RESOLUTION.

1. The proposal to grant passports to pilgrims from India to the Hedjaz, which had previously occupied the serious attention of the Government of India in connection with the question of alleviating the hardships attending the journey, was revived by an enquiry from Her Majesty’s Government in July 1875, whether the Government of India could suggest any means of mitigating the sufferings of the poorer class of Muhammadans who undertook the pilgrimage. Her Majesty’s Consul at Jeddah was at that time in favour of introducing a system similar to that pursued by other Governments of granting upon certain conditions a passport to every pilgrim.

2. The Government of India took the subject into careful consideration, and after consulting the Local Governments decided that with the strongest desire to relieve the discomforts and sufferings to which at present pilgrims to Mecca are subjected, it was unadvisable to impose upon their movements any restrictions which might be liable to misconstruction. A reply was accordingly sent to the Secretary of State on the 2nd July 1877, to the effect that, in concurrence with the views of the local authorities, the Governor General in Council was opposed to any direct interference on the part of Government with what is considered to be a religious obligation by a large section of the Muhammadan community in India, and accordingly deprecated the introduction of a system of passports or licenses, or any other similarly restrictive arrangements.

3. In consequence of this determination, no further action was then taken in the matter, and the question remained in abeyance until July 1880, when the Government of India received an intimation from the Secretary of State that the Turkish Government had issued orders requiring passports in future for all passengers and pilgrims arriving in Jeddah, whether Turkish or Foreign subjects, and announcing that those who came unprovided with such documents would be liable to be repelled from the ports of the Hedjaz.

4. It therefore became necessary, in order to prevent Indian pilgrims from encountering the risk of being turned back on their arrival in Turkish ports, that the Government of India should take measures to provide their Muhammadan subjects with passports, and it only remained to consider how best to give effect to the requirements of the Turkish Government without interfering more than was absolutely necessary with the freedom of movement and action previously enjoyed by Indian pilgrims. With this object a circular was sent to Local Governments and Administrations explaining the Regulation published by the Porte, and asking for opinion upon the following points:—

- (i) the question of charging a small fee on passports in order to raise a fund to be devoted to giving assistance to needy and impoverished pilgrims;
- (ii) the plan of issuing passports, not only at the ports of embarkation, but also in every district in British India, and in the Native States;
- (iii) the necessity of appointing pilgrim agents at Indian seaports to facilitate the embarkation of pilgrims, and to afford them all possible information and aid.

5. The reports received in reply made it clear that, although a small minority, including some Muhammadan gentlemen of position and experience, were in favour of levying a fee upon each passport issued, the weight of opinion was opposed to such a measure, not only as being liable to misinterpretation, and calculated to give rise to erroneous impressions, but also on the ground that it would still further increase the already heavy expenditure which the pilgrimage entails. In deference to those views it has been decided that passports shall be distributed, in the form annexed to this Resolution, free of any charge; and also, for similar reasons, that no deposit or other guarantee of the ability of the grantee to discharge the cost of his journey in Arabia or of his return journey shall be exacted by this Government.

6. Further, with a view to making the new Turkish regulations as little irksome as possible to natives of India proceeding to the Hedjaz on pilgrimage, it has been resolved that passports shall be unconditionally given to every intending pilgrim not only at the ports of embarkation, but also at the central stations of every district in British India, and at the head-quarters of all Political Agencies in Native States. Thus it will be left to the option of the pilgrim to take his passport either in his own district or at the port from which he starts, as he may find most convenient.

7. With regard to the proposal to appoint pilgrim agents at the several ports of embarkation, it has been represented to the Government of India that, as a general rule, the local authorities empowered to carry out the provisions of the Native Passenger Ships Act (No. VIII. of 1876) can satisfactorily discharge the duties that would devolve upon these officers. With this opinion the Governor General in Council concurs. But in consideration of the very large number of pilgrims who annually embark at, and return to, Bombay, and the necessity of making some special arrangements to meet their requirements, it is proposed to appoint a Protector of Pilgrims at that port. He will be a Muhammadan, and will work in subordination to the Commissioner of Police. His duties will be to issue passports to all applicants; to aid them in procuring the necessary equipment for the voyage; to bring to notice the existence of any epidemic disease among them; and generally to give them all the information and assistance within his power in respect of every matter connected with their pilgrimage. The Bombay Government will be requested to make proposals for the pay and establishment of this officer whose employment on this special work will only be necessary for a portion—about 6 months—of the year.

8. The last point which has engaged the attention of the Government of India in connection with this subject, is the question of providing passports and making arrangements for the subjects of other Governments, *e.g.*, natives of Kashgar, Russian Turkistan, Afghanistan, &c., who embark for Mecca from Indian ports, similar to those introduced for the benefit of British Indian subjects. The numbers of this class of pilgrims are not large, and it has been ascertained that in their passage through British territory they have uniformly comported themselves in quiet and orderly fashion. At the same time they have no right to represent themselves as British subjects, or to receive passports as such. Nevertheless, in accordance with the rules and principles which always guide the action of the Government in such matters, it has been determined to facilitate the embarkation of such foreigners at Indian ports, and possibly their debarkation at those in the Red Sea, by granting them informal passes in the form appended to this Resolution as form B. These passes will not be compulsory, and their issue will be subject to the payment of a small fee of Rs. 2. They will be granted on application at Bombay by the Protector of Pilgrims; at other ports by the Commissioner of Police. It should be clearly explained at the time of issue that they impose no responsibility upon the Government of India in regard to the holder, nor can that Government in any way guarantee their recognition by the officials of the Turkish or any other Foreign Government.

9. The forms of passport to be granted to Indian subjects, and of the informal pass for aliens, are marked respectively A and B, and are appended to this Resolution. The latter, which is translated into both Urdu and Arabic, needs no remarks. On the reverse of the former explanatory instructions

are printed in the same languages for the guidance of the pilgrims and the information of all concerned. These instructions are simple and self-explanatory. In the column for 'General Remarks' attention may be drawn to the social position of persons of rank receiving passports. This may prove useful to them in the Hedjaz.

10. In order to secure as far as possible that Indian pilgrims to the Hedjaz are properly treated after landing, and to assist them in making arrangements for their return passage, the Governor General in Council has, with the approval of the Secretary of State, decided to appoint a Muhammadan gentleman to act as Vice-Consul at Jeddah. It is anticipated that this officer will take up his duties before the commencement of the next pilgrim season.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to all Local Governments, Administrations and to the several Departments of the Government of India for information and guidance. Also that it be published in the *Gazette of India* and in all local Gazettes for general information. Local Governments are requested to arrange for its early translation and publication in all Vernacular Gazettes.

2. Local Governments are also requested to apply without delay for as many copies of the passports and passes as they may require to the Officiating Secretary to the Government of India in charge of the Home Department at *Calcutta*.

No. 2784.—The following Resolution by the Government of India is republished :—

“DEPARTMENT OF FINANCE AND COMMERCE.

Simla, the 17th July 1882.

No. 2469.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Resolution in this Department, No. 1438, dated 8th March 1882.

RESOLUTION.—A considerable supply of stock notes having now been received from England at Calcutta, Madras, and Bombay, and the necessary printing into them of the names of the several circles as well as of the year-figures being considerably advanced, His Excellency the Governor General in Council considers that the sale should commence in all Provinces (except British Burma and Berar) with as little further delay as possible.

2. In the Punjab two syndicates have been formed,—one for Lahore and the other for the rest of the Province,—and a sufficient supply of notes has partly been already delivered to the Accountant General, and will be completed in the course of a few days. The transfer to the syndicates of such quantities as they require may therefore commence at once.

3. In the North-Western Provinces syndicates have been constituted for the Benares and Allahabad Divisions on the one hand and the Agra and Meerut Divisions on the other, and supplies of the notes are nearly complete, so that sales will commence in a few days, as in the Punjab. With the view to one or more syndicates for the rest of the Province, certain parties have placed themselves in communication with the Accountant General, who should report the final result to this Department as soon as possible. But he should at once proceed, irrespective of any such negotiations, to complete his supplies from the Comptroller General and to issue to the several Treasuries and Sub-Treasuries in the remaining portion of the Province, with a view to the early commencement of sales by Government officers as contemplated in Clause (8) of paragraph 4 of the Resolution quoted above.

4. The Comptroller General should similarly supply, in communication with the Accountant General and Comptroller respectively, all Treasuries and Sub-Treasuries in Bengal and Assam, and the Accountant Generals at Bombay and Madras and the Comptroller at Nagpore those within their respective limits, the last-named officer indenting on Bombay for whatever notes he may require.

5. It is considered indispensable that sales should commence on the same date at all the Treasuries and Sub-Treasuries in the same Province, in order to prevent inconvenience to the public and derangement of the supply of the several localities according to their probable normal demand. The several officers who have in the preceding paragraphs been directed to supply their Treasuries and Sub-Treasuries should

therefore commence their issues with the most distant localities, estimate as nearly as possible the date by which all will have been supplied, and then publish as widely as possible, with the aid of the local executive authorities, a notice in the vernacular in the following terms :—

‘Notice is hereby given that the sale of Stock Notes to the public will commence on the instant at the Government Treasuries and Sub-Treasuries specified below. The Notes are issued under the conditions specified in the Resolution of the Government of India in the Department of Finance and Commerce, No. 1438 of 8th March 1882. Interest will be payable annually, on production of the Note with coupons attached, at any of the said Treasuries or Sub-Treasuries, and Notes of lower will be exchanged for Notes of higher denomination, or new Notes will be issued, under due precautions, in the place of Notes lost or destroyed, on application at the same.’

[Here should follow the list of Treasuries and Sub-Treasuries.]

6. By the preceding paragraph the officers concerned have been severally authorised, in supersession of all previous instructions, to fix and notify, without further reference to this Department, the date of simultaneous commencement of sales within their respective limits; but His Excellency the Governor General in Council relies on them for making every effort to ensure that date being the earliest possible. The date so fixed should be telegraphed to this Department for information.

ORDERED, that this Resolution be communicated to the Comptroller General and the several Accountants General for information and guidance, and to the Local Governments and Administrations and the Press Commissioner for information; and also that it be published in the *Gazette of India*.

BY HER MAJESTY'S HIGH COURT OF JUDICATURE.

APPELLATE SIDE.

The Honourable the Chief Justice and Judges have been pleased to make the following Rules regarding the furnishing of copies of documents recorded in Civil Courts, and to direct their publication in the *Bombay Government Gazette*:—

I.—Any one entitled to receive a copy of a document recorded in any Civil Court may present his application either in the Court in which the document is recorded or the Court of first instance where the suit was originally heard, or in any Court to which the decree may have been transferred for execution.

II.—If he present his application in any Court other than the one in which the document is recorded, he shall append a petition, requesting it to forward his application; and he shall deposit such sum (not less than Rs. 2) as he anticipates will cover all charges, the amount being noted in the application. If the petitioner is not a party to the suit, his application must be supported by an affidavit showing the grounds on which the copies are required.

III.—The Court receiving the application shall forward it to the Court in which the copy is to be made. The latter shall decide whether the applicant is entitled to the copy or not. If he is so entitled, the copy shall be made and forwarded with the copying fee endorsed thereon to the Court in which the application was presented, a note being made in the record of the case. If he is not entitled, the application shall be returned with the Court's refusal to grant the copy endorsed thereon. In the latter case, any further application on the subject can only be accepted in the Court where the papers are recorded.

IV.—If the sectioner, who has to prepare the copy finds that the sum deposited is insufficient to cover the charges,* he shall at once cause a letter to be written to the Court in which the application was presented, stating what further deposit is required, and the preparation of the copy shall be delayed till the additional amount has been deposited, either in the Court in which the application was made or in the Court in which the copy is to be prepared.

V.—On receipt of the copy, the Court, in which the application was presented, shall hand it over to the applicant and return him any balance there may be out of the money deposited, after

deducting the copying fees and an extra fee of 8 annas to be distributed as provided in Rule VI. The applicant's receipt shall be taken and forwarded to the Court which issued the copy.

VI.—All correspondence under these rules shall be written by the sectioners of the respective Courts, each of whom shall be entitled to a fee of 4 annas for his trouble. The letters shall be signed by the clerks of the Courts. In each Court the presiding Judge shall appoint one of the sectioners to perform the duties prescribed by this rule and may remove him at his discretion.

VII.—The copying fee and the sectioner's fee of four annas will be remitted by the Court in which the money was deposited to the Court in which the copy was prepared. Subordinate Courts may, subject to any rules made by the District Judge, make monthly remittances either in cash or by Money Order as may be found most convenient. Where remittances are made by Money Orders, the cost of such orders may be paid for out of the Court's contingent allowance.

VIII.—For purposes of these rules, all correspondence shall be franked with service stamps, and any Subordinate Court may write direct to the High Court. Letters under these rules may (subject to any general orders of the District Judge on the subject) be addressed to the Clerk of a District or Subordinate Court, and to the Shirastedár of the High Court.

Bombay, 13th June 1882.

The Honourable the Chief Justice and Judges of Her Majesty's High Court of Judicature have been pleased to frame the following rule, to be pasted at page 180 as para. 49 (b) of the Circulars, and to direct its publication in the *Bombay Government Gazette* for general information:—

"49 (b).—When a Court makes a reference under Section 617 of the Code of Civil Procedure, it should always state whether the Suit or Appeal is one in which the decree will be final."
