REVENUE DEPARTMENT.

Bombay Castle, 11th March 1882.

No. 1659.—In exercise of the power conferred on him in this behalf under Section 40 of the Khoti Settlement Act, 1880 (Bombay Act I. of 1880), the Governor in Council is pleased to frame the following Rules under Clauses (a), (b), (c) and (f) of that Section (namely) :—

Crop Appraisal Rules under Clause (a).

I. Whenever the rent payable to the khot consists of a share of the produce of the tenant's land the amount of produce claimable by the khot shall be ascertained by an estimate of the probable yield of the crop of each field to be made by the khot on an inspection of the crop a reasonable time before the same is ready for reaping in the presence of the tenant, or his legally appointed agent, and of two respectable witnesses, one of whom is able to read and write, provided that the khot shall inspect and appraise the crops specified below on or before the dates entered below :—

Halwa Nágli,	on or before the 20th August.
Other Halwa crops	do. 1st October.
Late crops	do. 1st November.
Rabi, e. g., Grain,	} do. 1st March.
Kulith, &c.	
Summer crops, e.g.,	} do. 20th March.
Tur, Páwta, &c.	
Hot weather crops,	} do. 20th May.
e.g., Rice (Gimvas),	
Náchaní (Waigan, Jack-fruit, &c.)	

Provided further that in the case of Bágáyat crops the Mámílatdár, or Mahálkári, shall decide what constitutes a reasonable time within the meaning of this rule.

II. The days fixed by the khot for inspection and appraisement of crops shall be notified by him in writing to all and every one of his tenants in the village, and the Police Patel shall be directed by the Collector to affix notices to the temples and by beat of drum and otherwise to make these dates known at least seven days previously, and if for any sufficient cause (as that the crop is not ripe, &c.) any crop is not inspected or appraised on the days so fixed, the inspection and appraisement shall not, except with the consent of the tenant, take place until after a similar second notification has been made in the village. But the date fixed by the second notification must be within the limits specified in the preceding rule.

III. If notwithstanding that the days fixed for the inspection and appraisement have been notified as aforesaid, the tenant, or his legally appointed agent, is not present in his field on the days so fixed, the khot shall nevertheless proceed to inspect and appraise such tenant's crops as if he, or his legally appointed agent, were present, and shall inform such tenant in writing of the appraisement within 24 hours of the same by sending him a copy of the entries relating to his fields made during his absence, or that of his legally appointed agent, by the khot in the Abhavani Patrak mentioned in the rule immediately following.

IV. It shall be the duty of the khot to keep a book to be called the Abhavani Patrak in such form as the Collector may, from time to time, prescribe, in which he shall at the time of every inspection and appraisement that he shall make, enter on the spot the particulars of such inspection and appraisement, or cause the same to be entered. Each entry in the said book shall bear the date on which it is made, and shall be signed by the khot making the inspection and appraisement, by both witnesses, and also, if the tenant or his legally appointed agent be present and admit the correctness of the entry, by the tenant or such agent, provided always that such tenant or agent is able to write his name and does not use a mark.

V. The khot shall be bound, if the tenant or his legally appointed agent is present, to give him then and there a signed copy of the entries relating to his fields made in the Abhavani Patrak. If the tenant admits the correctness of the entries and has brought his receipt-book, the entries shall be copied on the debit side of the receipt book. In all other cases the copy shall be on a separate slip.

VI. An entry duly made in the Abhavani Patrak in accordance with the foregoing provisions, and signed with his name by the tenant or his legally appointed agent, shall be conclusive evidence of the facts therein recorded, and the appraisement shall be deemed to be final; and an entry so made when the tenant or his legally

appointed agent fails to be present shall be presumed to be correct until the contrary is proved in the manner prescribed in the next following rule, and provided the tenant has been informed of the appraisement in the manner prescribed in the last part of Rule III.

VII. A tenant who has not signed the Abhavani Patrak, or who has signed it with a mark only, may, if dissatisfied with the appraisement, petition the Mámílatdár or Mahálkári of the Táluka or Mahál in which the village is situate within six days of the khot making the appraisement, and such officer shall forthwith nominate three respectable inhabitants of the village or its neighbourhood to inspect and appraise the crop within seven days. The appraisement made by such persons, or a majority of them, shall be final and shall be entered by the khot at the time it is made in the Abhavani Patrak, and the entry shall be signed by the said three persons or the majority of them.

VIII. If the khot fail to keep an Abhavani Patrak, or to make an entry, or to cause the same to be made therein in the manner hereinbefore provided, or to give information to the tenant in the manner provided in Rule III., he shall be entitled to recover from the tenant such rent only as may be due according to the yield of the crop admitted by the tenant.

IX. It shall not be lawful for a tenant to reap his crop until after the same has been inspected and appraised, or until the expiry of the dates mentioned in Rule I. within which the inspections and appraisements of crops by the khot should be completed. If the tenant reaps his crop in contravention of the above rule, every presumption on doubtful points shall be made in the khot's favour.

X. If the tenant without making a petition under Rule VII. reaps his crop after it has been inspected and appraised by the khot in the presence of such tenant, or his legally appointed agent, or after the khot has given such tenant information in the manner provided in Rule III., he shall be deemed to have admitted the correctness of the khot's estimate.

Rules under Clause (b).

I. An entry in the Paháni Kharda of *Dhára*, if not rebutted, shall be conclusive proof of *dhára*. If the Paháni Kharda only shows that a certain area was held as *dhára*, but gives no *thikáns*, the land to be entered as *dhára* shall be chosen at the discretion of the Settlement Officer from the survey numbers in the rayat's possession; always provided that the area and the proportion of rice to Varkas land which may be given in the Paháni Kharda be not exceeded, and that if no information is available as to the said proportion, it shall be assumed to be 1 acre of rice to 4 acres of Varkas.

II. Where there is no Paháni Kharda but a Goshwára entry only, this entry if not rebutted shall be conclusive proof that the Khátedár holds some *dhára*. To ascertain the area of his *dhára*, it will be necessary to discover at what rates the land assessment of the village was fixed. Evi-

dence of this may be obtained from the Paháni Khardás of surrounding villages or otherwise. The Settlement Officer shall then proceed as in the last clause of Rule 1. If the land assessment rates cannot be ascertained to the satisfaction of the Settlement Officer, the highest rate known to have existed at the date of the Goshwára must be taken as a basis and the same procedure followed.

III. The evidence of entry in Paháni Kharda or Goshwára may be rebutted by the khot producing written proof from his accounts that he has taken "*Thal*" or *Makta* payments for three consecutive years within the twelve years preceding the introduction of the survey. In "*Thal*" he must show for Varkas land payments in successive years from the same land of the three crops of Náchni, Wari, and Harik.

IV. If there is no Paháni Kharda or Goshwára, the possession of dhára may be proved by the production of receipt-books showing dhára payments for a sufficient number of years to satisfy the Settlement Officer. If no thikáns are given in the receipt-books, he shall proceed as in the last clause of Rule 1.

V. If a rayat is proved to hold some dhára, and if it is not proved that any of the land in his possession has paid *thal*, the whole of the land in his possession shall be entered as *dhára*.

Rules under Clause (e).

I. When a khot sharer sells any of his private khoti land (Khoti Khásgi) the buyer thereof shall be entered in the survey papers in respect of that land as an occupancy tenant paying customary rates with the right to alienate his land.

II. A Khelta Dhárekari shall be bound every year, on or before the 30th April, to give notice to the khot, stating what fields in the khoti Nisbat Kháta he intends during the ensuing season to cultivate at dhára rates. If he fails to do so, he will be presumed to have waived his right for that season and will have to pay "*Thal*" for any khoti land that he does cultivate.

III. The rent payable to the managing khot by khot sharers for their private khoti land shall be the customary rates of the village for occupancy tenants, unless it is proved that before 1865 khot sharers paid a *Makta* or a lower rate of "*Thal*," in which case the ancient practice shall be followed.

IV. Land about which there is, or has been, a boundary dispute between two villages shall be entered in the name of the occupant as follows:—

- (a). If both villages are Nival Dhára, as *dhára* land.
- (b). If both villages are Nival Khoti, as occupancy tenant's land paying ardhel and tirdhel.
- (c). In any other case, as occupancy tenant's land paying survey assessment and local fund cess only.

V. *Dhárekaris* and *quasi-dhárekaris* have a right to cut, without permission from the Collector or Assistant Collector, all trees growing in their dhára land except teak and black wood. A Khelta Dhárekari has no right to cut trees.

VI. The khot shall keep under Section 15 the following three accounts:—

1. The Appraisal Register.
2. The Ledger.
3. The Rayat's Receipt-books.

They shall be kept in the forms hereunto annexed (Appendix I).

The Appraisal Register shall be filled up at the time of the crop appraisal in the manner laid down in Rule IV. of the Appraisal Rules under clause (a) of Section XL.

The Ledger is to be kept in the ordinary form of debit and credit account, showing the amount due from and paid by each rayat in a separate kháta for each kháta of the Botkhat. The items of the debit side of the rayat's account relating to grain payments are to be written up within 15 days from the date within which the appraisal of the crops to which the items severally relate must be made under the Appraisal Rules.

The rayat's receipt-book is to be written up on the debit side, in cases of grain payments, within one month from the several dates within which the appraisal of the crops must severally be made; in cases of dhára or quasi-dhára payments, before the 1st September.

Whenever a payment is made by a rayat, a receipt is then and there to be entered by the khot on the credit side of the rayat's receipt-book and the book returned to its owner.

If the rayats do not bring their books to be written up on the debit side within the proper time, the khot shall immediately on the expiry of the period make a report to the Mámlatdár or Mahálkari to that effect, who will then issue the necessary instructions to the rayats.

If a rayat brings grain or cash in payment of his revenue to the khot without bringing his receipt-book also, the khot shall accept the payment, but note the omission in the entry of payment in the rayat's kháta and give a separate dated receipt.

All the account books must be brought or sent by the khot to the kacheri of the Mámlatdár or Mahálkari to be sealed on or before the 1st July of the year preceding that for which they are to be used. This includes fresh rayats' receipt-books which must be handed over to the khot for this purpose by the rayat on or before the 1st June of the year preceding that in which they are to be first used.

Every page of every account-book shall be sealed. The books for the first two accounts shall be provided by the khot. Each rayat shall provide his own receipt-book. Besides the three accounts above mentioned the khot shall take a copy of the *Botkhat* at his own expense, and shall keep it properly corrected, as the Mámlatdár or Mahálkari shall notify.

The copy of the *Botkhat* so made shall, if the village be attached, be delivered up by the khot to the Mámílatdár for the use of the Japtidár, and on the attachment ceasing shall be returned to the khot. The khot shall also take a copy of the "*Sád*" and "*Phalmi*" books. If he does not do so, he will be responsible for any mistakes that might have been prevented by the use of those books, but shall not be subject to any other penalty.

The managing khot shall be bound to provide a convenient place within the boundaries of the village itself to which the rayats may bring their payments whether in cash or kind. He shall not be entitled, on any pretence whatever, to require a tenant to pay his rent in any other place except the village in the survey papers of which the tenant's name is entered.

VII. The *Botkhat* shall be in the form hereto annexed. (Appendix No. I, Form No. 1). The customary rates of the village shall be recorded in full at the bottom of the *Botkhat*.

Any corrections ordered to be made in the *Botkhat* shall be signed by the Mámílatdár or Mahálkari.

If a proper *wantap* or division has been made, each khot sharer shall be denoted by a number and each rayat's kháta containing khoti land shall have the said khoti land entered with the number denoting the khot sharer in whose share the land is affixed to the survey number, and all the survey numbers in the share of one particular khot sharer shall be entered consecutively.

In all cases in which the Settlement Officer has decided that khoti land is alienable by a tenant, the fact shall be entered in column 5 of the *Botkhat* by the Mámílatdár or Mahálkari.

Rules under Clause (f).

I. No forfeiture under Section X. shall be certified in the case of an occupancy tenant unless he has failed to pay rent for two consecutive years, nor if the tenant is a minor shall any forfeiture be certified until two years after he has attained his majority and has failed to pay rent.

II. If the khot is in actual possession when the minor attains his majority and refuses to vacate, the Collector shall on the minor's application put him in possession.

III. If from any cause whatever, except the necessity of keeping fallows, an occupancy tenant fails to cultivate his land, the khot may cultivate it for him during that season just as if it were khot-nisbat land, but if he does so cultivate he shall be entitled to no assistance under Section XIV.

IV. The form of written application under Section 12 shall be as follows :—

TO THE COLLECTOR OF RATNA'GIRI.

I (or we), the undersigned khot (or khot sharers) of the village of (—) do hereby certify that I (or we) have conferred on A.B. the rights and privileges of a dhárekari (or quasi-dhárekari, &c., as the case may be), in respect of the Survey

numbers and Pot or Phalmi numbers of the said village tabulated below :—

V. Under Section 27, if there is no agreement as to the order of rotation, the Mámílatdár or Mahálkari shall, on or before the 1st June in each year, issue a notice calling on the co-sharers to nominate one of their number on or before the 30th of June to be Managing Khot for the following revenue year.

VI. The dates for the payments of instalments of the khot's jama shall be as at present, viz., 15th December, 1st February, 15th March, 1st May.

The dates for payment of rents by dhárekaris and quasi-dhárekaris shall be the same as for khots; but a dupetkari shall pay his grain rents on the same dates as occupancy tenants do.

Occupancy tenants shall pay their grain rents as follows :—

If the occupancy tenant pays a Makta he shall pay it in three equal instalments on the 15th December, 1st February and 15th March.
