GOVERNMENT NOTIFICATIONS TO THE PUBLIC.

JUDICIAL DEPARTMENT.

It is hereby notified, that the Honorable the Governor in Council is pleased to confirm all orders issued up to this date by the Commissioner in Sind under Sections 23 and 49 of the Criminal Procedure Code.

By order of His Excellency the Governor in Council,

C. GONNE,
Secretary to Government.

Bombay Castle, 25th October 1865.

FINANCIAL DEPARTMENT.

The following Extract from the Proceedings of the Government of India in the Financial Department, dated the 6th instant, No. 2778, is republished, for general information:—

“ FINANCIAL DEPARTMENT.

No. 2778.

Extract from the Proceedings of the Government of India in the Financial Department, Simla, under date the 6th October 1865.

READ a letter dated 29th August 1865, from Mr. M. H. Foster, Commissioner of Inquiry into Indian Accounts, containing his views regarding the formation of a Central Office of Account.

RESOLUTION.—The Governor General in Council observes that there is already a Central Office of Account, *viz.*, that of the Auditor General of India, but the work hitherto prescribed for it has to be modified and adapted now to the requirements of the new system of accounts.

2. From various causes it was deemed inexpedient, under the old system of accounts, to obtain from the Account Offices other than annual accounts of the actual receipts and charges of the several Presidencies and Provinces. The monthly and quarterly Statements of receipts and disbursements fulfilled but imperfectly the purpose of an account of actual receipts and charges.

3. Under the new system, however, the abolition of pre-audit, and the separation of Cash Accounts from Store Accounts in the Civil and Military Departments, and of the accounts of the Military and Public Works Departments from those of the Civil Department, have facilitated materially the submission henceforth of monthly accounts of audited receipts and charges by the several Offices of Account in the Civil, Military, and Public Works Departments.

4. To utilise these monthly accounts at the earliest practicable period, they should be incorporated monthly in Imperial Books, which the Central Office will keep, for showing the revenues and charges of India, as well as of each Presidency and Province.

5. The procedure described in the 21st to the 33rd and 36th and 37th paras. of Mr. Foster's Memorandum, will be followed in the submission of accounts to the Central Office, and in the preparation there of the Imperial Books; and at the close of the year, the annual Finance and Revenue accounts for submission to Parliament, will be prepared from those books.

6. In order that the Imperial Books may be opened without delay, the Central Office of Account will accept from the Accountants General of the several Presidencies and Provinces, and from the Military and Public Works Departments, approximate balances for the 30th April 1865, which can be set right afterwards by corrective entries.

7. And in order that the monthly accounts of the local Accountants General may be rendered promptly to the Central Office of Account, the Governor General in Council requests that the several local Governments and Administrations will issue stringent orders for the punctual submission of the monthly Treasury accounts by Officers in charge of Treasuries.

8. If punctuality be ensured in this respect, “there is no reason,” as observed by Mr. Foster, “why the monthly abstract accounts of the several Presidencies and Provinces, should not be transmitted to the Central Office within four weeks after the expiration of each month. The accounts of such Treasuries as lie at a great distance from Head Quarters, and are habitually late in their arrival, should be treated as accounts of the subsequent month,” except in the last month of the financial year. For the submission of the accounts for that month to the Central Office, a little longer time will be allowed.

9. Under these orders, the monthly and quarterly Statement of Receipts and Charges, which appertain to the old system of account, will be dropped as soon as they can be superseded by the monthly account of audited receipts and payments under the new system.

10. In connection with this revised procedure for a monthly in place of an annual consolidation of the accounts of receipts and charges of India, it is necessary to revise the several Establishments under the Officer who is Auditor General of India and Accountant General to the Government of India.

11. Henceforth, this Officer will be called Comptroller General of Accounts,—the Board of Audit which has been in abeyance for some time, being hereby abolished.

12. The Comptroller General will deal, on his own authority, with all ordinary questions relating to Indian accounts, such as the classification of receipts and payments, the processes of recording them, the mode of closing subsidiary heads of account, and the like, his decisions on these points, when they establish a general rule, being simply communicated to the Financial Department.

13. But questions affecting any two of the three Departments, Civil, Military, and Public Works, or affecting the degree of control by the Supreme and Local Governments, respectively, of particular items of receipt or payment, should be referred to the Government of India in the Financial Department, for settlement, in communication, if necessary, with the Secretariats of the Departments concerned,—or if any points of this character, affecting one Department only, be settled in accordance with the report of the Comptroller General of Accounts, by an order of Government in the Department concerned, the report and decision should be communicated to the Financial Department.

14. The fundamental principles also of the new system, *viz.*, the separation of Cash from Store Accounts, except in the Public Works Department,—the prohibition, save in a few authorized exceptional

cases, of inter-departmental adjustments,—the restriction of Treasury Accounts, as far as practicable, to mere elementary facts,—are not to be relaxed by the Comptroller General of Accounts without a reference to Government.

15. The Budget and Regular Estimates will be consolidated by the Comptroller General, but they will be reviewed as hitherto in the Financial Department.

16. In Provinces where the Budget Estimate is printed, a copy will be sent to the Financial Department and to the Comptroller General respectively, but where this desirable end has not yet been attained, and the Budget is still furnished in manuscript, one copy only will be submitted, viz., to the Financial Department, which Department, after reviewing the Estimate, will forward it to the Comptroller General for incorporation in the Imperial Estimates.

17. The Comptroller General of Accounts will have charge of the following duties, viz.:—

1st.—The management of the Public Debt, until the transfer of the duty to the Bank of Bengal.

2nd.—The accounts of the Treasuries which are under Officers who are immediately under the Government of India.

3rd.—The Central Office of Account.

18. For these duties he will be allowed the aid of a Deputy Comptroller General, an Assistant Comptroller General, and a complement of other Officers on the classified list of the Account Department, with the requisite Office Establishment.

19. But as, in connection with the arrangements now ordered, the cost of the Financial Secretariat

Auditor General's Office.
Board of Audit.
Office of the Accountant General, Government of India, for Treasury Accounts.
Audit of Postal and Telegraph charges.

must be reduced, the additional charge for the Comptroller General's Department, beyond the cost of the offices now under him, which are noted in the margin, should be met from the abovementioned saving,—the new Department being organized by a redistribution of Officers rather than by any increase of expense.

ORDERED, that a copy of this Resolution, and of paras. 21 to 40 of Mr. Foster's Memorandum regarding the Central Office of Account, be sent to the Foreign, Home, Military and Public Works Departments of the Government of India; the several local Governments and Administrations; the Comptroller General of Accounts; the several Accountants General, and to the Deputy Accountants General in independent charge. Also, that the Resolution, and paras. 21 to 40 of Mr. Foster's Memorandum, be published in the *Gazette of India*.

Extract, paras. 21 to 40, from a Memorandum by Mr. M. H. Foster, on the measures to be adopted for establishing a Central Office of Account in India.

21. Each Government and Administration will prepare and forward to the Comptroller General,

a monthly Abstract of Receipts and Payments in the Form attached, ready laid down. This Abstract shows the Receipts,—1st, under the Main Heads, such as "Land Revenue," "Customs," &c.; and 2nd, under Minor Heads, such as, as regards the latter, "Imports," "Exports," "Miscellaneous," and Expenditure under,—1st, Main Heads, such as "Land Revenue;" 2nd, Minor Heads, such as "Collectors' Establishments;" and 3rd, Detailed Items, such as "Salaries," "Contingent Charges," &c.

22. The Main and Minor Heads will be sufficient for the records of the Central Books, so that the detailed items may be omitted from these Accounts, though they will be included in the Abstract, for the purpose of reference in case of need. Before these Abstracts are dealt with in the Central Office, it would be convenient to strike out the annas and pies from the totals that are to be posted, increasing by one Rupee such totals as have the greatest number of annas in as many cases as will be sufficient to compensate for an equivalent number of Rupees lost by the omission of annas and pies.

23. The Military and Public Works Departments will also furnish monthly Statements of their transactions in the form prescribed by Government. In these the Main Ledger Heads will be "Army" and "Public Works," and the Minor Heads will consist of the Grants and other Heads of Service or of Receipt.

24. The Ledger will open with three General Accounts, viz., "Government Account," "General Revenue Account," and "Grant Account." Then will follow the several Revenue and Receipt Heads, then the Expenditure and Payment Heads, and finally the Personal and Balance Accounts.

25. It is needless to give all the Ledger entries in detail, but the following are the main entries, and will be sufficient to show the principle upon which the Account is to be worked.

26. The Balance Account will show the total debit and credit, opening and closing balances which will appear on the several Heads of Account throughout the Ledger. The Grants will be debited to Government and credited to Grant Account; Revenues and other Receipts will be credited to the Heads of Receipt and debited to the Accountants receiving them. Sundry Services will be debited with the amount of payments, and the Accountants making them will be credited. The General Revenue Account will be credited with the amount of Revenue received, and the Heads of Revenue will be debited. The General Revenue Account, under which all the items of Revenue will be collected, will be debited, and Government will be credited with the total amount of Revenue.

27. On the other hand, the Heads of Expenditure will be credited with Payments out of Grants, and the Grant Account will be debited with the amount of such expenditure. The balance on this account at the close of the year, will show either a saving on the Grants or an excess of Expenditure, and will be credited or debited to Government Account accordingly. The balance at the credit of the Government Account will represent the difference between assets and liabilities of Government, and will be carried to

Balance Account. The balance on the Receipts Accounts will represent the sums at the credit of Funds, &c., and will be carried to Balance Account. The Balances of Funds and Debt Accounts will be carried to Balance Account, and the debit balances on the Accounts of sundry Accountants will represent the amount for which they are indebted to Government, and being carried to Balance Account, the Books will be closed.

28. Under this arrangement the Books will display the whole of the financial transactions of the Indian Empire, including the Grants, the Receipts, the Expenditure, the Savings on the Grants or the excess of Expenditure, and the Balances.

29. A Table is added, which will exemplify these operations more clearly than other words can do. It must be remembered that the Ledger Headings are put in classes, and many detail Suspense and Adjustment Heads are omitted, as they will follow the ordinary course and not affect the principles laid down.

Appendix C.

30. There should be no "Profit and Loss Account." Profit should go to the proper Head of Revenue, and losses as charges against the Head of Service on account of which they have been incurred.

31. The entries will be carefully journalised monthly in a Journal, similar in shape to that now being introduced into the Bengal Account Office, with Debtor and Creditor columns on opposite sides. The Debtor and Creditor columns of the Journal should agree in amount at the close of each entry and thus check its correctness.

32. The Minor Heads will be thus dealt with and will be posted monthly into the Ledger, which will have a separate Heading for each Minor Head tabulated with inner columns for the separate Governments. This will not be difficult to arrange as regards space, if the annas and pies be rejected. These Minor Headings will be closed annually to the Major Heads for which an opening will be reserved at the commencement of each set of Minor Heads. The mode of closing the Major Heads has already been described.

33. A monthly Trial Balance Sheet should be prepared on a printed Form from the Ledger. The totals on the Debtor and Creditor side of this Sheet will correspond in amount with those on the Journal, in which the total should be carried on throughout the year. It need scarcely be stated that no entry should appear in the Ledger that does not also pass through the Journal, though supplementary details may be added to either, when found convenient, without interfering with the totals forming the actual entry.

34. Before the opening entries can be passed into the Books, it will be necessary to obtain from the several Governments and Administrations, and from the Military and Public Works Departments, a Statement of the closing balances on their Books at the end of the previous financial year, in order that the opening entries may be correctly made in the Central Books.

35. There will be considerable difficulty in obtaining an accurate Statement, owing to the state of arrear which pervades almost all the Indian Accounts. Every effort should be made to bring these up in the shortest possible time, and where correct balances cannot be obtained, rather than delay the opening of the Books, it would be preferable to accept approximate balances, and as errors or discrepancies are discovered, to set them right by corrective entries.

36. When the Accounts have been brought into working order, a monthly Account should be prepared in the Form herewith annexed, showing in abstract the Balances and the Receipts and Payments throughout India brought together under the main heads, and giving in separate columns the transactions of the month, and the totals for the expired period of the year, the estimated amount for the 12 months being shown in the third column, so that an exact comparison can be made against the Estimates of the progressive revenue and expenditure. The twelfth monthly Account will show the total transactions of the year compared with the Budget Estimate. One copy of this Account should be submitted monthly to the Financial Department, and one copy to the Secretary of State. Specimen Forms of the Journal, Ledger, and trial Balance Sheet are also attached.

Appendix D.

Appendices E, F, and G.

37. The Annual Finance Accounts would be an extension of this Account, and would show the same transactions in greater detail. The Form of this Account appended to the Commissioner's Civil Report has been sanctioned by Government under Financial Resolution dated 20th April 1865, subject to some trifling modification set forth in the Resolution.

38. These appear to be the main points to be dealt with in laying down a scheme for the establishment of a set of Imperial Accounts which will combine the whole of financial transactions in India, those which are conducted in England being for the present excluded from the Indian Books.

39. That difficulties will arise in the practical application of a system so new to India, is fully to be expected, but if the general principles laid down be kept in view, there is no reason to suppose that these difficulties cannot be successfully overcome.

40. The most stringent rules should be adopted for securing the punctual submission of the monthly Treasury Accounts, as a failure in this respect must be one of the chief obstacles to the successful working of any system of Account. When once the new system has been fairly established, there is no reason why the monthly Abstract Accounts of the several Governments should not be transmitted to the Central Office within four weeks after the expiration of each month. The Accounts of such Treasuries as lie at a great distance from Head Quarters, and are habitually late in their arrival, should be treated as Accounts of the subsequent month, except, perhaps, those of the last month of the financial year, for the receipt of which a limited extra time may be accorded.

Secretary to the Government of India."

No. 548 of 1865.—The following General Order by the Government of India, dated 12th October 1865, No. 933, is republished:—

“No. 933 of 1865.—In partial modification of G. G. O. No. 847 of the 8th September 1865, the Right Honorable the Governor General in Council is pleased to sanction the appointment of Subalterns of Her Majesty's British and Indian Forces who have only passed the First Standard in Hindoostani, but who are in other respects qualified, to the post of Second Doing Duty Officer in Regiments of Native Cavalry and Infantry, on probation, provided that there are not sufficient Officers available who have passed by the Second Standard or by the P. H. Examination.

Such Officers will not receive any staff pay until they pass in the Second Standard, but from date of so passing they will be entitled to the usual allowances. They will, however, from date of joining, if belonging to the Infantry, be allowed Rs. 30 per mensem for one horse when attached to Infantry, and Rs. 60 for two horses if attached to Cavalry.

Failing to pass by the Second Standard within one year from date of appointment, they will cease to be borne as Second Doing Duty Officers, and if belonging to the British Service will rejoin their Regiments.

This Order in no way interferes with the other provisions of the G. G. O. No. 847 of 1865, by which no Officer of a British Corps can be appointed to a Native Regiment who is not a candidate for the Staff Corps, and by which certain qualifications are required prior to appointment on probation, as well as at the termination of the year allowed for probation.

This Order is applicable to the three Presidencies.

(Signed) H. W. NORMAN, Colonel,
Secretary to the Government of India.”

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

GENERAL DEPARTMENT.

The following Tea plantations and factories in Kumaon and the Deyrah Dhoon are offered for sale at the upset prices specified :—

1. Hawul Bagh in Kumaon, forty-six miles from the plains, and six miles from Almorah. The plantations (including the two small Nurseries, *viz.*, Kupeena and Lutchmaissur, in the immediate neighbourhood of Almorah) consist of about one hundred acres of land planted with Tea. At a short distance from the plantations there is a Cheer (*Pinus longifolia*) forest of about 100 acres in extent, in which the purchaser will have the right to cut timber which is well fitted for making Tea chests, Firewood, &c.

There are on the estate three large slated houses; numerous slated offices; a large slated factory; two large slated godowns; a slated barrack for Chinese Tea manufacturers; and the stock and block of the factory are complete for Tea operations, and in working order.

2. Ayar Toli in Kutyoor, Kumaon, distant about 80 miles from the plains, and about 40 miles from Almorah.

There are on the estate a slated factory; and a large slated godown; slated barracks for Chinese Tea manufacturers, &c., and the stock and block of the factory are complete for the Tea operations, and in working order.

This plantation consists of about 1,300 acres of land, of which about 360 acres are planted with Tea, two hundred acres of cleared land, fitted for Tea planting, and the remainder covered with pines, &c., forests, the timber of which is well adapted for making Tea chests, &c.

The yield of the two estates this season was lbs. 20,000 of Tea and 1,650 maunds of seeds.

These two estates will be sold in one lot in fee simple, free of all demands on account of Land Revenue, exclusive of existing local cesses, such as Road, Educational and Postal cesses, or such as may be hereafter legally imposed, at an upset price of Rs. 2,00,000 (two lakhs of rupees).

A small portion of the plantation of Ayar Toli named Bincolie, belonging to the temple of Nag-nath, will bear an annual rental of Rs. 24 (twenty-four rupees) per annum.

This land is leased in perpetuity from the temple of Nag-nath on this rental.

3. Kowlaghir in the Deyrah Dhoon, distant two miles to the west of the town of Deyrah. It consists of about 430 acres of land, of which about 380 acres are under cultivation with Tea, and the remainder adapted for Tea cultivation.

Through the property a branch of the Beejapore canal runs. At a short distance and to the south of the plantation there is a Forest of Syne, Jamun, &c., consisting of about 500 (five hundred) acres in which the purchaser will have the right to cut timber for Tea chests, fire-wood, charcoal, &c. The timber is well fitted for making Tea chests.

There are on the estate three bungalows; an extensive pukka Tea factory; two large pukka

godowns; a barrack for Chinese Tea manufacturers, &c.; and the stock and block of the factory are complete, and in full working order.

The yield this season was lbs. 25,099 of Tea, and 1,050 maunds of seeds.

This estate will be sold in fee simple free of all demands on account of Land Revenue, exclusive of existing local cesses for roads, &c., or such as may hereafter be legally imposed, at an upset price of Rs. 2,00,000 (two lakhs of rupees). The plantations will be transferred to the purchasers on the 1st April, 1866, on or before which date the purchase money must be paid at the General Treasury, Calcutta.

Tenders will be received by William Jameson, Esquire, Superintendent Botanical Gardens North Western Provinces, Saharanpore, until 1st March 1866, if the Factories, &c., be not previously sold by private sale, and the highest offer above the upset price will be accepted.

All tenders must be made in writing.

Every tender should be superscribed "Tender for Tea plantation," and will be registered by the Superintendent of the Botanical Gardens on the date of receipt in a book, which he will keep together with the tenders in his own custody under lock and key.

The highest registered tender at the time being, for any lot, will be communicated by the Superintendent to any enquirers up to the time of sale, but the names of the parties who have tendered shall in no case be disclosed.

The register of tenders will be examined at noon, on the 1st March 1866, by a Committee consisting of the Superintendent Botanical Gardens, the Judge, and the Collector of Saharanpore, at the Office of the Superintendent, and in the presence of all parties who may attend; and the amount of the highest tender for each lot, or, if there be more than one tender of equal amount, the number and amount of such tenders, but not the names of the parties tendering, will be publicly declared, and the highest tender, in writing, above the upset price at 4 p. m., will be accepted on the part of Government by the Committee.

On the tender being accepted by the Committee, the purchaser must deposit five per cent. of the purchase money, which will be forfeited if the amount of the purchase money be not paid in full on the date specified.

Agents must be supplied by their principals with sufficient powers of Attorney.

The above particulars are believed, in good faith to be correct, but, intending purchasers must make their own enquiries, as no reclamation can be listened to after sale.

References may be made to W. Jameson, Esquire, Superintendent, Government Botanical Gardens, Saharanpore.

By order of the Honorable the Lieutenant Governor of the North Western Provinces.

R. SIMSON,

Secretary to the Government of the

North Western Provinces.

THE NAGPORE EXHIBITION.

Notice.

The public are hereby informed that an Industrial Exhibition will be opened in Nagpore on the 26th of December 1865, and intending Exhibitors are requested to communicate at once with the Secretary to the Nagpore Exhibition, or to the undersigned, informing them of the nature of the products which they may wish to exhibit, and when they will be ready for transmission to Nagpore.

It is intended to exhibit live stock and dairy produce, as well as ordinary raw produce, machinery, manufactures, and fine arts.

All articles must have a label attached stating the name of the article, the place of production, and the name and residence of the Exhibitor, and, if intended for sale, the price.

Articles of live stock will be admitted up to December 22nd, but articles of agricultural produce, manufacture, machinery, and fine arts, not later than December 15th.

The Exhibitors must exhibit at their own costs and risk, and a fee of 2½ per cent. will be charged upon all sales.

It is particularly desirable that the principal imports and exports of this port, and the different local manufactures, should be well represented, and the attention of the merchants of Bombay and of Spinning and Weaving Companies is particularly solicited to the Exhibition. Should any instructive and interesting articles be offered in Bombay for exhibition, the Nagpore Committee will be requested to make such concessions as may be deemed desirable in their favour.

G. C. M. BIRDWOOD,

Honorary Secretary, Agri-Horticultural Society of Western India.

Town Hall, Bombay, 20th September 1865.

Arrive Calcutta	20		5	Arrive Bombay	20		5

* Morning, † Evening.

The Company cannot guarantee that the Steamers will always leave the intermediate Ports on the above dates, but every effort will be made to ensure their doing so.

The Steamers leaving Calcutta and Bombay on the 15th of the month call at Tuticorin and Colombo, and the Steamers of the 1st at Galle.

This route is the most expeditious and economical for passengers for the Neilgherry district, Bangalore, and Madras, who can land at Beypore and proceed from thence by rail.

Passengers for Calcutta can take the same route, picking up the Steamer at Madras.

Passengers for Rangoon, Akyab, or Maulmein, can proceed by the Steamers of the 15th, and tranship to the Rangoon Mail Steamer which leaves Madras on the 3rd.
