"DEPARTMENT OF FINANCE AND COMMERCE.

Simla, the 24th August 1882.

No. 3352.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

A question having been raised as to whether Stock Notes are to be received as collateral security from contractors in the same way as ordinary Government Promissory Notes are received, the Governor General in Council is pleased to decide that there shall be no distinction between the two classes of Notes so far as security deposits are concerned. As, however, the interest on Stock Notes is payable to bearer and the notes are transferable without endorsement, His Excellency in Council considers that they should always, if possible, be lodged in Government Treasuries for safe custody when tendered as security to any officer of Government. The necessary instructions for their safe custody in Treasuries will be issued in due course by the Comptroller General.

ORDERED, that this Resolution be communicated for information and guidance as follows :—

To the several Departments of the Government of India.

To the several Local Governments and Administrations.

To the Comptroller General and several Accountants General.

To the several Heads of Departments administered by the Government of India in this Department.

Ordered also, that the Resolution be published in the *Gazette of India* for general information.

"Your telegram of the eighth. Dutch Government inform their Minister that they have no information as to an improved sanitary condition of Batavia; consequently Board of Health decline for the present to make any change in orders as to quarantine. Board of Health still maintain that all pilgrim-laden ships must perform quarantine at Island of Camaran, in default of which they will be turned back from Jeddah or other Turkish ports in the Red Sea, and that other ships coming from any port of India where cholera exists must be subject to rules laid down in Articles four and five of the Regulations of 1867. English Delegate states that if Resident at Aden will apply these latter rules to home pilgrim ships, and refuses pratique to ships laden with pilgrims, Aden will be in free pratique with all Ottoman ports. BY THE ACCOUNTANT GENERAL.

CIRCULAR No. 52.

RESOURCE DEPARTMENT.

From—The ACCOUNTANT GENERAL, BOMBAY;

To—All COLLECTORS and TREASURY OFFICERS.

Bombay, 24th August 1882.

In order that it may be ascertained whether soldered coin is common in this Presidency, and in order that the amount of such coin, which is now lying in Treasuries, may be reported to the Comptroller General, I have the honour to request that you will be good enough to furnish me, soon after the receipt of this Circular, with a memorandum showing the number of soldered Rupees, if any, which may at present be in the Treasuries of your district, as they are not exhibited separately in the Cash Balance Report.

2. I shall be glad to know also whether you have any reason to believe that soldered coin is very common in your district.

CIRCULAR No. 53.

TREASURY ACCOUNT DEPARTMENT.

From—The ACCOUNTANT GENERAL, BOMBAY;

To—All COLLECTORS and TREASURY OFFICERS.

Dated Bombay, 25th August 1882.

In reply to questions which have been addressed to me on the subject of Stock Notes, I have the honour to state that the value of Stock Notes received for renewal is to be credited to the head "Government Stock Notes," and the value of those issued in their stead, will be deducted from the head "Government Stock Notes."

2. If there have been no sales during the month, but only renewals, the credit and the deduct entry will of course be equal, and the cash balance will be unaffected.

3. The purchaser of a Stock Note has to pay the par value plus the accrued interest and he has the option of claiming immediate payment of the coupon next due. It is hardly likely that the purchaser will not claim payment of the coupon; but if this case should occur, it should be referred for orders.
