No. 207.—The following Notifications by the Government of India are republished:—

“DEPARTMENT OF FINANCE AND COMMERCE.
NOTIFICATIONS.

Fort William, the 11th January 1882.

No. 59.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the undermentioned papers relating to the issue of duplicates of Government Promissory Notes alleged to have been lost or destroyed:—

For the second time—

Proceedings in the Financial Department for the month of September 1873, Accounts, Nos. 6–12, deciding that, as a general rule, duplicate notes should not be issued till after ten years from the last correct advertisement of loss, and then only under direct orders received from the Government of India.

Proceedings in the Financial Department for October 1878, Nos. 772–773, authorising the Comptroller General to issue duplicates under the rules, taking orders of Government only in exceptional cases.

For the first time—

Letter from Comptroller General, No. 733, dated the 23rd April 1880.	
“ to “ “ No. 664, dated the 19th May 1880.	
“ from “ “ No. 2614, dated the 23rd June 1880.	
“ “ “ “ No. 2241D., dated the 15th June 1880.	
“ to “ “ No. 2730, dated the 9th September 1880.	
“ “ “ “ No. 2468, dated the 27th August 1880.	
“ from “ “ No. 4478D., dated the 9th September 1880.	

OBSERVATIONS.—By existing practice, when the applicant for a duplicate note has given evidence of the loss of the original, and has established, by strong *prima facie* evidence, his title to the note, and has taken the prescribed measures preliminary to the application, a duplicate is issued after the lapse of ten years from the date of the last correct advertisement of the loss on a bond being executed by the claimant and two sureties, indemnifying Government against loss. Meanwhile, interest is allowed to be drawn also under a bond of indemnity.

2. It is found that, as the law at present stands, these measures do not give the Government sufficient protection from loss, as the period of limitation against the possible holder of the original note runs only from the date on which the note becomes payable; and the date may be many years after the bond of indemnity under which the duplicates have been issued has ceased to be of any practical value.

RESOLUTION.—To protect the State from such double liability, the Governor General in Council has resolved to modify the procedure as follows:—

- (1) Every claim to the issue of a duplicate note, in lieu of one alleged to be lost, will be submitted by the Public Debt Office to be provisionally decided by the Comptroller General after at least two years have elapsed from the date of the last correct advertisement.
- (2) If there appears to be no objection to the issue of a duplicate note to the claimant, the Comptroller General will record his opinion to that effect, and will direct that interest upon the note be paid to the claimant after execution of a bond of indemnity with two sufficient sureties.
- (3) If the note is payable after notice given in the Gazette, the Comptroller General will give that notice, and will (unless any reason to the contrary appears) issue a duplicate note, on indemnity bond as above, six years after the date of payment fixed in such notice.
- (4) But if the note is of a loan of which such notice of payment cannot immediately be given, then no further steps can be taken, until notice of payment can be given in accordance with the terms of the loan.
- (5) The Comptroller General will publish these notices twice a year, about January and again about July, and will to each such notice append a list showing the numbers of notes already, within the last six years, advertised for payment under this Resolution.
- (6) These orders will apply to all notes on which, under existing rules, interest has been ordered to be paid, but of which duplicates have not yet been issued.
- (7) No lost note of a loan, which has been ordered for discharge, may be paid until a duplicate note has been issued under the above procedure.

These orders do not apply to stock certificates payable to bearer, of which duplicates may not be issued without special orders of Government in each case.

ORDERED, that this Resolution be communicated to the Comptroller General for information and guidance, and published in the *Gazette of India*.

The 13th January 1882.

(Sd.) HARTINGTON.

Letter from the Government of India, Military Department, to the Right Hon'ble the Secretary of State for India, No. 343, dated Simla the 16th September, 1881.

1. Your Lordship's Military despatch No. 136, of the 5th of May, 1881, conveyed the concurrence of Her Majesty's Government in the approval recorded by the Viceroy, in a Minute dated the 15th January, 1881, of the services rendered by various civil and military officers during the late war in Afghanistan,

2. Your Lordship will have observed that the Minute and connected despatches have been published in our General Order No. 315, dated the 10th June, 1881. It has however come to our notice that there were certain omissions in the Minute—omissions which were perhaps unavoidable, bearing in mind the numerous officers and departments who were connected with the late war in Afghanistan, but which we would desire to rectify.

3. The Government of Bombay have lately submitted the names of certain civil officers in Sind who did valuable service when the resources of that province were so largely called upon during the operations of 1878-79 and 1879-80 namely,—

(the late) Mr. F. D. Melville, c.s.,
Mr. H. N. B. Erskine, c.s.,
Mr. J. B. Peile, c.s., c.s.I.,

all of whom acted as Commissioners of Sind during the late war; also the following officers:—

Colonel W. R. Lambert, Collector of Karachi;

Colonel L. D'A. Dunsterville, Collector of Hyderabad;

Colonel R. R. Wallace, Collector of Shikarpur, and

Lieutenant-Colonel E. W. Trevor and Mr. G. Macleod, Acting Collectors of Shikarpur;

Major R. V. Malden, Acting Superintendent, Sind Frontier;

Mr. E. C. K. Ollivant, Personal Assistant to the Commissioner.

4. The Government of Bombay also bring to favourable notice the services of Lieutenant G. C. Parker, of the Indian Marine, who in his capacity of Harbour Master at Karachi did excellent work in connection with the disembarkation of large numbers of troops, followers and animals, and great quantities of war material of all kinds.

5. The following officers of the Political Department, whose names have not previously been brought to notice, also deserve mention:—

Dr. H. W. Bellew, c.s.I.

Colonel T. E. Gordon, c.B., c.S.I.

Lieutenant-Colonel E. S. Reynolds.

Captain W. Loch.

Major T. C. Plowden, Deputy Commissioner, Kohat.

Mr. F. W. Fryer, c.s., Deputy Commissioner, Dera Ghazi Khan.

Captain C. E. Yate.

Captain A. Muir.

Mr. A. F. D. Cunningham, c.s., c.I.E.

Major E. Conolly.

Dr. Bellew had been specially selected, in 1878, to accompany Sir Neville Chamberlain's projected mission to Kabul. In the autumn of 1879, when military operations began in Northern Afghanistan, Dr. Bellew proceeded, at the request of the Government of India, over the Shuturgardan to join Sir Frederick Roberts. He remained at Kabul during the winter months upon political duty; and his knowledge of Afghan languages and large experience of the country proved useful.

Colonel T. E. Gordon joined the Kuram Field Force on special political duty in April, 1879. When General Roberts advanced on Kabul in the following September, Colonel Gordon assumed military and political charge of the Kuram Valley and the Hariob. The services rendered by him in this part of the country were of much value.

Lieutenant-Colonel Reynolds and Captain W. Loch did good service in Biluchistan, and Captain Loch also accompanied General Phayre's force in the advance to Kandahar. During the occupation of the Kuram Valley by British troops, Major Plowden exerted himself with much energy and success in maintaining communications and in preserving the peace of an important section of the frontier. He also accompanied the Zamusht expedition in December, 1879.

Mr. F. W. Fryer was employed in 1878 and 1879 upon the Biluch border, and in the operations connected with the march of Major-General Biddulph's force to Quetta. His local knowledge and influence enabled him to afford material assistance.

Captain C. E. Yate and Captain A. Muir did well in Southern Afghanistan during the British occupation of the country, the former especially at Khelat-i-Ghilzai, the latter at Kandahar.

Mr. Cunningham and Major Conolly were at different times entrusted with the management of the Khyber, where their services were of marked value. Mr. Cunningham was also selected to accompany Mr. Griffin to Kabul.

6. The omission to allude to the services of the Medical Department with the Government of India, in a Minute which dealt with civil services alone, arose from the circumstance that the late head of this department was included among the officers recommended to the notice of the Government of India by the Commander-in-Chief for military services during the war, the fact being that, until the late changes in the administrative organisation of the Medical Services, the Surgeon-General, Her Majesty's Forces, was more directly connected with the Commander-in-Chief than with the Government of India. But the services rendered by the Army and Indian Medical Departments to the Government of India were valuable and conspicuous. The superintendence of the medical service at the beginning of the war was under Surgeon-General Ker-Innes, c.B., of the Army Medical Department, and Surgeon-General Beatson, at that time at the head of the Indian Medical Service in Bengal, and was afterwards conducted in a very successful manner by the present able head of the Army Medical Department in India, Surgeon-General Crawford, M.D. Surgeon-General Cunningham, M.D., as Surgeon-General with the Government of India, was also largely concerned in the successful administration of the medical services; we desire to bring to the notice of Her Majesty's Government the services performed by these officers.

7. The services of the Survey Department in the field have already been recognised by the promotion of several of the military officers belonging to it; but the good work done by Messrs. Scott, Ogle, Price, Claudius and McNair, civil officers of the department in the field, deserves to be publicly recorded; while it is due to the head of the Survey Department, Lieutenant-General Walker, C.B., R.E., to notice with approbation the assistance rendered to the military operations in the prompt supply of maps and plans, and the general efficiency with which the work of his department in all branches was conducted.

8. The Bengal Clothing Department, under the superintendence of Colonel B. Walton, C.I.E., met the sudden demand for a large supply of warm clothing in a prompt and efficient manner.

9. The names of several officers in the Commissariat and Transport Departments of the Army have already been brought to notice in the Viceroy's Minute; but there are two officers whose names were omitted from the Minute: as their services were commended to Her Majesty's Government in forwarding the list of officers whom His Excellency the Commander-in-Chief considered deserving of reward, Lieutenant-Colonel J. O. Travers, the General Transport Officer of the Khyber Line Force, whose duties confined him mainly to the base at Peshawar; and Captain R. Patch, Deputy Assistant Commissary-General, who, although he served in the field in the first phase of the campaign, was during the latter portion of the operations in charge of the great field dépôt at Peshawar, from which the main bulk of the supplies of the Army were forwarded with admirable regularity and precision to the troops in the front. Lieutenant-General Sir M. Kennedy, late Controller-General of Supply and Transport, brought the services of these officers especially to notice in his report on the operations of supply and transport during the second campaign."
