GOVERNMENT NOTIFICATION TO THE PUBLIC.

FINANCIAL DEPARTMENT.

The following Notification by the Government of India is republished:—

“ FINANCIAL DEPARTMENT.

No. 3138.

Sinla, the 25th October 1865.

Extract from the Proceedings of the Government of India in the Financial Department.

Read again the following correspondence relative to revised Forms of Trade and Navigation Returns and to a proposed series of Financial Statistics, viz:—

A letter from the Statistical Committee, dated 24th March 1863, proposing revised Forms of Trade and Navigation Returns and a series of Financial Statistics.

The Financial Resolution No. 1637, dated 22nd April 1863, inviting the opinions of the Local Governments on the Forms of Trade and Navigation Returns.

The Home Department's endorsement No. 7735 of 12th December 1863, forwarding a letter from the Government of Bombay, No. 13, dated 30th October 1863, with the opinion of the Commissioner of Customs, Bombay.

The Financial Resolution No. 2189, dated 20th April 1865, settling the details which are to be given in the annual accounts under the new system of accounts.

A letter from Mr. M. H. Foster, dated 29th August 1865, detailing the procedure in the Central Office of Accounts for consolidating the monthly and annual accounts of Revenue and Charge.

Read also the following documents on the subject, viz.:—

A. letter No. 185, dated 12th January 1864, from the Government of Bengal, forwarding a series of monthly Returns of Trade and Navigation, which the Board of Revenue, the Chamber of Commerce, and the Collector of Customs, Calcutta, propose in substitution of those recommended by the Statistical Committee.

A letter from the Statistical Committee, dated 17th August 1864, in which they abide by the forms proposed by them, but modify the forms in some minor particulars, so as to meet certain objections of the Commissioner of Customs, Bombay, and of the Revenue Authorities, and the Chamber of Commerce, Calcutta.

The Home Department's endorsement No. 469 of 26th July 1865, forwarding the opinion of the Government of Madras on the forms proposed for the Trade and Navigation Returns and for Statistics for the Administration Reports of the Local Governments.

RESOLUTION.—The Governor General in Council observes that at present the Governments of Bengal, Madras, and Bombay and the Administration of British Burmah publish Annual Returns of Trade and Navigation for the territories under their control. It is not intended to dispense with these Annual Returns, or to abridge the detail in them, or to interfere with their compilation under the orders of the Local Governments.

2. Inasmuch, however, as the information in these volumes is not brought together so as to show the Foreign Trade of India in one view, and as their appearance after the close of the year deprives them of much practical value, it is desirable that a set of Monthly Returns of Trade and Navigation should be superadded in such form as will admit of their consolidation by a Central Office of the Government of India into Monthly and Annual Returns showing the Foreign Trade of India.

3. To this end, the Governor General in Council is pleased to decide, conformably with the recommendation of the Statistical Committee, that the several Custom Houses should submit to the Chief Customs Authority in each Presidency or Province, Monthly Returns of the sea-borne Trade and Navigation for their respective Ports, for consolidation in a Monthly Return for that Presidency or Province.

4. This consolidated Monthly Return will, doubtless, be published by the Local Government in its own Gazette, but a copy of it should be forwarded as soon as possible, and not later than the second month after that to which it relates, to the Secretary to the Government of India, Financial Department, for further consolidation in a General Monthly Return of Trade and Navigation for India, which will be published for general information in the *Gazette of India*.

5. It is essential to the accuracy of the consolidated Return for India that the primary Returns from the Custom Houses in the several Presidencies to their Chief Customs Authority should be framed on precisely the same principle and in the same form, and the Statistical Committee have shaped their recommendations accordingly.

6. For the Returns to be furnished by each Custom House, in a Presidency or Province, to its Chief Customs Authority, in supersession of those now in use, the Statistical Committee propose the following series. The Returns, as appended to this Resolution, are numbered 1. to 9, viz.:—

No.	Imports, Foreign, Duty free.	Articles.	Quantity landed.	Declared real value.
1.	Imports, Foreign, Duty free.	Articles.	Quantity landed.	Declared real value.
2.	Imports & consumption, Foreign Dutiable.	"	"	" Fixed Tariff value. Entered for Home consumption, including goods from Bond.
3.	Exports, Foreign, Duty free.	"	"	"
4.	" " Dutiable.	"	"	"
5.	Foreign Trade, vessels employed in the—distinguished according to nationality.	{ Nationality, Vessels, Tonnage.	"	" } Showing separately { Entered. Cleared.
6.	" " vessels employed in—showing countries whence arrived, whither bound.	{ Countries whence arrived and whither bound. Vessels. Tonnage.	"	" } Showing separately { Entered. Cleared.

SUPPLEMENTAL.

7. Imports, Coasting Trade, Duty free, showing articles, quantity, Declared real value.

8. Exports " " " " " " " " " " " "

9. Vessels employed in the Coasting Trade, British, Foreign, Country Craft { Entered. Cleared.

7. These forms are approved of with the following modifications, viz.:—

1.—In the returns Nos. 2 and 4 of dutiable Imports and of Exports, the Committee propose two columns for the Tariff and the declared real values of the articles; but for tariffed goods, the value which is declared at the Custom House is the Tariff value. It will suffice therefore to retain merely one column for the declared real value, it being understood that for Tariffed goods, the Tariff value will be expressed as the declared real value.

II.—In the same Returns, 2 and 4, a column should be added for the amount of duty collected on each article, for, as pointed out by the Government of Madras, the information exists in the books of every Custom House, and its entry in the Returns will involve very trifling labour.

III.—The Returns 3 and 4 would show the exports of Indian produce and manufactures, but would not distinguish them from foreign merchandise or re-exports. Accordingly the Returns, instead of being devoted respectively to duty free and dutiable exports, will be allotted to Indian produce and manufactures, and foreign merchandise.

IV.—Articles should be entered in the several forms according to the classification which will be settled in subsequent paragraphs of this Resolution.

V.—The three Returns, Nos. 7 to 9, of the Coasting Trade of India, are classed as Supplemental, in order to distinguish them from the preceding six, which are devoted to the Foreign Trade of India, or that with Ports not Indian. Hence the Committee did not (in the supplemental Forms Nos. 7 to 9, which accompanied their first Report) distinguish between the trade with Indian Ports which are British and that with Indian Ports which are not British. In their subsequent letter however, of 17th August 1864, they have adopted for the consolidated Return from each Presidency Mr. Inverarity's suggestion, that the distinction should be maintained in the portion relating to the coasting trade of India. Corresponding amendments must be made, therefore, in the supplemental Returns from each Custom House, Nos. 7 to 9, that is the word 'duty free' will be omitted from the heading of the Returns 7 and 8, and when exports or imports of any article occur in any month, under both classes of Indian Ports (viz. British Indian and Ports not British), the entries for British Indian Ports will be shown in one total, and those for Ports not British will next be brought forward in detail for each Port, with the amount of duty which may have been collected on the articles. The same course will be observed in the supplemental Return, No. 9, of Vessels employed in the Coasting Trade. In that Return also British India Vessels will be distinguished from British Vessels.

8. The foregoing amendments have been made in the Forms Nos. 1 to 9, which are attached to this Resolution.

9. It is necessary to repeat the caution of the Statistical Committee that the supplemental consolidated monthly Returns of the Coasting or interportal Trade of India are not to show the trade between any two Ports of the same Presidency, but only that between different Presidencies. Or, to use the words of the Committee, 'The Returns* of Interportal Trade from each Presidency will include the Imports into every Port belonging to such Presidency from Indian Ports forming part of another Presidency, and similarly, the Exports from every Port in such Presidency, to Indian Ports subject to another Presidency, but will not include the Coasting Trade *inter se* of Ports belonging to the same Presidency; the object of such Returns being to show, not the amount of trade conveyed by sea between one Port and another of the same Government, but the aggregate Coasting Trade of each Government with other Divisions of British India.' The words 'Government and Presidency' in this quotation include each Presidency or Administration which has a sea-borne trade, and, as subordinate thereto, all the native Foreign States whose Ports are connected with it.

10. If any Local Government desire to obtain Monthly Returns from its subordinate Custom Houses or Ports, of the trade with each other, the information should be supplied in a series distinct from the Returns Nos. 1 to 9 above prescribed.

11. With respect to weights and measures, the Committee observe, that 'In these subsidiary Returns (1 to 9) from the subordinate Custom Houses, as also in those to be furnished by the Chief Customs Authority of each Presidency to the Financial Department in Calcutta, quantities will be entered in the (Tariff) weights, measures, and currency, according to which the several Custom Houses charge duty. The Financial Department will, when necessary, reduce all weights and measures to the English standard.' The Governor General in Council considers that the expression of quantities in English weights and measures may be made preferably in the Returns from the Chief Customs Authority of each Presidency.

12. It will be observed that the Returns prescribed for Custom Houses do not include one for articles remaining in Bond. A Return of this nature in the Form No. 16, attached to this Resolution, will probably be required from only the Custom House at the chief town of each presidency. The Chief Customs Authority will arrange accordingly.

13. For the Returns to be furnished to the Financial Department by the Chief Customs Authority of each Presidency, the Statistical Committee propose the following series; the Returns, as appended to this Resolution, are numbered 10 to 22 as follows, viz:—

FOREIGN TRADE.

No.

10. Imports and consumption			
1. Articles free of duty,	Articles.	Quantities landed,	
2. Articles subject to duty,	"	"	Quantities entered for Home consumption.
11. Declared real value of articles imported.	"	Declared real value.	
12. Exports, Foreign Merchandise.	"	Quantities.	Declared real value.

13. Exports, Indian Produce and Manufactures.	} Articles.	Quantities.	Declared real value	
14. Vessels employed in the Foreign Trade, distinguishing their nationality.	} Nationality. Vessels. Tons.	} showing separately	} Entered, } For the cleared, } month also total of British and Foreign entered and cleared	} in each expired month of the year.

16. Bonded Warehouse* account of certain principal articles remaining in Bond.	} Principal Articles.	} Quantities remaining in Bond.	} Cleared.	
17. Treasure. An account of the Computed real value of the Imports and Exports of Gold and Silver.	} Showing	} Gold. Silver. Total of Gold and Silver.		Countries. Imports. Exports.

SUPPLEMENTAL.

COASTING OR INTERPORTAL TRADE.

- 18. Imports Principal Articles, Quantities Imported, declared value.
- 19. Exports " Quantities Exported " "
- 20. Goods transhipped under Bond to Ports in other Presidencies.
- 21. Treasure. Imports and Exports.
- 22. Shipping, British, Foreign, } Entered. Country craft. } Cleared.

14. In all the foregoing Returns, quantities and values will be shown in appropriate sub-divisions or columns—*1stly*, for the month for which the Returns may be made up, and for the corresponding month in each of the two preceding years; and *2ndly*, for all the expired months of the current year, and for the corresponding period in the two preceding years.

15. The Returns Nos. 10 to 17 are the same as the Monthly Returns of Trade and Navigation for the United Kingdom, which are published by the Board of Trade in London, and the Governor General in Council is pleased to direct their adoption, the articles being re-arranged, however, according to the classification which will be presently prescribed.

16. In the original series of Forms Nos. 10 to 17 the Statistical Committee omitted to provide for the exhibition of the details of Trade with each foreign country. This omission having been noticed by the Chamber of Commerce, Calcutta, it has been rectified in the amended Forms proposed by the Statistical Committee in their letter dated 17th August 1864; these amended Forms are approved, subject to remarks which will presently follow for guidance in exhibiting the details of the trade with some foreign countries, individually, and with on countries of minor importance, in certain groups of Foreign Ports.

17. The foregoing amendments have been embodied in the Returns Nos. 10 to 22, which are appended to this Resolution.

18. To the Forms Nos. 10 to 22, which have thus been adopted from those of the Statistical

The Bengal Chamber of Commerce, supported by the Board of Revenue, have proposed to dispense with our separate Return No. 7, Bonded Warehouse Account, the necessary particulars for which they would provide for in our Import Forms, Nos. 1 and 2. This proposal involves numerous additional columns to these last Forms, which would thus lose their present character of compactness. There is some carelessness, too, in the Chamber's heading; a place being given for British Indian Ports under duty paid, and bonded, though no articles from such Ports pay duty or are bonded; space too is wasted; two columns for declared and Tariff values, respectively, being given to each article in each division, though only one such value can apply to any one article. Moreover, their Import Forms would fail to show the quantity of goods landed during the month. The duty paid columns of the Forms would, of course, include payments on goods bonded in different months.

Committee, exception has been taken by the Chamber of Commerce and the Revenue Authorities, Calcutta. The Statistical Committee have replied in the remarks quoted in the margin. The answer of the Committee is valid, regard being had to the object for which the monthly Returns of Trade are required by the Financial Department, viz., to show the Foreign Trade of India. The Forms which the Chamber of Commerce prefer are not adapted to that object, though doubtless they may be more useful for those concerned in the trade of Calcutta. In this view it is perfectly

* The Committee's Returns, on the other hand, provide for—

1st—The total quantity landed or imported.

2nd—The total quantities (made up partly of the current month's and partly of the previous month's importations) which are passed into consumption direct from the Custom House, and from bond respectively.

3rd—The quantity remaining in bond, not only of the present, but of all past months' importations as well.

The third head of information, which is useful, if not indispensable, for any intelligent study of the other two heads, is not given at all by the Chamber.

The Chamber further suggests that Form No. 7 should show the declared value of goods remaining in bond. In suggesting this, the Chamber have not, perhaps, considered the varying values of the goods according to the months in which they were imported. The Committee are not prepared to adopt this suggestion. While it is perfectly easy to show the quantities remaining in bond, an attempt to show their declared values would involve the keeping of accounts far more elaborate than the subject would appear to deserve.

discretionary with the Government of Bengal to authorize the publication of monthly Returns of the trade of Calcutta, in the Forms proposed by the Chamber of Commerce and Mr. Crawford, while the monthly Returns required by the Financial Department will be submitted in the forms approved of in this Resolution.

19. The foregoing orders provide for the Returns which are to be submitted by Custom Houses to the Chief Customs Authority in their own Presidency and for those which are to be furnished by the latter to the Financial Department. It has now to be determined whether the General Return of the Trade of India, to be prepared by that Department, should be a partially condensed abstract or a mere consolidation, *in extenso*, in imperial totals, of the monthly Returns of each Presidency.

20. On this point the Statistical Committee observe in their letter, dated 17th August 1864, that the object which our Committee had in view was to present a clear view of the trade of all India, without any unnecessary distinction of Presidencies or Provinces. The mode of attaining this object, therefore, is not by reproducing details from the separate Local Trade Returns, which can advantageously be studied in detail in those Returns only, but to combine the results and large aggregates of the several Local Returns in one general or consolidated Return for all India, so that a monthly Return, and an annual volume, may give results ready to hand, and worked out for all India on all heads of information which an inquiry into our Foreign Trade must embrace.

21. Accordingly, the details in the Returns from each Presidency, of the countries with which there is a trade, and of the principal articles of merchandise, will be condensed in the monthly and annual Returns of the trade of India to be prepared by the Financial Department.

22. The annexed Return No. 23 contains a list of the foreign countries with which India has a trade, also of the Indian Ports. An alphabetical arrangement of the foreign countries has, on Mr. Crawford's suggestion, been discarded for a geographical one, which will facilitate a view of the course of trade, and be otherwise useful.

23. In that list the countries entered in italics are those for which the particulars of export, import, and navigation must be given separately in the Return to the Financial Department, because the trade, &c. of each of them will be shown in the annual volume. But the Chief Customs Authority will consult his own convenience and that of the Custom Houses in giving the Returns of those places which are shown in ordinary type, either under the head of 'other countries,' in lump under that head, or separately for each country, and he will use the like discretion with respect to those countries, shown in italics, which are grouped together, *e. g.*, the exports to Hamburg, Bremen, Trieste, may be given, for the article exported, either collectively for all those countries, under the head Germany, or separately for each.

24. By this arrangement of countries, and of the entries appertaining to them, the Returns from the Chief Customs Authority at each Presidency will be cleared, in the abstracts of the Financial Department, of so much of the detail of countries as is not necessary for a view of the Foreign Trade of India regarded as a whole. But the condensation, thus far, will not be of much avail, and the principal abbreviation of details must be sought in a revised classification of the articles of Import and Export.

25. Such a classification has been made for a different purpose, by Mr. Crawford, the Collector of Customs at Calcutta. Though it differs from the arrangement followed by the Statistical Committee in their Forms of the Returns to be furnished by the several Custom Houses, the Committee has not given any opinion on Mr. Crawford's list. It may be open to amendments which it will receive when brought into use, and meanwhile it can very well serve as the basis of a revised classification of the articles of Indian trade. It is accordingly adopted, with some minor alterations, in Return No. 24, as the prescribed classification of articles of merchandize.

26. In that Return articles are variously shown in large or small capital letters, in italics, or in ordinary type. Those in ordinary type are subordinate to some general head which is shown in capital letters. In the Returns by the Financial Department of the Trade for India, the totals of the sub-heads in small capital letters or in italics, and of the major heads in capital letters, will be shown, while the details of the articles in ordinary type, *i. e.*, of items under major heads or sub-heads, will not be required.

27. Thus, the following kinds of entries occur in the classified List :—

DYEING AND COLORING MATERIALS, *viz.*

a	Cochineal	50
b	Galls	100
c	Gamboge	50
d	Munjeet or Madder	100
e	Orchilla	50
f	Quercitron Bark	50
g	Roseine and other coloring substances from Coal Tar	100
h	Red or Sanders wood	100
i	Saffron	50
j	Sapan wood	50
k	All other sorts unenumerated	50

SEEDS, viz.

OIL—								100
	<i>Linseed</i>	100
	<i>Mustard</i>	100
	<i>Poppy</i>	100
	<i>Rape</i>	50
	Mathee	50
	Niger	50
	Teel	50
	Other kinds	50
ESSENTIAL—								
	Anise	100
	Coriander	100

The Abstracts of the Trade for India would show Rs. 750 under Dyeing and Coloring materials, omitting the details *a to h*. Under Seeds, the Abstract would show the following:—

SEEDS.

OIL—								
	Linseed	100
	Mustard	100
	Poppy	100
	Rape	100
	Other kinds	200
							Total of Oil seeds	600
ESSENTIAL..	200

The Chief Customs Authority may consult his convenience in entering in the monthly Returns for the Financial Department either the full details given in the first part or merely the condensed details shown in the second part of the preceding example. But whether the full or the condensed details be given, they should be shown separately for each country, according to the instructions in paragraph 23 of this Resolution.

28. These abbreviations of details will occur in the consolidated monthly Returns for the Financial Department—not in the Returns to be furnished by each Custom House in a Presidency to its Chief Customs Authority. In these latter Returns the trade in all the articles entered in the classified list, whether in capital letters, italics, or ordinary Roman letters, will be shown separately for each country or port, except that the several varieties of piece goods; under the sub-heads of Cotton, Flax, and Silk Manufactures, or of Wines under the sub-heads of Liquors, or of Iron, Lead, Steel, Tin, &c., under those heads subordinate to Metals, need not be detailed by every Custom House unless the Local Government desires it. The details are not needed by the Financial Department, and they are entered in the Classified List merely because they are of local interest to the trade at the chief ports.

29. The articles, whether forming major heads, sub-heads, or item, have been inserted in the Classified List with reference to their present importance, so far as that can be ascertained from the Trade Returns; all others are included in the entry 'other kinds' under each Head or Division. It is desirable that when the trade in any one of the articles which are unenumerated amounts in annual value to Rs. 5,000 in any one Presidency, it should be brought on the List of principal articles under its proper general head or sub-head, and notice of the circumstance be communicated through the proper channel to all the other Chief Customs Authorities, and to the Financial Department, by the Chief Customs Authority who may bring it on the List.

30. It will be well to note that the Classified List provides for the inclusion of unenumerated articles, of any kind, under the general head or sub-head of that kind, in an entry of 'other kinds' or 'all others.' By this means, the separate entry of 'unenumerated articles' which in the Returns now in use closes the detail of principal articles, will disappear.

31. The Governor General in Council believes that there will not be any difficulty in preparing the monthly Returns according to the revised classification of articles; and it is accordingly directed that this classification be strictly adhered to by the Chief Customs Authority in each Presidency. Should an article appear to be wrongly classified, it should nevertheless be entered in the Return for the Financial Department, according to the arrangement in the List, and at the same time a separate memorandum of the exports or imports of it should be submitted, with a note of the head under which the Chief Customs Authority and the Local Government would prefer to show the articles, and with a statement of reasons. With the help of this memorandum the Financial Department will make such alterations in the consolidated Return as may be necessary.

32. In one other respect, too, the Revised List of principal articles now authorized is to be regarded as provisional. Tariffed and untariffed goods are entered in it promiscuously. But the Statistical Committee concurs with the Chamber of Commerce, Calcutta, in recommending that Tariff values should be distinguished in the Trade Returns from other values, and the Committee considers that this should be done by showing tariffed goods by themselves alphabetically arranged, and next those not tariffed in the same order. The Governor General in Council approves of this suggestion in the Abstract, but to carry it

out consistently with the revised classification of principal articles, it is necessary that (with one exception, viz. Cotton Goods) each division or head in the Classified List should, as far as practicable, consist exclusively of tariffed or of untariffed goods. This is not the case at present.

33. In the accompanying Return No. 25 the principal articles forming divisions and heads in the Revised List, No. 24, are arranged in classes of tariffed, and not tariffed, with an entry in italics of those heads under tariffed, which include some articles not tariffed, and of those heads under not tariffed, which include some that are tariffed. The preponderance of tariffed or not tariffed articles under a head or division has guided the insertion of such head in the tariffed or not tariffed column.

34. The numerous entries in italics show that without bringing more articles on the Tariff, under certain divisions or heads where some are already tariffed, or on the other hand of removing from the Tariff some articles now on the list which are of no importance, the two classes of goods cannot be conveniently separated in the Trade Returns, and the Government of India will await any suggestions of the Local Governments and of the Chief Commissioner British Burmah on this subject.

35. On receipt of these suggestions, the revised list of principal articles, No. 24, will be rearranged, if necessary, under tariffed and not tariffed: and meanwhile its present arrangement is to be observed by the Chief Customs Authority at each Presidency in the Returns for the Financial Department.

36. Besides the monthly Returns prescribed in paragraphs 4 and 13 to 15 for submission to the Financial Department within the time prescribed in paragraph 4 of this Resolution, the Chief Customs Authority in each Presidency or Province should forward to the Financial Department, through the proper channel, a Return of the duty collected monthly on each article of export or import at each Port of such Presidency. The countries from which the articles are imported or whither they are exported, need not be specified, the total duty collected on each article in the month need only be given; and with regard to articles which are grouped in the Classified List, under divisions, heads, and sub-heads the duty need be given only in the totals corresponding to those prescribed in paragraph 27 of this Resolution for showing the trade in those articles.

37. A Return in the accompanying Form No. 26 of the refunds and drawbacks paid monthly at each Port in a Presidency, and of the description and value of the goods on which they were paid, should also be furnished to the Financial Department.

38. The Local Governments administering Territories that have a sea-borne Trade, are also requested to cause the Financial Department to be supplied with the Price Current which may be generally accepted as the standard authority or as a reliable authority for prices, in the chief Port or Ports under their control.

39. From the monthly Returns of Trade and Navigation, of duty realised, and of refunds and drawbacks paid, the Financial Department will prepare and publish an Annual Return of the Trade and Navigation of British India. The arrangement of the Volume will be similar to that of the Annual Return of the Trade and Navigation of the United Kingdom, and it will contain the Tables of information detailed in Appendix A attached to this Resolution.

40. The monthly Returns now prescribed are to be furnished from the 1st May 1866. With regard to the comparison which they prescribe, between the figures for each current year and for the two preceding years, the Governor General in Council is aware that the existing compilations of the Custom Houses must be re-cast if the comparison is to embrace any periods before the introduction of the Returns now ordered. The Local Governments and the Chief Commissioner, British Burmah, are requested to consider whether this can be done gradually without much expense or inconvenience.

41. For Financial Statistics, the Committee propose the publication of an Annual Volume of Statistics for several years, and of other Monthly, Quarterly, and Annual Returns relating to the estimates and accounts of the current year, or of that last completed. In the Annual Volume and the Quarterly Return the Committee would include statistics of the Railways in India, under heads of information which are set forth in an Appendix to their Report. Orders on this point will be issued separately, it being left for decision in the Public Works Department what statistics of Railways may be conveniently published quarterly, and what others may be usefully included in the Annual Volume of Financial Statistics.

42. The Committee propose that the following Annual, Quarterly, and Monthly Returns of current Financial Statistics should be published or be otherwise made available for the Public, viz. :—

ANNUAL.

- 1.—Budget Estimate of Revenues and Charges.
- A.—In the Abstract Form appended to the Annual Financial Statements, showing Revenues and Charges of India, in totals for India only, and giving a detail of the Estimate of Home charges.
- B.—In detail of Presidencies and Provinces, as now prepared for submission to Parliament.
- 2.—The Regular Estimate of the Receipts and Charges of the current year, as prepared for transmission to the Secretary of State.
- 3.—The Annual Receipts and Disbursements of the year last completed, forming the Finance and Revenue Accounts which are submitted to Parliament.

QUARTERLY.

- 4.—Comparative Statement of Income and Expenditure for the expired Quarters of the current year, and for corresponding Quarters of the previous year, giving totals for India only.
- 5.—Similar Returns comparing the receipts from Stamps for the same periods in each Presidency and Province.

MONTHLY.

- 6.—Cash Balance in each Presidency and Province at the end of the month last expired, and on the same date in the two preceding years.
- 7.—A Statement of Silver received and coined in the mints of Calcutta, Madras, and Bombay.

43. As observed by the Committee, the Returns Nos. 5 to 8 and 1 A are already published in India in the Gazette. The Annual Returns, 1 B, 2, and 3 are also published by Parliament; but as recommended by the Committee, arrangements will be made for supplying copies of them to the Press, and to the Chambers of Commerce and their office bearers, and for the sale of other copies at cost price.

44. The Quarterly Statement No. 4 has not been published hitherto, owing to defects in the system of Indian accounts, but as they have now been removed by the adoption of the recommendations of the English Commissioners of Inquiry into those accounts, the Governor General in Council is pleased to direct that a Quarterly account of the Revenues and Receipts, and of the Charges and Payments in India, be published by the Central Office of Accounts.

45. The heads of information on the following subjects, viz.:—

- 1.—Revenues and Charges of India, and of the several Presidencies and Provinces,
- 2.—Cash Requirements,
- 3.—Local Funds,

which are proposed by the Committee for the Annual volume of Financial statistics, are approved and the arrangement of them, which is set forth in Appendix B., will be followed in the Annual volume. The Forms of the Tables are adapted for any number of years' statistics, but it is not necessary to state at present how many years' statistics should be given in each volume.

46. The Governor General in Council desires to thank the Statistical Committee for the excellent service they have performed in settling the Forms of the Trade and Navigation Returns, and the series of Financial Statistics.

ORDER.—Ordered, that a copy of this Resolution and its Appendices, and copies of the Forms of Trade and Navigation Returns mentioned in it, be sent to Governments of Madras, Bombay, Bengal, and the Chief Commissioner, British Burmah, also to each present and former member of the Statistical Committee.

Also that a copy of this Resolution and its Appendices be sent to the other local Governments and Administrations.

Also that a copy be sent to the Public Works Department for information, and with reference to paragraph 41 of the Resolution.

Also that a copy be sent to the Foreign, Home, and Military Departments.

Also that the Resolution and its Appendices be published in the *Gazette of India*.

Notice.

Officers visiting the Neilgherries are, in numerous instances, at great inconvenience on first arrival, owing to their coming in expectation of finding it in their power to draw Pay, due to them in arrears, early in the month, as elsewhere. It is therefore thought that it may contribute to the convenience of future visitors if it be thus made more generally known that (there being no Pay Office on the Hills) Pay has to be drawn, after arrival on them, by transmitting Abstracts, duly countersigned, to the Paymaster Southern Division, Trichinopoly, with a last Pay Certificate; who, provided he receive them about the 7th, includes the amount in his General Order in arrears for the past month, on the Treasury at Coimbatore, whence it is sent so as to reach this Station Office for distribution usually on the 18th or 19th. There is only this one monthly transmission of Military Pay to the Hills; so that individuals arriving too late to be included in it, as above, have often to wait another month.

Officers of other Presidencies can only draw Pay under a Certificate from the Accountant Military Department of their Presidency. Certificates from Division Pay Offices of other Presidencies are insufficient: Officers are often at protracted inconvenience after arrival from having been unaware of this.

It is also notified, that it is extremely difficult to get Bills or Notes, of any kind whatever, cashed on the Hills: individuals often suffer great inconvenience from coming with the contrary impression.

Commanding Neilgherries.

Notification.

GENERAL DEPARTMENT.

The following Tea plantations and factories in Kumaon and the Deyrah Dhoon are offered for sale at the upset prices specified:—

1. Hawul Bagh in Kumaon, forty-six miles from the plains, and six miles from Almorah. The plantations (including the two small Nurseries, *viz.*, Kupeena and Lutchmaissur, in the immediate neighbourhood of Almorah) consist of about one hundred acres of land planted with Tea. At a short distance from the plantations there is a Cheer (*Pinus longifolia*) forest of about 100 acres in extent, in which the purchaser will have the right to cut timber which is well fitted for making Tea chests, Firewood, &c.

There are on the estate three large slated houses; numerous slated offices; a large slated factory; two large slated godowns; a slated barrack for Chinese Tea manufacturers; and the stock and block of the factory are complete for Tea operations, and in working order.

2. Ayar Toli in Kuttipoor, Kumaon, distant about 80 miles from the plains, and about 40 miles from Almorah.

There are on the estate a slated factory; and a large slated godown; slated barracks for Chinese Tea manufacturers, &c., and the stock and block of the factory are complete for the Tea operations, and in working order.

This plantation consists of about 1,300 acres of land, of which about 360 acres are planted with Tea, two hundred acres of cleared land, fitted for Tea planting, and the remainder covered with pines, &c., forests, the timber of which is well adapted for making Tea chests, &c.

The yield of the two estates this season was lbs. 20,000 of Tea and 1,650 maunds of seeds.

These two estates will be sold in one lot in fee simple, free of all demands on account of Land Revenue, exclusive of existing local cesses, such as Road, Educational and Postal cesses, or such as may be hereafter legally imposed, at an upset price of Rs. 2,00,000 (two lakhs of rupees).

A small portion of the plantation of Ayar Toli named Bincolie, belonging to the temple of Nagnath, will bear an annual rental of Rs. 24 (twenty-four rupees) per annum.

This land is leased in perpetuity from the temple of Nagnath on this rental.

3. Kowlaghir in the Deyrah Dhoon, distant two miles to the west of the town of Deyrah. It consists of about 430 acres of land, of which about 380 acres are under cultivation with Tea, and the remainder adapted for Tea cultivation.

Through the property a branch of the Beejapore canal runs. At a short distance and to the south of the plantation there is a Forest of Syne, Jamun, &c., consisting of about 500 (five hundred) acres in which the purchaser will have the right to cut timber for Tea chests, fire-wood, charcoal, &c. The timber is well fitted for making Tea chests.

There are on the estate three bungalows; an extensive pukka Tea factory; two large pukka

godowns; a barrack for Chinese Tea manufacturers, &c.; and the stock and block of the factory are complete, and in full working order.

The yield this season was lbs. 25,099 of Tea, and 1,650 maunds of seeds.

This estate will be sold in fee simple free of all demands on account of Land Revenue, exclusive of existing local cesses for roads, &c., or such as may hereafter be legally imposed, at an upset price of Rs. 2,00,000 (two lakhs of rupees). The plantations will be transferred to the purchasers on the 1st April, 1866, on or before which date the purchase money must be paid at the General Treasury, Calcutta.

Tenders will be received by William Jameson, Esquire, Superintendent, Botanical Gardens, North Western Provinces, Saharanpore, until 1st March 1866, if the Factories, &c., be not previously sold by private sale, and the highest offer above the upset price will be accepted.

All tenders must be made in writing.

Every tender should be superscribed "Tender for Tea plantation," and will be registered by the Superintendent of the Botanical Gardens on the date of receipt in a book, which he will keep together with the tenders in his own custody under lock and key.

The highest registered tender at the time being, for any lot, will be communicated by the Superintendent to any enquirers up to the time of sale, but the names of the parties who have tendered shall in no case be disclosed.

The register of tenders will be examined at noon, on the 1st March 1866, by a Committee consisting of the Superintendent Botanical Gardens, the Judge, and the Collector of Saharanpore, at the Office of the Superintendent, and in the presence of all parties who may attend; and the amount of the highest tender for each lot, or, if there be more than one tender of equal amount, the number and amount of such tenders, but not the names of the parties tendering, will be publicly declared, and the highest tender, in writing, above the upset price at 4 P. M., will be accepted on the part of Government by the Committee.

On the tender being accepted by the Committee, the purchaser must deposit five per cent. of the purchase money, which will be forfeited if the amount of the purchase money be not paid in full on the date specified.

Agents must be supplied by their principals with sufficient powers of Attorney.

The above particulars are believed, in good faith to be correct, but, intending purchasers must make their own enquiries, as no reclamation can be listened to after sale.

References may be made to W. Jameson, Esquire, Superintendent, Government Botanical Gardens, Saharanpore.

By order of the Honorable the Lieutenant Governor of the North Western Provinces.

R. SIMSON,

Secretary to the Government of the
North Western Provinces.

Dated the 1st May 1865.

N.B.—This table is an extract from a more extensive yearly Return that is prepared for statistical purposes, and chiefly for the detection of any removable sources of disease, with a view to improving the healthiness of the Island. As the principal object cannot be fully attained unless the true causes of death be recorded, persons at out-stations are requested, in each case of death occurring in their circle, to obtain, in writing, from the Medical Attendant, the name of the fatal disease, that it may be delivered to the Policeman at the funeral place. Medical Practitioners particularly are requested to aid the registration. Blank forms of Death Reports, to keep by them in readiness, are given gratuitously on application at the Office of the Deputy Commissioner of Police.

It is thought that some withhold their assistance through the notion that reports of the single casualties coming now and then under their observation could but little affect the Returns; but it ought rather to be borne in mind that the accuracy of the Returns depends on the correct reporting of all single cases, for of such only the aggregate is made up.

THE NAGPORE EXHIBITION.

Notice.

The public are hereby informed that an Industrial Exhibition will be opened in Nagpore on the 26th of December 1865, and intending Exhibitors are requested to communicate at once with the Secretary to the Nagpore Exhibition, or to the undersigned, informing them of the nature of the products which they may wish to exhibit, and when they will be ready for transmission to Nagpore.

It is intended to exhibit live stock and Dairy produce, as well as ordinary raw produce, machinery, manufactures, and fine arts.

All articles must have a label attached stating the name of the article, the place of production, and the name and residence of the Exhibitor, and, if intended for sale, the price.

Articles of live stock will be admitted up to December 22nd, but articles of agricultural produce, manufacture, machinery, and fine arts, not later than December 15th.

The Exhibitors must exhibit at their own costs and risk, and a fee of 2½ per cent. will be charged upon all sales.

It is particularly desirable that the principal imports and exports of this port, and the different local manufactures, should be well represented, and the attention of the merchants of Bombay and of Spinning and Weaving Companies is particularly solicited to the Exhibition. Should any instructive and interesting articles be offered in Bombay for exhibition, the Nagpore Committee will be requested to make such concessions as may be deemed desirable in their favour.

G. C. M. BIRDWOOD,

Honorary Secretary, Agri-Horticultural Society of Western India.

Town Hall, Bombay, 20th September 1865.

**The Honourable Rustomjee Jamssetjee
Jejeebhoy's Law-Studentship
Benefaction.**

With reference to the Memorandum issued under date the 1st December 1863, by the Honourable Rustomjee Jamssetjee Jejeebhoy offering encouragement to natives of India to proceed to England, and there qualify themselves for practice at the Bar, notice is hereby given, that the time for receiving applications from Hindoo and Portuguese Candidates of the Bombay Presidency is extended to 1st December 1865.

Candidates will not be eligible for election unless they have passed the B.A. Examination of the University of Bombay.

NUSSERWANJEE BYRAMJEE,
Secretary to the Committee for the
Selection of Candidates.

Bombay, 5th January 1865.

CIRCUMSTANCES have occurred in Bombay to induce me to resume the Family business connexion in that City established nearly a century ago by my Grand-Uncle, the late JOHN FORBES, Esq., of Newe, and continued by my Father, the late Sir CHARLES FORBES, up to the period of his death in 1849. With that object in view I have arranged to establish a House in Bombay under the designation of SIR CHARLES FORBES & Co., for the conducting of Banking and Agency business only.

My Partners are Mr. HENRY FORMAN, of Bombay; my Son, Mr. GEORGE STEWART FORBES, of Aslow, Aberdeenshire; Mr. ANDREW JOHN MACDONALD, for some years a Confidential Assistant of Messrs. FORBES, FORBES, & Co.; and Mr. HENRY RANDALL CORMACK, son of the late Mr. HENRY CORMACK, Merchant, Bombay. The resident partners in Bombay will be Mr. FORMAN, Mr. MACDONALD, and Mr. CORMACK.

The firm of SIR CHARLES FORBES & Co. will act as the special Agents of my London Firm, FORBES, FORBES & Co., and the latter will act as the special London Agents of the Bombay House.

CHARLES FORBES, Bart.,
of Newe and Edinglassie.

London, 12th October 1865.

Referring to the annexed Circular, the undersigned Firm of SIR CHARLES FORBES & Co. is this day established in Bombay.

SIR CHARLES FORBES & Co.

Arrive Calcutta	20		5	Arrive Bombay	20		5

* Morning. † Evening.

The Company cannot guarantee that the Steamers will always leave the intermediate Ports on the above dates, but every effort will be made to ensure their doing so.

The Steamers leaving Calcutta and Bombay on the 15th of the month call at Tuticoria and Colombo, and the Steamers of the 1st at Galle.

This route is the most expeditious and economical for passengers for the Neilgherry district, Bangalore, and Madras, who can land at Bepore and proceed from thence by rail.

Passengers for Calcutta can take the same route, picking up the Steamer at Madras.

Passengers for Rangoon, Akyab, or Maulmein, can proceed by the Steamers of the 15th, and tranship to the Rangoon Mail Steamer which leaves Madras on the 3rd.
