, a Muhammadan Vice-Consul has been temporarily appointed for Hodeida and Camaran. A dispensary has also been

established at Jeddah for affording relief to Indian pilgrims in the Hedjaz. Lastly, in order to regulate and bring under proper control the transactions of pilgrim-brokers in the City of Bombay, it is proposed to introduce a Bill into the local Legislative Council under which the business will in future be restricted to licensed persons; and certain penalties will be imposed for any breach of the terms of the license. The action hitherto taken cannot fail to have effected a substantial improvement in the position of pilgrims during the voyage to Jeddah and while staying in the Hedjaz. In the course of the correspondence which has taken place with Her Majesty's Secretary of State on the subject, it was considered whether intending pilgrims should be required before proceeding on the voyage to deposit a sum of money sufficient to cover the cost of their return journey. The Government of India admitted that such a regulation would prevent much misery and suffering, but the opinion of the local authorities was opposed to interference of this nature on the ground that it might be misunderstood and misinterpreted, and the Governor General in Council accordingly decided that action of the kind was inadvisable. At the same time a public notice was issued in the English, Hindustani, and Persian languages warning persons who propose to undertake the pilgrimage of the difficulties to which they would be exposed owing to the imposition by the Turkish Government of quarantine for at least ten days at the Island of Camaran (during which period pilgrims are required to pay certain fees besides arranging for their own provisions) and impressing upon intending pilgrims the desirability of not starting unless provided with sufficient funds (at least Rs. 300) in order to meet the expenses of quarantine, of the journey from Jeddah to Mecca and back, and of the return journey to India.

3. In October 1884 a communication was received from Messrs. Thomas Cook and Son, expressing the readiness of that Firm to undertake the conveyance of pilgrims between India and Mecca. The extensive experience gained by Messrs. Cook and Son in connection with the requirements of schemes of a similar character, and the considerable degree of success which has attended their operations, clearly pointed to that Firm as peculiarly qualified to assist the Government in still further regulating the conveyance of pilgrims between India and Arabia, and in placing the arrangements on a footing more satisfactory to the Government and more convenient to the pilgrims themselves than has hitherto been found possible. Messrs. Cook and Son were accordingly informed that if they were able to make the necessary arrangements, the Governor General in Council would be prepared to give them such assistance as might be within his power. Messrs. Cook and Son have now informed the Government of India of the conditions upon which they are prepared to undertake the agency and control of the conveyance of pilgrims to and from Jeddah, and the Governor General in Council, after careful consideration and personal communication with Mr. J. M. Cook, is of opinion that those conditions are such as may be accepted. The condi-

tions contemplate the appointment of Messrs. Thomas Cook and Son to be pilgrim agents for the whole of India, local officers and officers in charge of treasuries being instructed to assist that Firm in making known the terms of through conveyance to Jeddah and back, and in disposing of through tickets. The Bombay Government will be requested to make over to the representatives of the Firm the issue of passports in Bombay after these have been signed by the proper authorities, and to instruct the Protector of Pilgrims to work in harmony with the Firm and to render it every possible assistance. On the other hand, Messrs. Thomas Cook and Son agree to arrange with the railway administrations, steam-ship proprietors, and others concerned, for the conveyance of the pilgrims, at through fares, from all the chief stations in India to Jeddah and back, and to do all in their power to secure the transit of the pilgrims in satisfactory ships supplied with proper accommodation in accordance with the regulations laid down by the Government. They are prepared to provide the requisite agency for the work, Muhammadans being appointed for this purpose in all cases where necessary, to establish a special pilgrimage office in the most convenient position at Bombay, and possibly also at Jeddah, and to make all detailed arrangements in connection with the issue of the necessary announcements, forms of tickets, &c. Lastly, the Firm has expressed its readiness to comply with the requirements and regulations which may be laid down from time to time by the Government of India precisely in the same manner as though they were in the service of the Government.

4. The Governor General in Council feels convinced that a scheme of the nature above described cannot fail, if successfully carried out, to be productive of much benefit to Indian pilgrims to the Hedjaz, but if success is to be ensured, it is essential that every assistance should be afforded to Messrs. Cook and Son, not only by Local Governments and Administrations, but also by District and other officers upon whom it will devolve to give effect to the detailed arrangements. His Excellency in Council accordingly trusts that Local Governments and Administrations will see that this is done, and will direct local officers to co-operate in every possible manner with the representatives of the Firm in carrying on their operations.
