## PART VI.

### BILLS OF THE GOVERNMENT OF INDIA.

#### LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 26th day of November 1869, and was referred to a Select Committee with instructions to make their report thereon in a week:—

#### Bill No. 20 of 1869.

*A Bill to provide Rules for the manufacture, storing, and sale of alimentary Salt in the North-Western Provinces, the Panjáb, Oudh, and the Central Provinces.*

Whereas it is expedient to provide rules for the manufacture, storing and sale of alimentary salt in the territories for the time being under the respective governments of the Lieutenant Governors of the North-Western Provinces of the Presidency of Fort William and of the Panjáb, and under the respective administrations of the Chief Commissioners of Oudh and the Central Provinces; It is hereby enacted as follows:—

1. It shall be lawful for the Local Government with the previous sanction of the Governor General of India in Council, from time to time to prescribe rules for the manufacture, storing, and sale of alimentary salt in the said territories or any part thereof:—

VI.—41

Provided that such rules are consistent with Act No. XIV. of 1843 (for regulating the levy of Customs Duties and the manufacture of salt in the North-Western Provinces of the Presidency of Bengal), Act No. XXXVI. of 1855 (to empower officers of Customs and Land Revenue to search houses and other enclosed places for contraband salt in the North-Western Provinces), Act No. XIX. of 1862 (to extend to the Province of Oudh certain provisions of Acts XIV. of 1843 and XXXVI. of 1855 relating to the manufacture of contraband salt, and to amend the last named Act), and Act No. VII. of 1864 (for regulating the importation and manufacture of alimentary salt, in the territories administered by the Chief Commissioner of the Central Provinces).

2. All such rules shall be published in the local official Gazette, and shall thereupon have the force of law.
3. Whoever knowingly violates any such rule, and whoever abets, with- in the meaning of the Indian Penal Code, any person in violating any such rule, shall be punishable on conviction before a Magistrate with fine not exceeding five hundred rupees, or with imprisonment for any term not exceeding six months, or with both:

Provided that in imposing penalties under this section no Magistrate shall exceed the limits of jurisdiction prescribed for him by the Code of Criminal Procedure.

## STATEMENT OF OBJECTS AND REASONS.

The object of this Act is to enable the Local Governments of the North-Western Provinces, the Punjab, Oudh and the Central Provinces, with the previous sanction of the Governor General in Council, to make rules for the manufacture, storing, and sale of alimentary salt.

The Government of India proposes, with the approval of the Secretary of State for India, to sanction experimentally the manufacture of salt in Oudh. A similar manufacture will probably soon be undertaken in certain parts of the North-Western Provinces. The same manufacture may possibly also be introduced into the Central Pro-

vinces and the Panjáb. Legislation is necessary inasmuch as, though the Acts in which the local law on the subject is now contained prohibit the unsanctioned manufacture of salt, they do not enable the Government to prescribe rules respecting the mode of making, storing, and selling that article.
