Government Photozincographic Establishment, Poona.

On and after the 1st of January next the above Establishment will be prepared to execute work for all Government Departments.

2. Facsimiles of Maps, Plans, Drawings (uncolored) Steel and Wood Engravings can be produced by the Photozincographic process the same size as the original, or on a reduced scale, as may be required, and can be multiplied *ad libitum* by the Zincographic process.

3. The following Rules must be observed by Departments sending work to the Photozincographic Establishment:—

1st.—Colored copies of Maps, Plans, or Prints cannot be received for Photozincography.

2nd.—The lines of Maps, Plans, or Prints, sent to be copied, on the same, or on a reduced scale, must be *clear, distinct, and black*, or good copies cannot be guaranteed.

3rd.—The number of copies required must be stated in the requisition, and the scale on which the Map should be reproduced should be distinctly written in the margin of the copy sent,

4th.—In the event of a Map being required on a *different* scale to that on which the copy sent is drawn, the scale required must be neatly printed and *pasted over the scale on the copy*, e. g. a Map on a scale of an inch to a mile is required to be reduced to an inch to four miles,

II.—45

A "slip" scale 1 inch to 4 miles must be pasted over "scale 1 inch to a mile," otherwise the copy reduced by the Camera would contain the original scale, whereas the reduced scale adopted should be shown, which will be effected by the observance of this rule.

5. All packets—to be franked by privileged officers, if *bonâ fide* on Her Majesty's Service, or prepaid—should be addressed to Mr. Cousens, Photozincographic Office, Poona.
