No. 354.—The following Notifications by the Government of India are republished:—

“DEPARTMENT OF FINANCE AND COMMERCE.

SEPARATE REVENUE.

ASSESSED TAXES.

No. 593.

*Calcutta, the 5th February 1886.*

In exercise of the powers conferred upon him by Act II of 1886, and of all other powers enabling him in this behalf, the Honourable the President in Council is pleased to make the following rules under the said Act:—

1. The time within which amounts deducted from salary, annuity, pension, or gratuity paid by a local authority under section 8, sub-section (1), of the Act must be paid to the credit of the Government of India is fixed at one week from the date of payment of the salary, pension, annuity, or gratuity. The payment to the credit of the Government shall be made by remitting the amount to the Collector with a statement giving the following particulars for each person from whom the tax has been realised:—

- (1) Name.
- (2) Period for which the salary has been paid.
- (3) Amount of salary paid.
- (4) Amount of tax.

2. The return required by section 10 of the Act shall be in Form A hereto appended.

3. Any sums, such as payments to regimental mess or band funds or the like, compulsorily stopped from salary by the orders, or with the approval, of Government, shall be deducted from the salary previous to assessment.

A portion of salary withheld in pursuance of an order of a Court is not a sum compulsorily stopped from salary within the meaning of this rule.

4. A deduction made from the amount of salary, pension, or annuity liable to assessment on account of a payment made to a life insurance company must be supported by the receipt of the insurance company for the payment and a copy thereof. When the deduction is claimed by a servant of the Government, or of a local authority, the officer paying the salary, pension, or annuity will compare the original receipt with the copy, return the original, and attach the copy to the salary, pension, or annuity bill if the payee is a Government servant, and to the statement forwarded with the amount of the tax realised under Rule 1, if the payee is a servant of a local authority.

Where the Collector is satisfied that the original receipt of the insurance company cannot be produced without an amount of delay, expense, or inconvenience which, under the circumstances of the case, would be unreasonable, he may accept such other proof of payment of the premium as he may deem sufficient.

5. The amounts exempted from assessment by section 5, sub-section (1), clause (g) of the Act and by rule 4 above shall not be deducted from income for the purpose of determining whether the income is liable to the tax, or of determining the rate at which the tax shall be levied.

6. The amount to be assessed under section 24, sub-section (1), of the Act on account of a building occupied by the owner thereof shall not in any case exceed 10 per cent. of the aggregate income of the owner derived from all sources. It will not, however, be understood from this that a maximum of 10 per cent. of the aggregate income of the owner is to be considered equivalent to the letting-value of his house. The letting-value will, in all cases, be ascertained on the best data available, in view of the circumstances of the locality in which the house is situated.

7. Salaries, annuities, and pensions paid in April 1886, though on account of March 1886, are liable to the tax.

8. After the close of the year of assessment each Accountant General or other auditing officer shall submit Return No. I in the form hereto appended to such officer as the Local Government may direct.

9. The certificates referred to in the second column of Part III of Schedule II of the Act shall be in Form B or in Form C, hereto appended.

10. Any claim under section 5, sub-section (1), clause (e) of the Act to exemption from the levy of the tax on the interest of securities employed solely for religious or public charitable purposes within the meaning of that clause must be supported by a certificate from the Collector, which shall be in Form D hereto appended.

11. In the case of securities, the interest on which is payable by the Government of India, the amount deducted on account of the tax under section 13, sub-section (1) of the Act, shall be paid to the credit of the Government on the same day as the payment of the interest is made.

12. In the case of securities, the interest on which is not payable by the Government of India, the amount so deducted shall be paid to the credit of the Government within one week from the date on which interest is paid. The person deducting the amount should pay it to the credit of the Government by remitting the amount to the Collector with a statement showing the following particulars:—

- (1) Name of owner.
- (2) Description of security.
- (3) Number of „
- (4) Date of „
- (5) Amount of „
- (6) Period for which interest is drawn.
- (7) Amount of interest.
- (8) Amount of tax.

13. Interest on securities belonging to Service Funds shall not be assessed.

14. After the close of the year of assessment each Accountant General and Comptroller shall submit Return No. II in the form hereto appended to such officer as the Local Government may direct.

15. In calculating the amount of tax payable the amount due on a fraction of a rupee shall be neglected. Thus the tax to be realised on a monthly salary of Rs. 166-10-8 is Rs. 4-5-2 only.

16. All public servants are forbidden to make public or disclose, except for the purpose of the working of Act II of 1886, any information contained in documents delivered or produced with respect to assessments under Part IV of the said Act, and any public servant committing a breach of this rule shall be deemed to have committed an offence under section 166 of the Indian Penal Code.

17. Power to make further rules is hereby delegated to the several Local Governments.

18. Each Local Government will prescribe forms of registers to be maintained by Collectors and others for the purpose of showing the demand and collections of the tax, the various classes of incomes assessed, and the working of the several provisions of the Act.

19. After the close of the year of assessment each Local Government will submit to the Government of India in the Financial Department a report on the working of the Act.

20. The following returns in the forms hereto appended will be submitted with that report:—

ouncil desires that in making the new assessments the results of the assess- nse Acts should be utilised to the utmost possible extent, and that they s possible. Persons inadvertently omitted under the License Tax will, e list of assesscees.

nder the Act the Government of India has intentionally avoided dealing that Local Governments are in a better position to frame rules which will s of different localities, and as it is undesirable to attempt to lay down s, applicable to all India, until at least one year's experience of the work- ned.

legated to Local Governments to make additional rules, and in this cial attention of the Government of your special attention to the provisions of section 18 of the vernments a wide discretion in the making of rules regarding notices either tax to which they are liable, or calling on persons liable to pay the tax ing their incomes. By means of these provisions it is hoped that the work- ter adapted to the circumstances of different parts of the country. Each ource, consider the special requirements of the territories under its control, be suitable to meet those requirements, but the President in Council, with

a view to the eventual removal of any unnecessary differences in the procedure in different provinces, desires that <sup>the Government of</sup> \_\_\_\_\_ should forward to all other Local Governments and to the Government of India in this Department a copy of any rules which it may issue.

7. Section 3 (4) of the Act declares the exemption from assessment of travelling, tentage, horse or sumptuary allowance, or any other allowance granted to meet specific expenditure, to be subject to any rules which may be prescribed. This power to make rules was reserved in order to prevent any abuse of the exemption by changing the designation of a portion of salary or otherwise. The power need not be exercised unless it appears that attempts to abuse the exemption are being made.

8. The only condition or restriction prescribed under the power conveyed by section 5 (1) (g) of the Act is that contained in rule 5, providing that the exemptions from assessment of fund subscriptions and life insurance payments shall not be taken into account in deciding whether the income is liable to the tax or in determining the rate at which the tax is leviable.

9. It will be observed that salaries, annuities, and pensions paid in April 1886 are liable to the tax even if they are due in respect of preceding months. Payment in advance does not extinguish this liability.

10. The Rules prescribe no conditions under section 9 (2) of the Act regarding arrangements for the collection of the tax from their employés by non-official employers. This proviso was inserted in the Act in order that employers may be induced by the remission or return of a small portion of the tax, and in order to save their employés from avoidable trouble, to undertake the collection of the tax and thus relieve Collectors of the difficulty of dealing directly with a large number of assessees. The intention should be explained to Collectors with instructions that they should endeavour to make such arrangements whenever it may appear feasible; but it will, of course, be understood that no pressure is to be put upon employers to fall into an arrangement under this section.

11. It will be observed that the Rules contain no provision for payment by instalments of the tax leviable under Part IV. of the second Schedule. I am to explain that this is left by the President in Council to <sup>the discretion of the Government of</sup> \_\_\_\_\_; and that it is the desire of the Government of India that every reasonable facility should be given in the matter, the maximum number of instalments, however in no case exceeding four.

12. No rules have been prescribed regarding composition for the tax under section 31 of the Act. The Government of India trusts that the principle of composition may be extensively adopted, as it is evidently calculated to obviate friction and trouble in assessment, and the President in Council will be glad to have as early an expression as may be convenient of <sup>the opinion of the Government of</sup> \_\_\_\_\_ whether any such rules need be made by the Government of India, or whether they should be left to the Local Government concerned, and in the former case what rules <sup>the Government of</sup> \_\_\_\_\_ <sup>propose</sup> \_\_\_\_\_.

13. The number of companies being few, and it being desirable to have fuller information regarding the assessment of companies than is contained in the general published return, the President in Council requests that <sup>the Government of</sup> \_\_\_\_\_ will forward, each year, separately from the Returns prescribed in the Rules, a return showing the designation and assessment of every company in the territories subject to <sup>the control of the Government of</sup> \_\_\_\_\_ <sup>your control</sup> \_\_\_\_\_. This return should not be published.

14. I am also to invite suggestions for the improvement of the classification adopted in Return No. V. These suggestions should if possible reach the Government of India not later than the end of December next, in order that, if any change in the form of the Return is decided on, it may be prescribed in time for adoption in the Reports of 1886-87. The experience gained in making the assessments under the Act may enable Local Governments to propose a preferable classification.

15. The reports on the working of the Act in 1886-87 should be specially full and complete.

ORDERED, that a copy of the above letter be published in the *Gazette of India* for general information.
