No. 763.—The following Notifications by the Government of India are republished:—

“DEPARTMENT OF FINANCE AND COMMERCE.

*Fort William, the 21st February 1882.*

No. 1065.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Financial Resolution No. 3780, dated 21st October 1881.

Read also the undermentioned papers:—

Despatch from Her Majesty's Secretary of State for India, to the Government of Bombay, No. 13, dated the 22nd September 1881.

Letter to the Government of Bombay, No. 3309, dated the 25th October 1881.

Letter from the Government of Bombay, No. 7521, dated the 14th November 1881, and enclosures.

Letter to the Governments of the North-Western Provinces and Punjab, No. 1806, dated the 6th December 1881.

Letter from the Government of the Punjab, No. 15, dated the 21st January 1882.

RESOLUTION.—In the Resolution No. 3780 of 21st October the Chief Commissioner of Assam was told that swords required for the Police should be obtained of Indian manufacture instead of being procured from England. He was at the same time informed that swords of better quality than those ordinarily made for trade purposes in England were manufactured by native armourers in the Punjab and the North-Western Provinces.

2. The Government of Bombay having about the same time sent to the Secretary of State for India an indent for swords required for the Bom-

bay Police, the Secretary of State enquired whether suitable swords for such services could not be purchased in India at a cost equivalent to the estimate given in the indents. The Government of Bombay reported that good country-made swords could not be procured at the price mentioned. The Secretary of State accordingly sanctioned the supply of swords from England.

3. A copy of this correspondence having been obtained from the Government of Bombay, enquiry was made of the Governments of the North-Western Provinces and the Punjab as to the sources whence swords for the Police in those Provinces were obtained. From the answer received from the Government of the Punjab it appears that all sergeants and men of the local Police are armed exclusively with Indian-made swords, that good weapons can be made in almost any district of the Province, and that skilled workmen are to be found in the Districts of Gujara't and Gujranwala.

4. The Governor General in Council accordingly requests that, in future, swords required for the Police and other Departments may be procured of Indian manufacture in communication with the Inspector General of Police in the Punjab, if they cannot be made within the local limits of the Presidency or Province concerned.

ORDERED, that the foregoing Resolution be communicated to all Local Governments and Administrations, and that it be published in the *Gazette of India*.

Also, to the Military Department for consideration, with reference to the supply of swords to native troops.

*Fort William, the 24th February 1882.*

ORDER—By the Government of India, Department of Finance and Commerce,

Read the following:—

No. 29, dated 26th January 1882.

From—The Secretary of State for India.  
To—The Government of India.

With reference to my despatch of the 31st of August last, No. 256, and to your letter of the 5th of August 1881, No. 56 (Separate Revenue, Post Office), relative

To Post Office, dated 22nd September 1881.  
From ditto, dated 25th October 1881.  
To ditto, dated 10th November 1881.  
From ditto, dated 24th November 1881.  
To ditto, dated 28th November 1881.  
From Treasury, dated 27th December 1881.  
with Report of Committee.  
To ditto, dated 31st December 1881.  
From ditto, dated 6th January 1882.

to the date of departure of the mails from India, I forward herewith, for your information, a copy of the correspondence noted in the margin, from which it will be seen that the Lords Commissioners of the Treasury have desired the Post Master General to carry into effect the proposals of the Committee which reported on the question on the 24th of December last.

2. The result will be that the mails will leave Calcutta on Saturday during the monsoon, and on Tuesday during the fair weather, the steamers quitting Bombay on the afternoon of Tuesday and Friday respectively.

3. I trust that this arrangement will prove acceptable to your Government and to the community in India.

Dated 22nd September 1881.

From—SIR LOUIS MALLETT, *Under-Secretary of State for India,*

To—*The Secretary, General Post Office, London.*

I am directed by the Secretary of State for India in Council to forward herewith, for any observations which Her Majesty's Postmaster General may

• Dated 5th August 1881, No. 56. wish to make thereon, a copy of a letter\* from the Government of India,

with its enclosures, relative to the inconvenience stated to be occasioned in that country by the present date of departure of the mails from Bombay.

A copy of a despatch† addressed to the Government of India, on the 31st of August, is also forwarded herewith.

No. 369G., dated 25th October 1881.

From—S. A. BLACKWOOD, Esq., *Secretary, General Post Office, London,*

To—*The Under-Secretary of State for India.*

I am directed by the Postmaster General to acknowledge the receipt of your letter of the 22nd of last month, No. F. 2920, in which you forwarded, for his observations, a copy of a letter from the Government of India, with its enclosures, relative to the day of departure of the mails from Bombay.

Mr. Fawcett has also received a letter from the Postmaster General of Victoria, dealing with the cognate question of the day of departure from Melbourne during the monsoon period.

The Government of India proposes that, from the beginning of next year, the departure from Bombay should take place at 10-30 on Friday morning all the year round, or, if that cannot be arranged, that that day and hour shall be fixed for the departure during the fair weather season, and that 10-30 on Tuesday morning shall be substituted during the monsoon.

The Victorian Post Office, on the other hand, proposes that, during the period of the south-west monsoon, the departure from Melbourne may be fixed for 1 P.M. on Tuesday.

Without at present going into details, I am to point out, for the information of the Marquis of Hartington, that, while either proposal is at variance with the requirements of this country as hitherto conceived, the two proposals are in themselves incompatible.

In these circumstances, Mr. Fawcett would suggest that the whole question should be discussed by a Committee of representatives from the India Office, the Colonial Office, the Treasury, and the Post Office, who would have the opportunity of receiving any representations which the Contractors and the Agents General of the Australian Colonies might desire to make.

Dated 10th November 1881.

From—SIR LOUIS MALLETT, *Under-Secretary of State for India,*

To—*The Secretary, General Post Office, London.*

I am directed to acknowledge the receipt of your letter of the 25th ultimo, No. 369G., relative to the date of departure of the mails from Bombay.

In reply, I am to acquaint you that the Marquis of Hartington concurs in Mr. Fawcett's suggestion

that the whole question should be considered by a Committee of representatives from this Office, the Colonial Office, the Treasury, and the Post Office, and will be prepared to nominate a representative of this Office on learning that Mr. Fawcett's proposal has been generally accepted.

No. 403G., dated 28th November 1881.

From—S. A. BLACKWOOD, Esq., *Secretary, General Post Office London,*

To—*The Under-Secretary of State for India.*

With reference to your letter of the 10th instant, No. F. 3269, I am directed by the Postmaster General to state to you, for the information of the Marquis of Hartington, that the Lords Commissioners of Her Majesty's Treasury have approved of the proposed Departmental Committee to consider the question of the dates to be fixed for the Indian and Australian Mail Services, and have appointed Mr. John Holms, M.P., to represent the Treasury.

Subject to the convenience of the other members of the Committee, Mr. Holms has named Wednesday next, at 11-30 A.M., at the General Post Office, for the first meeting of the Committee, and Mr. Fawcett hopes that it will be convenient to the representative of the India Office to attend on that day.

Dated 28th November 1881.

From—SIR LOUIS MALLETT, *Under-Secretary of State for India,*

To—*The Secretary, General Post Office, London.*

In reply to your letter of this day's date, stating that the Lords Commissioners of Her Majesty's Treasury have approved of the proposed Departmental Committee to consider the question of the dates to be fixed for the Indian and Australian Mail Services, and have appointed Mr. John Holms, M.P., to represent the Treasury, I am directed to inform you that the Marquis of Hartington has nominated Mr. Henry Waterfield, the Financial Secretary of the India Office, to represent this Department on the Committee, and he will accordingly attend at the General Post Office at 11-30 A.M. on Wednesday next.

I am to add that Lord Hartington understands from your letter of the 25th of October that the object of the Committee is to discuss the question of the dates which it is most desirable to fix, after receiving any representations which the Contractors and the Agents General of the Australian Colonies may desire to make; and that the action of the Secretary of State in Council will not be fettered by any recommendations which the Committee may make.

No. 21731, dated 27th December 1881.

From—R. W. LINGEN, Esq., *Secretary to the Lords Commissioners, H. M.'s Treasury,*

To—*The Under Secretary of State for India.*

In transmitting to you the enclosed copy of a Report, dated the 24th instant, from the Committee which has recently been sitting on the question of the days of departure and arrival of the India, China, and Australian mails, I am directed by the Lords Commissioners of Her Majesty's Treasury to request that you will move the Marquis of Hartington to cause my Lords to be informed, at his earliest convenience, whether he approves of

the arrangements proposed by the Committee, in order that the necessary steps may be taken for carrying the new time-table into effect.

*Report by the Committee appointed to consider the dates to be fixed for the Indian, China, and Australian Mail Services,—dated 24th December 1881.*

Your Committee have considered the question referred to them, of the dates which it is desirable to fix in the time-tables for 1882, as those on which the mails should leave Australia and India. They have had before them the representations made by the Victorian Government regarding the inconvenience of a departure from Melbourne at midday on Monday in the monsoons, as well as those of the Government of India, respecting the disadvantage under which Calcutta labours in consequence of the mail leaving that place on Saturday in the monsoon, and on Monday in the fair season. They have also discussed the question of the Melbourne mails with Major-General Pasley, the Acting Agent General for Victoria.

Under the time-tables for the present year the mails should during the monsoon leave Melbourne on Monday, Adelaide on Wednesday, King George's Sound on Sunday, and Galle on Sunday, and should arrive at Suez on Tuesday. The corresponding mails would leave Calcutta on Saturday, and Bombay on Tuesday, arriving at Suez also on Tuesday. The combined mails are due in London on Monday afternoon. In practice, the Government of Victoria has, during the present year, on all occasions except one, detained the vessel at Melbourne till 1 P.M. on Tuesday; but, notwithstanding the departure being later by 24 hours, the mails have not, on the whole, arrived in London after the contract time.

To sanction the delay of the departure of the mail from Melbourne for a whole day would involve the corresponding mail being fixed to leave Calcutta on Sunday, which would not be accepted by the Government of India. Your Committee, however, learn that the Peninsular and Oriental Company would be willing so far to meet the views of the Victorian Government as to delay the departure of the packet till daylight on Tuesday, with the understanding that six hours can be made up in the run to Galle, and that, under the concession offered in May last by the Postmaster General, a further delay of 12 hours may take place at Galle if requisite.

Your Committee therefore recommend that as regards the monsoon season no alteration should be made in the time-table of the India and China mails, the Victorian Government carrying the suggested alteration at Melbourne into effect, if they desire it. A note should, however, be made in the China time-table, that in the event of the packet from Australia being late in arriving at Point de Galle, the China packet may be detained for 12 hours at that port.

During the fair season the mails, under the existing time-tables, leave Melbourne on Wednesday, Adelaide on Friday, King George's Sound on Tuesday, and Galle on Tuesday, and are timed to arrive at Suez on Tuesday. The corresponding mails leave Calcutta on Monday, and Bombay on Thursday, arriving in London nominally on Monday afternoon. In practice, however, they are generally received about 24 hours sooner.

Your Committee think that the difficulty felt in this case by Calcutta may be removed by allowing the whole service to take place one day later, so that the mails would be timed to leave Calcutta on Tuesday, Bombay on Friday, Melbourne on Thursday, and Galle on Wednesday, arriving at Suez on Wednesday, and being delivered in London nominally on Tuesday afternoon, but probably, judging from past experience, in most cases in time for despatch from London on Monday evening.

Your Committee admit that, as the contracts with Peninsular and Oriental Steam Navigation Company allow them a certain number of hours within which to deliver the mails, the time-tables must be arranged on that basis, but they see no reason why advantage should not be taken of the greater rapidity with which the mails are usually conveyed to meet the wishes of the communities of Calcutta and Melbourne, with small risk of inconvenience to the Scotch centres of industry. If your Committee's proposals are accepted, the nominal time for the arrival of the mails in London will be Monday afternoon during the monsoon, and Tuesday afternoon in the fair season; but if the experience of the past year is repeated, the actual time of arrival will be 24 hours earlier, and it will be seen that whenever they arrive in time for despatch to the North on Tuesday evening by the mail train at 10 minutes to 9 P.M., the letters will be delivered in Scotland in the course of Wednesday morning. The mail train out would leave Aberdeen at 12-30, Dundee at 3-30, and Glasgow at 6 on Thursday afternoon, thus giving to the most distant place 24 hours for reply.

It may no doubt occasionally happen that a delay in the arrival of the vessel may shorten this interval, but, weighing this possible risk against the certainty of great inconvenience at Melbourne and Calcutta if no change be effected, your Committee recommend that an endeavour be made to meet the wishes of those cities in the manner suggested.

Dated 31st December 1881.

*From*—HENRY WATERFIELD, Esq., *Financial Secretary, India Office,*  
*To*—The Secretary to the Lords Commissioners, H. M.'s Treasury.

In reply to your letter of the 27th instant, I am directed by the Secretary of State for India in Council to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that he is prepared to accept, as regards India, the proposals made by the Committee, which has recently reported on the question of the days of departure of the India, China, and Australia mails; and that, on learning that they have been approved by Her Majesty's Government, he will communicate the decision to the Government of India.

Dated 5th January 1882.

*From*—J. H. COLE, Esq., *Secy. to the Lords Commissioners, H. M.'s Treasury,*  
*To*—The Under-Secretary of State for India.

I am directed by the Lords Commissioners of Her Majesty's Treasury, in reply to Mr. Waterfield's letter of the 31st ultimo, stating that, as regards India, the Secretary of State in Council approves of the recommendations made in their

Report of the 24th ultimo by the Committee on the India, China, and Australia Mails, to request that you will inform the Secretary of State that my Lords have desired the Postmaster General to carry the proposals of the Committee into effect.

Dated 27th January 1882.

From—HENRY WATERFIELD, Esq., *Financial Secretary, India Office.*  
To—The Secretary to the Government of India, DEPT. OF FINANCE.

With reference to the Financial despatch to the Government of India dated the 26th instant, No. 29, relative to the date of departure of the mails from India, I forward herewith a copy of a further letter from the Post Office dated the 25th instant, from which it will be seen that the change of day, as regards the mails from India during the fair season, will commence with the mail leaving Bombay on the 10th of March next.

A copy of the Financial despatch No. 29 is also enclosed.

P.S.—A copy of the *pro forma* time-table, which has been received since the above was written, is enclosed.

No. 21H., dated 25th January 1882.

To—The Under-Secretary of State for India.

I have to acquaint you, for the information of the Secretary of State for India in Council, that a time-table for the India and China Mail Packet Services has been approved by the Postmaster General based upon the arrangements recently authorized by the Treasury, and that the change of day, as regards the mails from India during the fair season, will commence with the mail leaving Bombay on the 10th of March next.
