#### STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is further to amend the Bombay A'bkári Act, No. V of 1878, so as to enable the Government to tax and regulate the traffic in hemp drugs in accordance with the recommendations of the Hemp Drugs Commission (1894), in so far as they have been approved by the Government of India. The general intention is to secure, as far as possible, complete control over the production and sale of hemp drugs and to tax them by the imposition of direct quantitative duties.

2. Taking the main provisions of this measure, it is proposed by sections 6 and 7 of the Bill to amend section 14 of the Act and to insert a new section so as to empower Government to prohibit, absolutely or except under license, the cultivation of the hemp plant and the production of hemp drugs. By section 9 power is also taken to impose a duty on the preparation, importation, exportation and transportation of intoxicating drugs.

3. Section 10 will insert a number of new provisions (sections 27A to 27E) in the Act so as to establish bonded or other warehouses for the storage of intoxicating drugs, postponing until such time as may be fixed by rule the

levy of the duty (if any) payable on them when so stored. Provision is further made for the framing of rules by Government to regulate the time and place of payment of duty and, generally, to carry into effect the provisions of section 14 of the Act (cultivation of hemp and manufacture of intoxicating drugs under license). By section 12 power is also given to Commissioners to make rules (under clause (f) of section 35 of the Act) regarding the storage, import, &c., of hemp and the provisions of new section 27.

4. Section 11 of the Bill provides that every person taking out a license to cultivate hemp shall, if called upon, give such security for the observance of the conditions of his license as the Collector may require. Section 17 lays down the procedure to be followed in the case of alleged illegal cultivation of hemp.

5. Since several alterations have been made in section 54 of the Act it has been held advisable to redraft the whole section, which appears, in its new form, in clause 16 of the Bill.

6. The remaining sections purport to make consequential amendments, such as the insertion of the word "hemp" in several of the sections of the Act which dealt only with "liquor" and "intoxicating drugs".

7. Appropriate forms of license are appended to the Bill, *e. g.*, Form A for the cultivation of hemp and Forms B, C and D for the manufacture, storage and sale (both wholesale and retail) of intoxicating drugs. In Forms C and D it is provided *inter alia* that no female is to be employed to sell such drugs (wholesale or retail), and in Form D that no such drug shall be sold to children or to any insane person,
