GOVERNMENT DEPARTMENTAL NOTICE.

FINANCIAL DEPARTMENT.

The following Extract from the Proceedings of the Government of India in the Financial Department, dated Simla, the 26th September 1865, No. 2528, is published for general information:—

“ READ a letter from the Government of Bengal, No. 668, dated 17th February 1865, requesting that some definite rule may be laid down to regulate the allowances of ministerial and other Officers of Government suspended from office pending enquiry into their conduct, and eventually restored; and to fix definitely the principle on which any period of such a suspension can be reckoned towards pension.

Read a Circular from the Financial Department, No. 962, dated 23rd June 1865, calling on the Governments of Madras and Bombay to furnish information as to the practice in those Presidencies.

Read the replies from those Governments, Nos. 385 and 377, dated respectively 26th April and 8th August 1865.

RESOLUTION.—The Governor General in Council is pleased to pass the following Rules:—

1st.—Subsistence to an Uncovenanted Servant who is suspended pending an enquiry into his conduct, should be limited, before the result of the enquiry is known, to one-fourth of his salary, unless he be an European on pay exceeding Rs. 25, in which case the subsistence is to be allowed at one-fourth of salary, to an amount not less than Rupees 25 monthly.

2nd.—Should the Officer be reinstated, he may, at the discretion of the Local Government, or of the Head of Department to whom the Local Government may delegate such authority, be allowed full salary, if he shall have been fully acquitted, or a portion of his salary, if the result of the enquiry should be censure or admonition; but where censure or admonition is awarded, the subsistence allowance during suspension must be so adjusted, as not to involve additional charge.

3rd.—When the payment which the Local Government may adjudge for the period of suspension to an Officer who is reinstated, involves additional expense, it must be separately provided for.

4th.—An Officer whose suspension is followed by dismissal, will not be allowed more than the subsistence which may be admissible to him under Rule I, for the period that he was suspended.

5th.—The time passed under suspension pending enquiry, is taken into account as service towards pension, in cases of reinstatement; where suspension has been adjudged as a penalty, the period is disallowed.

ORDERED that a copy of the foregoing Resolution be sent to all the Departments, Governments, and Administrations, and to the several Accountants General and the Deputy Accountants General in independent charge.

Also that it be published in the *Gazette of India* for general information.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

The highest registered tender at the time being, for any lot, will be communicated by the Superintendent to any enquirers up to the time of sale, but the names of the parties who have tendered shall in no case be disclosed.

The register of tenders will be examined at noon, on the 1st March 1866, by a Committee consisting of the Superintendent Botanical Gardens, the Judge, and the Collector of Saharanpore, at the Office of the Superintendent, and in the presence of all parties who may attend; and the amount of the highest tender for each lot, or, if there be more than one tender of equal amount, the number and amount of such tenders, but not the names of the parties tendering, will be publicly declared, and the highest tender, in writing, above the upset price at 4 p. m., will be accepted on the part of Government by the Committee.

On the tender being accepted by the Committee, the purchaser must deposit five per cent. of the purchase money, which will be forfeited if the amount of the purchase money be not paid in full on the date specified.

It is intended to exhibit live stock and dairy produce, as well as ordinary raw produce, machinery, manufactures, and fine arts.

All articles must have a label attached stating the name of the article, the place of production, and the name and residence of the Exhibitor, and, if intended for sale, the price.

Articles of live stock will be admitted up to December 22nd, but articles of agricultural produce, manufacture, machinery, and fine arts, not later than December 15th.

The Exhibitors must exhibit at their own costs and risk, and a fee of 2½ per cent. will be charged upon all sales.

It is particularly desirable that the principal imports and exports of this port, and the different local manufactures, should be well represented, and the attention of the merchants of Bombay and of Spinning and Weaving Companies is particularly solicited to the Exhibition. Should any instructive and interesting articles be offered in Bombay for exhibition, the Nagpore Committee will be requested to make such concessions as may be deemed desirable in their favour.
