“DEPARTMENT OF FINANCE AND COMMERCE.

No. 2662.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Resolution in the Department of Finance and Commerce, No. 2679, dated 31st August 1878, laying down rules to regulate the powers of Local Governments to sanction special additions to salaries which are not authorised by any general or special orders of the Government of India.

Letter in the Department of Finance and Commerce to the Accountant General, Bombay, No. 3377, dated 4th October 1881, stating, in reply to an enquiry by the Accountant General, that the sanction of the Government of India was requisite to the grant of additional remuneration to a public officer, in the shape of a local allowance, for the performance of duties alien from those of his proper office, whether such allowance was payable from Imperial or Provincial Revenues, and whatever the emoluments of the officer might be.

Letter in the Department of Finance and Commerce, to the Government of Bombay, No. 2303, dated 31st December 1881, stating that the orders in the letter to the Accountant General, Bombay, No. 3377, dated 4th October 1881, were not intended to interfere with the combination of two or more sanctioned offices in one officer in cases in which allowances for such combination were regulated in accordance with rules in Chapter VII of the Pay and Acting Allowance Code.

Read—

Letter from the Government of Bombay, No. 2128, dated 9th June 1882, referring for orders certain questions which have been raised by the Accountant General, Bombay, in connection with the above-mentioned orders of the 4th October and 31st December 1881.

RESOLUTION.—His Excellency the Governor General in Council has considered it necessary to lay down the following rules regarding the powers of Local Governments in sanctioning the appointment of one officer to hold two or more appointments at the same time, and the grant of allowances in such cases. The orders of the 4th October and 31st December 1881, read in the preamble, are hereby withdrawn:—

- (1) A Local Government may grant a local allowance to an officer paid from Provincial Revenues, provided the officer's total emoluments, including the local allowance, do not exceed Rs. 250 a month.
- (2) A Local Government cannot, without the previous sanction of the Government of India, appoint an officer to hold two appointments as a permanent arrangement, unless the pay of the appointments is a Provincial charge, and unless their aggregate pay does not exceed Rs. 250 a month. A Local Government may, as a temporary measure, appoint one officer to two or more appointments without the sanction of the Government of India, and in such case the emoluments of the officer will be regulated by the Rules in Chapter VII of the Pay and Acting Allowance Code.
- (3) If a local allowance is sanctioned by the Government of India on the understanding that it shall be drawn by any officer who may perform the duties for which it is granted, the sanction of the Government of India will not be required a second time in the case of any particular officer to whom the Local Government may assign the duties.

2. The foregoing rules shall have retrospective effect in respect of allowances now drawn, or appointments already made, so far as regards present incumbents; but they must be strictly applied in the future whenever there is a change of incumbents, and the sanction of the Government of India should be obtained in every future case in which it may be necessary to do so under the rules now prescribed.

ORDERED, that this Resolution be published in the *Gazette of India*, and that it be communicated to—

The several Departments of the Government of India.  
The several Local Governments.  
The Director General of the Post Office of India.  
The Comptroller General and all Accountants General.

*In Reserve at Aden.*

4th Madras Native Infantry.  
31st Madras Native (Light) Infantry.

The following regulations are laid down for the guidance of all concerned :—

1. Native Regiments will go on the present established strength of 550 of all ranks for Cavalry, and 832 for Infantry, so far as they may be complete, and *minus* the men who are unfit.
2. Commanding Officers will be held responsible that none but officers, men and followers in every way fit for field service accompany the regiment: all sickly men are to be left at the depôt, and no others.
3. Each Native regiment will be completed to its full establishment of eight British officers, including those who may be recalled from furlough, and who may be expected to join in Egypt.
4. Followers, servants, and baggage will be according to the Kabul scale, but without grass-cutters, except as hereinafter laid down for the cavalry. All regiments will be completed with all establishments (including commissariat), according to the orders laid down, in their respective presidencies.
5. Depôts for regiments will be formed under the orders of His Excellency the Commander-in-Chief in India, and of the Governments of Madras and Bombay respectively.
6. A British officer will be detailed for the charge of each of these depôts, and will draw the allowance specified in Articles 307 and 378, Pay Code for India, Vol. I. A pay havildar, on a staff salary of Rs. 5 per mensem, will be allowed to each depôt of native troops.
7. Commanding Officers will be held responsible that all orders and circulars connected with family remittances and arrangements for the comfort of the men and families are made known to, and are in possession of, officers appointed to the charge of depôts; and that provision is made for the care of spare arms, accoutrements, books, heavy baggage, &c., which may be left behind.

8. Quartermaster's establishments for the depôts will be supplied under clause 15, India Army Circulars of 1880.

9. The families of British troops left behind in India will remain at their present stations, and will receive, in addition to subsistence allowance, three-quarter rations for the wives and half-rations for the children.

10. Followers, servants, baggage, camp equipage, and kit, for staff and departmental officers, will be on the Kabul scale, but grass-cutters will not be taken.

11. The British troops, including officers of the Army Medical Department, will remain on Indian pay and allowances until they land in Egypt, when they will come under the orders of the General Commanding in Egypt, and will then be on the same scale of pay and allowances as the rest of the British troops with the expeditionary force.

12. Native infantry and sappers and miners will draw extra batta; and free rations will be allowed to all ranks of cavalry, infantry, and sappers, while on foreign service.

13. Each native commissioned officer of the cavalry will be required to keep up one pony and one attendant as syce and grass-cutter, whether he takes one or two horses; and the non-commissioned officers and privates to maintain one pony and one grass-cutter for every two horses.

14. Compensation at the rate of Rs. 5 per mensem will be allowed to the native officers for each bargheer sanctioned by existing regulations, if maintained by them, out of which sum they will pay the share of the grass-cutter's wages and provide the stable gear. A similar amount will be deducted from the pay of the bargheer sowars.

15. As during a sea voyage the officers, non-commissioned officers and sowars of the cavalry would be unable to make the requisite provision for the forage of their horses, whilst difficulty might be experienced in this respect during a portion of their service on land, the forage of the horses, and of the mules or ponies accompanying, will be undertaken by the Commissariat, with such assistance as the regiments and followers may be enabled to render after landing.

16. All ranks will be required, as at present, to maintain one efficient horse; but the native commissioned officers will be allowed forage for two horses each, if they desire to take a second charger.

17. The grass-cutters will be paid by the troops, as usual; but the ponies will receive grain, and, when necessary, hay, free of cost. Both grass-cutters and animals will be employed to procure forage when obtainable, and must be held disposable for all purposes.

18. The native commissioned and non-commissioned officers of cavalry will continue to subscribe to the regimental funds to such extent as commanding officers may deem necessary within the limits prescribed by regulations.

19. They will continue to supply themselves with the ordinary clothing, equipment, saddlery, and stable gear for their horses; but articles of extra clothing necessitated by any speciality of climate or service will be issued free of cost.

20. All casualties of horses or ponies arising from neglect or from causes evidently unconnected with the particular nature of the service must, as usual, be replaced by the regiments concerned. Each troop will be allowed to embark and maintain two chunda horses, to meet casualties, which will be rationed free of cost.

21. All casualties among horses or ponies fairly attributable to, or connected with, the service, including those from accident on boardship or during embarkation or disembarkation, will, if there has been no proved neglect, be replaced by Government, or compensation will be allowed, under the rules in the Pay Code for India, Vol. II.

22. During the continuance of the arrangement under which the supply of grain and forage to the cavalry is undertaken by the State, the pay of the several grades will be as follows:—

*Bengal Cavalry.*

24. The sanctioned followers paid by the troops will receive from Government free rations, and such extra pay as may be necessary to put them on a par with the public followers of a similar class.

25. The scale of rations for native troops on shore will be that laid down in Article 641, Indian Commissariat Code, extracted in the margin.

When meat, even on special occasions, is issued, the ration of atta or rice is to be reduced one-half.

No claim for pecuniary compensation can be admitted, if through accident any part of the above authorised scale of rations is not forthcoming.

The issue of tea and sugar should be confined to the cases of sick and wounded, for whom medical officers may authorise it, and for the rest of the troops on special occasions of fatigue, exposure, or bad climate when recommended by the principal medical officer. On such occasions 2 oz. of sugar and 4 oz. of tea per man may be issued.

Tobacco can only be issued on payment at the rate of one ounce per man per diem, the price charged being the first cost to Government, without any addition on account of carriage or losses.

An allowance of 1 lb. of meat per man weekly is also authorised.

This scale of rations on boardship will be for Europeans that laid down in Appendix XI, page 565, Commissariat Code, and for natives that laid down in Appendix XIV, page 575, of the same Code.

The scale of rations for followers will be as follows:—

26. On land the forage allowance for each horse will be 8 lbs. of such grain as may be procurable, with 14 lbs. of hay when green forage is not procurable, or otherwise as may be ordered. The allowance for ponies will be one-half of the forage ration of a horse.

27. British officers and departmental warrant officers will be allowed to draw rations for themselves, servants, and horses from the Commissariat Department, payment being made as laid down in the Commissariat Code, paragraph 433:—

433. Officers on field service are required to credit in their pay bills the value of all rations, &c., and the hire of all carriage supplied to them under the following certificate:—

'I do hereby certify on honor that during the period for which the pay (or advance) is drawn, I have received rations from the Commissariat for myself, servants, and horses. I have also had the use of the following Government carriage:—

Officers—

28. Transport will be charged for at the rates laid down for the Afghan war, viz., 8 annas and 7 annas per diem for camels and mules respectively.

29. The officers of the Military Account Department will act as Field Paymasters, and also have charge of the treasure chest.

30. Pay lists of British troops for the period of the voyage will be rendered to the Pay Examiner of the Presidency to which they belong; from date of landing in Egypt, they will be rendered to the Staff Paymaster with the force proceeding from England.

31. Pay lists of native troops will be forwarded, as soon after the first of each month as may be possible, through the Field Paymaster, to the Pay Examiner of the Presidency to which the troops belong. Officers commanding regiments will draw monthly from the field pay office such sums as may be required for the pay of themselves and their men, after making provision to meet family allotments and remittances, fund subscriptions, &c., the amount of which allotments, &c., they will debit themselves with in their general states.

32. The pay bills of all staff and departmental officers will be adjusted by the Field Paymaster.

33. All payments to native troops will if practicable be made in rupees; but should it be necessary to issue the coinage of the country or British money, their pay and allowances will be converted into that coinage, under the orders of the General Commanding, at the rates of exchange current in Egypt.

34. Officers commanding native regiments and detachments detailed for service are directed to at once draw and distribute three months' pay in advance to their respective corps.

35. Staff and departmental establishments may receive similar advances, not including command, contract, office, and staff allowances.

36. The family remittances to India of the British troops will be made at the official rate of exchange through the Field Paymaster. Remittances to England will be made under the War Office regulations. The family remittances of native troops will be arranged for, as usual, by officers commanding regiments and detachments.

37. Officers, warrant officers and non-commissioned officers, with the exception of those belonging to the British portion of the division, requiring remittances to India, may remit the whole or any part of their pay to India at par on paying the amount to the Field Paymaster, who is authorised to grant transfer remittance receipts on any treasury in India. As an alternative arrangement, officers may leave

with the Presidency Paymaster, Bombay, an allotment roll stating the amount they wish to be paid monthly, and the person to whom it should be remitted. That officer will then make the necessary remittance monthly, and he will furnish the Field Paymaster with a list of the sums thus allotted, to enable the latter to make the necessary deduction from officers' pay bills. Remittances to England for the benefit of their families may be made through the Field Paymaster at the official rate of exchange, to the extent of one-half of an officer's clear receipts, exclusive of office and contingent allowances.

38. Officers of the expeditionary force should recover from the pay of followers serving under them the amount that each man may desire to be paid to his family in India, and send to the Controller of Military Accounts, Accounts Branch, Bombay, in time to reach him not later than the 20th of each month, a statement\* of such recoveries, according to which the families will be paid under instructions to be issued by that officer.

\* Form attached.

The amount thus recovered should be paid to the Field Paymaster, whose receipt should be entered on, or attached to, the statement.

39. Every care should be taken to fill in the statements correctly from the tickets given to the men on engagement and the records in the field. Where the information is not available, owing to the loss of the tickets or any other cause, immediate application should be made to the *dépot* commanding or departmental officers concerned.
